REPORT FROM THE CHAIR

- a. Chair Dietle said there were still a number of vacancies on the various committees of the University Senate: Alternates for the University Curriculum Committee, a representative to the Teacher Education Committee, and an At Large position on the Faculty Welfare and Professional Responsibilities Committee. The Chair asked for volunteers to serve in these vacancies.
- b. Next the Chair reported that Informational Technology is forming two committees and the University Senate needs one representative to serve on each of the committees. A Technical Advisory Committee will begin meeting in November and will meet two times during the semester to discuss technology issues on campus, the future of technology and its application. In addition, a Laptop Activation Planning Committee will begin in January, 2002, and will meet monthly to plan the implementation of a laptop university. Volunteers are asked to email the Chair.
- c. The Chair and Regent Mary Ellen Miller reported on the COSFL Meeting held on Saturday, October 13, 2001 in Frankfort. The Chair and Regent Miller attended via ITV. The Chair said COSFL circulated a document on Shared Governance last year that contained a general statement policy about the proper relationship between faculty and administration in universities that support shared governance. Dr. Dietle said all universities in Kentucky except two (WKU being one of them) have considered this document and passed it. The Chair said he would send the document to the Senate by email, and put it on the November agenda for Senate consideration. Next, Dr. Dietle discussed the remainder of the COSFL meeting in which Dr. Gordon Davies, James Applegate and another member of the CPE arrived to discuss issues that were pertinent to the group, including the upcoming legislative session. Dr. Dietle and Regent Miller shared the negative responses received from Dr. Davies.
