

14  
Glasgow 79 Aug 12<sup>th</sup> 1870

W H Grieg -

Yours 189 The addition  
of Bic extension and all connect  
but no back surface of previous one  
it was looking for the article  
on the floor down all in too much  
hurry to examine till at that time

of stand \$8.25 - Stand of 14<sup>th</sup> prep  
to Glasgow one 7 inch judgson -  
dame as the pain I got - then the  
journal with a slight shoulder  
on end with 14<sup>th</sup> that - I want  
it that way - do so can attach to it  
if I show - it is for repair - and of  
cooperated shaft drive 40 ft high  
- no part of piece but something  
in perspective - but it has to go  
in with other works - as the piece  
goes up - The amount of steel  
will about make balance due  
you to pay for judgson - if it does  
not change - 4<sup>th</sup> jug and all be  
right

Respectfully  
Yours

Allen Cunningham

= P.S. - only one judgson =
