ORGANIZATIONAL HISTORY

The Young Dairymen, Mammoth Cave Chapter, was a short-lived organization of dairy farm owners/operators in south central Kentucky. They were loosely associated with Dairymen, Inc., a milk marketing cooperative based in Louisville, Kentucky. The organization had educational and as well as economic purposes. The Mammoth Cave chapter sponsored educational trips to dairy farms for children, held social events such as picnics and banquets, recognized superior dairy work, and held fundraisers and special promotional events during National Dairy Month (June). Bland Dorris of Bowling Green represented Dairymen, Inc. in the south central Kentucky region and oversaw the organization during the time of these records. At one time he also represented Pet Milk. It is difficult to determine if this organization stayed in existence past 1986.

COLLECTION NOTE

This collection consists of scanned copies of four scrapbooks compiled by the Mammoth Cave Chapter, Young Dairymen which date from 1982 to 1986. The materials in the scrapbooks were on pre-glued sheets and it was determined that they could not be easily removed, and, if removed, would retain some of the glue substance on them. To best preserve the material, the archivists decided to scan the contents and not retain the originals. Copies of the organization’s newsletters from 1982 to 1986 can be found in Folder 6. The scrapbooks help document the officers, members, and activities of the organization.
