***COLLECTION NOTE***

In 2000, Congress created the Veterans History Project (VHP) to collect and preserve interviews, memoirs, photographs, letters, diaries and other historical material relating to U.S. war veterans. Americans were invited to become volunteer collectors of such materials and to donate copies to the American Folklife Center at the Library of Congress and/or to a local archives that is a participating partner of the VHP.

At Western Kentucky University (WKU), the Kentucky Library & Museum, the College of Health and Human Services, and the Department of Social Work collaborated to establish a regional center for the VHP. Dr. Gary L. Villereal became Program Coordinator, and the Kentucky Library & Museum became a partner archive.

This collection consists of interviews with U.S. war veterans from western Kentucky that have been conducted under the VHP. The folder pertaining to each veteran or informant contains his/her interview in video format (tape and DVD) and a biographical data form on the veteran.

An inventory of the collection is in Box 1, Folder 1, and brochures and information about the Veterans History Project are in Box 1, Folder 2.

This project is ongoing; additional interviews will be added to the collection periodically.
