COLLEGE HEIGHTS NEWS

The Fall Semester of the Western State Teachers College begins September 17th.

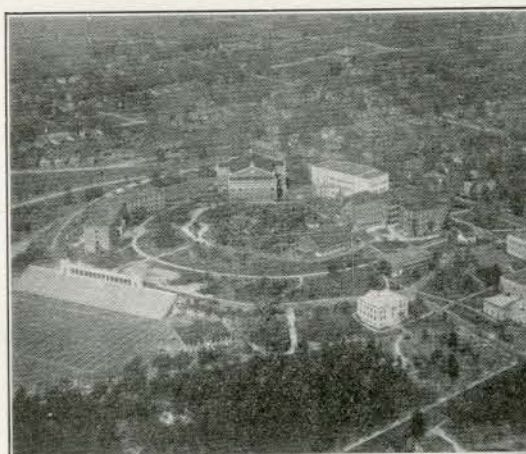

Every earnest young man and woman desiring the larger preparation and service should begin now to make arrangements to enter at the opening of the Fall Semester.

The management is determined to keep the expenses for attending the institution within the reach of every earnest young man and woman of limited means who desires the larger preparation and work. It does not desire the attendance of students who make unnecessary and unwarranted expenses while in school.

Aristocracy on College Heights is character, work and service. On an intellectual and spiritual basis it reduces all students to an equality.

The real College Heights is a vision of the larger life and a purpose and will to interpret this vision into patriotic deeds.

The institution is closing the most successful year of its experience. It has advanced not only in the number of students enrolled, but in the

development of its physical plant and its academic work and standing.

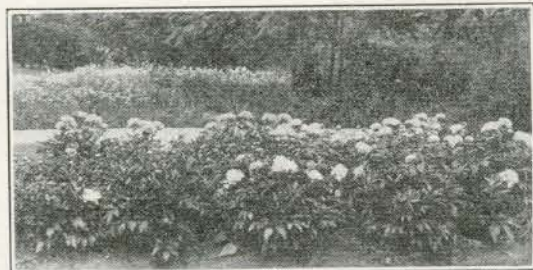

"Don't go back, go ahead." This is the spirit and the purpose of College Heights. It has never gone back in the past. It is going forward now and it will continue to go forward so long as you continue to give us your support and loyalty as you have done in the past.

College Heights is enjoying an unusually fine attendance for the year just closing. Up to date three thousand five hundred and fifty-four different student teachers have enrolled. This number is exclusive of the four hundred and seventy of the Training School, the twenty-four hundred in the Extension and Correspondence Department and the forty or more in the Rural Demonstration School.

The Placement Bureau under the direction of Mr. W. J. Craig has done outstanding work in aiding graduates of the school in securing positions.

The work of constructing the new Girls' Boarding Home and the Manual Arts Building is being earnestly pushed by the contractors. These buildings will be ready for occupancy by the first of February.

A number of modern and permanent tennis courts have been constructed recently.

Dr. F. C. Grise and Mr. E. H. Canon with their working corps are now located in their handsome new quarters on the second floor of the Administration Building. These offices are modern in every way.

Two attractive gifts have recently come to the new building, one of which is a handsome bronze bust of Shakespeare and the other a beautiful colonial print of the painting of the U. S. Frigate of 1847, by Charles Robert Patterson. The amount necessary to purchase these gifts was contributed by the Degree Class of 1927.

The School of Music is enjoying its new home on the Eastern slope of the campus. Since this building has been remodeled, various members of the music faculty are pleasantly located in their respective studios and there is also plenty of room for orchestra, band and chorus practice. During the last Kentucky Education Association, Professor Strahm directed the All-State Orchestra presenting a magnificent program. More than three hundred players participated in the program and as a closing number one of Mr. Strahm's most popular compositions, our Normal March, was played.

The Correspondence and Extension Department which formerly had headquarters in the Recitation Building has been needing larger offices for some time and during this spring moved to the larger rooms on the first floor of Ogden College Building.

Modern walks and drives are being constructed on the beautiful campus of Ogden College.

The commencement exercises for the Life Certificate and Degree classes of 1928 were the most impressive and inspiring we have ever had. The programs were unusually attractive. The sermon delivered by Dr. S. Parkes Cadman and the address by Dr. Wm. Lyon Phelps of Yale were two of the greatest contributions ever made on College Heights. A vast throng of men and women from the city of Bowling Green and adjoining counties joined the students and faculty in attending and appreciating these occasions.

The most beautiful and instructive pageant ever presented in Western Kentucky was presented during commencement week. The pageant was historical, covering episodes from the pioneer days of the State up to the present time, showing the development of the State in all of its phases of life.

The dressmaking art is not a lost one, as evidenced by this group of attractive dresses made by the members of the class in Clothing 2.

The first Summer School has just closed with an enrollment of more than twenty-two hundred student teachers. The second Summer School has just opened with about eleven hundred in daily attendance. The Summer Schools have become outstanding factors in the work of the institution.

Fifteen of the members of the R. O. T. C. unit of the Western Teachers College have won outstanding recognition as marksmen; winning first the district championship covering five States, for which they received a silver cup; next they won the beautiful Randolph-Hearst trophy for the entire South and their final achievement was the winning of the National championship. The unit is receiving earnest congratulations from everywhere.

Governor Flem D. Sampson was the chief speaker at the Chapel hour on the morning of June 19th at which time he formally presented to the institution the Hearst trophy. His visit was greatly enjoyed and appreciated by College Heights. The Governor's address was highly instructive and inspirational. The large Chapel Hall was crowded to its utmost capacity with students and citizens.

The Senior class of 1928 presented with great success on the evening of February 24th, *Peg O' My Heart*, one of the most delightful and refreshing plays in the province of amateurs. From a standpoint of interpretation, as well as from a financial standpoint it was all that could be desired.

He will be a member of the regular working corps of College Heights, and will do general publicity work and act as representative in the field, disseminating among the young men and women the opportunities offered by College Heights.

THE PAGEANT

A great historical pageant given by the institution was staged on College Heights on the evenings of May 28, 29 and 30. The magnificent stadium seating an audience of more than 4000 was used for these occasions as well as for other programs of the commencement week. Visitors from nearby towns and even distant cities and communities agreed that the spectacle presented on these three evenings was instructive and inspiring. The pageant opened with the dance of the Dawn of Creation, followed by a scene from Indian and Pioneer Life. The next portrayal was events of the Revolutionary and Civil Wars. Then came the Masque of Nations, a mammoth spectacle symbolizing the spirit and growth of America, the Melting Pot of the Nations, where peoples from every corner of the earth were united in a union, one and inseparable. Character dances of many nations were given, from the smallest to the mightiest—U. S. A.

HOME COMING OCTOBER 27, 1928.

Home-coming will be celebrated by a great victory, we ardently believe, and with a thrilling contest, at least, when the strong Georgetown Football eleven meets our boys on the home field on Saturday, October 27. I am asking that you begin now to make your plans to be here and do your part in making the occasion replete with fine fellowship, good will, greetings and happy exchanges of experiences. Don't fail to come. Regents, faculty and students all want to see you; Western's team may need you; the Hill will wear her prettiest colors to welcome you. Let me ask, nay urge, that you permit nothing to interfere with your coming. Be sure to come and bring others with you to honor your Alma Mater and our Western boys on the greatest occasion we have yet experienced. May I have a letter from you pledging your interest to this special day.

Fraternally yours,
H. H. CHERRY.
