Faculty and office force of the Western Kentucky State Normal School. A large size half-tone picture of the above is being issued and will be ready for distribution within a few weeks. Persons desiring a picture can secure the same by asking or writing for it.

The School of Music, with a corps of instructors who are skilled performers, noted composers, and successful teachers, offers opportunities the equal of those of the Eastern or Northern Conservatories, and that at much less expense. It includes departments of Public School Music, Piano, Voice, Violin, Guitar and other stringed instruments. Public recitals in which all students take part are given in Vannmeter Hall at intervals during the year.

The banquet held under the auspices of the Cherry Club of Louisville, during the session of the Kentucky Educational Association, was a brilliant success. More than five hundred people attended. The speeches were exceptionally fine, the music inspiring, and the spirit unsurpassed. More than one thousand will attend the next banquet, which will be held under the auspices of the Cherry Club during the next session of the K. E. A.

Strong graduates of standard high schools have been able to secure our Life Certificate within less than two years. Credit will be given you for all the work you have thoroughly done above the Common School Course, and you will have the privilege of completing the course of study you select in as short a time as possible.

We earnestly request the former students to organize the institutes and make a systematic canvass of not only those persons who attend the institute, but of all other persons who have in mind entering the Institution.

Over 400 different high school graduates have entered the Western Normal during the present year and, judging from the present outlook, more than 600 high school graduates will enter next year. The high school graduate enjoys an exceptionally fine educational opportunity in this institution.

Persons desiring a certificate should enter the Western Normal and take one of the three courses which lead to certificates. Under the law, the school has the privilege of issuing a Two-Year Certificate to persons completing the Elementary Certificate Course, a Four-Year Certificate to persons completing the Intermediate Course, and a Life Certificate to persons completing the Advanced Course. All of these certificates permit the holders to teach anywhere in Kentucky without examination.

We earnestly ask all former students, whether they return or not, to see the prospective students who will enter school somewhere in September and get them interested in attending at Bowling Green.

A part of Normal Heights showing a front view of the grounds and the Administration Building. A large half-tone picture of the above is being published and will be mailed to all persons writing or asking for it.
A group of high school graduates in attendance at the Western Kentucky State Normal School. Within the last year more than four hundred high school graduates have attended the institution, and judging from the present outlook the number will reach six hundred next year.

The Summer School, which opens on June 19, 1916, promises to be the largest in the history of the institution. A great program has been arranged.

A program of the work that will be offered next year has been worked out in detail, showing exactly what will be offered during each term. This program will be forwarded to persons requesting it.

Student-body Western Normal School, Bowling Green, Kentucky. The Chapel Exercises adjourned early in May, 1916, and the students assembled in the Fort at the back of the Administration Building to have the above picture made. A large handsome half-tone picture of the above has been ordered, and will be mailed in a tube free to all persons asking or writing for it. The picture will be ready for distribution within a few weeks.
