***COLLECTION NOTE***

This collection consists of a book listing taxpayers and militia company members for Logan County, Kentucky for the years 1818-1820. Information on taxpayers includes name, land acreage, number of slaves and horses, value of land per acre, and total valuation of property. The book also records fines assessed for failure to perform militia duty or (as in the case of the Shakers), refusal to bear arms because of religious beliefs.

Folder 1 contains the original book, and a photocopy of the book is in Folders 3 through 6. A name index (see below) has been compiled from the book, but note that due to the legibility of the original and the use of variant spellings for the same individual, inaccurate or alternate spellings of names may appear. Note also that the page numbers in the name index refer to the photocopy of the record book, not the original.

The book was the property of Logan County sheriff Isaac Browning (see p. 181), and remained in his family for several generations. As a consequence, it was also used to record various personal accounts and notes, which date primarily from the 1820s and 1830s but include notations as late as 1885 and 1901. Some genealogical information on the Browning family is on p. 257.
