MEMORANDUM

TO: Dr. Joan Krenzin, Professor
Department of Sociology, Anthropology and Social Work
FROM: Gary E. Dillard, Associate Dean
Ogden College of Science, Technology and Health
SUBJECT: "Study of Individual Salaries at WKU," FSW:009.1; 4/14/83;
page 36.

The numerous entries on page 36 ("Department of Ogden Office") need clarification. The following are officially assigned to the OCSTH Dean's Office.

Table with columns: #, Name, Rank, Salary '82 '83, Appointed. Rows include: 220-00-1-01 Lloyd Dean, Professor 43848/46920 80; 220-00-1-02 Dillard Assoc. Dean, Professor 37332/39948 68; 220-00-1-03 Greeley Asst. Dean, Asst. Prof. 37056/39648 67; 220-10-1-01 Robinson* Instructor 20256/19416 68; 220-10-1-02 Courtenay Instructor 16740/17856 68; 220-10-1-03 Alexander Asst. Instructor 13176/14256 69; 220-10-1-04 Briggs Assoc. Instructor 13896/14916 69.

Please note:

- 1) The remaining three "professors," three "associate professors," and one "A. Instructor" are unknown to me. They are not assigned to the Dean's Office!
2) The first "associate professor" on the list is obviously Gary Dillard. I hold the rank of professor!
3) Mr. Alexander -- listed as an "assistant professor" -- holds the rank of assistant instructor!

*Converted from 12 to 10 mos. effective 82-83 AY.

I would sincerely appreciate your clarifying these points for me. Those who place importance on salary ranges and averages within units, by ranks, are being misled by the data on page 36 of the Faculty Senate report.
