Dear Sir:

In reply to your letter of the 6th, allow me to say that there has been a misrepresentation or a misunderstanding on the part of some honest person, in regard to the theory of Evolution.

I have had the pleasure of attending the Western Ky. State Normal, and I am assured of the fact that there

is not a greater religious  
morale existing in any  
institution of learning  
of its size.

I have quite often made  
mention of the fact, of  
the interest shown by  
both President and faculty  
with reference to Christian-  
ity. I believe that religion  
is one the best and biggest  
features of the institution,  
one that will stand the  
test, and is far above  
reproach.

I am glad to have made  
the correction, and wish  
you great success -

in the future.

Yours Respectfully.

Charles H. McKinney.

Dear sir,

In regard to the letter you wrote Charlie, will say there has been a misunderstanding. Charlie and myself were talking one day about the theory of Evolution being taught in the schools, and also about the inspiration of the Bible. Charlie said that there was <sup>more</sup> at Bowling Green that said that the Bible was no more than any other book, and I understood him to say that he was a teacher.

Here is the misunderstanding,  
Charlie says he was not a  
teacher, only a student.

If any body is to blame  
it is myself, not Charlie.

I will say that I am willing  
to correct my mistake, and  
will correct it.

I am sure I dont want  
to misrepresent any one.

Am glad you called our  
attention to this matter.

Yours Respectfully,  
L. E. McKinney,
