Dear Mr. Barton,

I'm sorry I'm a little late in answering your nice letter but at the time I was going to answer it & then it was put off for one thing or another & finally it got stacked behind other things & today I was clearing off my desk & ran into it again so here 'tis. I am the same Holland that drew a small picture for you back in 1939 or 40 I joined the Air Force & after four years of flying I landed on the Tribune & have been here since. Kind Regards to you
Ed Holland
