By KATHERINE WADE

Students can now avoid their payments for sophomore classes any time they want.

The increase in projected money from schedule changes for the 2010-2011 academic year will be $321,559, according to Reed.

"That increase stemmed from a motion from the student government at the Board of Regents meeting," Reed said.

By MIKE STONSO

WKU sustainability coordinator Christian Ryan-Dowing said many projects across campus are pushing sustainability. One of the most recent projects is the conversion to single-stream recycling.

With single-stream recycling, all materials can be deposited into a single collection bin, instead of separate bins for items such as paper, plastic and aluminum. The materials will be separated by a recycling process facility.

"One of the biggest barriers to students recycling is the concern," he said. "Sometimes you might be able to find a plastic bottle recycling bin in one place but have to go somewhere else to recycle cans."

Ryan-Dowing said that before making this change, students could only recycle Nos. 1 and 2 plastics on campus. Now they can recycle Nos. 1-7 plastics in the new bins.

"Sometimes you might be able to find a plastic bottle recycling bin in one place but have to go somewhere else to recycle cans. I think this will get people acting differently," he said. "We currently recycle about 14 percent of our solid waste, and we could potentially be recycling 35 percent. That's our goal, and we're really excited!"

Budget Director Kim Reed said the increase in projected money from schedule changes for the 2010-2011 academic year will be $321,559, according to Reed.

"That increase stemmed from a motion from the student government at the Board of Regents meeting," Reed said.

The increase in projected money from schedule changes for this year will help fund additional staff positions.

"We have to have new positions; we just need to find them," Reed said.

CRIME REPORTS

Arrests
■ William Fangman, Barnes-Campbell Hall, was arrested on Feb. 5 in the DUC lobby for alcohol intoxication. He was released yesterday on a surety bond.
■ Devon McCormick, Pearce-Ford Tower, was arrested on Feb. 6 in the PFT lobby for public intoxication. He was released of a police officer, resisting arrest and public intoxication. He was released the same day on time served.
■ Matti Neuer, Bowling Green, was arrested on Feb. 6 in the floor of Barnes after officers received a complaint call about an “out-of-control juvenile” on Tuesday night. He was charged with assault of a police officer, resisting arrest and public intoxication. He was released yesterday on a surety bond.

Women’s studies celebrating 20th year

By KEVIN ALLEN

This year marks the 20th academic year for the women’s studies program at WKU, and the semester-long celebration is kicking off on Wednesday with a half-time event at the Lady Toppers’ basketball game.

Anyone who brings in a сумо, bar, soap, hand soap or other toiletries to help a women’s shelter, will get into the game free, said Kristi Branham, another assistant women’s studies professor who said her experience is kicking off on Wednesday with a half-time activities at the Lady Toppers’ basketball game.

She also said women’s studies helps students, when they come out, aren’t prepared to think globally, and we’re working on that really hard at Western,” Kerby said.

“This sentiment was also expressed by Louisville sophomore Meghan Kennedy, a student assistant for the women’s studies program who said her experiences on the program are invaluable.

“I feel like everyone should at least take Intro to Women’s Studies because it really opened my eyes to a new way of looking at our culture, our society and our world,” Kennedy said. “It was nothing that I had ever experienced in high school or in my family life.”

The 20th anniversary celebration will include several events and speakers throughout the semester, ending with a large awards party at the Bowling Green Country Club on April 19.

Some recent Herald advertisements inappropriate in tone

I am an avid reader of the Herald and have mostly been impressed with the quality of the paper. In the last two weeks, I have found myself wondering why and asked the question, “Why?”

My first “Why?” the other day was, “Why does the Herald feel it appropriate to mention that most college students are 21 and older?” I know the Herald meant simply made the point that most college students are not 21 and older.

Another question is “Why?” came as the Herald was asking the question, “Why?” to itself. In the last two weeks, I have mostly been impressed with the quality of the paper. In the last two weeks, I have found myself wondering why and asked the question, “Why?”

The marketing isn’t the only problem. Though, students, you are responsible for supporting our teams, too. Especially when all you need to enter the West End Coliseum on dorm doors or posting signs in the ground that often linger after game day is over. Sometimes it seems the only indicators of a home game are yellow baracades along the Avenue of Champions and the bandanna-laden parking attendants sitting by them.}

At this I find myself having to take pause, it was not enough for me to really represent our university, not especially when all you need to enter the West End Coliseum on dorm doors or posting signs in the ground that often linger after game day is over. Sometimes it seems the only indicators of a home game are yellow baracades along the Avenue of Champions and the bandanna-laden parking attendants sitting by them. But those who are not so good if students aren’t to participate.

the road passed in its first reading

Students faculty and members of the Bowling Green community get a chance to have fun and give back at Big Red’s Trivia Bowl on March 19. Big Red’s Trivia Bowl is an annual event hosted by Honor Topper, student ambassador for the Honors College. This will be the third year for the event.

This year, proceeds will go to the Center for Courageous Kids because they wanted to start a partnership with an organization near Bowling Green. Montgomery said the goal this year is to raise $300, which will pay for a full camper sponsorship. “We wanted the money to go to something besides the camp itself,” she said. “We wanted to help people in our community.”

The theme for the trivia bowl this year is Wizard of Oz.

Sommersett junior Kathryn Taylor, public relations coordinator for Honor Topper, said the theme was chosen because the center’s mascot is a lion.

“Those kids have to ex-
hibit a lot of courage for
keeping up with school,
sporting events, so we wanted to incorporate that into our sponsorship,” she said.

Anyone who wants to participate in the event can sign up online by going to www. wkulalternatives.com. The password to register is "free."
The video of Guidry, which has created a sensation of more than 98,000 viewers, revealed an energetic side during his pregame speech in the locker room before Miami’s bowl win.

At the end of Guidry’s speech, he now-famously said, “Let’s go get our damn trophy.” Guidry joked it will be the first thing he says when he meets the Toppers’ defense. “What you see with me is what you get,” Guidry said. “Very emotional, high strung, I coach really hard, and when they make a play, I’ll be more excited than they are. They are going to think I’m a crazy man.

The emotion behind Guidry’s coaching is something Taggart said he hopes will translate well to a defense that has seen three defensive coordinators come and go in the last three years. But it’s also a defense that is catching onto the “juice” Taggart has been preaching, and one that just recruited 10 players on the defensive side for the 2011 season.

“Lance has a lot of energy, a lot of juice like we want and a little craziness out there, too. He brings that energy that we need on defense. ‘I can’t be holding out there. That side of the ball is different, and you need someone that’s different.’”

With the help of Guidry, Miami won the Mid-American Conference East division with a 7-1 record in 2010. Just a year earlier, the Red Hawks finished 1-7 in the conference.

That type of improvement is what Miami Director of Athletics Brad Bates said makes WKU very fortunate to have Guidry join its staff. “Lance’s head coaching debut inspired not only our entire community, but became a national sensation because of his passion, sincerity, intellect and creativity.” Bates said. For Guidry, it was destiny that he stepped into the interim coach position at Miami — and that his YouTube fame caught Taggart’s eye. “You never know what the Lord’s plan is,” Guidry said. “I was going to follow (Mike Haywood) to Pitt and be a DB coach and triple my salary, then there was talk about applying for the head job at Miami, but that didn’t happen. Then there was Western Kentucky, and it was just the right place for my family. My wife’s excited, my children are excited, and that’s the most important thing for me.”

The track and field teams fared well at the Middle Tennessee Invitational last weekend, but after a week during which several members of both teams were unable to perform due to the illness, the teams came away with what Head Coach Erik Jenkins called “a good day by a low-key meet." The weekend’s meet will be its last low-key event for the team, though. The teams will split up this weekend and go to three separate ports of call in the Caribbean Sea. Photographs aren’t possible from this far out on the ocean, the teams took a few shots of the Caribbean Sea. This is the second in an occasional series of columns on Study abroad: Leave your baggage at home

At first the MV Explorer was an exciting environment to me, a place to put the cause of my anxiety into words, the desire to have absolute control over my world and all the baggage I should have left at home. When you study abroad, your senses are opened and receptive. This is the second in an occasional series of columns on Study abroad: Leave your baggage at home

Lightening the mood

A Senior forward Steffphon Pettigrew lays up the ball during the first half of WKU's game against Louisiana-Monroe on Saturday, Feb. 5. WKU won 81-76.

By ZACH GREENWELL
sports@chherald.com

Senior guard Amy McNear said the Toppers didn’t need any dramatic speeches after last Thursday’s loss to South Alabama. There weren’t any big, defining locker-room moments like you’d see in the movies.

Instead, McNear said they understood it was simple time to go back to work Saturday against Louisiana-Monroe.

“It was an unspoken thing,” she said. “Everybody just knew what had to be done. We just came in and punched out our timecards and made it happen. We just had a sense about us that we were going to win.

WKU (10-12, 5-5 Sun Belt Conference) battled ULM with improved energy Saturday, bouncing back to a comfortable 81-61 win.

The victory was a stark comparison to last Thursday, when the Toppers’ self-proclaimed lack of energy cost them an 80-76 loss in Diddle Arena.
