Mr. J. B. Gutherie

Scottsville, Ky.

Dear Mr. Gutherie:

My Cousin (Miss Ida Jordan) is interested in some good Buff. O. eggs and wants to know if Mr. Hallinger would sell her 2 or 3 setting of good B. O. eggs and what he would want for them. You let me know the price per setting ^{and I will let you know whether to send} and he would have to mail them to me or send them over to Mr. Richardson's store to me by some one passing. She wants them right away as late now. She had bought some for new roosters but something happened to them. Everyone around are having splendid luck with chickens and all are expecting you to test this fall.

Sincerely, Anna Button.
