**TO: CLAUDE THRELKELD
GROUND MAINTENANCE SUPERINTENDENT, PHYSICAL PLANT**

**FROM: ANDREA WILSON
SGA SECRETARY**

Dear Mr. Threlkeld;

Resolution 93-4-F, Improvement of Campus Shrubbery, was passed at our October 19, 1993 Student Government Association meeting.

We have spoken to President Meredith about this issue and he has explained to us what is being done to rectify the problems with overgrown shrubbery on campus. However, this resolution is to notify your crew of specific areas that students have voiced a concern about.

Please notify the Student Government Association office if you have any questions about the areas named in the resolution or of any actions taken on this issue at your earliest convenience.
