Good Afternoon,

Please join us for Whips and Chains - the inaugural event of WKU's newest student organization – The Carter G. Woodson Association for the Study of African American Life and History (ASALH). The mission of ASALH is to promote, research, preserve, interpret and disseminate information about black life, history and culture to the global community. In celebration of Black History Month, ASALH students will answer the question, “Are whips and chains really the new whips and chains?” and give an in depth examination of the cultural, political, economic, and psychological changes and continuities impacting the African American community from emancipation to the present. The presentation will be immediately followed by a student led forum for questions and discussion. This event is free and open to the public and will be held in Gary Randsdell Hall Auditorium on Thursday, February 28th at 5:00 p.m. Thanks for your support!

Best Regards,

Selena Sanderfer  
Assistant Professor  
Western Kentucky University
