**ORGANIZATIONAL HISTORY**

A meeting of Bowling Green citizens interested in the creation of a national park in the Mammoth Cave region of Edmonson County, Kentucky was held on 19 May 1924 at the Helm Hotel. A second meeting, held on 7 October 1924, resulted in the formation of the Mammoth Cave National Park Association. A few key Kentucky businessmen and the Louisville & Nashville Railroad were instrumental in the effort. The Association immediately began soliciting subscriptions and negotiating for purchase options on land to comprise the park. On 16 July 1925, the Mammoth Cave National Park Association was formally incorporated for the purpose of encouraging the U.S. Congress to pass legislation authorizing the park.

On 25 May 1926, President Calvin Coolidge signed legislation enabling the creation of a national park at Mammoth Cave. The law required the acquisition of a minimum acreage, including the major caves, before the federal government would assume responsibility for the park, and it designated the Association as the fundraising agency for land purchases.

The refusal of some landowners to sell to the Association led the Kentucky General Assembly in 1928 to create the Kentucky National Park Commission with the power of eminent domain to acquire lands for the park. Although it received an appropriation from the state, the Commission had no authority to expend funds for any purpose other than land, caves and condemnation expenses; as a result, the Mammoth Cave National Park Association continued to carry other expenses of the park project. Appointments to the Commission were originally made from candidates recommended by the Association, but legislation in 1930 reconstituted the Commission and gave the Governor unqualified power to appoint its members.

In 1941 after acquiring 48,000 acres, the U.S. Congress formally established Mammoth Cave as the country's twenty-sixth national park. It was dedicated in September 1946. In 1961 the park was enlarged by two additional caves, Great Onyx and Floyd Collins Crystal, which were purchased by the National Park Service. The Association continued to serve as a citizen advocacy group for the cave and to provide local input on the cave's operation and maintenance. For decades it voiced its opposition to the damming of the Green River, claiming it would have a detrimental effect on the cave's ecosystem. It opposed the razing of the Mammoth Cave Hotel in the 1980s. The organization continued to take positions on matters

that affected the cave region; it also provided funding for research projects and educational programming related to Mammoth Cave. Historically, the Association has not acted as a fundraising unit for Mammoth Cave since it became a national park; it is a non-profit organization supported by membership dues and gifts.

Cecil Earnest Goode wrote a history of the Association titled *World Wonder Saved: How Mammoth Cave Became a National Park* in 1986; it was funded by the Association. For additional information about the Association, see the collection of Max Brunswick Nahm ([MSS 329](#)), one of its long-time presidents, and another MCNPA collection more specifically about land acquisition ([MSS 503](#)).

### **COLLECTION NOTE**

This collection consists of 18.5 linear feet of the incomplete records of the Mammoth Cave National Park Association. It is organized chronologically. Many of the earlier years required multiple folders, but the later years generally only consist of a single folder. The folders contain correspondence, business records, minutes of small group meetings as well as the minutes of the Association's annual meetings, administrative papers, advertisements, maps, etc. In the years prior to the area's national park status, the collection concentrates on land acquisition, the day-to-day operation of the cave, and construction on the property, such as the erection of the new Mammoth Cave Hotel in the early 1930s. After 1943, the folders sometimes contain the annual report of the Mammoth Cave National Park superintendent. The organization's Articles of Incorporation are filed in Box 14, Folder 4 and an amended version is found in Box 18, Folder 1. A considerable amount of material, chiefly newspaper clippings about the Kentucky cave shrimp, can be found in Boxes 18 and 19. There are no records for the Association in this collection for the years 1991-1992, and 1994-1999.

The chief correspondents include: George E. Zubrod, Max B. Nahm, R. J. Ball, Martin Leo Charlet, Almon A. Demunbrun, John Blakey Helm, William C. Montgomery, Huston Quin, Eugene Stuart, and William W. Thompson. Most of these men served as officers in the organization for extended periods.

<b>BOX 1</b>	<b>MAMMOTH Cave National Park Association</b>	<b>1925-1926</b>	<b>539 items</b>
Folder 1	Inventory		2 items

### ***BIBLIOGRAPHIC RECORD***

MSS 296 MAMMOTH Cave National Park Association 1925-2010

Correspondence, financial papers, administrative papers including minutes of annual meetings, reports, maps and other sundry records of the Mammoth Cave National Park Association. The Association was established to obtain options for land purchases in the region and to oversee the day-to-day operation of the cave prior to its being designated a national park in 1941. Afterwards, it operated in more of an advisory/advocacy capacity.

19 boxes. 109 folders. 11,039 items. Originals, maps, photographs..  
2003.73.1

**SUBJECT ANALYTICS**

Ahrens, Theodore – Comments about, 1938 B12,F5  
 Arnold, J. Ray – Correspondence B10,F1
