BOWLING GREEN, KENTUCKY 42101

Office of Associated Student Government

Resolution 80-11  
Coed Security  
Introduced: 10/13/80

Status: **PASSED**

Whereas, the campus of Western Kentucky University and the areas within a one-mile radius of the campus have been the site of harrassment, molestation, and rape, and

Whereas, the effort on the part of campus security to halt these senseless and harmful crimes have failed, and

Whereas, the said offenses have been reported in virtually all cases by coeds, and

Whereas, parking in lots located near dorms is limited, forcing many coeds to walk from larger lots (i.e. Diddle and the parking structure) to their dorms or other destinations in the dark when said crimes usually occur,

Therefore, be it resolved that Associated Student Government strongly recommend that a 12-passenger van be obtained for the purpose of transporting coeds to or from any location on campus between the hours of 9 p.m. and 2 a.m. upon telephoned request to campus security.

We further ask that a special telephone unit connecting directly with campus security be installed at entrance to Diddle parking lot and the parking structure and that these phones operate between the hours of 9 p.m. and 2 a.m. for the purpose of making prompt contact with campus security so that coeds may be quickly and safely transported from the lot to their destination without fear of harrassment, molestation, or rape.
