MSS 661  RICE, Bertha Eleanor (Adams), 1875-1948

1978.35.4

BIOGRAPHICAL NOTE

Bertha Eleanor Adams, the daughter of Romanta West Adams (1847-1927) and Nancy Ellen (Williams) Adams (1848-1890), was born in Daviess County, Kentucky on 18 February 1875. On 7 September 1898, she married Albert Edwin Rice (1874-1949) in Central City, Kentucky. Their first child, Mildred (Mrs. Henry Morgan Cardwell), was born there on 30 July 1899. The couple moved to Russellville, Kentucky, where Edwin Rice worked for the L&N Railroad and their second child, Nancy Ellen, was born in 1901.

As part of her recovery after Nancy Ellen’s death from tuberculosis in 1929, Bertha devoted time to researching her genealogy and the history of Russellville and Logan County. A member of the Russellville chapter of the Daughters of the American Revolution (DAR), she also assisted others with their genealogical research. Bertha died on 24 April 1948. She and her husband are both interred at Maple Grove Cemetery, Russellville, Kentucky.

COLLECTION NOTE

This collection consists of genealogical and historical research created or collected by Bertha (Adams) Rice. Most of the material consists of genealogical charts, data, and a large volume of notes typewritten or copied by hand from various published and unpublished sources, particularly deed, court, will and marriage records from Logan County, Kentucky and several other Kentucky counties. Some of the research relates to Mrs. Rice’s ancestors, and some to the ancestry of others who asked for her assistance in compiling their genealogies. While the research usually focuses on Logan County families, it necessarily branches out to related families in other Kentucky counties and in Virginia.

The contents of each research folder are generally treated as one item, but a page count for each folder is provided in the shelf list below. Correspondence consists chiefly of requests for assistance with accompanying genealogical data, and information supplied by various libraries and repositories. Where present, correspondence has been moved to the front of each folder. Folder dates indicate the date range of correspondence, as most of the research notes are undated. Included in the collection are clippings and other data regarding local history and historic structures. The collection also contains several applications and supporting
genealogical worksheets that came into Mrs. Rice’s hands from women seeking membership in the Daughters of the American Revolution (Box 10, Folder 5). A single personal item (Box 7, Folder 5) consists of a notebook of poems copied by Mrs. Rice’s daughter Nancy.
