Teachers College Highlights

Entered as second-class matter December 18, 1916, at the Post Office at Bowling Green, Kentucky, under an Act of August 24, 1912.

Published Bi-Monthly by
The Western Kentucky State Normal School and Teachers College

Vol. 10.

Bowling Green, Ky., June, 1927.

No. 1.

Opening of the Fall Term

The next regular session of the Western Kentucky State Teachers College will open Monday morning, September 19, 1927. Advance data indicates that the enrollment will be unusually large for that season of the year.

Since the State laws of Kentucky require vaccination, all students should be vaccinated before coming. This can usually be done at home at much less loss of time and less expense to the individual, but if it is impossible to have this done before coming to Bowling Green, it can be done here for a nominal fee.

Enthusiastic Summer School

The first term of the Summer School opened on June 6. The enrollment at this time is close to twenty-two hundred. This is, of course, exclusive of the enrollment in the Training School, Rural School and Extension Department. The total enrollment for the entire year will not be less than thirty-five hundred.

Freshman Coach

Mr. Carl Anderson of Geneva College, Pennsylvania, has been appointed Freshman coach. Mr. Anderson was formerly of Centenary College, Shreveport, Louisiana.

Write for the New Catalog

Within the next few weeks we will be ready to mail the new catalog for 1927-28. This publication will contain full information relative to the courses of study and the expenses necessary to attend this institution. Be sure to write for it. We shall be glad to send you a copy.

Fine Prospects for Next Year

Notwithstanding the present year has shown an enrollment beyond anything we have ever had before, it is believed that the scholastic year of 1927-28 will eclipse even this record.

Marksmanship

Through Mr. W. Marshall Ayers, a member of our R. O. T. C. Unit, there has come to the institution another honor. He has been awarded a handsome gold medal as the winner of the Rifle Championship in the Junior R. O. T. C. Units in the United States. Western is justly proud of him.

Mr. Hayward Brown, a graduate from the first B. S. class here, and later a graduate with the M. A. degree from the Wisconsin University, will be a member of our faculty next year. He will have charge of the instruction in Agriculture in the Training School, and the demonstration of Agriculture in the College. He takes the place of Mr. Homer Neisz who resigns to enter college.

Miss Katie Wilson Tucker, Life graduate of this institution, and an A. B. graduate from the University of Louisville, will be an addition to the faculty of the Training School next year.

PROGRAM—FIRST SEMESTER 1927-1928

Opening September 19, 1927

INSTRUCTIONS TO STUDENTS:

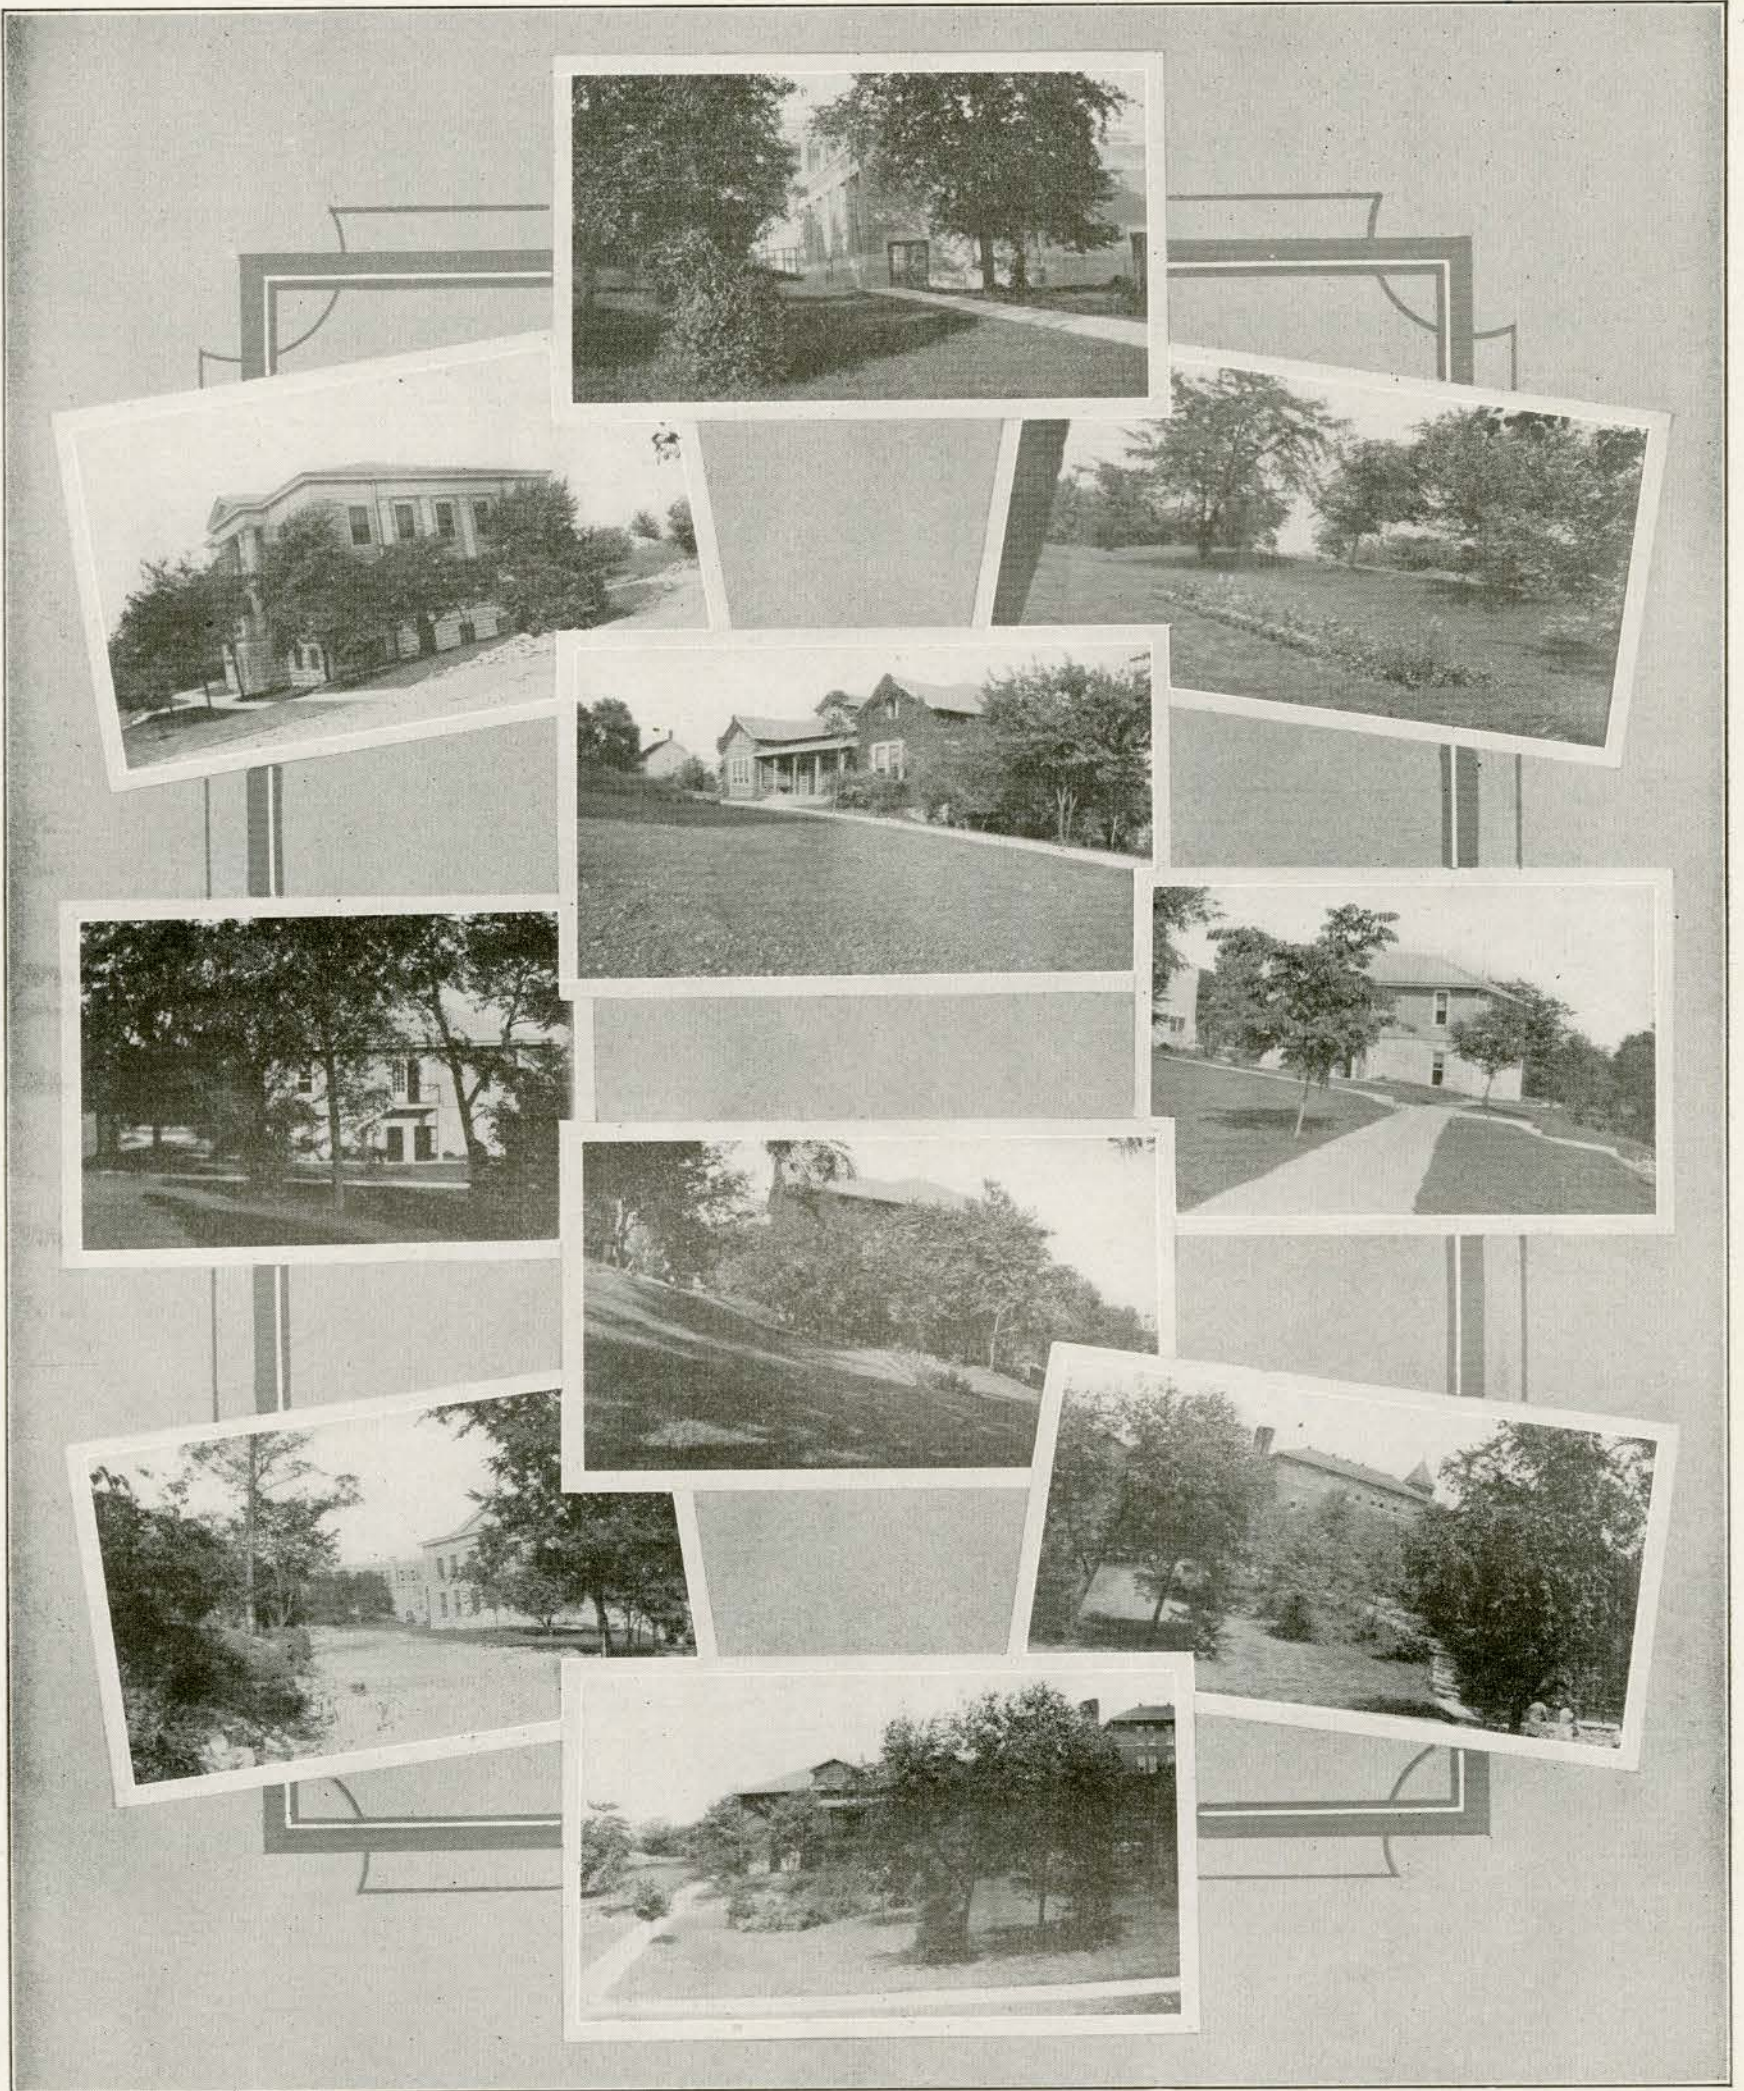

- Students may not register for more than 18 hours of credit. This allowance is made only for students of outstanding physical and mental ability. The load suggested for the average student is sixteen semester hours.
- Courses in Directed Teaching are not available until the Sophomore year of college and following Education 100, Education 101, and Education 102. Students electing this course must arrange with the teachers of the Demonstration School for their hours, before proceeding further with their programs. The first course in Directed Teaching is numbered Education 103; the second course, Education 203; and the third course, Education 303. Students registering for either of these courses must arrange to hold conferences with their critic teachers every Tuesday afternoon from 4:15 to 5:45.
- Students registering for Education 100 must register for Education 101 during the same semester, though not necessarily at the same hour. Students registering for English 101a are required to register for English 101b, though not necessarily at the same hour.
- Freshmen electing the Agricultural and Home Economic fields will find their curricula stated in full in the current catalog. This must be

followed. All other students should consult with the head of the department for which they have preference. Freshmen are required to take Education 100, Education 101, English 101a, English 101b, and complete their program from the following courses:

Agri.	100
Art	102
Biology	100
Biology	202
Chemistry	101
French	101
Geography	101
History	100 or 101
Latin (Students with two years' High School Latin should take Latin 101; with four years, Latin 107.)	
Math.	101 or 102
Music	100 or 101
Physics	101

- The minimum load which may be used to satisfy residence requirements is twelve hours.
- Courses numbered from 100 to 199 are open only to Freshmen and Sophomores; courses numbered 200 to 299 are open to Juniors and Seniors, but may be taken by Freshmen and Sophomores if consent is granted by the instructor; courses numbered 300 to 399 are open to Juniors and Seniors only.

HILLTOP HIGHLIGHTS

WESTERN KENTUCKY UNIVERSITY
ARCHIVES
TEACHERS COLLEGE HEIGHTS

"The Processional was a Striking and Interesting Feature of the Commencement Program"

The graduates from the Life Certificate course, wearing their gowns and caps of dark gray, led the line of march. They were followed by the seniors in gowns and caps of black. Next in line came the faculty robed in gowns and wearing caps appropriate to their respective degrees. The entire group marched into the auditorium in this order. The recessional was in reverse order. On the rostrum were seated the speaker, Dr. Glenn Frank, President of the University of Wisconsin; President Cherry, Dr. Crabbe, Dr. Grise, Mr. Canon and the members of the Board of Regents.

Miss Isabel Ferguson has been employed to take the place of Miss Gabrielle Robertson who will spend a year in Washington, D. C., doing research work. Miss Ferguson received her Master's degree from the University of Chicago this summer.

TWILIGHT HOUR under the direction of Mr. Gordon Wilson is again proving to be one of the most interesting phases of the work offered on College Heights. This is both recreational and inspirational. Many suggestions for playground work, indoor entertainment and community activities are being received by a large number of participants.

Miss Mildred Reynolds, who has spent the past year in the Chicago University, will complete her Master's course this summer and will return to the institution here for the opening of the Fall Term in September. During her leave of absence Miss Bertha Lynn has been dietitian for J. Whit Potter Hall where she made a great success.

Every former student should subscribe for the **College Heights Herald**. Notwithstanding the price is only fifty cents per year it is worth at least one dollar.

Miss Susie Pate, a life graduate of this institution and at the present a senior in the Home Economics department in the University of Wisconsin, will be with us next year as instructor in that department of our Training School.

During the present year the institution graduated one hundred and fifty-one young men and women with the A. B. or B. S. degree and about three hundred from the Life Certificate course. Many of the latter will remain in school until securing their degrees.

Miss Bertha DePew, a former student of the institution who completed her Life Certificate course in 1919 and later graduated from the Home Economics department of the University of Kentucky, will fill the vacancy caused by the temporary absence of Miss Mary Lee Taylor next year. Miss DePew has had successful experience for the past few years in Elkhart, Indiana. She will be given a warm welcome here.

Dr. S. Parkes Cadman, one of the foremost clergymen of America, has been secured for the Commencement Sermon of 1928.

The representative of the institution will meet you at the train if you will let us know what day to expect you.

Cherryton, the student village on College Heights, offers attractive opportunities for those who wish to keep house and live in an economical way.

Owing to the large increase in attendance for our Summer School, it was necessary to employ twenty-two additional members of the faculty.

Board and Room

Boarding expenses at this place have been placed at a nominal figure. In fact, good meals and comfortable rooms may be had at rates ranging from eighteen to twenty-four dollars a month. In addition to the excellent opportunities offered for young women in the J. Whit Potter Hall, many, many private homes are open to our students at practically the same rates. Full information is given in our catalog. Kindly write for it.

Personnel Department

Under the direction of Mr. W. J. Craig, a great service is being rendered the graduates of the school in securing good positions. Practically every member of the A. B. and B. S. classes has already been located and others will be placed at an early date as they are already in touch with excellent places. In addition to this, Mr. Craig gives considerable time to looking after the interests of those students who are here for the first time and need some special attention.

Dr. Griggs

Whenever possible for the last ten years, Western has brought Dr. Edward Howard Griggs to the institution for a series of lectures. No one has given a greater message at any time than he. His series of ten lectures this summer, consisted of five on the Philosophy and Art of Browning as expressed in Rabbi Ben Ezra, Abt Vogler, Andrea del Sarto and The Ring and The Book, the other five being devoted to American Statesmen, including Washington, Jefferson, Hamilton, Lincoln and Robert E. Lee. The thousands of students and citizens who heard him were instructed and inspired.

FULL CREDIT for all work done here is being extended our graduates by all colleges and universities where they are seeking admission for advanced work. By presenting credentials from this place our A. B. and B. S. graduates are able to complete their Master's degree within a year in reputable institutions.

You should reserve your room in the J. Whit Potter Hall, provided you decide to be with us at the opening of the Fall Term beginning September 20. Send the reservation fee of five dollars expressing your preference as to room, and the place will be reserved for you. This fee will be applied on your room rent at the time you enter school.

In selecting your Alma Mater, use every care in determining upon one whose credits are acceptable at face value in the great institutions of the country.

A great CHAUTAUQUA consisting of many interesting programs was rendered during the Summer School. This program included musicals, dramas, lectures and magic. All programs were free to the students.

THE COLLEGE HEIGHTS HERALD STAFF is to be heartily congratulated upon the honors recently accorded them by the newly organized Intercollegiate Press Association of student newspapers published by the colleges of the State. The HERALD received first honors on its editorial page and ranked second on general count.

Western Teachers College is now a member of the Southern Association of Colleges, and also the Intercollegiate Athletic Association.

The commencement program proved to be the most outstanding and successful we have had. The sermon was delivered by Bishop Freeman, who came to us from Washington, D. C. He gave a wonderfully inspiring address.

Dr. Glenn Frank, President of University of Wisconsin, delivered the Baccalaureate Address. His message was one of the greatest ever delivered at this place, notwithstanding we have heretofore had such men as Chief Justice Taft and Governor Folk of Missouri.

The LYCEUM COURSE for next year will include Joseph Hoffman, one of the greatest pianists of the world, Marie Miller, harpist, Madame Schumann-Heink, one of the world's greatest contraltos, Lord Robert Cecil, lecturer from England, and a number of others of like ability. Admission to all numbers of the COURSE is free to students.
