R.E.: HOLIDAY HOUSING

Dear Ms. Tolbert,

Resolution 93-18-F, Holiday Housing, was passed at our December 7, 1993 Congress meeting. We are aware that the problem of housing students during semester breaks is not a new one. Many students have once again voiced a concern to us about short breaks, such as Thanksgiving and Spring Break.

This resolutions requests housing be provided during these breaks. We would like to know any past steps that have been taken toward this problem and what we can do to help make a holiday housing option become a reality for students. Please contact any of the Executive Council officers at the Student Government Association office in DUC, 745-4354, as soon as possible with your thoughts and concerns about this resolution.
