

Nov 30<sup>th</sup> 1908<sup>1-1</sup>  
N.Y.

My dear Miss Goss

I received  
five letters to day, about  
the wheel and of them  
I day to look fine &  
the whole neighborhood  
has been changed by  
the by the painting and  
improvements I have made.  
Now if you

Can get that Rant road,  
let cleaned off & get  
rid of the Dutch R,  
also Coal Yard & a  
new modern Passenger  
depot, when a stranger  
arrives in Hephlinth  
he will think the town  
amounts to something.  
As I wrote you

White in Hopkintonville  
started the Parange  
Station in process, a handsome  
New Parange Station  
road to Hopkintonville  
than anything  
from good. The old station is a  
disgrace. If the people  
want work for it they  
are alone to blame.  
I think I'm done

been successful in getting  
550 names to the petition  
to the President & I  
believe it will bring  
forth fruit.

If not the Congress  
has done their duty.

I am glad you have  
had such nice times &  
they must feel a new  
cheerful aspect on everything

in Southampton At the County<sup>1-2</sup>  
The New Pennsylvania  
Lawrence was shipped  
Some days ago sent.  
let him throw away  
the old ones he has.  
Make him keep them  
We in order I don't want  
to buy him a new  
Mower Cutting 20-  
every Year they say

at the Company's office  
in New York a Rem  
mover shaft last 5,  
years. It is the best  
most expensive mover  
made.

I am glad the  
Alhambra place is in such  
perfect order. You will be  
but little to do to it for  
the next 3 months. It

Can rest. The trouble  
will begin again, but  
life is full of trials.

Have that yard fully  
covered with manure. Don't  
matter how the earth  
grass must have food

---

Ma. I'm out  
the wheat when you think  
best I feed it to the cows.

All I want to do  
is to keep that manure

lot fresh & green  
during the winter months  
than too I wanted to  
wife and an evidenced  
of pin & big a riding  
so that strangers & the  
people of the town would  
not be continuously  
reminded of them  
Yours friend
