Teachers College Heights

Entered as second-class matter December 18, 1916, at the Post Office at Bowling Green, Kentucky, under an Act of August 24, 1912.

Published Bi-Monthly by
The Western Kentucky State Normal School and Teachers College

Vol. 9.

Bowling Green, Ky., February, 1926.

No. 2.

June 7, SUMMER SCHOOL OPENING June 7, 1926 WESTERN KENTUCKY TEACHERS COLLEGE 1926

SUMMER SESSION OF 1926

Registration for the first summer term will commence June 7. Classes will begin the morning of June 8. The last day of registration for full credit is June —. The average student load in the college field will be six semester hours, the maximum seven. For the entire session the average load will be twelve semester hours, the maximum fourteen. The maximum may be taken only by students who during their last period of attendance made no grade lower than B. The maximum high school load will be one unit for the term or two units for the session. The first summer term will end July 9. The second summer term will begin July 12 and will end August 13. Students may not enter the second term later than July 15.

It is requested that all students preparing to attend this institution should forward to the Registrar's office the transcript of their high school credits, provided such credits are not now on file. By sending in this transcript in advance the congestion which ordinarily obtains at the Registrar's office at the opening of terms may be materially relieved. No one with fewer than fourteen units of high school work to his credit will be permitted to register for college courses and then part of the program must be in the high school field.

PROCEDURE OF REGISTRATION

New students are requested to register first in the office of the Registrar. All students will receive a copy of the program of courses, one current term card, a copy of certificate requirements and two program cards. They should then proceed to make out their programs advising with faculty representatives who will be available. Great care should be used in the selection of courses, to avoid conflicts and duplications. Study the college catalog for course descriptions. When the program has been chosen carefully fill out the cards and present them in order to the faculty representative in the room west of the stage and on the stage. After being checked here for accuracy the cards should be taken to the room east of the stage where fees are paid. A fee of \$2.50 for the session is required. This fee entitles the student to tickets of athletic events and other programs. Students are asked to use care in making out checks on the banks in which their money is deposited.

COUNTY SUPERINTENDENTS

Two courses have been organized especially for county superintendents and for students who expect to enter that field. These courses are arranged for proper sequence to the course which was offered during the first summer term of 1925. They carry six hours of college credit. The first will be the Supervision of Rural School. This course is in charge of Professor A. C. Burton, head of the Department of Rural Education. It will be the first time this particular course has even been offered in the institution, it having been organized to give specific service in the field of the county superintendent. This course will meet at 7 and 1:30 o'clock Monday, Tuesday, Wednesday, Thursday and Friday. The second course is Tests and Measurements meeting the first five days at 8 and 9 o'clock. This course is under the direction of Professor B. R. Smith and will be adapted to practical use by the county superintendents. The Western Kentucky Teachers College will strive to offer the utmost of service to the county superintendents of Kentucky. It realizes their strategic position in educational procedure. It had genuine pleasure in the large group of county superintendents who enrolled last year. It earnestly hopes that the attendance will be even larger in 1926.

EXTRA CURRICULAR ACTIVITIES

All work and no play is said to have dulled Jack's faculties. The converse of the proverb would represent even more emphasis in the matter of dullness. The Western Kentucky Teachers College tries diligently to maintain a proper equilibrium in the matter of work and play. Play is needed functionally in order to be in better training for work. It is questionable whether play should be an end in itself for adult people. But during the summer session the institution will make every effort to provide such opportunities for play as will result in finer ability to work. The following are some of the features the institution will carry outside of its regular program of studies:

FACULTY-STUDENT PICNIC

Among the many features which the summer school offers probably there is none more significant than the Faculty-Student Picnic. This is an occasion when both students and faculty lay aside

all their work and dignity and enjoy an outing together.

The picnic is held sometimes at Beech Bend Park, where swimming is engaged in by all whom the river invites. At other times the big shady lawn in front of "Uncle Billy Craig's" home is the place where horseshoe pitching, tug-of-war, relay races, and various other contests are added attractions. Aside from these much enjoyed sports, there is the refreshing, out-of-door menu, which the term picnic naturally suggests. This is the one occasion when all formality, save the single-file lineup, made necessary for quick cafeteria service, is entirely out of order.

TWILIGHT HOURS

One feature of the summer school not to be overlooked is the Twilight Hour on Tuesdays and Thursdays. At that delightful time of the day when the sun obligingly removes itself and its heat to other parts, the campus near the old fort becomes filled with students and members of the faculty looking for a good time. They are never disappointed, for there is sure to be an interesting program of stories, stunts, games, and music of every description. It is a wonderful place to forget one's cares, get acquainted with folks and have a thoroughly enjoyable time.

Mr. Gordon Wilson has had charge of these programs for several years and each year makes them more interesting and enjoyable.

TRIPS

Last summer quite a number of students were awakened to the natural beauties and places of historical interest within the borderland of our state. For the first time in the history of our institution, parties of students chaperoned by members of the faculty journeyed to Lincoln Memorial at Hodgenville and "Old Kentucky Home" at Bardstown.

Lincoln Memorial stands today as a fitting memorial to a nation's leader. The beautiful white building crowns a hilltop covered with many forest trees. Inside this edifice is the rude log cabin which our great leader knew as home. At the base of the hill one finds the spring where Lincoln the boy so often quenched his thirst.

Federal Hill present a striking contrast to Lincoln Memorial. Here one is privileged to re-open the pages of a long closed book and live again the luxurious life of the Southern gentleman. "Old Kentucky Home" today typifies the same spirit

and glamour as of former days when Stephen Foster penned those immortal lines which are dear to the heart of every Kentuckian and every Southerner.

While visiting these places one is also enabled to visit the historic places of Bardstown. Here one finds St. Joseph's Cathedral which is one hundred and twenty-six years old and houses nine original Old Master paintings valued at one million dollars. Some of these paintings are more than three centuries old. They are the work of Van Bree, Murillo, Van Dyck, Van Eyck, Rubens, and of the unknown painter of "Saint Aloysius Teaching the Youths."

Among other objects of interest to travelers in and around Bardstown are: the grave of John Fitch, inventor of the Steamboat, in the old Bardstown Cemetery; the abbey of Our Lady of Gethsemane, the home of the Trappist monks; and Nazareth College.

These places are rich in sentiment, tradition, and hallowed memories. To visit any of these places will incite a deeper pride and interest in one's Commonwealth. Kentucky is rich in beautiful natural scenery. There are famous caves, caverns, forests, navigable rivers, mountains and many other wonderful and awe-inspiring creations of nature. The citizens of Kentucky do not have to journey abroad to be privileged to enjoy many of the wonders and beauties of nature and, perhaps, no other town is located at such a vantage point to these scenes as is Bowling Green.

SUMMER TRIPS TO MAMMOTH CAVE

Many of the historic summer activities of the institution, such as the all-day picnic, the boating trip down Barren and Green River, etc., have, to the sorrow of many, given way to picture shows, and other modern means of recreation, but the overland trip to Mammoth Cave, instituted by Professor J. R. Alexander in 1897, when the school was in its infancy, is still preserved as one of the necessary parts of the school program. Some of the "old timers" of the institution can still relate stories of Goose Creek School and Hall's Half Acre in Cumberland County as "Uncle Alec" told them on these twenty-eight mile hikes from Bowling Green to Mammoth Cave.

When Professor R. P. Green took over the post of geography in 1915 he assumed the responsibility of chaperoning the cave party, thus leaving "Uncle Alec" more time to philosophize, to talk horse sense, and teach arithmetic. Professor G. V. Page, the present leader of this party, rose to this prominent position in 1920 at the time Mr. Green left Bowling Green.

This party, now limited to fifty students, makes the trip in trucks between the end of the second semester and the beginning of the first summer term. The total cost of the trip, including all accommodations, two trips through Mammoth Cave, and one through Great Onyx Cave, is usually about eleven dollars per person. From the activities of the last year's party, as told below by one of the gang, one might easily conclude that the trip, aside from the sight and wonder of the world's most noted cavern, is well worth the expense.

"We left here, according to arrangements, in two large trucks at four o'clock Friday morning, June 5—just twelve hours after our last classes of the second semester. Having attended the commencement program the night before, we were, of course, rather tired and sleepy, but before we had journeyed a mile over the rough cobble stones on the Dixie Highway, we were thoroughly awake and hollowing, telling jokes, and merrymaking in a fashion equal to that of the

COFFER-MILLER PLAYERS

Will present "The Rivals" and "The Legend of Sleepy Hollow,"
June 25.

Danes on the morning after Beowulf slew the mighty sea monster Grendel. At six o'clock breakfast was served in a small restaurant in Glasgow Junction. By ten o'clock we were on the Mammoth Cave Camping Ground pitching our tents. We had carried our own food and two or three members of the party were made responsible for the preparation of each meal. Two girls and a boy prepared the first lunch, which was served about two hours after we arrived. Most of that afternoon was spent swimming in Green River, and after supper was served that night, we assembled around the campfire and in turn told jokes till about ten o'clock, at which time the girls and the chaperon retired to their respective beds. We boys turned in about two hours later. All of the beds this first night were made of sawdust because the straw that we had bought could not be delivered till the next day. Now there were mosquitoes over there about half an inch long, and they sat around on fence posts and logs till we went to bed; then they had the biggest feast of their life on us tender college guys. We spent most of the following day going through Route One and Two of Mammoth Cave. When again 'darkness had fallen from the wings of night,' we gathered about the campfire and passed the time playing leap frog, Virginia reel, pleased or displeased and so forth. On Sunday morning we did mostly as we wanted to. Some slept, some went swimming, some visited the Mammoth Cave Y. M. C. A., and many stayed around the camp and pitched horseshoes. In the afternoon the entire party went swimming, and that evening we had religious service by a minister who happened to be a member of our party. On Monday morning we motored over to Great Onyx Cave, went through the beautiful cavern, and were back at our tents by five o'clock in the afternoon. We entertained ourselves that evening by telling how well we had enjoyed the trip, the value of the trip educationally, and what we expected to do the following year. We motored back to Bowling Green Tuesday morning. On Wednesday we gave chapel by relating some of our experiences and telling about the joys of camp life as we had learned them by painful but enjoyable experience. I had such a good time in those four days that I am going back again this year."

Anyone wishing to make this trip should make advanced reservations. The school runs an excursion trip to the cave each term of the summer session, at which time reduced rates are secured.

SPECIAL ATTRACTIONS

The institution has arranged for many attractions this summer which will be of great value to the students who attend. Professor William Starr Myers, Professor of Politics in the Princeton University, will give five lectures beginning June 28. The Coffey and Miller Players, one of the best dramatic organizations in America, will present "The Rivals" and "The Legend of Sleepy Hollow" the afternoon and evening of June 25. Dr. Fleming of Swathmore College is scheduled for the evening of June 16, and Dr. Emanuel Steinheim for lectures July 29 and 30. The institution is in correspondence with some of the other lecturers of thought in the nation and if they can be secured an additional list will be made later. It may be said here that Professor Myers is the outstanding authority in America in the field of Political Relationships.

SUPERINTENDENTS AND PRINCIPALS OF HIGH SCHOOLS

Students leaving high school to enter Western Teachers College should have a certified transcript of their credits sent directly to the Registrar of the school. The transcript should be on file at the college before the student arrives. It will assist in giving him intelligent classification, to the end that he shall obtain the maximum benefit from his attendance at the institution.

CHURCHES FILLED BY STUDENTS

The charge that college and university students do not attend church and Sunday school, which is so frequently brought up and discussed, is discredited when made against the Western Kentucky Teachers College by the following information. This is a report in part of the attendance of the student classes in the leading churches of Bowling Green, February 14.

Baptist Church, Mr. Ford's and Mr. Logan's Classes 364.

Church of Christ 50.

Episcopal 3.

State Street Methodist, Mr. Gordon Wilson's class 171.

Methodist Episcopal 7.

Westminster Presbyterian 10.

Catholic 36.

Cumberland Presbyterian 48.

First Presbyterian 15.

First Christian, Mr. E. H. Cannon's Class 77.

THE 1926-27 CATALOG

The new catalog will shortly be in the press. It will give in full detail the curriculum for 1926-27. This catalog will be mailed free to any one desiring same.

Address H. H. CHERRY, President,
Western Teachers College,
Bowling Green, Kentucky.

GENERAL NEWS ON HEIGHTS

Two original one-act plays written by students in Professor Wilson's class in Advanced Composition were produced for the public at the regular monthly meeting of the English Club in March.

"The Kentucky Poet" is the name of a new magazine which will be published in Bowling Green and edited by Professor Gordon Wilson, a member of our faculty. It will be the organ of the Kentucky Folklore Society. The first issue will appear in April. The columns of this magazine will be open to students of this institution.

Mr. E. H. Cannon, the efficient new registrar, has taken over the student class of the Christian Church, formerly taught by Dr. Kinnaman.

The College Heights Band has become one of the outstanding organizations on the Hill. Here's to the band.

Miss Ella Jeffries appeared on the program at the National Geography Convention held in Madison, Wisconsin.

Among the outstanding chapel visitors during the winter term, were Dean Turck of the Law Department, State University; Dean Boyd of State University; and Dr. F. L. Rainey, Centre College.

Don't fail to send in your subscription to College Heights Herald. Every issue is full of Hill-top news.

Rev. M. H. Alexander is doing a fine bit of community work in his teaching at Cottage Grove, Tennessee. Incidentally, he is conducting a class in teacher-training.

Miss Amy Longest, former county superintendent of Muhlenberg County, is far from her native heath. She is teaching in Borgued, Abra Province, Philippine Islands.

Herman Williams became county superintendent of Metcalfe County February 1. We are looking for big things in his administration.

Word comes to us that O. A. Adams and Ralph Allison, who are teaching at Marion, spend many off-nights on the lyceum platform. Song birds will sing.

Walter Evans will soon be a full-pledged lawyer. He is now a student in George Washington University, Washington, D. C.

J. L. Crawford graduates in June from the School of Journalism at the University of Kentucky. We are expecting great things of John in his chosen field.

Miss Gertrude Mason, who taught in the Summer School of 1925, is now at Columbia University working on her Master's degree.

Miss Lucy Towery, a Life Graduate, is now teaching in West Virginia.

Miss Georgia McElwain, Life Class of 1924, is spending her second year at Fremont, Michigan.

Mrs. George Kirksey Vincent has accepted a position in the grades at Adairville, Kentucky.

R. E. Jagers has recently accepted a position as head of the department of rural education at the Eastern Kentucky State Teachers College, Richmond.

Miss Ruby Baugher, Life Class of 1922, is now an A. B. from Georgetown College.

Will R. Sadler is now chief chemist of Los Angeles. Will has proved to be what we all knew him.

Mr. Jack Button, who has been doing special work in reporting the activity of the State Legislature in Mississippi for the Daily Clarion Ledger of Jacksonville, will complete his work in a few days and return to the Hill again as a student.

Mr. J. W. Snyder, a Life Certificate graduate of this institution, was recently elected county superintendent of Daviess County. Mr. Snyder is now Principal of the Daviess County High School. He will begin his new work July 1.

Mr. Robert Turner, of last year's Life Certificate Class, is doing a most successful piece of work as Principal of the High School at Glasgow Junction. He expects to return and secure his A. B. degree next year.

Mr. Rhode Thornberry, of the Life Class of 1925, is now a successful traveling salesman for Proctor & Gamble of Cincinnati, the makers of Ivory soap. Mr. Thornberry is succeeding, as we all expected he would, as evidenced by the fact that he received a substantial increase of salary the first of February.

Mr. G. O. Basham and Miss Frances W. Layton, both Life graduates of this institution, were united in marriage on February 16. Mr. Basham is now a graduate in Law at George Washington University, and has an important position with the Interstate Commerce Commission at Washington.

Miss Mansia Gibson, a Life graduate of this institution, is now teaching in Louisville and attending classes at the University of Louisville in the afternoons. She expects to receive her degree from that institution in the near future.

Mr. F. Z. Monarch, a graduate of this institution a number of years ago, is now principal of the school at Himlerville, Ky. Teaching with him are his sister, Miss Etheline Monarch, and Miss May E. Smith, both former students of the Teachers College.

Miss Ida May Allen, who is now teaching in Owensboro, visited College Heights a few days ago. Miss Allen expects to enter school shortly and graduate with the Life Class of this year.

Miss Maud Adams, who was a student in Teachers College last summer, has accepted a position as assistant to Miss Alice Adams, County Superintendent of Simpson County.

Miss Mildred Potter, who formerly had charge of the Physical Education for Women in this institution, was married February 16 to Mr. William C. Grace of Detroit, Mich. Their home for the present is St. Petersburg, Fla.

Mr. James F. Tanner, graduate of the Life Class of 1924, is doing an outstanding work as principal of the high school at Round Pond, Simpson County. Mr. Tanner expects to return to this institution and graduate with the A. B. Class of 1927.

Mr. Basil Jones, of the A. B. Class of 1925, is Principal of the Middleton High School in Simpson County. One of Mr. Jones' pupils recently won the gold medal for the best declamation given among the boys of Simpson County.

Miss Virginia Clements, one of our efficient Yell Leaders at Athletic events, left at the opening of the semester to teach at Owensboro. She will be greatly missed at our baseball games this spring.

Mr. Raymond L. Vincent, who is Principal of the Graded and High School at Mason, Ky., has just completed a new Eight Thousand Dollar Auditorium at his school. His Senior Class of this year numbers a half dozen, and all of them are planning to be in college next year.

Mr. Garnett Barnes, a graduate of the Life Class of 1913 and an alumnus of Indiana University, visited the Hill two or three weeks ago. Mr. Barnes is instructor in Physics and Registrar at the A. & M. College, Starksville, Miss.

Miss Annie Smith, a former student from Shepherdsville, has moved to California with her parents to reside.

Attorney W. V. Eaton, a graduate of the Old Southern Normal School, is now a prominent lawyer of Paducah, Ky. He recently visited College Heights to arrange for his daughter's entrance at this institution at the opening of next term.

Miss Elta Davis, who finished the Life Certificate course in 1924, is now living at Huntington, W. Va.

Mrs. E. A. Diddle, who completed the work for her A. B. degree at the close of last semester, is now teacher of Physical Education in the Bowling Green High School.

Mrs. Bruce Harrison, who finished the A. B. course last semester, has accepted a position as Head of the Department of Home Economics at the Anchorage High School. Mr. Harrison is continuing his work in this institution.

Miss Beulah Snider, who finished the A. B. course last semester, is now teaching Home Economics in the High School at Greenville, Ky.

The orchestra under direction of Professor Strahm and the Acappella choir under direction of Miss Wilson gave the oratorio, "Gollia" at K. E. A. in April.

The January issue of the Journal of Educational Method, contained an article entitled "How to Lead Children," outlined by Miss Mattie Hatcher, formerly director of our Training School. Miss Hatcher will be with us during the first summer term.

Miss Nellie B. Wright, formerly of the Kentucky State Board of Health, has been engaged to conduct the health activities on the Hill.

Dr. Cherry spent his winter vacation in Florida. Strange to say he came back to the Hill with a case of "fever."

Those securing positions at the end of the first semester were: Mrs. Bruce Harrison, Domestic Science, Anchorage, Kentucky; Miss Annie Vanzant, High School, Taylorsville, Kentucky; Miss Beulah Snyder, Domestic Science, Greenville High School, Greenville, Kentucky; Miss Virginia Brame, English in High School, Clifton Forge, Virginia; and Mr. Glasgow, a member of the faculty of the Training School here.

The spring numbers of the lyceum course were Kathryn Meisle, contralto prima donna, and Senor Jose Mohica, tenor, both of the Chicago Opera Company.

Excavating in Indian mounds around the country is a new activity of the History Department. Many interesting relics have been found and a museum will be started.

Ella Whittinghill and Jimmie Barnes are both doing graduate work in the University of Wisconsin this year.

Professor C. A. Loudermilk announces the arrival of a baby girl.

The Kentucky Classical Association held its annual meeting on College Heights. Dr. F. C. Grise was elected president for the ensuing year.

Professor Franz J. Strahm appeared on the program at the Southern Music Supervisors Conference held in Birmingham, Alabama.

The College Heights Herald is a charter member of the Bowling Green Board of Trade.

POTTER WILL REMEMBERS FOUNDATION

Julian W. Potter, whose death occurred in New York, Saturday, January 3, disposes of his estate in a way fully consistent with his known character and ideals of service.

Mr. Potter was born and reared in Bowling Green and made his home here until he moved to New York in 1920. He was a member of the Board of Directors of the College Heights Foundation and was at the time of his death president of the Coal & Iron National Bank of New York City.

The whole estate is held in trust for his mother during her life. Three-fourths of the estate, less some minor bequests, will be placed in the hands of the Potter-Matlock Trust Company, Bowling Green, Kentucky, and the interest used as a loan fund to help male students through Teachers College.

Loans will be made by the Trust Company on the advice of the president of this college and the chairman of the College Heights Foundation, these loans not to exceed \$600.00 per year to an individual.

One-fourth of the estate will be administered in a similar way to help young men preparing for the ministry.

Education looks up in Kentucky. "If a man die," he may live on in the hearts and lives of others. Through this bequest Julian Potter will live on widely and greatly.

FOUR DEBATES TO BE HELD THIS SPRING

According to established custom, the Teachers College is this year entering the field of inter-college debate on a large scale. Engagements have been made for a debate between the young men of this institution and Middle Tennessee Teachers College, Murfreesboro, Tennessee, and a dual debate with Berea College, Berea, Kentucky. These debates will be held in the early spring.

For the purpose of selecting teams for these debates, contests were held in the college chapel on the evenings of January 20 and 21. In the first of these contests twelve young men contested for places on the men's teams. All demonstrated splendid ability, but the following were selected for the teams: J. R. Newman, Presley Grise, John R. Cooper, and E. B. Whalen. Sam L. Gaskins and W. O. Toy were chosen as alternates.

Sixteen young ladies participated in the latter contest. From this number Misses Utterback and Gill were selected for the girls' teams with Misses Lashbrook and Johnson as alternates.

The men's teams will debate the question, "A Constitutional Amendment should be passed allowing Congress the right to regulate child labor." The girls will debate the advisability of a uniform divorce law in the United States.

The training of these teams will be under the guidance of Dr. M. A. Leiper and Dr. Arndt M. Stickles

THE TALISMAN

What is the TALISMAN? Those who have been here for any length of time know; others will find out soon

When this institution was converted into a teachers college four years ago, there sprang up immediately the idea of an annual. From this idea the Talisman was born.

The senior class, which was the first degree class of this institution, selected an annual staff, with Mr. T. O. Hall as editor-in-chief. This staff went to work and published an annual which did credit to them and the institution which it represented.

The 1925 class followed suit and published an annual under the editorship of Mr. Homer Neisz, which excelled even that of the previous year both in size and scenic beauty.

Each of these annuals was a success. They were a success to the extent that they were supported by faculty, students, and friends of the school. Just as supply and demand control the price of any commodity, just so does financial support determine largely the success of any college annual.

The 1926 Talisman is being edited by Mr. J. T. Skinner. No one, except those who have edited a college annual, knows the thought, the worry, and the work connected with its publication.

No one feels so keenly the sting of non-support as do those who have done their best to make it a success.

The 1926 Talisman is by far the best publication yet to be published by Western Teachers College. It should be, however, because the school itself has advanced, enlarged, and expanded. The scenic section of the 1926 Talisman is altogether new. The scenes of the campus were all taken during the summer, when the Hill, as those who have been here know, is most beautiful. Aside from the new scenic section, there are numerous

DR. A. J. KINNAMAN

To some is given a fiery torch,
Which flares in intermittent ray,
And thus, they weary, seek the road,
Half by night and half by day;
But his, it is a steady light
That grows in brightness as he moves,
And countless numbers follow him,
Countless numbers whom he loves.

He never ruled with iron hand,
And harshness was unknown to him;
But still he bound us with his smile
And set us to our tasks with vim;
And when in weariness we stood
Before the mountain just ahead,
He, sharp discerning, saw the path
And bade us follow where he led.

He taught us how to labor, for
On many a lonely night he worked,
And put to shame the careless one
Who all too long his task had shirked;
And when into the weary hours
Of night we studied, half sleep,
A light from out his window shone
And caused our tired minds to leap.

And if perchance his glorious work
Of serving mankind should now close,
Methinks that in these latter days
He should enjoy a sweet repose;
For where he planted one good deed,
A thousand kindly ones will grow,
And where he whispered one soft word,
There will a thousand zephyrs blow.

—T. O. HALL.

other attractions that are not contained in the two previous volumes. New faculty members have been added, new buildings erected, new organizations established, all of which go to show the school in its more completeness. In every way it is new.

The business management, under the direction of Mr. Cecil Neisz, will launch a sales campaign soon, and it is the urge of the Herald that every member of the faculty, every student, and every alumnus buy a copy. We especially ask the alumni to give it their support, for this year's senior class were the first to respond to your support by purchasing the two former volumes.

Be loyal; buy a TALISMAN. You won't regret having one when you go away.

EXTENSION DEPARTMENT

Investigations recently made show that there were approximately four million people in America taking extension work by correspondence or in study centers last year. This is more than four times the resident student membership in all of our universities and colleges. There is no state in the Union in which there are not one or more institutions engaged in giving extension work.

Our institution ranks rather high in the number enrolled in Kentucky and adjoining states for the present year. The majority of students taking such work are those teaching or preparing to teach. They are for the most part taking courses in the college field with a view of completing certificate and degree requirements.

"BIG SISTERS" SPONSORED BY MISS H. FUNK

New Organization of Girls at Whit Potter Hall.

MANY PRAISES

Miss Hattie Funk inaugurated at the beginning of the new semester a most interesting and helpful plan for caring for the new girls who come to the dormitory to stay. There is now an organization known as the "Big Sisters," of which Miss Gladys Knott is chairman. Miss Knott has selected as her co-workers girls who are counted as efficient good-fellows. She grouped these girls into committees whose business it is to see that new girls register with the least possible trouble, find their way about the various buildings, find the Sunday School class of their choice, find their way to the postoffice, basketball game, etc. In short, to make everything easier and happier for the new girls.

Miss Funk plans to perfect and make permanent this organization, which will prove a potent factor in combating nostalgia, better known as "home sickness," which occurs in more or less mild form in all dormitories. This plan also provides to put over to new students more quickly that "other thing" for which the Hill is widely known.

THE TENNIS COURTS

This summer the tennis players of this institution intend to systematize the playing on the tennis courts so that every student who wishes to play tennis will be afforded an equal opportunity. The tennis courts are in an ideal spot and are ideal courts. They will be taken care of by students who wish to work for their expenses while attending school here.

Efforts are now on foot to organize a tennis club for the promotion of better tennis, and to help coaches pick a team which will represent Western in the tennis tournament that is to be held here in the summer. This undertaking is a new one but it is expected from recent indications to prove a great success. The students who will come in this summer will in no way be barred from the usage of the courts, but, on the other hand, they will be encouraged to use them both for a healthful exercise and an athletic stimulus in the way of pioneering in new branch of athletics at Western.

On the burning days of last July and August students sat on the hill and gazed longingly at the courts, waiting patiently for old Sol to hide his blistering face so that they could enjoy a little game of tennis. After the sun sank below western hills and the horizon assumed a reddening twilight glow, the joyful and happy laughter of the tennis players floated musically on the air. Many mornings just after breakfast girls and boys could be seen strolling toward the tennis courts to exercise their youthful muscles before participating in their first daily meal.

Tennis is a healthful game and it is an excellent diversion from the daily school work which makes living all the more worth while. It is hoped, as well as predicted, that this summer the students will use the courts every possible chance, thereby spicing life with that greatest asset for this purpose, variety.

RESUME OF 1926 BASKETBALL SEASON

The basketball season of 1925-26 was the most successful one ever enjoyed by a Western team. Fourteen games were played, and of these ten were returned on the winning side of the ledger. Western scored 470 points to 341 for their op-

DR. EMANUEL STERNHEIM

Scheduled for four lectures June 29 and 30.

ponents, which shows that Coach Diddle's men were decidedly stronger than the majority of their rivals. Western lost games to Centre, University of Louisville, Kentucky Wesleyan, and won from Union University, Bethel, Burk's Terrors, Centre, Kentucky Wesleyan, Transylvania, University of Louisville, and Vanderbilt. Western won twice from Bethel and the University of Louisville, while Kentucky Wesleyan was the only team to take the measure of Diddle's men twice during the season.

Western entered in the State Tournament held by Wesleyan at Winchester late in February and went to the semi-finals before being eliminated. Western took Louisville into camp in the opening game of tourney by a 40 to 32 score, Glenn making twenty points. The next day Wesleyan defeated our boys 19-16 in a game featured by hard fighting and close guarding. The Western team was paid the highest honors that can fall to a defeated team when they won the cup offered for the best sportmanship shown in the tournament. This is a cup of which Western is duly proud, and will stand as a permanent memorial to the character of the men who made the game fight at Winchester. Captain Harry Glenn was chosen for the captaincy of the mythical All-State team selected by the officials of the tournament.

Captain Glenn was the high-point man of the season for Diddle's aggregation with a total of 127 points to his credit. In addition to his scoring ability, Glenn was a power on the defense and his floor-work was of the highest possible calibre. Hornback, the first-year man from Sonora, scored 116 points and ranked next to Glenn in this respect. Hornback made a remarkable showing in his first season and, with three years before him, he should develop into one of the best men ever to attend Western. The ever dependable Denning scored 106 points during the season and played a sterling floor game throughout the year. Winkenhofner, out of the game with injuries most of the year, Mansfield, Ward, Ray Throgmorton, Pitchford, and August Throgmorton played no small part in the success of the Western team.

At home the most important victories were those over Burk's Terrors, Wesleyan, Louisville, and Vanderbilt. The Vanderbilt game showed that our basketball teams are on a par with the best in the South, while the victories over the Terrors and Wesleyan found our team in invincible form. The Louisville game was important, as it gave us a much desired win over our most deadly rivals. Centre was the only team to annex a win on our own floor, but the teachers avenged this game at Danville with an overwhelming 54-19 avalanche. Transylvania was also defeated by 31-24 on this trip.

The season's results follow:

Western	Opponents	Score
26	Union University	21
46	Bethel	15
33	Burk's Terrors	31
27	Univ. of Louisville	28
17	Kentucky Wesleyan	30
18	Centre	22
38	Kentucky Wesleyan	21
54	Centre	19
31	Transylvania	24
59	Bethel	22
31	Univ. of Louisville	29
34	Vanderbilt	29
40	Univ. of Louisville	32
16	Kentucky Wesleyan	19

BASEBALL

The coming baseball season bids fair to be the best that has been enjoyed by a Western team. Coach Diddle, whose adage is "I'd rather lose to a good team than to be caught playing a crip," seems to have arranged a schedule that will be both enjoyment to fans, students, and players, and a feather in the cap of this institution to win from any team he has selected. Several are of highest rank among the Middle-West Conference Colleges, and he has games also with the leaders of the "Big Ten."

April 1, the climax of the season, will find Western baseball sporting blood coursing madly through every individual on the Hill. Pennants will be waving, voices will be heard chatting continually, visitors will be seen alighting from every train, for on this day Knute Rokne, famous mentor of Notre Dame and father of the "Four Horsemen," will bring his team to Western for a game with Diddle's Pedagogues. The game scheduled with this team, much to the sorrow of Bowling Green fans, was rained out last season, but we are hoping that better luck will prevail on this date, the high peak of the season.

Not only will Notre Dame be on the local grounds for a contest, but on March 20 the athletes representing Ohio State University will show their wares along the line of baseball. The lads were victors over the Teachers last year by the score of 5 to 2, but this year there is likely to be a different tale to be told. It will be remembered that Indiana, winners of the flag in their Conference, bowed to the Teachers and to Ward's knuckle ball two years ago by the score of 6-0, and Ohio, as a sister state, had best take warning.

Ohio Wesleyan will also engage in battle with the Teachers, their game booked on March 30; and on April 2 Michigan Aggies will be seen chasing long base wallops from the bats of Glenn, Killebrew, Valentine, and Howton.

All games have not been definitely booked, but the University of Louisville and the Teachers will "lock horns" in Louisville during the K. E. A. Transylvania, Centre, Wesleyan, and Georgetown are now in correspondence with local officials for games, while it is practically sure that University of Kentucky Wild Cats will play the Teachers on April 29. This engagement will be the first one that has ever been arranged between these schools.

Three members of last year's team will be greatly missed, namely, Glasgow, now a member of the faculty of this institution, John Taylor, Smith-Hughes instructor at Leitchfield, Kentucky, and "Tony" Horn, who occupies the same position at Princeton. These three fellows were real baseball players, and their service will leave a gap that Coach Diddle will have to fill with new material with which, as in basketball, he is happily blessed.

We are expecting many victories by this team this season, as many of them are appearing their last time in a Western uniform. They have played good baseball in the past and their senior year should be, and is, a stimulus for greater achievements in the near future.

A SPECIAL WORD TO SUPER-INTENDENTS AND BOARDS OF EDUCATION

The institution will have to offer this year a large number of trained teachers. Many of these will have the Bachelor's degree, and will be especially prepared for service in the better high schools of the state. It will also have a large number of Junior College graduates. Boards and superintendents applying early will have a large range of choice in their selection available.

Communications should be addressed to

President H. H. CHERRY,
Western Kentucky Teachers
College,
BOWLING GREEN, KY.

COMMENCEMENT PROGRAM

- May 21, 1926—Friday, 8:00 p. m.—Recital, School of Music—Auditorium.
- May 25, 1926—Tuesday, 8:00 p. m.—Recital School of Music—Auditorium.
- May 26, 1926—Wednesday, 4:00 p. m.—Reception by Faculty to Life Certificate Class—Campus.
- May 28, 1926—Friday, 4:00 p. m.—Reception by Faculty to Seniors—Campus.
- May 28, 1926—Friday 8:00 p. m.—Graduating Exercises, School of Music—Auditorium.
- May 30, 1926—Sunday, 8:00 p. m.—Baccalaureate Sermon—Auditorium.
- June 1, 1926—Tuesday, 8:00 p. m.—Graduating Exercises of Life Certificate Class—Auditorium.
- June 2, 1926—Wednesday, 9:30 a. m.—Chapel.
- June 2, 1926—Wednesday, 10:00 a. m.—Admission of new members of the Alumni Association followed by Alumni Address—Auditorium
- June 2, 1926—Wednesday, 2:00 p. m.—Business Meeting of Alumni Association—Auditorium.
- June 2, 1926—Wednesday, 6:30 p. m.—Alumni Banquet—Dining Room J. Whit Potter Hall.
- June 3, 1926—Thursday, 9:30 a. m.—Chapel Exercises.
- June 3, 1926—Thursday, 8:00 p. m.—Commencement Exercises, Senior Class—Auditorium.
- June 4, 1926—Friday, 5:30 a. m.—Overland trip to Mammoth Cave, in charge of Prof. G. V. Page.
- June 4, 1926—Friday—Annual Excursion L. & N. R. R. Co. to Mammoth Cave.

EXPLANATION OF SUMMER PROGRAMS

The programs presented below may seem at first sight unnecessarily complicated. It should be borne in mind that the summer terms are organically different from the regular semesters. It is necessary, however, to arrange the courses offered so as to carry the ordinary amount of credit. Most courses are offered two hours daily. Some of these periods run consecutively but most of them are arranged with intervals between. The effort has been made to make these intervals as large as possible; for instance classes meeting at 7:30 will ordinarily meet again at 1:30, classes meeting at 8:30 will meet again at 2:30 and so on. It has been found necessary to arrange for additional periods for many of the classes. These periods in the main will be offered at 4:30 and will occupy that period during one week.

FIRST TERM

Hour	Course	No.	Course Name	Credit Value	Days
COLLEGE					
7:00	Biol.	102	Botany	5	Daily (Lab. 10:00-12:00) (Lect. 7:00-9:00)
	Biol.	101a	Kentucky's Native Plants and Flowers	2	Daily (Additional periods 4:30, 5th week.)

CHAPEL

It should be noted that the day's work in the summer session begins at SEVEN O'CLOCK. Chapel will be held during the third period, beginning at nine o'clock.

The chapel programs this summer will be of outstanding value. Various members of the faculty will appear on program from time to time; but in addition, there will be brought in many of the leading thinkers of the country for service during the chapel hour. No student can afford to miss attending chapel. The students of the institution who count have always been, and are, found daily in attendance at the chapel program.

THE LOW COST OF ATTENDING SUMMER SCHOOL

Every effort has been, and will be made to protect the students of the summer session in the matter of cost.

It is estimated that, exclusive of railroad fare, the expenses of the entire session need not be more than \$75.00; nor more than \$40.00 for either term.

Furthermore, the railroads have granted special round trip rates on the certificate plan. These certificates may be had by applying to

**H. H. CHERRY, President,
Western Kentucky Teachers
College,**

BOWLING GREEN, KY.

PRESIDENT CHERRY'S NEW BOOK

President H. H. Cherry is the author of a publication which will be issued by D. C. Heath early in the spring.

This book will contain those well-known discussions whose philosophy motivates President Cherry's educational and civic activities. The thousands who have been thrilled by these discussions will be glad of this opportunity to have them available in an assembled state.

SPECIAL RAILROAD RATES TO SUMMER SCHOOL

One and One-Half Railroad Fare Secured for All Students Who Enter Either One of the Summer Schools of Five Weeks

In order to get these rates you must write us for an identification certificate. We give below a letter from the Southern Passenger Association which explains itself. Read it carefully and write us now for an identification blank. You will not be able to get the rates unless you have the identification certificate at the time you purchase your ticket. You must present the identification blank at that time.

SUMMER SCHOOL WESTERN KENTUCKY STATE NORMAL SCHOOL AND TEACHERS COLLEGE, BOWLING GREEN, KY., JUNE 7-JULY 9. JULY 12-AUGUST 14, 1926.

H. H. Cherry, Esq.,
President Western Ky. State Normal School,
Bowling Green, Kentucky.

Dear Sir:—

Referring to your application for reduced rates account of the above occasion.

I now take pleasure in advising that reduced rates on Round Trip Identification Plan, basis fare on one and one-half for the round trip, minimum excursion fare \$1.00, will be authorized from stations in Alabama, Kentucky, Mississippi and Tennessee, tickets to be sold only to delegates and members of their families upon presentation of Identification Certificates to ticket agents at time of purchase of tickets.

Supply of Identification Certificates will be furnished you by this office at cost and it will be your duty to make distribution to all concerned. I enclose statement of the cost of Identification Certificates, and if you will advise me the quantity desired, sending at the same time check to cover, they will be printed and forwarded to you promptly. Please also send copy of your signature two inches in width written on a blank sheet of paper for use in printing the certificates.

Tickets will be sold June 3-9, inclusive, and July 8-14, inclusive. Final limit of all tickets August 26. Tickets to be validated by the regular ticket agents at Bowling Green before return journey is commenced.

Very respectfully,

(Signed) W. H. HOWARD,
Chairman.
