

see I know you
 children are
 not trouble you
 more as he said
 he was going to
 as I have not
 gotten that long
 you wish there, I'm
 if you stay, I'm
 long I will have
 think about it.
 I thought of you all
 day yesterday, where
 you were & I had you
 more coming & c. I'm
 sure you are all
 very much

My Dear Little Theodore,

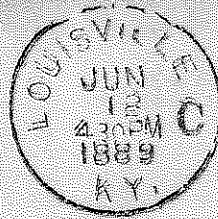

I have just
 as I received a telegram from
 your Papa, saying you were
 safe in Baltimore, and all
 well and you. I expected you
 felt more and after such a long
 journey I was glad to hear.
 but I am thinking about
 you this morning as asleep, I
 expect you did not get up
 very early. I hope you are
 well & will be a good boy
 during your trip. I miss
 you & your Papa very much
 and I think M. & M. miss you

very much. Marian followed me about like a little dog all the evening after you left even to the bath-room. I know she will and know what to do without you. Mrs Kelly stays with us all night and we have our fire all day long. The Dr. will not have to stay long at school yesterday came home early, and went back this morning to get their reports & yours, also, all of you passed so we are happy, and now at home for the vacation. Gillison went out to Mrs Coane after the cherries yesterday evening and I will preserve them today. Mrs Myer loaned me her ladder.

We have a storm yesterday morning and after that the day was lovely. The storm settled the dust & kept it from being warm.

But Mrs Kelly says it is summer
down here. This morning is
high & pretty. But I expect
the nice heat another three
before night, as we have been
doing every day almost for a
week. I hope you will have nice
weather while you are away. For
Baltimore had had enough rain.
Send God love while you are away.
Remember Ball's is a mighty
city. So stay close to and I am
a cousin Kate if you go and.
I want you to write to me
once any way & you need not
do any more. For I know how
you hate to do it. I have just
written to your Papa & your
Sister myself. Marcie is
playing with her babies & Allison
is at the piano in the parlor.
Allison stood about the

head of his class this year
& mmm have been three higher
marks if he had not have had
the mmm & three more so
very this winter, Mr. brought home
your report, and you & Mrs. are
not marked like Tillison's,
they only say you are recommended
for the next grade. Take care
of Tillison's now keep it was
kind in him to lend it to you.
Katie says she misses you so
much feels like all she has
was gone says she likes you.
Bertie Duane was and has
playing yesterday evening I
have not seen him for a long
time before, he is a big boy, but
will have to get cousin Kate a
card I am to read this for you
as I have not written it or you
can read it then turn it up. Take
good care of yourself & remember
