There is no accomplishment a young man or woman can possess equal to a good handwriting.
Home Study Courses

In answer to an insistent demand, we have been giving students the elements of some courses by mail for several years. This is no experiment. Those who have begun their course in this way are greatly pleased with the saving of time and money it has effected. Write us for additional information.

Board

The cost of board is variable. Therefore, it is best to get the latest information by letter from the school.

Holidays

The school session is continuous. Those who desire to go home, during the Christmas holidays, may do so, but the majority of our students prefer to continue their school work. They come from such great distances that it is well-nigh impossible to go home for the short time allowed.

Positions

It is a well known fact that positions are far more numerous than qualified people. No person has left this school without a position in the last fifteen years, after completing any combined course. We turn away far more places than we fill. This should be very encouraging to a student who is really in earnest. A position will be ready for you as soon as you are ready for it. If you do not get a place, it will be because you are not prepared for it.
Lost, a golden hour set with sixty diamond minutes. There is no reward, for it is gone forever.

Correspondence is solicited from those interested in the future well-being of the coming generations. Address: H. H. Cherry, Pres., Bowling Green, Ky.
THE MAMMOTH CAVE NATIONAL PARK area is within twenty-four hours traveling
distance of 76,000,000 people.
It is exactly 125 miles south of the center of national population.
It is easily accessible by rail, bus and motor.

THE MAMMOTH CAVE area lies in the very center of Kentucky.
It occupies portions of Edmonson, Hart and Barren Counties.
Its central feature, Mammoth Cave, is ten miles northwest of Cave City, Kentucky, and ten
miles north of Glasgow Junction, Kentucky.
It is entirely surrounded by many points of historic and scenic interest to the tourist.
Side entrance to Administration Building.

College of the Bible, Transylvania College.
