**TO: DR. ROBERT HAYNES
VICE PRESIDENT FOR ACADEMIC AFFAIRS**

FROM: STUDENT GOVERNMENT EXECUTIVE COUNCIL

Dear Dr. Haynes;

Resolution 93-5-F, Retaking Courses, was passed at our October 26, 1993 meeting. The students of Western Kentucky University have voiced a valid concern to us of retaking courses, up to a fifteen hour limit, in which a grade of C was earned.

The students feel that if an individual is willing to put forth the time, effort, and money to retake a class in which they received a C, the opportunity should be made available to them. This Resolution will help the students who care enough to raise their grade point averages and have a better chance for success in applying for jobs and to graduate and professional schools.

We do not see any way that this Resolution could hamper the University. Please respond as soon as possible with your thoughts on this resolution and any actions taken. Thank you for your time and consideration.
