OPENING OF SECOND SEMESTER, FEB. 1, 1926 WESTERN TEACHERS COLLEGE AND NORMAL SCHOOL

The new \$200,000.00 Training School building, which was dedicated on October 30th. In this building the student-teachers have opportunity to observe expert teaching in all the grades including kindergarten work, and the Junior and the Senior High School. The structure is modern and complete in every way.

THE TRAINING SCHOOL

The Training School offers facilities for Observation and Directed Teaching that the institution heretofore has never been able to provide. The building that has been constructed for this purpose is one of the finest in the country, and is modern in construction and arrangement. Those students who enroll for Directed Teaching will have opportunities for development that the limited equipment of the institution has in the past made impossible.

The building houses the entire range of pre-college work—from the kindergarten through the fourth year of high school.

AS TO LIVING EXPENSES

It has been the continual purpose of the Board of Regents and the President of the Western Kentucky Teachers College to keep living expenses sufficiently low to enable the self-supporting young man or woman who desires to give himself the best preparation for the teaching profession an opportunity to do so.

One can live in Bowling Green almost if not quite as economically as he can at home. Board and room rent total from \$20 to \$25 per month. Elsewhere is given information concerning the cost of living in Cherryton, and the expense for rooms and meals in J. Whit Potter Hall.

THE 1925-26 CATALOG

The new catalog has arrived, and gives in full the curriculum for 1925-26. This catalog will be mailed free to anyone desiring it.

Address H. H. CHERRY, President, Western Teachers College, Bowling Green, Ky.

R. O. T. C.

Headquarters of the R. O. T. C. have been moved to the rooms formerly occupied by the first and second grades.

READ THIS

The institution has genuine pleasure in announcing that it will be able to make a reduction in rates applying to rooms in J. Whit Potter Hall. The revised rates are published on page 3.

Entrance to J. Whit Potter Hall, the Girls' Boarding Home

The group above represents those who were in the course during the first Summer term. Others were in attendance during the year. We give below the membership of the first class.

1 O. J. Stivers, 2 President H. H. Cherry, 3 Prof. A. C. Burton, 4 Dr. A. J. Kinnaman, 5 Prof. Bert R. Smith, 6 W. A. Pardue, 7 Andrew Driskell, 8 L. H. Powell, 9 J. W. Dillehay, 10 N. S. Shaw, 11 R.

I. Glover, 12 W. M. Totty, 13 Ora Roby, 14 N. O. Kimblier, 15 George E. Sapp, 16 John L. Story, 17 Sam L. Gaskins, 18 Cecil Neisz, 19 M. S. Hutchens, 20 W. P. White, 21 W. M. Watkins.

The greatest problem confronting the people of Kentucky is securing proper organization, administration and supervision of our rural schools. In the solution of this problem the Education Department of the Western Kentucky State Teachers College has the unique distinction of offering the Fundamentals of Administration and Supervision to the largest number of actual county superintendents of any college in the State. This number does not take into consideration the many A. B. graduates of 1925 who were technically trained in school administration and supervision.

Twenty-four superintendents were enrolled in this course which was organized and directed by Mr. A. C. Burton and Mr. Bert R. Smith. They made a careful study of some of the actual problems facing these county superintendents.

If each superintendent, who attended, has an average of 60 schools, and each school has an enrollment of 40 pupils, the influence of this group of wide-awake, progressive, successful superintendents can not be overestimated. This effort has given to Kentucky 24 better prepared county superintendents, 1440 schools, with an enrollment of 57,600 children, better organized, administered and supervised.

Some of these superintendents will receive their A. B. degrees with the June class of 1926. All have signified their intentions to return during the spring and summer terms. These twenty-four superintendents are only a part of the large number who should prepare, and are preparing themselves for the skilled services that cannot be performed by unskilled or untrained workers, even tho they may have had years of experience. No doubt, experience is a good teacher but charges like a specialist. Fundamental principles and expert opinions should guide experience whenever and wherever it is possible to use them as a guide. Surely some of the principles could be applied to the solution of the greatest of Kentucky's problems.

Without doubt, the teacher training institutions must lead the way in the training of those who are to be at the head of the county systems of schools. With the splendid cooperation between Western Kentucky State Teachers College and the county boards of education; with the superintendents studying to make themselves familiar

with the larger organizations of which they are a part and with the Department of Education assisting them at all times, the problem is approaching a favorable solution.

MISS MATTIE HATCHER ON LEAVE OF ABSENCE.

With the beginning of the fall term Miss Hatcher, the Supervisor of the Training School, was granted a leave of absence for a year, in order that she might enter Columbia University for that time. She is working towards her Doctor's Degree. Miss Hatcher writes that her work is proving to be quite interesting. Although she is greatly missed from our faculty we are glad that she has the opportunity to spend the year in Columbia.

Miss Nell Robins delivered an address before the Superintendents' Conference, Frankfort, Nov. 19th.

SAIL ON

(A Word to Our Graduates)

The Western Kentucky Teachers College offers the work of a standard college, four full years, 128 semester hours. It believes that this work is as good as that offered anywhere, that its graduates can sustain themselves amply among other graduates. But this school does not in the least degree assume that the training it offers carries any note of finality in preparation for educational leadership. It urges its graduates to enroll for graduate study in any one of the outstanding institutions featuring graduate work. There are many of these. The Graduate School of the University of Kentucky has manifested remarkable progress in the past few years. Then, there are Chicago, Wisconsin, Indiana, Columbia, Peabody, Cornell, Harvard, Leland Stanford, and many others. If you want to realize the utmost of your powers make your choice—but, sail on.

A FUNCTIONING UNIT

Great movements have great causes and are not the result of mere chance or fortuitous circumstance. The College Heights Foundation sprang from necessity—from the logic of events, from an immediate demand for it as a HELP that must be supplied if the Teachers College is to keep abreast of educational progress and adequately care for the diversified needs of a rapidly growing student-body.

That the Foundation is a functioning unit of the institution and is supplying the demand for which it was created to supply, is clearly evidenced by the following facts: The Foundation has made 700 distinct student loans, aggregating \$30,000.00. Of these 700 loans 169 have been paid in full, amounting to \$8,250.00. The interest amounts to \$795.10. One hundred and fifty thousand dollars of life insurance has been pledged by students as collateral security to safeguard the Foundation against possible loss.

Many hundreds of letters have been received from recipients of the fund expressing their gratitude for benefits received. Only today a letter was received from a graduate and beneficiary of the fund who wrote: "If it were not for the loans advanced me by the Foundation, I would today be an undergraduate."

AN UNPAYABLE DEBT

The debt that an alumnus owes his alma mater is one that cannot be measured by the standard of values used in the marts of the world. The debt is unpayable. The strength of character and intellectual equipment which he receives transcend monetary considerations. The Foundation, however, affords former students a splendid opportunity to pay a bit of the interest on the principal of this unpayable debt.

We would like to urge all who have made pledges to the Foundation and have not paid them, to send a remittance at the earliest possible date, preferably during the Christmas season. If the Foundation is to continue to function at its maximum capacity, it is necessary that these pledges be paid.

Professor A. C. Burton was re-elected President of the Third District Educational Association.

THE CAVE PARTY

An education is not all derived from textbooks. All of college life should not be spent in the lecture room or study hall. Class and social activities should find a place in every student's life. The traditions of the institution should be known and studied in their entirety if possible. The alumni of "WESTERN" remember vividly the "Boat Trip," The Chestnut Hunt," the class activities, etc. The oldest and best known traditional party of the school is the overland camping trip to Mammoth Cave made annually for twenty-eight years. The feature of this trip is that there is time for seeing the natural wonder as well as to enjoy the camp life and swimming, games and jokes that are a part of the trip. Clay Slege will tell the story of his car being stolen even down to the third and fourth generations, Lee Jones will repeat for generations how Lawrence Toomey

owes him a shirt, Rhoda Thornberry will never solve the mystery as to how his trousers disappeared and John Kirksey will always declare that the mystery is how so many good eats come for so small a fee. Lucile Towery and Gertrude Elliott will never cease to mourn that the man (?) they caught in their tent turned out to be one of the chaperones.

Sunsets over the forest clad hills, full moon rising in the east, camp fires burning brightly while gathered around is the group—a group of friends and oftentimes more than friends. Five days of camp life fifty feet from the wilderness in sight of civilization, stars overhead at night, nature's wonders before the eyes by day make the party life long friends and leaves an abiding faith in humanity and the Creator that is lasting. **THIS IS THE CAVE PARTY.**

CERTIFICATES ISSUED BY NORMAL SCHOOL

The Provisional Certificate of second grade, valid for two years, is granted with the completion of 4 units of high school work (equivalent of work of Year I). Two of these units must be earned by residence work at this institution and the other two may be earned at approved high schools or accredited institutions of high school rank. Of the two units that may be earned elsewhere, one may be completed by correspondence work, or at an extension school. At least 18 weeks' residence is required.

The Provisional Certificate of first grade, valid for two years, is granted with the completion of a minimum of 8 units (equivalent to work of Years I and II). Four of these units must be earned by residence work at this institution. The other four units will be accepted from accredited high schools; not more than two of these four will be accepted from summer extension schools and not more than two units may be completed by correspondence.

The Standard Elementary Certificate, valid for three years, is granted with the completion of 16 units of prescribed and elective work. At least 36 weeks must be spent in residence and not less than four units completed at that time. The remainder of the work may be completed at accredited high schools. Correspondence credit to the amount of four units will be accepted. All courses specified below or their equivalent must be completed before this certificate is granted.

Public School Music, Physical Education and Agriculture are legal requirements that must be presented as credit by every student applying for a certificate.

The student may elect not more than three units of work on Standard Elementary Certificate in the departments of Latin, History, Home Economics, Manual Arts, Agriculture, Music, or Education.

ATTRACTIVE LYCEUM COURSE

A fine opportunity is offered students of the institution to enjoy some of the greatest musical programs offered anywhere in the country and that with practically no expenditure on the part of the student, as the season ticket issued at the beginning of each semester entitles the holder to attend all of these events and in addition the athletic events and the literary programs that are given by distinguished visitors. Season tickets to these musical numbers sell to all others than students who attend at the rate of \$7.00, \$9.00 and \$10.00, depending upon the seat selected.

The following program contains the musical numbers for the year:

October 27th—Paul Whiteman and his famous orchestra.

November 12th—DeMarco Harp Ensemble.

November 16th—Bohumir Kryl and his band.

January 14th—Kathryn Browne, prima-donna Chicago Opera Co.

February 15th—Kathryn Meisle, contralto prima-donna Chicago Opera Co.

April 7th—Senor Don Jose Mojica, tenor, Chicago Opera Co.

Dr. Leon Vincent of Boston gave three lectures in the auditorium of the Western Kentucky Teachers College on October 19th and 20th. His first lecture was, "Benjamin Franklin, a Man of Letters," the second, "American Humor," and the third, "Charles Dickens, a Personal Study." Dr. Vincent is a noted outstanding literary scholar and his discussions carry weight in the most scholarly circles. Other lecturers of equal note will be with us on other dates during the year.

KINDERGARTEN

The Kindergarten of the Training School is as favorable as the country affords, both from the standpoint of beauty and completeness of equipment.

CHERRYTON

Cherryton is probably the country's most unique experiment in providing living quarters for its students. It is an ideal place in which to live. It affords an opportunity to have many of the comforts and conveniences of home life while attending school. It enables one to keep his own home, and to do light housekeeping on the campus and in close proximity to the school. It is the most economical method of living which has been worked out by the school. And last and most, it gives students that self respect which comes from living in their own homes. The village is composed of 76 houses. Several of these homes are now available, and will be allotted to applicants in order.

Three earnest, bright young students, a man, his wife and sister, leased one of the four-room houses in the Village on a long term lease. They have lived comfortably, and their daily menus include good wholesome and attractive food, on a surprisingly low sum. The following items will be of interest:

Grocery bill, for one semester.....	\$104.64
Room rent, one semester	36.00
Light and water, one semester	8.70
Coal, one semester	10.00
Oil for fuel, one semester	4.50

Total \$163.84

Dividing this by three and then again by eighteen, reveals that it has cost each one but a little more than \$3.00 per week. The cost of groceries is a bit higher this year, which would probably bring a slight increase in this figure. This is an astonishingly small amount when we consider that they lived well and in their own home.

J. WHIT POTTER HALL

J. Whit Potter Hall is one of the best dormitories for women in the country. There will be available at the opening of the second semester a number of rooms; these will be assigned in order of application. Those desiring to make reservations should send the required fee of \$5.00. This fee is applied on the room rent at the time of entering, or will be returned in the event that no reservations remain when the application is received. Students expecting to room in this hall should bring such small articles as dresser scarfs, table runners, sofa cushions, window curtains. The rooms are provided with shades but no draperies, the bed linen is supplied BUT NO COVERS.

A representative of the school will meet any student at the train, provided word as to the exact time of arrival is sent in ahead.

Students in J. Whit Potter Hall are under the personal supervision of Miss Funk and Mrs. Lee. The institution recommends that parents place their daughters in the dormitory, the environment there being wholesome and stimulating. The rates are as follows:

Number	½ Semester (9 wks.)	1 Semester (18 wks.)
4 in room	\$9.00	\$18.00
3 in room	11.25	22.50
2 in room	18.00	36.00

This amount includes a laundry fee which entitles the students to the use of the laundry which is a part of the Hall's equipment.

RENEWAL OF CERTIFICATES

First grade certificates that have been secured by examination may be renewed by the Department of Education at Frankfort when certain academic and professional courses have been completed. This work may be done at this institution. If the holder is not a high school graduate, the law requires two units of high school work including professional work. If a high school graduate, sixteen hours of college work including professional work are required. One-fourth of this work may be done by correspondence. It will be well for those who can do so to enter at the opening of the semester in February and remain for the eighteen weeks, during which time the requirements of the law can easily be met. If it is impossible to enter before the mid-semester in April, one-fourth of the work may be done by correspondence before that time and, by attending for the mid-semester and for one term of the Summer School, or for both terms of the Summer School, the requirements of the law can be fulfilled.

NEWS ITEMS

Fall enrollment for 1925 is the record.

Half of student-body—and more, are brand new students. Isn't that fine?

The first printed instructions to the new students were these:

1. Look at the view from the front steps.
2. Shake hands with at least five people.
3. Read and study every word on this sheet.

OTHER THINGS.

The first issue of the college Heights Herald came from the press October 8. It will be issued every other Thursday during the school year.

LOCATION CHANGES.

The vacation of the Training School from Potter College caused a rush of some department offices for more room.

EXTENSION OFFICE.

W. M. Pearce, Director of Extension, and his corps of assistants now occupy the office formerly occupied by Miss Hatcher. The adjoining room has been added to this suite.

PERSONNEL OFFICE.

W. J. Craig has moved from the College Heights Herald office, and presides over the southwest corner on the first floor. Mr. Craig's flower boxes will keep chapel supplied during the winter.

COLLEGE HEIGHTS POST OFFICE.

The post office has its own quarters in the room to the left of the entrance, which gives the book store more room for expansion.

The annual meeting of the Board of Directors of the College Heights Foundation met in the Foundation offices October 5.

E. H. Cannon has assumed the duties of Registrar.

Dr. A. L. Crabb, is back with us after two years' absence.

The orchestra, under the direction of Professor Strahm, is now supplemented by THE COLLEGE HEIGHTS BAND.

The grounds surrounding the new Training School have been landscaped and sodded under the direction of R. C. Woodward.

This year's Music Festival will be a regular number of the concert series.

COLLEGE HUMOR, the national college magazine, has written the Bureau of Publicity for views of the campus to use in their rotogravure supplement.

Messrs. Crabb, Burton and Miss Woods, were the Teachers College representatives in the "Florida Pageant" this summer.

Class organizations have been perfected but faculty sponsors had not been chosen at this writing.

All classrooms have been renumbered and metal numbers now adorn the doors of all rooms.

Miss Woods is faithful in her task of beautifying the Hill. We tried to count the flowers, shrubs and so forth but lost count somewhere in the thousands.

The model kindergarten of the Training School under the direction of Miss Norma Jones occupies the entire east end of the second floor. Every modern bit of equipment and device has been installed. The enrollment was oversubscribed.

Have you subscribed to the College Heights Herald?

Professor A. C. Burton is president of the Third District Teachers' Association.

The new \$300,000 L. & N. station has been opened and is said to be the finest of its kind of any one railroad town in the country. It is only one of Bowling Green's many improvements.

The football games this year are being played at the Warren County Fair Grounds which gives every spectator a good seat under cover.

Fires were laid under the furnaces for the first time October 9 when the temperature reached 35°. This was only a tryout for the heating equipment, however, as a ten day rainy spell followed.

Chapel attendance this semester is significant of how "that other thing" catches hold. Over half of the student body are first-timers.

Among our chapel visitors to date have been the delegates to the Kiwanis convention from Kentucky and Tennessee, local ministers and the W. C. T. U.'s

J. D. Farris is ranking with the three or four highest point students in the Vanderbilt School of Medicine.

PROGRAM OF SECOND SEMESTER

Below is printed the program of the second semester of the current year. This is published to the end that students planning to come may have this additional time in which to adjust their

individual programs to serve best their needs. The program for the second half of the semester will be printed in the next issue of the Normal Heights.

The Personnel Department is only another contribution to the welfare and comfort of the students. This is "Uncle Billy's" task, and he never fails to meet a situation.

The Kentucky Ornithological Society held their annual meeting on College Heights. Gordon Wilson, of the faculty, is president.

Mr. Page announces that the bells are setting the Western Union clocks a stiff pace in the matter of regularity.

Coach Diddle announces that one of the best basketball schedules in the history of the institution is in the making for both boys' and girls' teams.

Herb Ward has charge of the College Heights postoffice for the semester.

Coach Diddle attended the school for football coaches at South Bend, Indiana, in August. This school was conducted by Knute Rockne of Notre Dame fame and is the Oxford of football training.

Mrs. Shepard Lowman (nee, Josephine Cherry), spent the month of September at home with Mr. Lowman. The Lowmans will enter Columbia this fall after two years in Mexico and Europe.

Several cars of students drove to Kalamazoo, Michigan, to see the opening football game of the season.

Professor Leiper, who has been at Peabody, will return to us after Christmas to resume charge of the Department of English. After the first of the year address all communications to Dr. Leiper.

Mr. Loudermilk has resumed his graduate study at the University of Kentucky this year.

Mr. Hrudka is among the missing faces on the Hill. He is taking advanced work at the University of Wisconsin.

J. H. Dodd has been elected Professor of Sociology in Ward Belmont College, Nashville, Tenn.

The first number of the Kentucky School Journal, the new official organ of the Kentucky Educational Association, contained a most comprehensive article on a study of the training of teachers in English in Kentucky High Schools, by Mr. Leiper.

Dr. Crabb is one of the associate editors of the Kentucky School Journal.

Parking space on College Heights for cars has become a problem.

Do you know your Representative and Senator who will represent you at the next legislature?

College Heights needs a central heating plant and a new library. Don't you think so?

Coach Diddle has had forty men in football uniforms on the bench at every game. Remember the size of the squad when you were here?

College Heights has more to offer in the way of academic standards, physical equipment, extra-curricula and many other things, than ever before in its history. Truly, it is a professional West Point.

The Training School and Model Rural School, are truly models. They are second to none in the South.

The Pep Club now embraces the entire student body.

Did you know that Dr. Kinnaman prepared his thesis at Clark University with the aid and assistance of Jack and Jill?

It is being planned to issue diplomas and certificates this year in person at the close of the semester.

Doubtless the students in the Spring term will enjoy a few open air concerts by the school orchestra and band.

The old Training School chapel is now a classroom.

Members of the faculty reported a full class attendance during the World Series.

Motion pictures every Friday afternoon is a new feature which is enjoyed by everyone.

Excavating in Indian Mounds around the county is a new activity of the History Department. We shall announce results later.

Why not tell the editor of your paper how much you enjoyed reading in the school library when you were a student on College Heights.

Fire drills are a regular part of curriculum. It is rumored that a faculty basketball team will be organized this winter and will be open for contests, aside from the regular Senior Contest.

NEWS ITEMS—Continued

Many complimentary things were said about the two-day programme at the dedicatory exercises.

A large number of the senior class of '24 and '25 are coaching high school football this fall.

The next practical improvement to be made will probably be an asphalt road around the main building.

Many new books have been added to the library since the summer term.

WHO'S WHO in America contains the names of President Cherry and Dr. Stickles.

President Cherry is President of the Bowling Green Rotary Club.

A full detailed account of the two-day program on College Heights, October 30-31 can be gotten from the November 5 issue of the College Heights Herald.

Congratulations: Mary Tom Buckley and John Allen Lewis.

The College Heights Herald is published every two weeks during the school year and contains all the news on College Heights.

The issue of College Heights Herald for November 5 will be known as the Training School Number and will give the complete story of the latest addition to College Heights. Every old student should get a copy of this issue.

Each class organization will be responsible for a chapel program during the semester. Naturally, the Seniors will set the pace by leading off.

Members of the faculty in charge of county delegations are spending a week visiting in the counties. These visits seem to be greatly appreciated.

The Bureau of Publicity is eager to get news items from former students in the field. Have you made your contribution?

The week-end of the football game with Centre College, October 24, was Home-Coming and several hundred former students from all over Western Kentucky were back. Several entertainments were arranged.

The annual Hallowe'en party held sway Saturday night, October 31.

REORGANIZATION.

The Western Kentucky Teachers College has been reorganized in several of its administrative capacities. The title of "Dean" is no longer used in the institution. Mr. F. C. Grise is Chairman of the Committee on Entrance, Credits and Graduation, and Mr. Ernest Canon is serving as Registrar under the general direction of this committee. Mr. A. L. Crabb is Chairman of the Committee on Curricula, and serves as Chairman of the Faculty in its various activities having to do with instruction.
