Faculty Meeting

February 8, 1932.

The faculty met in regular session at 4:15 in the Little Theater.

As requested by President Cherry, there was a full meeting. He discussed for a few minutes the prospective legislation and the plans of the present Legislature for raising the amount of necessary funds to continue operation of colleges and other State institutions. He expressed himself as being optimistic. Among other things, he referred to the fact that records should be presented showing the amount of time during each day devoted by instructors, administrators, and other employees of the school to their work; also that a statement was being prepared which should be signed by each employee certifying whether or not they had been at any expense while doing soliciting work for the Western Teachers College in the states of Tennessee, Missouri, or any state other than Kentucky. Every member was requested to sign the statement immediately after adjournment.

Announcements relative to inconveniences caused by members of the faculty changing class rooms without first consulting the Dean were made.

Mr. George Woods requested permission to adopt a new textbook in Geography since he had ascertained there were no textbooks left in the bookstore which had formerly been used. Upon motion and a second it was passed that he be given that privilege.

The meeting then adjourned.

Faculty Meeting

April 11, 1932

A special meeting of the faculty was called by President Cherry in the Little Theater of the Library Building for Monday night, April 11, 1932. A full membership was in attendance.

President Cherry stated that the purpose of the meeting was for an explanation concerning a general retrenchment program to be practiced by the institution, calling attention to the fact that it is especially necessary to economize wherever possible. During his explanation, he read a definite and sympathetic statement concerning the policy to be practiced in the future. It was heard with interest.

After President Cherry talked, he requested that Mr. Cuthbertson express himself as representing the Board of Regents which he did. During this talk Mr. Cuthbertson also made some recommendations and statements endorsing the same suggestions as made or intimated in the talk of President Cherry.

Upon the motion of Dr. Stickles, duly seconded and unanimously passed, the faculty endorsed in full the statements which had been made pledging themselves to cooperate in every way.

Announcement was made in a general way concerning permission of students to attend K.E.A. Whether or not they should go for Friday, the day of the excursion, was left in the hands of the individual teachers all understanding that the school would be closed on Friday and that students and teachers would have an opportunity to go on the special train leaving Bowling Green before daylight on that morning.

The meeting then adjourned.

WESTERN KENTUCKY STATE TEACHERS COLLEGE

H. H. Cherry, President

CLARK

Faculty Meeting

September 26, 1932.

The faculty met in the Little Theater, and the meeting was called to order by President Cherry who made some general statements concerning the opening of school and the enrollment for the fall semester.

The membership for the K.E.A. and the Third District Teachers Association was brought up. Mr. Billings made a motion that the faculty be enrolled as a unit in both organizations, and that the membership fee of \$2.00 be deducted from the March salaries. The motion was seconded and carried.

Dr. Grise made a statement concerning departmental stationery. A motion was made and carried that each department buy own stationery and use uniform heading which has been approved by the committee, and the stationery can be printed at the Industrial Arts Shop. Dr. Grise reported the requirements for the thirty-two hour college elementary certificate prepared by the executive council. A motion was made and seconded adopting the corrections made by the Curricula Committee.

Mr. W. J. Craig spoke about the meetings of the clubs and the use of the Cedar House in a general way. Also presented the study of the cost of textbooks and supplies which report was furnished by the committee who has been working up this material. The report is attached.
