FALL OPENING OF THE WESTERN TEACHERS COLLEGE AND NORMAL SCHOOL

The Western State Teachers College and Normal School commences its nineteenth year as a state teacher-training institution on September 21, 1925, with more assets and resources, physical and spiritual, than it has ever possessed at any time heretofore.

The scholastic year of 1924-25, ending with the summer session of two five-week terms, brought to a close the outstanding year in the history of the institution, and particularly in the matter of graduates and teachers placed in the field.

The new Training School Building, described in detail elsewhere, is one of the largest of its kind in the South and will be a "Spiritual Laboratory" for those who enroll for the Fall Term and all succeeding ones.

CALENDAR

The fall session of nineteen weeks begins September 21, 1925, and closes January 29, 1926.

The second semester of eighteen weeks begins February 1, 1926, and closes June 4, 1926.

The Mid-Semester Term of nine weeks begins April 5, 1926, and closes June 4, 1926.

The First Summer School of five weeks begins June 7, 1926, and closes July 9, 1926.

The second Summer School of five weeks begins July 12, 1926, and closes August 13, 1926.

PROCEDURE FOR REGISTRATION

New students are requested to send in advance a properly certified transcript of credits to the institution. This will assist in proper classification for advanced work.

Study the catalog carefully and decide upon the course of study which you are going to pursue before you come for registration.

New students are required to first register in the office of the Registrar. All students will receive a copy of the program of courses, one current term card, one copy of certificate requirement, and two program cards.

A great program has been arranged for the year of 1925-26 with a view of making College Heights the center of professional advancement, the common ground where educators will have an opportunity to exchange ideas, formulate programs, and advance standards.

THE NEW TRAINING SCHOOL BUILDING

"A Spiritual Laboratory"

This magnificent new building will house the model kindergarten, all grades, and Junior and Senior High Schools. The building will be ready for occupancy when school opens September 21, 1925.
WHY SELECT TEACHERS COLLEGE AT BOWLING GREEN?

A Page of Suggestive Facts Which Will Prove Helpful in Choosing your College.

WHY SELECT TEACHERS COLLEGE AT BOWLING GREEN?

1. Because it has been one of the leaders for the last twenty years and more, in an earnest effort to make teaching an 'art' as well as an 'learned profession.' The life of the President has been devoted to raising the educational standards of the colleges she has been connected with during the term of school, and doing everything else that would benefit the childhood of the state.

2. Because the heart and brain of Teachers College are well centered, and prepared to meet all the educational forces of the country, and which they hope will not only benefit the children, but the entire citizenship of the state.

3. Because the new $200,000 Training School, with its beautiful and modern equipment, makes Teachers College second to none in the South. The arrangement of the new building will extend from kindergarten rooms in the private homes of the city. The new building will contain an outline of A. B. and B. S. courses, which will also be made available to the public.

4. Because the faculty is the best that can be had for the price. They are all men of culture and education, many of whom have been superintendents of schools.

5. Because the course will be continuous. The Village, or Cherryton, is one of the most unique experiments in school undertakings. Its uniqueness is from a number of standpoints: It is both a school and a home, and many other points of interest are available.

6. Because the curriculum of the Reserve Officers Training Corps at the Teachers College, which also gives them free clothing.

7. Because the campus is carefully prepared to give the teachers the preparation that is demanded by present day standards. The curriculum is very extensive in its scope and is given in detail in the 1925-26 catalogue, which can be secured by writing to the office of the President.

8. Because the present administration has done a splendid job in the training of teachers.

9. Because the young men desiring military training are given an opportunity to take advantage of the Reserve Officers Training Corps at the Teachers College.

10. Because the Village is composed of seventy-six houses.

LIVING IN PRIVATE HOMES

Good meals in private homes can be secured for $1.50 to $2.50 per week. Room rent in private homes ranges from $1.50 to $2.50 per week. Very few students pay more than $7.50 or $8.00 per month. Many of the students occupy rooms in the private homes of the city. These rooms are usually more comfortable and better equipped than those in the college dormitories.

WRITE FOR NEW CATALOG

It contains an outline of A. B. and B. S. courses, as well as a number of other courses which are available at the Elementary, Intermediate, and Life Certificate for the year of 1925-26.

At no other time in the history of the state have so many superintendents of schools been in actual attendance at higher institutions of learning than at the present time.

REASONABLE LIVING EXPENSES

It has been the purpose of the Board of Regents and the President of the school from the time of its establishment to keep living expenses at a figure that is low enough to enable the self-supporting student who desires to give himself the best preparation for the teaching profession an opportunity to do so. With the generous appropriations made for this particular purpose by the patriotic legislators, the forethought of the management and the cooperation of the citizens of Bowling Green, we are able to care for the hundreds and even thousands of students who come to us each year in a most economical way. One can live here on almost, if not quite as small an expenditure as he can at home, since board and room rent range from $20.00 to $25.00 per month, or even less.Board and room in private homes range from $4.50 to $5.00 per week. Room rent in private homes ranges from $4.50 to $5.00 per week. Very few students pay more than $7.50 or $8.00 per month. Many of the students occupy rooms in the private homes of the city. These rooms are usually more comfortable and better equipped than those in the college dormitories.

FOUNDATIONS NOTES

Six hundred loans! This is the number that has been made by the College of Teachers Foundation since its establishment. This fund aggregates many thousands of dollars. The availability of this fund has helped a large number of students stay in school during the summer. It has also been instrumental in inducing many new ones to enter.

The demands for funds grows continuously. During the scholastic year 1924-25, the Foundation made three times as many grants as it did during the preceding scholastic year, 1923-24.

The Foundation has helped many students to realize the value of a college education, and which they could complete their Life Certificate and A. B. courses.

These individuals are now located in outstanding positions, in the processes of making educational standards in various fields.

THE 1925-26 CATALOG

The new catalog is in the press and gives in full detail the educational work done. This catalog will be mailed free to anyone desiring a copy.

THE F. C. G. CLASSICAL CLUB

The F. C. G. Classical Club was organized February 10, 1925, with twenty-two charter members. The club is a permanent organization, brought into existence for the purpose of providing for those preparing to teach Latin an opportunity to meet and discuss questions of common interest. It is primarily concerned with the following problems: the study and teaching of Latin in the Kentucky high school; a deeper and wider interest in the life, language and literature of ancient Rome; the encouragement and promotion of sound and advanced scholarship in our own school and in the state at large.

The programs are varied, consisting of discussions, reports of individual and group investigations made by the members, and an occasional address by some outside speaker. The social feature of the meetings is not neglected.

The profession in the future will look to College Heights for Rural, grade and high school teachers, school administrators, county superintendents, city superintendents, as well as leaders in all departments of education.

Bowling Green is known in many places as a town of churches and schools. No higher recommendation could be given to any town or city.

THE IV A SCOTT CLUB

The Iva Scott Club was organized during the scholastic year of 1924-25. The club was named in honor of Iva Scott, the founder of the Home Economics department in the Western Kentucky State Teachers College. It is the aim of every member to live up to the standards and ideals set by Miss Scott.

The aims of the club are as follows:
1. To form a connecting link between the home and school and between the club and college.
2. To train young women to be active and efficient leaders in home and community life.
3. To train for club work in other schools.
4. To furnish an opportunity for social life.
5. To discuss current problems relating to Home Economics.
6. To create good fellowship, sportsmanship, and unity in the Home Economics department.

The sponsors of the club are Misses Lotta Day and Patay Shoeb.

THE STRAHM MUSIC CLUB

This club, composed of students in the music department, under the direction of Professor Franz J. Strahm, was organized for the purpose of producing special musical programs and special study of the works of the great artists.

The club meets in Abel Hall and the programs given by its members are most interesting and their interpretation of each number is studied and criticized by members of the club.

This club, along with the A Capella chorus, male chorus and orchestra, has added much entertainment to the Hill with the programs which they present during the school year.

CONGRESS DEBATING CLUB

In the year of 1919 a few of the leading members of the various literary societies of the institution who were interested in Public Speaking decided to form an organization suited to their needs. A movement was therefore put forward which resulted in the organization of the Congress Debating Club.

The purposes of the club are many. Throughout its existence it has afforded training in acquiring the art of Public Speaking to all, was organized for the purpose of producing special musical programs and special study of the works of the great artists.

The club meets in Abel Hall and the programs given by its members are most interesting and their interpretation of each number is studied and criticized by members of the club.

Miss Day

READ THIS BEFORE DECIDING

Some Facts You Should Consider Before Deciding Upon What School to Enter in September

Standing of school.
Personnel of faculty.
Course of study.
Expense of attendance.
Watch care of students.
Snobbishness among student body.
Healthfulness of location.
Opportunities offered for every denomination of church affiliation.
Recognition of graduates by universities and colleges.

FREE TUITION FOR EVERYBODY IN KENTUCKY

The recent Legislature of Kentucky removed the boundary line between the Eastern and Western Teachers College. Students who live in any part of Kentucky can now enter either college on free tuition. In fact, any student in Kentucky, regardless of the county in which he lives, is now entitled to free instruction in this institution.

No citizen can turn his back on the school without turning his back upon the flag. The first great gift we can bestow on others is a good example. One watch set right will do to set many by: one that goes wrong may be the means of misleading a whole neighborhood; and the same may be said of the example. What example are you going to set?
GENERAL NEWS

The summer school of two five-week sessions was the most outstanding and successful in the history of the school, both in the number of enrollments and work accomplished, and satisfied student body.

The 1925-26 catalog is off the press and contains a full and comprehensive summary of the courses of study and other necessary information. Write today to the principal for your catalog.

The demand for rooms at J. Whit Potter Hall as well as in the Village for next year is already great. The Village is a popular enterprise. It has seventy-six houses and offers students an opportunity of securing their board and room rent all the way from $11.00 to $14.00 per month through a system of self-boarding and housekeeping. Many of the prominent educational leaders and lecturers in this country have delivered delightful socials; charming people; and it is in study and other necessary information. Write with us again during the summer sessions.

WHERE SHALL I GO TO SCHOOL?

To the school that offers a fine moral and spiritual atmosphere.

To the school that has an able faculty of men and women with college and university preparation, successful experience, big, sympathetic heart, and untiring personal efforts in behalf of the student.

To the school that has put the rates for living at the very lowest possible figure, commensurate with convenience, comfort and good health.

To the school that makes special efforts to aid its worthy graduates first, and afterwards any others desiring it, in securing good positions.

To the school that has prestige and influence that will be an asset in future life.

To the school that takes personal care and interest in the physical well-being of the student—both in sickness and in health.

To the school that provides and supervises in a house-like, wholesome way the recreation of the student body.

To the school that is pervaded by the spirit of good fellowship; where the democratic spirit invites each student, however humble, to do his best; where each student for all and all for each; where nothing is considered anecdotal but the caste of fine manhood and womanhood; where nothing is considered anecdotal but the caste of fine manhood and womanhood; where nothing is considered anecdotal but the caste of fine manhood and womanhood; where nothing is considered anecdotal but the caste of fine manhood and womanhood.

All this and more you will find at the Western Kentucky State Normal School and Teachers College.

MANUAL ARTS

Our Manual Arts Department for the past two years has grown by leaps and bounds and it has only begun. Watch it during the next two years.

This institution is doing what has been emphatically claimed could not be done by many other schools; namely, to take care of the maintenance of the school plant to a large extent thru the supervision of the manual arts department with student aid.

This offers many advantages to the student as well as the state:

1. The work may be done much cheaper.
2. The student receives a small compensation for his work, which enables many to remain in school.
3. The student receives training of a practical nature that could be secured in no other way. He will as a natural result be of far greater value to the school and community in which he works as a teacher.
4. The equipment built by the student is highly prized. More interest is taken in preserving the state property by those who are doing such work.
5. Many improvements can be made that otherwise would be neglected because of the cost and inconvenience.

An incidental fee of $5.00 is paid by every student entering the school of enrollment. This fee entitles the student to free admission to all athletic games, the All-Star Concerts and all entertainments during the school year. The admission price to one concert alone this Fall will be as much as the entire fee.
THE BACCALAUREATE DEGREE

Eighty-one outstanding, fine, and purposeful young men and women received their Degrees in June of this year.

The Baccalaureate Degree is granted with the successful completion of a minimum of 128 semester hours of prescribed and elective work. A majority of these former students who had received the Life Certificate and who under the ruling of the executive council were required to renew the attendance in the institution and spend the minimum of 18 weeks in residence study before the degree could be granted. Miss is required regardless of the number of semester hours of credit in which the student may have completed at this or other institutions.

During the past two years the Western Kentucky Teachers College has been developing its curricula in Agriculture and Home Economics and facilities for training teachers of these subjects for the federally aided high schools of the state. The State Board for Vocational Education unanimously approved the application of the institution for recognition on June 19, 1924. The Federal Board for Vocational Education unanimously confirmed the decision of the State Board on July 2, 1924.

The Western Kentucky State Teachers College now enjoys the distinction of having its graduates from the courses in Agriculture and Home Economics recognized and given full credit by the University of Kentucky and other institutions of similar rank.

The Degree, Bachelor of Science, is conferred upon students specializing in Agriculture and Home Economics.

SANDWICH SHOP OPEN IN J. WHIT POTTER HALL.

College Heights has a new enterprise. The former commissary-room in the basement of the dormitory has been rearranged and a sanitary sandwich shop has been set up for the use of students. A member of the faculty who is capable along these lines; it is operated by students.

Each day there will be a regular menu of sandwiches, ice cream, sandwiches, cakes, cold drinks, and ice cream. Various specials and extras each day that will please the students.

Sandwich lunches will be served in the clean, comfortable room at nominal prices.

THINGS TO WATCH

In selecting courses, avoid conflicts between subjects; do not take duplicate courses. The college catalog gives complete course descriptions.

The student is requested to carefully give all of the information asked for on the various cards. Each student is expected to pay an incidental fee of $5.00 which entitles him to all athletic events, the All-Star concert, and other activities. The fee should be paid to the Bursar before registration.

CATALOG OF COURSES

There are no courses of studies listed in this bulletin. Write for the new catalog of courses for 1925-26. It contains outline of A. B. and B. S. courses, as well as the various other courses leading to the Elementary, Intermediate and Life Certificates.

ATHLETICS

Clean and wholesome athletics has a place in the activities of the school, and to produce good athletes' teams is believed by the faculty to be one of the most worthy achievements.

Under the direction and through the efforts of Coaches Smith, Diddle, Robinson, supported by the faculty committee on Athletics, the Teachers College now maintains an athletic rank in the collegiate world of which it is justly proud.

For the last four years Western has won more than 80 per cent of all contests played and many of these have been with some of the strongest college teams in the country. The football, basketball and baseball schedules for the coming Fall and Spring will be the most ambitious ever attempted and will give the students an opportunity of seeing some of the best athletic teams in the country in action. The majority of all games will be played on the home grounds.

Students, at the time of registering, are required to pay incidental fee of $5.00 which gives them an athletic ticket good for all games during the semester.
ATHLETICS ON THE HILL

Young men interested in athletics should take advantage of the opportunities offered by the Teachers College. We have experienced coaches in all branches of athletics under a capable athletic director, who is not only enthusiastic over athletics but holds a lasting interest in the athlete himself.

There has been an insistent demand for teachers who are athletic coaches, and a great many of our 1924-25 graduates have been called to fill such positions.

Our football team will go into training camp on September 8, two weeks prior to the opening of the Fall Term. Those interested should write for information at once.

Our basketball team will be equal to the best, as has been true during the past three years.

A foundation has already been laid for the coming baseball season. If you expect to teach, you cannot afford to neglect your athletic training. It is a most favorable asset.

R. O. T. C.

The Unit of the Reserve Officers' Training Corps at the Teachers College offers a splendid opportunity to the young man to receive a training that is not one to train military leaders alone but a training which will enable him to be able to participate in what the Supreme Court has called the supreme and noble duty of contributing to the defense of the rights and honor of the flag.

The unit is in charge of an officer of the regular army and offers a splendid course in physical culture.

Both high school and college credits are given for service in the unit which in no way obligates the student to participate in further military duties. It gives him the use of a complete uniform for the year.

EXTENSION DEPARTMENT

More than a thousand teachers worked off credits and added to their preparation by taking work in this department last year while teaching.

The amount of credit given on the various certificates is as follows:

- Provisional Elementary.—Four units are required. One unit may be done by correspondence or in study centers.
- Secondary Elementary.—Eight units are required. Two of these may be done by correspondence or in study centers.
- Intermediate.—Sixteen units are required. Four of these may be done by correspondence or in study centers.
- College Elementary.—Thirty-two semester hours are required. Eight of these may be done by correspondence or in study centers.
- Life Certificate.—Sixty-four semester hours are required. Sixteen may be done by correspondence or in study centers.
- Degree.—Sixty-four semester hours above the Life Certificate or Junior College graduation are required. Thirty-two of the 128 semester hours required may be done by correspondence.

LIFE CERTIFICATE GRADUATES, do you find yourself in need of a Degree in order to qualify for that more responsible position which is in sight? If you have not already thought about this, let me urge that you estimate the length of time required for you to complete the additional work on the A. B. or B. S. Degree. A letter from you asking that this estimate be made will be appreciated.

Without doubt it will mean much to your future success in life to complete a full college course as early as possible. You could do this at this place for a smaller outlay of money than almost and enjoy the very best opportunities at the same time.

DO YOU NEED A TEACHER?

Superintendents, Principals, Boards of Education, Trustees and others desiring trained teachers, should write to the Western Normal and Teachers College, Bowling Green, Kentucky, and request that recommendations be made. Great care will be exercised in the selection of teachers.
