**ORGANIZATIONAL HISTORY**

In December 1980, Katy Christopherson and Melzie Wilson convened a meeting in Louisville to consider the establishment of a state-wide organization for quilters. The group voted to establish the Kentucky Heritage Quilt Society, with three major functions: promote the understanding, appreciation and knowledge of the art and craft of quilting; support and expand the collections and preservation of Kentucky quilts and the records of Kentucky's quiltmakers and their work; and, undertake activities such as shows, contests and workshops. In January 1981, the fledgling group created a set of by-laws and elected officers and committee chairpersons.

Two subsequent interest sessions were held: one in March 1981 at Bowling Green and one in April 1981 at Lexington to introduce the group to a larger audience. The organization's articles of incorporation were filed with the Secretary of State's office on 10 April 1981. By 1 July 1981, the organization's membership had grown from 15 to 105.

The first major project of the KHQS was a statewide quilt contest in 1982. This successful effort included not only the contest, but a series of seminars on "What Makes a Prize-Winning Quilt." Since that time, KHQS has offered varied programming, ranging from design seminars, presentations about historical quilts, and its popular hands-on workshops at Shakertown (Pleasant Hill) and their annual "Quilter's Getaway" which has been held in various locations across the state. Although the quilt contests were discontinued by the mid-1980s, the organization continued to sponsor quilt exhibitions at various venues throughout the state.

KHQS also undertook a project to interview Kentucky quilters. The grant-funded project, titled "Quilters on File," allowed a cadre of women to be trained in interviewing techniques prior to doing field work. The project resulted in 92 interviews captured on cassette tapes as well as a training manual. Auxiliary information and transcripts are sometimes available with the interview. This interviews have been digitized and can be accessed by clicking on the hyperlinks found in Series III below.

Surely the most daunting, but useful, project undertaken by KHQS has been a comprehensive registry of vintage quilts made in Kentucky. As of 2016, sixty-one counties have been surveyed. Each quilt is assigned a unique number and information is captured about the quilt and the quiltmakers. In addition, photographs of the quilts are taken. In the early years,

black and white photographs were made, but since the introduction of digital photography only color photographs are taken. The organization has published a paper newsletter since 1982. In addition they have undertaken several quilt publications over the years. The organization's website is: [www.khqs.org](http://www.khqs.org)

## COLLECTION NOTE

Series I: Administrative Papers includes the organization's articles of incorporation, by-laws, policy manuals, and a folder of historical information. The series also includes minutes of KHQS Board minutes from 1980 to 2000, but the bulk of these minutes is from the organization's first decade; correspondence; financial records (budgets, financial statements, financial records for special projects; checks and bank statements are kept for the previous five years; and grants files. All researchers should peruse the correspondence (Subseries 3) when doing research within the collection. All files in this series are arranged chronologically.

Series II: Quilt Registry consists of 23 boxes of material documenting the organization's efforts to record information about Kentucky's vintage quilts. The files are arranged alphabetically by county name and the arrangement within the county is generally: registry forms, photographs, slides, negatives/CDs, etc. All photographs, negatives, and CDs are in sleeves. Each quilt has an unique number; the registry forms, photographs, and slides are in number order. Gradually, as digital photography predominated, the registry dropped the requirement for colored slides. Missing slides and photographs have been noted within the folders. Subseries II within this Series contains confidential information about the owners of the registry quilts. This information is **restricted** and not available to the public. Subseries III contains forms from an early quilt registry. Quilt registries were restarted in 2013, and any additional registry forms are added by county after the initial alphabetical county folders.

Series III: Projects contains documentation of KHQS many educational or documentation projects. Subseries I contains the audio tapes and auxiliary information collected during interviews with Kentucky quilters known as "Quilters on File." Subseries II Contests contains information about quilt contests sponsored by KHQS in 1982 and 1984. Subseries III includes folders about KHQS's educational programs, exhibits, and other seminars, workshops, and public offerings. This series is arranged chronologically. Subseries IV contains promotional material related to teachers who have taught at various KHQS programs. Subseries V contains other educational projects and associations related to KHQS.

Series IV: Publications includes KHQS's newsletter and annual membership lists, information about other publication efforts such as the *Kentucky Medallion Applique Quilt Pattern Book*, and a folder of membership brochures used over the years.
