After hearing the statements from certain members of the faculty and obtaining a full explanation of the situation the following motion was made and unanimously carried, upon motion of Mr. M. C. That the conduct of the said Frederick C. That his conduct as a student has been such as to break down in the student body, the authority of the faculty in this insinuation, and to seriously impair the effectiveness of their instruction and leadership.

Attention was called to the fact that the Thanksgiving holiday's would begin with the dismissal on Wednesday at four o'clock and work resumed again the following Monday.

The following plans were suggested for consideration at the regular meetings of the County Delegations: (a) Whatever effort is necessary to be made to make the County Delegation 100% contributors to the Foundation. Lists of students in attendance at this time can be secured from Mr.

Roy Seward at the College Heights Foundation office. (b) Necessary and proposed legislation should be discussed and proper sentiment created. Students should know their Senators and Representatives and should also know what influence in their respective counties can be brought to bare effectively. (c) It might be suggested that communities should offer an entertainment of some kind or a box supper between now and Christmas for the purpose of raising funds and making Community donations from the school to the College Heights Foundation.

A sentiment should be made against very small donations. Several teachers suggested having \$25.00 as the minimum, but this point must be handled with discretion. (e) Ascertain the plans of High School graduates and, if possible, secure their promise to attend this institution. Possibly it would be a good idea for names of the present Senior classes in High Schools to be collected.
