MEMORANDUM TO: President Kelly Thompson

You will recall the meeting which was held in your office some time ago for the purpose of discussing with Mr. Norm Lewis (accompanied by personnel from the local and regional offices of Urban Renewal and Community Development) matters relating to additional properties which could be included for claim of non-cash credits by the Urban Renewal Commission.

I have met with Charles Cherches and Arch Daniel on two occasions since that time. In order to resolve this matter to the reasonable satisfaction of all concerned, it will be necessary to take the following steps.

1. As a matter of record, we would need to respond to Arch Daniel's letter of April 16 (Exhibit #1). With this in mind, Exhibit #2 has been prepared for your signature.

2. Please notice that Exhibit #3 is a letter addressed to you certifying the approval of the amended plan for the City-County Planning Commission.

3. Exhibit #4 is a certification which you are requested to sign, listing properties purchased prior to the Jonesville Urban Renewal project.

4. Exhibit #5 is the certification which you are requested to sign verifying the purchase of properties since the Jonesville Urban Renewal project.

5. Exhibit #6 lists the properties which we indicated to Mr. Lewis we would be willing to state an intent of acquisition if the property became available at a fair market value. You are requested to sign the certificate of this intent.

6. Exhibit #7 is the draft of the letter which Arch Daniel proposes when he submits all of this material as a part of the claim for additional non-cash credits.

Dr. Kelly Thompson
President
Western Kentucky University
Bowling Green, Kentucky

Dear Dr. Thompson:

As we discussed in our last meeting, the Urban Renewal Commission is expanding its claim for non-cash credits to include those properties purchased since the Urban Renewal Ky. R-31 Project has been in effect.

In order for the Commission to claim this property as non-cash credits, it is necessary that the Western Kentucky University Comprehensive Plan be amended to include said properties within the plan boundary. The Commission, therefore, requests that the University take the necessary steps to amend the Western Kentucky University Comprehensive Plan to make such credit claims possible.

We have contacted the City-County Planning Commission concerning possible date for the required Public Hearing. The earliest possible date that the City-County Planning Commission could hear the proposal will be May 29, 1969. Should this date be convenient to you for this purpose, we would appreciate your submitting the amendment for their approval at that time.

If I may be of any assistance, please do not hesitate to let us know.

Sincerely,

Arch Daniel
Executive Director

Mr. Charles Cherches
Planning Director
City-County Planning Commission
City Hall
Bowling Green, Kentucky 42101

Dear Mr. Cherches:

I have received a request from the Urban Renewal Commission to make certain amendments to Western Kentucky University's Comprehensive Plan. The proposed amendment will expand the boundaries of the existing plan only.

The primary reason for this amendment is to include certain properties recently purchased by the University. The inclusion of such property within the plan boundaries will enable the Urban Renewal Commission to claim additional non-cash credits. It is requested that the necessary Public Hearing be held at the earliest opportunity in order to facilitate the Urban Renewal Commission claim for additional credits.

Should you require any additional information on this amendment, please contact this office.

Sincerely yours,

Kelly Thompson
President
