COLLECTION NOTE

This small collection documents the Southern Kentucky Paddlers Society from its inception in 1980 to its demise in 2009. The group formed for educational, recreational, and conservation purposes. The collection includes the organization’s constitution and by-laws, a very small sampling of minutes from the early years, membership lists and promotional material. The Society participated in an effort to plan for open access and conservation of the Gasper River watershed in Warren County. Folders 7 and 8 contain limited information about their efforts. Folder 9 includes some basic canoeing manuals and other boating information. The Kentucky Library Research Collections owns an almost complete run of the Society’s newsletter from 1980 to 2009.
