## SPECK SOUNDS KEYNOTE for OUR FUTURE ARHLETICS

### Commencement

The commencement exercises is the main topic of discussion in the Senior ranks at present. There are several things to be attended to. The dress suits will have to be adjusted, the caps and gowns ordered, the carload of invitations mailed and the orations prepared. However, almost everything has been arranged for and the event promises to be the best that our school has held in years. This statement is easily made although the upper classmen will have to use three halls before they receive their diplomas. They are making out cheerfully as they know that our new auditorium will be large enough to accommodate these functions in the future.

The Baccalaureate Sermon will be preached by Dr. Wilson A. Eisenhart, the pastor of the Westminster Presbyterian Church, in his church on the night of May 27.

The Robinson Contest, a prep declamatory event, will be conducted at the Business University chapel on May 28. About six men have entered this annual classic.

On Tuesday night, the four Seniors will meet to determine who will receive the Ogden Medal for Oratory. The subjects of the different men are:

Mr. Harris: "Our Next West."

Mr. Murray: "The Turk Must Go."

Mr. Hill: "The Leadership of Congress."

Mr. Bray: "The Inventor versus the Routines."

The graduation exercises will be held at the Diamond Theater the following night. Rev. Samuel S. Daughtry, a former Ogden man, now pastor of the United Presbyterian Church of Harrodsburg, Ky., will make the address for the occasion. Rev. Daughtry left a great record at Ogden and has always been interested in the school since he graduated. The graduating classes consist of four college men who have qualified for the Bachelor of Arts degree and twenty-two Preps who have finished the requirements for the high school diploma.

### WAKE UP, MR. TRACK MANAGER!

It is about time to elect the baseball and track managers for next year. We hope that this can be taken care of in the near future. So, just think things over, and try to pick some good live men.

We are glad to see a tennis club in our midst. We are sure that this new member will be a husky infant, and wish it all the success in the world. It would appear that we can't beat S. P. U. in anything. So it is up to the tennis fans to show us that we are wrong.

### Hi-Y Activity

The Hi-Y Social will be held at the "Y" Friday night at 7:30, and is an event that cannot safely be missed as there is a large amount of fun that is scheduled to be turned loose at that time.

Committees have been at work for over two weeks and the final report at the club dinner last Tuesday indicates that much of their labor will bear fruit. Many novel stunts have been planned, but they have not been made public as the committees want everything to be a surprise. The proceeds go to the Athletic Association. Everybody bring a bunch of pennies and a girl.

### Prep Letters Awarded

The Prep Men who earned letters in football and basket-ball were presented their letters by President Whittle at chapel on Tuesday morning. This was the first time in the history of the College that letters have been rewarded to members of Preparatory Department teams.

In football a creditable record was made by the Prep team. Two games were won and one tied. The men who received letters in football were: Massey, Smith D., Vale, Carmichael, Pickles, Daughtry, Chandler, Holland, Anderson, Shelton, Taylor, Winkenhoefer, Gilliam.

It is needless to speak of the basket-ball team whose only defeat was at the hands of Manual, the State Champions. The men who received letters in this were: Smith D., Capt.; Shelton, Cole, Fant, McGinley, Vale, Pickles, and Taylor.

We may well look forward to what the Preps will do next year when we consider that this year's teams started without money or equipment and had no regular coach.

### WATCH THE LAST ISSUE OF THE CARDINAL

The last issue we hope will be the best that we have put out so far. It will have a lot of interesting articles in it. For one thing, it will contain the answers to the popularity contest. That in itself would make one good issue. But that is just a start. The main feature will be a survey of this year's work in Athletics. This will be written by "Jimmy" Chandler, our Sport Editor. Mr. Chandler will try to give you a little idea of what you may expect next year in the line of sports. Then last, but not least, will be the prospect of the Cardinal for the next year. If possible, the staff will be published, if not, you will at least know what we intend to do.

### Former Football Star Gives Us Some Advice Students Enthusiastic.

#### Speck Sounds Keynote

"The only way that anything that really amounts to anything is done is to start at the bottom and work up a little at a time."

This was the opening statement made by Mr. Roy Speck. But we must remember that a few years ago he was just plain "Ducky" and the star of our football squad. The next statement is just as important.

The real reason that you fellows have no football team this year is because we played ringers. There were, in my time, only two players that really attended school. The other nine were picked up around town. We played a rotten brand of ball. Our practice was very irregular. In fact, we practiced just when we did not have anything else to do.

We thought that we were getting along all right. And we were after a fashion. But just look at the hole we made in your athletics! We never thought of you. In fact we thought that we were the whole cheese as far as football was concerned.

Now I know what block-heads we were. I can see the effect of the course that we followed. The only way that you can make a real team, be it football, basket-ball, baseball, or track, is to get down to work and build for the future. There is nothing else that will do it.

### SCHNEIDER ALSO TALKS

Mr. Schneider gave us an interesting account of the trials and tribulations that our valiant baseball teams went thru on their tour of conquest. But he thinks, as the rest of the school, that their defeats did not mar their spirits to any great extent.

Thru "Buddy" we learned that we have with us one of the financial geniuses of the world. He has been with us all this year, but it took this baseball trip to bring out his salient points. Fellows, meet Mr. Mansfield.

### GIVE US A BOOST

Freshman: "Professor, will you please tell me who was the world's greatest inventor?"

Prof. Whittle: "Why—er I believe he is an Irishman named Pat Pending."

## SNELL'S AUDITORIUM

**T**HE PARK CITY Daily News, in its editorial column of April 25th, after thanking Mr. Snell for his generous offer to Ogden and congratulating the friends of our school upon making Mr. Snell's offer possible, suggested that the new building be known as Snell Auditorium. This was indeed a great suggestion and one that will no doubt be met favorably by the building committee. Mr. Snell has done more for Ogden than any other man since the days of Major Ogden himself and the naming of the building in his honor will fittingly commemorate his generosity.

## O. H. S. ?

**W**ORDS. Words. Words. What is the use of spending so much time arguing about little matters when it is only a difference in the wording.

We agree. But we still think that the Senior Preps were going to the extreme when they had their class rings stamped with O. H. S. which evidently means Ogden High School, an institution that does not exist. It is all the same in Dutch, as the saying goes, but then the impression is left that Ogden is only a high school. A close observer will tell you that colleges that have a high school department look upon the lower institution as a preparatory school, and it was generally understood that such was the case at Ogden until our budding college men took the bit in their teeth.

## A WORKER

**M**AY WE waste a few lines on our dear friend and co-worker, Jimmie Chandler? Thank you.

It seems as if Jimmie deserves a little publicity at times for he does a large amount of work and receives very little credit or any-

thing else for it. Mr. Chandler is very much interested in athletics. Not being much of an athlete, he has exercised his executive ability and used his pull until he is now high in the inner circle of the Athletic Association where his word is very near law. He is the football manager for next year, and it is rumored that he has so many good ideas that they can't all be put in action next season for fear that we will defeat everything in the state. Mr. Chandler is also a good worker on the Cardinal and is a member of every club in the school. And the funny thing about it is that he takes care of them all his studies. However, we appreciate his attitude very much and to a far greater degree we appreciate without anything suffering except his activity. We could use a dozen more like him.

## IS IT POSSIBLE?

**A**T ONE TIME it was the custom at Ogden for the visitors to occupy the front seats at chapel. However, along with rocking the professors, smoking on the campus and other objectionable Ogden customs, it has been discarded. It is now the rule for a certain group to make one grand "hog" run for the best places and keep them until the end of the period. Consequently, our lady friends have to search for places in the rear of the hall while the above-mentioned "gentlemen" look on with a contented look. However, this is probably part of this so-called Modernity and must not be criticised.

## TAKE NOTICE PREPS

**S**INCE PASSING the prohibition law against the smoking on the campus, there has been a certain amount of going to the gate on State Street in order that the members may smoke.

Prof. Whittle rules that this is all right for the College men. The poor Preps however, must not go to the gate. In fact, the rule is that they may go only as far as the end of the asphalt walk.

## OLD ORDER REVIVED

**A** BOMB SHELL, the like of which has never been felt, was tossed into our unsuspecting midst. Prof. Whittle announced that the old laws of the Medes and Persians would again be in full

force. Then he read the ancient laws. They are as follows:

1. That a man *must* be on time.
2. That a man more than five minutes would be sent to the office, and be marked absent for that day.
3. The man *must* have an excuse in order to get back in the classroom.

This will be strictly held to. All offenders will have to stand the penalty that is attached thereto.

**T**HE FIRST TEST case in connection with the newly reinforced Laws occurred when Mr. Bray came into Prof. Palmer's Sociology Class six minutes' late. He was at once ejected, and told to report at the next meeting of the class with his excuse.

## In the Limelight

President Whittle has received a great deal of publicity since he accepted the presidency of Ogden. Not that he seeks every opportunity to break into the front pages but that the work he has done, in his quiet way, is giving him a great deal of notoriety. As many of us know, President Whittle is a whirl-wind of activity. He has several things that must be attended to at all times and yet, he has plenty of time to consider any subject that might be brought to his attention.

The latest newspaper stunt is the publication of the picture, history and philosophy of our President in at least one daily paper in all the large cities of the country. This article features the wonderful record made by President Whittle in becoming a college head at the age of twenty-three. Clippings of this article have been mailed from all parts of the country and many letters have resulted that have asked a number of varied questions. However, Mr. Whittle had not said anything about it until one of the boys accidentally received a Cleveland paper that contained the article.

Mr. Whittle's philosophy, as quoted in the Cleveland Press, is as follows: "One can reach almost any goal if he will everlastingly keep hammering away."

"I think that most of the so-called successful men can attribute much of the success to their mothers."

"Youth, in itself, should be no bar to responsible positions."

"All people do not have the same advantage, but there is not much excuse for a man saying he has not had a chance."

"A college education is not always possible. It is not always essential for success, but my advice is to go on through college. It will not harm you and it may do much good."

## OGDEN ATHLETICS

By Jimmie Chandler: Athletic Editor

On the way home from Carthage, the bunch got held up, as they were in cars. The car ran out of gas in front of a grocery store. Two men came stealing up, and pointed a couple of big "blunderbusses" at the boys. One of them growled out, "If anyone moves, I shoot." Only one person moved and that was our captain, Amos by name, who they tell me does not expect to be with us long, if he keeps up his present speed. He asked the man if he had a key to the store so that they could get something to eat. It suffices to say that another captain almost made the mistake of his life.

They say that Rose and Schneider have not gotten over the scare yet. We hope these men will sufficiently revive to play football next year. Coach Helm said he was asleep when the men came up but he was soon awakened.

He also wishes to state that what he saw made him go back to his pleasant dreams of the most beautiful girl in the world.

If anyone should ask you, there is only one brave man in school—that is Victor (Bill) Logan. He says that he would not let anyone bully him as the hold-up men did the baseball squad. We will have to keep Victor at home to protect his family—for he might get rash and get hurt if he went on any baseball trips.

What has become of track at Ogden? There was a manager elected last fall. Mr. Eisenhart has not been functioning, I am afraid. We do not like to think anything bad about anybody, but there will soon be gossip if there are not some announcements made in the near future.

### Students Look Forward Enthusiastically

#### OGDEN'S SPIRIT IS FINE

When the two Ogden baseball teams returned from their trip to Gallatin, they felt as if they had received a hard deal at the hands of Dame Fortune. Both squads lost by a very narrow margin. The fields of the opponents were not nearly so good as Ogdens'—therefore a handicap. The first game was with Gallatin Private Institute.

Ogden.....3 G. P. I.....9

The College baseball team, not being used to playing on a baseball field dotted with buildings, was under a serious handicap. In the outfield at Gallatin there were two buildings. If the batter hit one of the buildings anywhere, it was considered a home run. The coach of G. P. I. had his boys trained to hit the roof every time. It took Ogden seven innings to learn how to do as the Gallatin boys did—hit the roof. In this inning the varsity brought in three runs.

The feature of the game was the pitching of Fant. He struck out fourteen men. Fant's support was not of the very best. Several first-string men could not go on the trip. Among them, Lindsay, Logan and Cole. This hurt the team quite a little. Simmons of Gallatin was the star of his institution, bringing in four home runs.

A return with G. P. I. is being arranged by Manager Mansfield. The boys all want another shot at the Private Institution as they believe that they can beat them on the home field.

#### Score by Innings:

Innings	1	2	3	4	5	6	7	8	9	R.	H.	E.
G. P. I.	0	1	2	0	1	3	0	2	9	5	4	
Ogden	0	0	0	0	0	0	0	3	0	3	5	4
Ogden Preps	4											8

The Preps receive a rotten deal from the hands of a perverse lady—Luck. Carthage brought in five runs on two errors in two innings. Rice pitched a very nice game. He had some good support, Massey being the star of the Prep nine. "T" brought in two of the four runs. The Prep squad will not get another chance at Carthage this year, but a game is booked for next year.

#### Score by Innings

Innings	1	2	3	4	5	6	7	8	9	R.	H.	E.
Carthage	2	0	3	2	1	0	0	0	8	10	3	
Ogden Prep.	0	1	0	0	0	0	0	3	0	4	8	2

### TENNIS CLUB STARTED ON CAMPUS. SEVERAL DATES CLOSED

At a meeting of the tennis club last Wednesday afternoon, Mr. Guy Howerton was unanimously elected manager.

There will be held a tournament on Friday, May 13th, to decide who shall represent Ogden in the clash with Southwestern Presbyterian University.

A coach has already been secured. He is one of the best tennis players in the state—Mr. Bruner of the Bowling Green Business University. Practice is under way at the courts in Reservoir Park.

There has already been two dates closed. They are with S. P. U. The first one is in Bowling Green on May 19 and the second at Clarksville on May 26. Both doubles and singles will be played.

Several other dates are under consideration and are expected to be closed in the near future. Among them will probably be Morton-Elliott and Bethel.

### The Ogden Birds

The happy, thronging genii of the trees,  
Who flash like prised sunbeams hither and yon,

Suffuse the deep, wide skies with golden tone,

And drench with floods of joy each play-mate breeze:

A magic cure for sin-sick man's disease.  
Trill, warble, flute-call, chortle, chirp and moan,

All blend in an Elysian semaphore,  
Wafted by cherub host 'cross either seas.

They fill with quivering zeal the day's life-light;

Air gardens, with song-petaled flowers a gleam,

Halo their wooing hours with love-light bright

Beyond the reach of any human dream.

They bring from Eden their songs, their life-joy thrill;

To birds and trees the earth is Eden still.

—L. A. Hilary.

## Ogden Will Play Bethel Next Saturday

For the first time in three years Ogden will play Bethel on our home grounds. Last week Ogden played at Russellville. The paper is going to press too early to give any details of this game. Everybody talk this game up and let's get a large crowd out to see the old traditional rivals at it again.

OGDEN BOYS WELCOME  
AT OGDEN S. S. Class,  
Westminster Presbyterian Church  
EVERY SUNDAY, 9:45.

Football prospects for Ogden are indeed bright at this time. The camp, which is to be held next October 20, is coming along in fine style. At least fifty boys are expected at this camp. All men who would like to go, be sure to see either Jack Smith or Chandler as soon as possible. Any one desiring to go to the camp will have to pass certain requirements that will be decided soon by the athletic association.

I think without question that Ogden should take up tennis. Not only is this a custom in most of the schools and colleges of today, but it is a very interesting and profitable sport. At Ogden there is a lot of material which it would do the school credit to develop. Southwestern Presbyterian University wrote to the President about scheduling two meets, one at Bowling Green and the other at Clarksville. The school would make a mistake not to take up this challenge.

Orders for the football material needed next year will be let in the near future. Sixteen complete uniforms will be bought including a number of sweat jerseys. Any one desiring to come out next year will have a football uniform given him, and as he grows better and better the uniform he plays in will grow better and better.

We expect in the near future a report as to whom our coach for next year will be. I happen to know that the President has on file in his office a number of exceptionally good applications. We hope very much that this will be decided in the next few weeks, so we can begin to guess, talk and plan for next year.

Ogden has at last achieved something that will be put in Spalding's football catalogue as a world's record. Neldon Belcher, a former Ogden football star, punted 72 yards, with an average for the game of 50 yards. This was indeed a wonderful punt, going seventy-two yards and rolling for a net gain of 92 yards. This is something to be proud of.

**JOKES**

Old Lady (to Hollins): "You don't chew tobacco do you, little boy?"

Hollins: "No mum, but I can give you a cigarette if you want one."

1st Prof.: "They now have a machine that can tell when a man is lying. Ever see one?"

2nd Prof.: "Seen one? I married one."

If you believe in Ogden, say so. If not, get out.

Worse than a quitter is the boy who is afraid to begin.

Prof. Palmer: "What is the cause of so many divorces?"

Murray: "Marriages."
