Dear Miss Richards,

I am asking
my publishers to send
you a copy of "Aunt
Jane of Kentucky" and
"A Book of Handwoven
Coverlets" and I am
enclosing the autographs
to be pasted on the fly-
leaf.

When my poems are
published in book form
I shall be glad to send
a copy to the library of

The Kentucky Building.

I would suggest that
a Textile department be
included in the Museum
and that the students
and teachers gather up
hand-worn articles such
as corsets and Table linens.
Kentucky is rich in
these treasures and a
fine collection could be
made in Warren County
alone. And do not forget
the quilts and baskets
of the state. Every museum
has these and they are
works of art.

With all good wishes.

Yours sincerely yours.
