Dr. Stickles was given permission to use Turner's History published by Doubleday Page & Company.

Minutes of Faculty Meeting
January 28, 1926.

At a called meeting of the Faculty on January 28th, the question of adhering strictly to the agreement concerning Senior College credits, was thoroughly discussed.

Upon motion of Professor Alexander, with a second from Mr. Lindow, it was unanimously agreed that for the next semester we stick strictly to the statements in the catalog.

In case of students failing in two or more hours of their work during a term, it was agreed that during the following semester that student's load should not exceed two units of High School work or sixteen hours of College work respectively. The motion was made by Mr. Gordon Wilson and seconded by Mr. A. M. Wilson.

It was announced by the Chairman of Faculty, Dr. A. L. Crabb, that all teachers would be on hand during registration days to assist, and that on Monday night a mass meeting would be had in the Administration building, President Cherry making a talk to the new students, and Mr. Burton entertaining the crowd by his rendition of "Bingen on the Rhine", etc., and that President Cherry would introduce each member of the faculty on the stage that morning following.

The meeting then adjourned.

FACULTY MINUTES FOR CALLED MEETING
MONDAY, MARCH 1ST. IN ROOM H
AS USUAL.

After calling the meeting to order Dr. Crabb brought up the matter of the K.E.A. and the fact that the headquarters of the school will be at the Sellbach Hotel as heretofore. He urged that members of the Faculty who are inclined to do so, make reservations at this hotel as early as possible. He also called attention to the fact that the operation of Miss Ruby Baugher in the hospital at Evansville, had been successfully performed and that she is improving. The amount of \$70.00 contributed toward her expenses by the Faculty was acknowledged by the County Superintendent as being thoroughly appreciated.

Dr. Grise brought before the Faculty certain recommendations made by the committee on credits and graduation.

1. It was unanimously agreed, upon motion of Mr. Bert Smith that the fees for examination with a view of earning credits in subjects for which no credit could be presented, should be \$5.00 per unit for the high school work and \$1.00 per college hour for that work. UPon motion of Mr. Smith, with a second from Mr. Wilson, it was agreed that the maximum credit to be earned in this way should be twenty hours in college courses and two or three units in high school work.

2. It was agreed to leave the matter of validation of credits presented from other institutions non-accredited and now defunct, to the discretion of the Committee on Credits and Graduation up through the requirements for the first three years.

3. Dr. Crabb was appointed to consult with President Cherry as to the amount of fees for these special examinations and also as to the person to whom fees should be paid, before any definite rate should be made.

4. Upon motion from Dr. Leiper, seconded by Dr. Crabb, it was decided that only those who can complete all of the requirements for graduation by the close of the Summer Term, be given the privilege of taking a part in the graduating exercises of the current year. This applies to candidates for Life Certificate and Degree.

5. Upon motion of Mr. B. R. Smith with a second from Mr. Burton, it was agreed that applicants for the Life Certificate and for the Degree have the privilege of completing the requirements by attending summer schools only.

6. Upon motion of Mr. Gordon Wilson with a second from Dr. Leiper, students who have completed the Life Certificate Course ^{and} wishing to return for the degree, be required to attend the last eighteen weeks during their Senior year, regardless of credits presented from other institutions. Special cases are to be left in the hands of the Committee on Credits and Graduation.

7. It was agreed by the faculty that the maximum load to be carried during the Summer School should be 12 hours of college work or two units of high school work, except as agreed upon with the University of Kentucky and the Eastern Kentucky State Teachers College.

NOTE: People who lack fourteen hours of completing the Life Certificate Course at the beginning of the Summer School may complete 12 hours in residence and the remaining two by correspondence.

The Life Certificate will be issued the individual when the work is completed. These individuals will, of course, not take part in the graduating exercises.

9. It was agreed upon motion of Dr. Stickles that applicants for the Degree in Agriculture and Home Economics must meet these requirements as well as others.

10. After a discussion of the qualifications of those who are grading papers in the Extension Department, it was the expressed sentiment of the faculty that no one with a scholarship below the A.B. and B.S. degree be employed. Dr. Stickles and Dr. Crabb together with Mr. W.M. Pearce were asked to discuss the matter with President Cherry.

Faculty then adjourned

Minutes of Faculty Meeting,
March 15, 1926.

Faculty met in regular session
in room H. of the Administration building.

The length of the Summer Session
was discussed and it was agreed that each
term of this year should be five weeks in-
stead of six weeks each.

The programs and exercises for
commencement May 30th, were discussed in
an informal way.

Minutes of Faculty Meeting,
March 29, 1926.

Dr. Cherry called the house to order and presented Dr. Crabb for an enumeration of matters to be discussed.

Dr. Crabb asked the various members of the faculty to hand him within the next day or two the names of all students in their respective classes who were making "A" or who were failing.

Dr. Grise apropos of this urged the teachers to be very careful in giving marks, as so many complications had recently arisen where "out" did not state definitely whether "sick", "dropped", or out three, five, six, eight, etc., weeks, and what "X" meant and how it could be removed.

Upon motion of Mr. W. J. Craig with a second from Mrs. T.C. Cherry, it was agreed that there should be only one commencement exercise for the graduation classes--Life to be with the Degree--and the day set for June 3rd.

Since there is to be a game of baseball Thursday of this week it was agreed to have the literary societies meet at the usual hour, but on Friday.

Mr. George Page moved that the date for the meeting of all the Literary Societies next year be put into the school calendar so there would not be this confusion hereafter and the societies would not be inconvenienced by frequent changes and shiftings of dates. Seconded by Miss Robins and passed.

Upon motion of Mr. Page with a second of Mr. Burton, after the suggestion of Dr. Crabb and Dr. Grise, it was agreed to dismiss school for Monday, April 7th, and that the faculty give their time to registration of the new students who would be entering then.

Dr. Stickles moved that the Seniors be "given off" from the Tuesday preceeding Commencement. Seconded and passed.

Motion made and passed that the Sophomores, the Life Certificate class, be excused after Tuesday evening immediately before Commencement. Motion made by Mr. Page and seconded by Miss Robertson.

President Cherry then gave an interesting sketch of some of the proposed improvements to be made on College Heights as a result of recent legislation.

Minutes of Faculty Meeting
April 12, 1926.

The Faculty met at a called meeting in room H. at 4:15 Monday afternoon, April 12.

President Cherry presided and called on Dr. Crabb for any suggestions or announcements he desired to make.

Accordingly he again requested of the members of the faculty a list of those students that were making unusually high grades as well as those who were failing in their work as a few members of the faculty had not turned these lists in.

He also presented the matter of group insurance in order to ascertain if at least three-fourths of the faculty would be interested.

President Cherry than presented the matter of attendance at the K. E. A. the Get-Together Meeting and the Banquet, etc.

A meeting of the special Library Committee was called to meet in the office of President Cherry, Tuesday afternoon at 4:15.

Relative to the greetings to be given by class and society organizations at the banquet, Mr. Leiper moved that a committee of three be appointed to receive the prepared statements in order to keep them free from too much sameness and to see that they were gramatically correct, etc. Miss Richards was made chairman of this committee and was given the power to select her assistants.

It was moved by Mr. Ford, given a second and passed, that greetings be given only from the major organizations and that all of the minor organizations be eliminated from the list.

Mr. Theophilus was given the privilege of organizing and taking his annual agricultural trip through the Blue Grass Region during the K. E. A.

The meeting then adjourned.

Minutes of Faculty Meeting
April 26, 1926.

The meeting was called to order by Dr. Crabb since President Cherry was delayed in attending the meeting.

The good of the school was discussed with special reference to the list of students who were making unusually fine grades and those who have gone to the other extreme. The list of those who are doing failing work was read and the members of the faculty were requested to confer with these individuals and urge them to greater efforts.

Upon motion of Mr. Ford, duly seconded, it was agreed that the committee on Entrance and Credits consider the matter of making definite recommendations as to the number of failures permissible before a student is automatically dropped from the institution.

It was unanimously agreed that May 3 shall be set apart as Sophomore day and that May 14 be allowed as Freshmen day. The matter of special day for the High School or Normal Group was postponed until later.

Minutes of the Faculty meeting
for August 9, 1926.

Faculty meeting was held in room H of the Administration building. Dr. Crabb expressed his appreciation of the fine cooperation that had been shown throughout the summer school. He also expressed a wish that all members of the faculty be on hand September 20th to assist in registration, as the Fall semester opened on that date.

The following teachers were given permission to change textbooks:

Miss Mary Lee Taylor, in Home Economics.

Mr. Gordon Wilson, a Grammar.

Miss Ercel Egbert, a History.

Miss Howard, an Algebra.

Mr. Willey, a text in Education.

Mr. Lancaster, one in Health and Science.

Mr. Burton, one in Rural School Supervision.

Mr. Johnston, one in Junior High School English, provided none of the present books be left on hand.

Mr. Charles Taylor a text in Agriculture.

Mr. W. J. Craig called attention to the fact that comments had been made concerning the cost of books at this place. The cost during our summer school averaged \$22.50 while at the Murray Teachers College it was \$11.00.

Dr. Crabb suggested that each member of the faculty should write Mr. Hunter, who has charge of the bookstore, and make known the changes in textbooks.

Miss Nell Robins expressed her appreciation for the kindnesses and courtesies extended her by the institution while here.

Minutes of Faculty Meeting,
October 11, 1926.

Faculty met in regular session
in room H. of the Administration building.

Upon motion of Mr. Ford it was duly
seconded and agreed that Miss Florence
Schneider be authorized to enroll every
member of the faculty as a member of the K.
E. A., and that they pay her the fee and
also have the enrollment card properly filled
out.

President Cherry called on Miss
Schneider to make a statement relative to the
bookstore. She stated that the custom had
grown among the members of the faculty asking
for charge accounts and that the manager of
the bookstore was requesting that he have the
cooperation of the faculty, and this not be
asked in the future since there is no system
of bookkeeping in the bookstore.

The question of whether it would be
well to continue the publication of the student
paper, the Herald, was then brought up. After
a lengthy discussion concerning the best form,
the proper number of issues per month, the ex-
pense, and the amount of soliciting, subscription
and whether or not the paper should be under
absolute student control or under the direction
of a faculty sponsor, or in the hands of the
students with the understanding that a faculty
sponsor is a censor of the publication, the
matter was left in the hands of President Cherry
and a committee he might appoint to work with
him. He appointed Dr. Crabb, Miss Richards, and
Mr. Gordon Wilson.

Among the students suggested as
proper managers were: Mr. Claud Howtower,
Mr. Valentine, Miss Elizabeth Utterback, and
Mr. Carman.

President Cherry asked Dr. Stickles to discuss for a few minutes the question of keeping in touch with current events and how best to disseminate current news. It was generally agreed that students should be lead to read the metropolis papers daily and to keep in touch with world and national events, but especially Kentucky's news and needs.

Dr. Grise suggested that Mr. W. J. Craig, sponsor of the seniors, request that the faculty express their attitude and wish towards the production of an annual by that class this year. The matter was left to the seniors as they wish to handle it, as has always been done heretofore. Whatever they decide to do will meet with the approval of the faculty.

Minutes for the Faculty Meeting

November 22, 1926.

Faculty met at the usual hour and place.

Work of a routine nature was completed.

The advisability of group insurance for the faculty was discussed and it was the sentiment of those present that complete information should be secured.

The faculty approved of giving the senior class permission to issue an Annual.

The matter of ventilation for the various buildings and rooms were discussed.
