Records Schedule Section A

Continued from [Out of the Box, Summer 2019](#).

Records found in most offices across campus.

U0111 Reference & Informational Materials – informational documents, email that require no action by the recipient. Such as the email that brings you this newsletter. The WKU sender

*WKU Archives is dependent upon **each office & committee** to transfer permanent records when they have met their retention requirements to prevent gaps in the historical record of WKU.*

may have a recordkeeping responsibility in maintaining the information sent out, such as newsletters, press releases or attached reports. Retain until no longer useful, then destroy.

U0112 Reports – Annual or Summary – reports documenting departmental, college or office activities for the year. Transfer 1 copy to WKU Archives, retain 1 copy in the creating unit. Destroy duplicates when no longer useful.

U0113 Reports – Periodic Activity – reports documenting departmental, college or office activities for a specific period of time. Retain until annual or summary report is created, then destroy when no longer useful. However, if annual or summary report is not created, this series should be maintained permanently and sent to WKU Archives.

U0114 Reports / Special Studies – information related to university activities or events, may contain recommendations and important facts and statistics useful in strategic planning. These could be committee / task force final reports. Transfer one copy to WKU Archives.

A word about **Committees / Task Forces**. Always designate a person as record keeper. Make sure that committee member receives all the documentation necessary to show the work of the committee (minutes, reports, correspondence, etc.). That person should transfer records to appropriate administrative units (President's Office, Provost, Dean's Office, Faculty Senate, etc.). The record keeper should notify the committee members when all paperwork has been transferred so they can destroy their duplicates and working papers when no longer useful. The administrative unit overseeing the committee is responsible for transferring committee records to WKU Archives when no longer useful.
