TEACHERS COLLEGE HEIGHTS

WESTERN KENTUCKY UNIVERSITY
ARCHIVES

Entered as second-class matter, December 18, 1916, at the Post Office at Bowling Green, Kentucky, under an Act of August 24, 1912.

Vol. 14

MARCH, 1933

No. 1

MEET US IN LOUISVILLE

AT THE SEELBACH HOTEL, where a business and social headquarters will be maintained for the convenience of former students, graduates and friends of Western during the entire meeting of K. E. A. Professor W. J. Craig, who has charge of the placement of teachers, Miss Mattie McLean and other members of the faculty and administrative force will be there to welcome you. Superintendents and members of the boards of education, who desire personal interviews with applicants for teaching positions, may make appointments for such meetings there.

AT THE BROWN HOTEL, where a get-together breakfast of all former students of Western will be held in the Crystal Ball Room, 7:30 A. M., Friday, April 21. The breakfast will be a good one, served quickly and attractively, and a short inspirational program will be rendered. Tickets to the breakfast will cost forty cents each and should be reserved in advance, either by writing to the college or from those in charge at the general headquarters.

THE SPIRIT OF WESTERN will greet you when you come.

"MORE STATELY MANSIONS"

WESTERN KENTUCKY STATE TEACHERS COLLEGE

BOWLING GREEN,

Entered as second-class matter, December 18, 1916, at the Post Office at Bowling Green, Kentucky, under an Act of August 24, 1912.

KENTUCKY.

Senior Class of the Training School. These 42 young people will receive their high school diplomas Thursday, May 25th. Practically all of them are planning to enter college.

Summer School Announcements

FIRST TERM BEGINS JUNE 5.

SECOND TERM BEGINS JULY 10.

Calendar for the Summer School 1933

- June 5, Monday—
Registration for first summer term.
- June 6, Tuesday—
Classes meet.
- June 7, Wednesday—
Last day of registration for full credit.
- June 10, Saturday—
Last day to register for credit.
- July 4, Tuesday—
Independence Day.
- July 7, Friday—
Last day of first summer term.
- July 10, Monday—
Registration for second summer term.
- July 11, Tuesday—
Classes meet.
- July 12, Wednesday—
Last day of registration for full credit.
- July 15, Saturday—
Last day to register for credit.
- August 11, Friday—
Last day of second summer term.

Purpose of the Summer Session

The Summer Session of the Western Kentucky State Teachers College is an integral part of the regular school year. The same general rules concerning entrance, credits and graduation apply as for any other term or semester. The large number of diversified courses offered in twenty different departments of the institution is intended to meet the needs of the following groups of students:

1. Graduates of four-year high schools who wish to begin regular college work with a view to completing one of the curricula leading to a certificate or a degree.
 2. Persons engaged in educational work during the regular school year and who wish to secure additional training in special and general fields.
 3. Teachers who wish to earn credits toward the renewal of certificates or who desire to qualify for certificates in general or special fields of study.
 4. Supervisors and teachers of special subjects.
 5. County Superintendents, City Superintendents, High School Principals, and Elementary Principals who desire to study the problems relating to the organization and administration of rural and urban education.
 6. Students who plan to complete preprofessional requirements for work in technical and professional fields.
 7. Persons who come from colleges not offering summer school opportunities and who desire to earn additional credits.
 8. Persons who want to complete certain subjects for the purpose of developing a general, cultural, and academic background.
 9. Graduates of standard colleges who wish to begin or continue graduate study in departments of the institution offering graduate courses.
- All courses offered during the summer session carry regular college credit and may be used in partial fulfillment of the requirements of one or more of the following:
- a. The one-year course leading to the College Elementary certificate.
 - b. The two-year course leading to the Standard certificate.
 - c. The four-year course leading to the Bachelor of Arts and Bachelor of Science degrees and the College certificate.
 - d. The Arts and Science curriculum, leading to the baccalaureate degree.
 - e. The Graduate curriculum leading to the Master of Arts degree.

Course Offerings for the Summer Session

A strong program of academic and professional courses has been planned for the summer session. A list of the undergraduate courses by terms and departments is given below. The courses available on the graduate level will be found on another page of this bulletin.

Courses numbered from 100 to 199 are open to freshmen and sophomores; courses numbered from 200 to 299 are open to juniors and seniors, but may be taken by qualified sophomores if consent is granted by the authorities of the college. Courses numbered 300 to 399 are open to juniors and seniors and under certain conditions may be taken by graduate students. Courses numbered 400 and above are open only to graduate students. Seniors may not take for credit required courses with numbers below 200.

FIVE WEEKS INSTEAD OF SIX

We have decided to have two Summer Terms of five weeks each and teach six days in the week. This will reduce by two weeks the expense of the student for board and room rent.

Admission and Registration

Requirements for admission to the summer school are exactly the same as for regular school year. Students seeking admission to the Western Kentucky Teachers College for the first time should, if possible, send their credentials to the Registrar before the opening of the first summer term. Under no circumstances should the student fail to have a transcript of his high school record ready to present on the day of his first registration.

The Graduate School

The Graduate School, organized in the summer of 1931, exists primarily for the advanced training of principals, superintendents and supervisors for the schools of Kentucky. Opportunities are also offered in a limited number of departments for high school teachers who wish advanced academic training in their special fields. The courses offered and the research work done in all departments of the Graduate School are planned with a view to contributing definitely toward the solution of the administrative and teaching problems of the schools of Kentucky.

The members of the Graduate Faculty are men and women of scholarship, maturity, and successful experience. Practically every instructor offering courses on the graduate level holds the Doctor of Philosophy degree. The library and laboratory facilities have been made adequate for the present needs of graduate instruction in the college.

The enrollment in this division of the institution during the two years of its existence has been highly satisfactory, both as regards the number and quality of the students in attendance. The number of students enrolled in this division of the institution during the second semester is thirty per cent greater than for the same semester a year ago. The outlook is very encouraging for a larger attendance in the Graduate School this summer.

Persons interested should write for a special bulletin giving complete information relative to admission to the Graduate School, departments in which graduate work is offered, and the requirements for the Master of Arts degree.

The following courses carrying graduate credit will be available during the Summer Session of 1933:

FIRST TERM	Hrs.
BIOLOGY:	
324 Animal Microtechnique	2
325 General Entomology	3
450 Biology Seminar	2
CHEMISTRY:	
350 Bio-Chemistry	3
ECONOMICS:	
300 Taxation and Public Finance	3

Student Load

College students may not take more than six hours per term, or twelve hours for the session, except in case of students whose previous grades in the institution have not fallen below "B." These students are allowed a maximum of seven hours for either term. This load will be permitted in no other instance.

The Training School

The Training School will be in session during the first summer term and will provide excellent facilities for observation and directed teaching in both the high school and elementary division.

The Rural Training School, which is a part of the Training School organization, will be in session during the same time and will provide the very best opportunities for those preparing for educational work in rural communities.

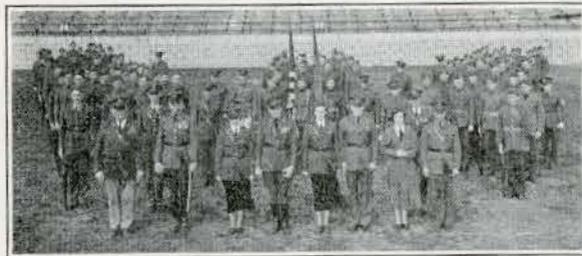

An incidental fee of one dollar will be charged all pupils enrolled in the Training School for the first summer term.

New Requirements for the College Elementary Certificate

In accordance with a certification law passed by the Legislature of 1932, the College Elementary certificate is issued on a minimum of thirty-two semester hours of required and elective college work.

The parade during the celebration, February 22, 1933, was led by "George Washington".

The R. O. T. C. Battalion with officers and sponsors for the three companies composing it. The Rifle team picked from this group has again won the championship of the interscholastic marksmen in the 5th Corp Area, a district composed of Kentucky, Ohio and Indiana. This is the seventh consecutive year Western boys have achieved this distinction. Captain W. H. Williams is in charge of the Unit and Major S. P. Martin coaches the rifle team.

all of which must be earned in residence with an average grade of "C".

The law mentioned above not only eliminates the College Elementary certificate issued on sixteen semester hours of college credit, but also the renewal of this certificate as provided in the law enacted in 1926. All applicants for the issuance or renewal of the College Elementary certificate must meet the new requirements as prescribed by the law of 1932.

A complete list of the subjects required for the College Elementary certificate follows:

	Sem.	Hrs.
English 101a and 101b, Freshman English	6	6
Education 100a, Classroom Management	3	3
Education 110, Teaching the Common School Branches	3	3
History 104, American History	3	3
Geography 101, Principles of Geography	3	3
Biology 100, Hygiene and Sanitation, or Agriculture 101, General Agriculture, or any Science	2-5	2-5
Art 100, Public School Art, or Music 100, Public School Music	2-3	2-3
Mathematics 101, Teachers' Arithmetic	3	3
Electives	4-7	4-7
Total course requirements	32	Hrs.

The Summer School schedule will include classes in all of the above-named subjects.

Credits on which a sixteen semester hour certificate of former date was issued may be applied on the requirements for the thirty-two semester hour certificate.

Requirements for the Standard Certificate

The Standard certificate, valid for three years in any public school of the Commonwealth, may be issued by this institution upon the completion of sixty-four semester hours of prescribed and elective standard college work. At least forty-eight of the sixty-four hours must be earned in residence, and not less than thirty-two of the sixty-four hours must be completed in residence in the state teachers college issuing the certificate.

Below is given an outline of the requirements for the standard certificate as revised by the Normal Executive Council, and effective September 1, 1932. It will be noted that only a very few changes have been made in this curriculum. The new requirements will not be retroactive in the case of students who have already completed certain courses formerly prescribed for this certificate.

A complete list of the courses required for the Standard certificate follows:

	Hrs.
Art 100, General Public School Art	3
Biology 100, Hygiene and Sanitation	3
Agriculture 101, General Agriculture, or Home Economics	3
English 101a and 101b, Freshman English	6
English 102, Types of English Literature	3
English 103, Childrens' Literature	3
Education 100a, Class Management and Control	3
Education 101, Directed Observation	3
Education 103, Directed Teaching	3
Education 110, Teaching Common School Branches	3
Geography 101, Elements of Geography	3

	Hrs.
Government 105, Introductory Course in American Government	3
History 104, Early American History to 1789	3
Mathematics 101, Teachers' Arithmetic	3
Music 100, Public School Music	2
Penmanship 101, Methods in Penmanship (unless exempt by test)	2
Psychology 102, Introduction to Psychology	3
Science—Biology, Chemistry, or Physics	5-6
Elective	10
Total course requirements	64

The Summer School schedule will include classes in all of the subjects listed above.

Recreational and Other Extra-Curricular Opportunities

Western Teachers College believes that carefully selected and well-regulated recreational activities constitute an important phase of the training of students for leadership as educators and citizens. Some of the opportunities available for students in the summer session of 1933 are listed below.

Excursions.

Western is an out-of-door school in that it is the center of easily accessible scenic wonders, which in number, variety, beauty and interests are not surpassed in any other section of Kentucky or the South.

Opportunity for trips to many attractive points of historic and geographic interest within the city limits and within easy access by walking, motoring, or by rail, will be offered during the summer school. The visits at intervals to Mammoth Cave region, the Davis and Lincoln Memorials, the Old Kentucky Home, the Parthenon at Nashville, and Gethsemane, the only Trappist monastery south of the Ohio river, should be of special interest to all Kentucky teachers. Besides these, there are many attractive spots on riverside and in the woods where outings may be held. White stone quarry nearby always proves of interest, as do trips to small caves, Lost river, the asphalt mines, etc.

Games.

Several excellent tennis courts are maintained. They are used by both men and women. Indoor tennis, baseball and volley ball are also games played by all. The young women have organized for hockey and soccer.

Boating and Picnicking.

Bowling Green offers to students and faculty ideal opportunities for hiking and picnicking. Other sports enjoyed are boating and fishing in Barren river and nearby creeks. Week-ends are open for these outings.

Swimming.

A new swimming pool, 50x120 feet, was completed in 1932, and will be open for use as soon as the weather permits. It will be under capable supervision. Instruction will be offered for non-swimmers; also for recreational swimming. The pool will be open to the community at stated times under the supervision of the department of Health and Physical Education. Rigid regulations will be

A group of County Superintendents and members of Boards of Education in attendance at the Educational Convention on College Heights last fall.

Varsity Basketball team, state champions again—1933. The following compose the group in the picture reading from left to right: First row—Goranflo, McGown, Broderick, Johnson, Hardin, Aaron. Second row—Coach Diddle, Hickman, Poland, Hobbs, Sego, Walker, Cochran, Coach Francis.

in force for the use of the pool. A nominal fee will be charged and a certificate of good health will be required.

Conference on Education by Radio.

On Monday and Tuesday, June 26 and 27, a radio conference under the direction of Eugene J. Coltrane, special representative of the National Committee on Education by Radio, will be held. Students, faculty, and the general public are invited to attend the different sessions of this conference.

Musical Programs.

Under the leadership of the various members of the Music department, Western has developed a number of large and efficient musical organizations. During the summer session, several free concerts will be given by the College Band, College Orchestra, the Choruses, and Glee Clubs. Students who are interested will have opportunities for splendid training in these organizations and, as far as their training and qualifications permit, to participate in the programs mentioned.

Chapel.

The life and spirit of Western Kentucky Teachers College center in its chapel assembly. Here administrative policies of the institution are developed; individual responsibility and initiative are encouraged; student leadership and constructive educational statesmanship are promoted. A fine democracy pervades the chapel at all times.

During the summer session, chapel exercises will be held at 9:15 a. m. No classes will be scheduled at this hour. Devotional exercises, community singing, addresses by outstanding speakers, and other features will constitute the daily chapel program.

Attendance at the chapel exercises is voluntary but practically universal. It is expected that the programs for the summer session will prove sufficiently attractive that all members of the student body will be present. Visitors are always welcome.

Physical Education and Health

The college recognizes the importance of the health and physical well-being of its students and appreciates the educational significance of well conducted health and physical education programs. Adequate provision is made for the health interests of all students and for a strong program of physical education that affords each student an opportunity to engage in some form of wholesome physical activity suitable to individual needs, interests, and abilities.

A splendid new health and physical education building provides facilities for a health clinic, corrective measures, classroom instruction, special exercises, gymnasium classes, and for basketball and other athletic sports. Outdoor facilities consist of a football stadium seating 8,000 persons, practice fields, baseball diamonds, tennis courts, a quarter-mile cinder track, and space for archery, soccer,

hockey, and other out-of-door sports. A modern new swimming pool, 50x120 feet, provides opportunity for swimming and other aquatic sports for all students.

A general student clinic, free to all students, is conducted at the beginning of each semester. Examination of weight, posture, eyes, ears, nose, throat, heart and lungs, is made by specialists in the employ of the institution. As a consequence, many corrections are made that assure the progress and improve the health of students.

A beautiful, well-equipped infirmary, in charge of a graduate nurse, is maintained in West Hall and is free to residents of the college dormitories.

All students are required to enroll for some type of physical activity work during their freshman and sophomore years, unless excused by the authorities of the college.

The Kentucky Library

The Kentucky Library consists of books, magazines, newspapers, manuscripts, diaries, letters, scrapbooks, account books, church minutes, etc., all written about Kentucky or by Kentuckians.

The collection has grown incredibly during the past year, until today it consists of more than 5,000 volumes, besides numerous letters and manuscripts. Among these are included the oldest and rarest of Kentucky books and much source material.

The collection of materials pertaining to early religious history, law, travel, education and biography is not surpassed in many places in the state. This valuable collection has been made possible largely through gifts from the students and friends of the college. It is now being used by students and citizens of our part of the state who are interested in research on Kentucky subjects. Many research students from other states also are finding the material useful.

Just now the college is trying to complete as far as possible the files of early newspapers, magazines and manuscripts, and will greatly appreciate any contribution.

The Kentucky Library will be placed in the Kentucky Building as soon as this structure is completed. At present it is located on the third floor of the College Library.

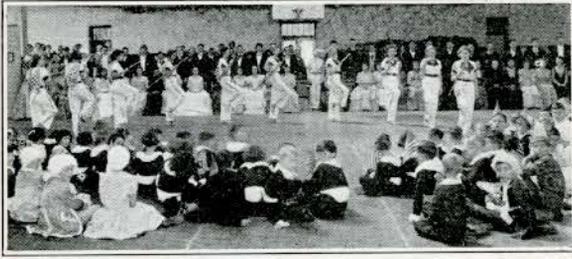

Reduced Railroad Rates to Summer School

Reduced rates will be sold on the Round Trip Identification Plan basis, fare and one-half for the round trip, minimum excursion fare of \$1.00 from all stations in Alabama, Kentucky, Mississippi and Tennessee, except stations on the N. O. G. N. R. R. These tickets will be sold only upon presentation of identification certificates to ticket agents at time of purchase of tickets. These certificates will be furnished free upon request.

Tickets will be sold for the first term from June 1 to June 7, inclusive, and for the second term from July 6 to 12, inclusive, with final limit August 17th.

Varsity football squad for 1932-33. They won the State Championship for Western again this year. The following compose the group above. Third row—Coach Francis, Worrell, James Booker, Poland, Walker, Donaldson, Jackson, Shuck, Van Meter, Cobb, Coach Thomas, Coach Miller.

One of the spectacular scenes in the Historical Pageant presented by the Training School during the George Washington celebration.

Reservation of Rooms

Those who desire to secure rooms in either the West Hall or the J. Whit Potter Hall should make their reservations early. Any requests for reservations should be accompanied by the usual fee of \$5.00. This amount is applied on the room rent at the time the student registers here. When you write, it may be well to indicate the Hall preferred and also the floor on which you desire to be located.

Living in Private Homes

Many of the most cultured families in the city are offering rooms to students who prefer private board. These rooms are in homes having all of the modern conveniences. The rates are reasonable, ranging from \$1.50 to \$2.00 or \$2.25 per week. Lists of desirable places are kept in the office and assistance is furnished those who wish it in finding suitable locations. Students should ask to see these lists. Those who prefer to room in private homes have the privilege of securing meals in the J. Whit Potter Hall at \$3.50 a week.

Meals in Private Homes

The price of meals at private boarding houses is little more than what is charged in the J. Whit Potter Hall—\$4.50 or \$4.00 per week.

Cost of Attendance at Either of the Five Weeks of the Summer Terms

	Tuition is free.	
Excellent meals, \$3.50 per week	\$17.50	
Room rent, with all modern conveniences.....	7.50	
Registration fee	5.00	
Total	\$30.00	
Estimated cost of books	\$8.00	

Students who come from other states than Kentucky pay in addition to the above a tuition fee of \$5.00 for the term of five weeks. The expense for the entire ten weeks for Kentucky teachers or prospective teachers of the state should not exceed \$60.00 exclusive of personal items and books.

Light Housekeeping

It is becoming more and more popular for students especially young married couples who attend the institution here to rent one or two rooms, depending on what is needed, and do light housekeeping. They are finding this to be quite economical and highly satisfactory in other respects as well. Simple arrangements are offered in many homes of the city; and in addition there are a limited number of modern small apartments that are available. An organized force of employees is kept by the institution to give assistance in making desirable arrangements.

Free Tuition for Everybody in Kentucky

Teachers and prospective teachers who live in any part of Kentucky can enter Western on free tuition. In fact, any student in the state, regardless of the county in which he lives is now entitled to FREE INSTRUCTION AT THIS INSTITUTION. Students from other states pay a tuition fee of \$5.00 for each five weeks terms.

Spring Commencement Exercises

The graduating exercises for the Commencement of 1933 will be held in the evening. This is to give a full day for Alumni activities. The occasion will be a great one, and every alumnus in each class will have an opportunity during the day for self-expression. However, the program for Alumni Day will feature the class of 1908, the first class to graduate from Western. It will be the policy of the institution in the future to feature other classes from time to time.
