BOWLING GREEN, KENTUCKY 42101

Office of Physical Plant
and Facilities Management

MEMO TO: President Donald Zacharias

FROM: Mr. Owen Lawson, Jr., Chairman
Traffic and Parking Committee *Owen Lawson Jr*

DATE: December 1, 1982

SUBJECT: Report of Traffic and Parking Committee Actions
November 30, 1982

The Committee met and the following action was taken:

1. Reviewed with Committee proposed parking lot plans:
 - (a) Industrial Education Annex
 - (b) Kentucky Building
 - (c) Normal Drive
2. Referred ETV-WKYU parking to Station Manager, Dave Wilkinson.
3. Approved request to make "emergency vehicle parking" available to the trainer at football fields during the season (spring practice and fall season).

A general discussion involved the physical condition of the A.A. lot, Lampkin lot, and the level of repair and upkeep. Funds were recommended in the current Physical Plant budget; however, none were approved. The Committee was advised of our escorting Mr. Morton Holbrook of the Council on Higher Education, on a tour of these types of facility needs on Labor Day, 1982.

The chair will appoint a subcommittee to study the maintenance needs, how to generate funds by increasing fees, pay lots, etc., to report to the Committee at a later date, anticipating that some method to improve and expand parking facilities in critical areas of the campus can be recommended to the President.
