Dear Ernest:

Well, this letter got there anyway. I wrote late on purpose, because you wrote late.

How much did you say Mr. Gerald that owned the furniture store down here was kin to you? He was at church Sunday. Phyllis Gerald was in my Sunday school class. Is she his daughter?

I had exactly one date with Gerald Roberts. Do you like that? You wouldn't dare tell me how many girls that you've had dates with in the last month, would you? I over kid yourself just how much means here you done in the last month!

You know, I have a diary and I was reading in it the other day and it has been almost a month since you left here. Did you ever coming down here anymore?

What did you mean when you said that someone might get a surprise Sunday? I thought that you meant you might be down here.

Last Friday night there was a senior play, a carnival, picture show & a dog & pony show in Glasgow. I went to

SC 2182

the dog and pony show, but my mother wanted me to go to the senior play - "Oh, Doctor" - that's the name of the play - I'm hat in pain!

I went to the carnival last Tuesday nite with Mildred + Marie and had my picture made. Boy, did I pose! I looked up to the ceiling!

Do you remember when you wrote me one and told me that your cousins said that I was talking bad about you. Who are your cousins? I never said anything about you and I think you made that up, really! I don't talk about people, - not much! Not about you - anything.

My Broth, is graduating this month - my - my! I - just the little baby of the family - and a freshman. Three more years - then two years of college at Nashville - then <sup>what?</sup>

Exams begin next week. Boy, can't you sympathize with me?

Where are you working now? I kinda wish I lived at Louisville, but then sometimes I had rather live in my old small home town. I bet you meet all kinds of girls up there, don't you?

Last nite a school teacher came up here last nite and wanted a date with me. He's about 23 but he looks like he was about 18, but I went to church where I ought to go. I'm really kinda a deep thinker. Don't think I'm silly but it's kinda hard to think about judgment day, isn't it? Just think where all people go! Well this isn't a sermon!

Everest, you ought to just get me started talking and I'll keep on talking to you on any subject forever!

Well - Goodnight little boy of my dreams. 

Love,

P.S. - Please excuse writing Evelyn

I saw a boy Saturday that reminded me a whole lot of you.

Dear Betty May:

We received your letter just a little while ago and was glad to hear from you all. but sorry about Earnest being <sup>in</sup> trouble. hope he gets out of it alright. Please. since he just couldn't send you any money now. he has already dicard this week salary. In advance. he had to buy some new clothes and he still owes for them about \$50 dollars.

He hasn't bought any clothes since we been out here so he was getting pretty ragged.

and he had to send Leonard some money on what he owes him. he said he would send you some money just soon as he can. We had to buy license for the dog. it makes me so mad. can't have a little dog. here and put it in the house all time with out a tag around. it nips. and we are so crazy about the little old dog. Wouldn't take any thing for him

and we havent had the car 3-2  
out the stage this winter they  
have a law here have to  
have drivers license & sticker on  
the wind shield and if you dont  
have they lock you up. does  
any one have to have drivers  
license down there. we got the  
sacusage alright and it sure is  
good. Well Betty may as say,  
Barnest is in such mess.

I hope he gets out all right  
it would be ashamed for him  
to have to marry her, and  
dont know who the kid belongs  
to. sure wish we could come  
home and live I get so darned  
tired staying alone me and the  
lady that lives across the hall  
from us stay up all nite some  
nite working gig saw puzzle I get  
so I just cant sleep at all at nite

if but it was heart breakers  
for Barnest to have to stay in  
jail all nite I guess Mrs Russell  
looks nice with red hair I would  
like to have my hair curled.  
but Rescue would have a calf.  
if I would do any thing to it  
guess you would miss Mrs Russell  
now she has fun with you so  
long.

I am not as fat as I was  
think I have lost a few Pounds.  
Roscoe told me if I started  
getting to thin he would send  
me back to Sam. it likes me  
so fat he cant see my eye.  
it sure has been cold

has last few days. I dont get  
out much for when it cold  
here it really cold. what is  
Hilma doing with his self. these  
days playing domino. Roscoe  
sleeps most all day since there  
isnt any ball games. Tell Buster  
he should be out here so  
he could give the dog his bath  
he gets so dirty and since it  
been so cold it wants to sleep.  
on foot and bed. and if I whip  
him when Roscoe is around he  
has a fit. he tells me if I want  
to whip him wait till he isnt  
home. We sure think he is some  
dog. Well Betty may guess that  
all this time write and let us  
know how Parvett comes out

many. The year Dad had summer  
if they will operate on Ida then  
they want if she can help it  
with they? Well Holland we  
will cut a "shella" when  
he come out his birthday. Well  
I guess this is about all for  
this time we can't come unless  
you can be an leader for you  
in June any way  
P.S.  
Well the "shella"  
why don't you write to me?

1312 W Eichel Ave  
 Evansville Ind  
 June 6 1935 -

Dear Alice I recd your  
 letter glad to hear from  
 all. We leave all our  
 work without school closed  
 last week, so kids are  
 like birds turned out,  
 we all went to the park  
 on Sunday. Had a very  
 good time. Walter & I had it  
 taken another egg, it  
 scarcely ever catch one  
 especially when we have  
 a supply on hand. we  
 buy the finest fresh eggs  
 each Friday from a  
 chicken farmer. just  
 dont think we could go back

2 to eggs from store. well we  
purchased a crate of strawberries  
yesterday. they are small but  
sure real nice \$1.20 per crate we  
did not get any cherries. just  
didn't have money to get them.  
but guess peaches and  
apples may be plentiful  
later. we have so much rain.  
guess it is the same with  
you. we don't have much  
garden this time only the  
little back yard tho we  
had plenty radishes lettuce  
and green onions at home.  
and buy other veg. so cheap.  
had a letter from Sister  
a few days ago. I wrote her  
to come down. she seems  
to be in such bad health. I  
feel like a week or two  
just would help her so much.  
I don't know if I will get  
to take a visit this summer

SC 2182

3. or not. you know they are 5-2  
expecting a little one at  
Lee's this summer, so their  
going is over for a time. and  
Lee has only had 2 days  
work each week for a  
long time. Walter has 3  
days some wks and part  
of the time works 5 days.  
and are expecting a  
big strike of all miners in  
R.S. The 17 of June. unless  
they agree on wages.  
sure hope they settle for it  
takes every cent he makes  
to live. I dont know what  
in the dence they would  
do if work stops for a  
time. Ben said today he would  
like to go to Sisters for a wk  
end but they have to drive  
4 mi to work and his tires  
are too bad to go any distance

4  
I have not heard from Anna  
Pearl lately. I hope she comes  
in this summer, and you be  
sure and bring her on down  
to see us. I think she might  
not be doing so well as she  
had not wrote. Heart disease  
is so treacherous you can't  
tell how it will be. I have  
a lot of trouble with my heart.  
it goes with Arthritis.  
Well the chain letter folks  
had a fight here with a  
customer, so chased them  
out. they went to Louisville  
so I saw in paper where  
they had to leave Ky. about  
that time I had 3 letters  
ready to mail, so I know  
all can't win so I guess  
I'd be the one to lose so  
I have never mailed  
them, decided not to bite.

SC 2182

well I think Ev. and Ellie  
must have gone in a hole.  
Louise said before they married  
that Ellie let her know she  
was not to go anywhere only  
when he went with her.  
said he was so jealous of  
her so I guess she stays  
in. they don't live with Mr  
S. they live near the mines  
on Dresden St. I guess  
sister that they did from  
what Stella Ellie's mother  
said. that Mr S was going  
to pay them \$15 per month.  
but Stella said where would  
Mr S. get the money. I don't  
know if he ever got the  
old age pension back they  
took it away from him

• he was trying to get it back  
Miss R as the School Educator  
but works in furniture factory  
for \$2.00 per wk. so that was  
Mrs Fannie Wimp who brought  
us home. Stella was there  
a blonde very nice looking  
and dresses so nice. and  
she is just as good as she  
looks. she sure was so  
mad. she wouldnt let them  
light at her house. she told  
father he could come home  
and stay as long as he  
pleased. but not her.  
well I guess Sister told you  
what she wrote her. well  
we sure are glad she  
expressed her self. so we  
know just where she stands  
but if I had been as lazy  
and lived in Walter and  
and Lora wait on her 1/3 of the

SC

7 time like she did, and after  
doing as she did after Hubert  
did they would have had <sup>5-4</sup>  
her but Walter wouldnt stand  
for it. said to think she  
treated his brothers memory  
as she did. I have never  
seen her since the funeral.  
Ellis is Stanley & Gibbons  
mixture, and he may  
keep her straight, but I  
doubt it. Lee and Walter  
would stop to see Mr S.  
sometime but everytime  
they did so some of her set  
stuck there so they could  
not talk to him even  
on business, so they dont  
stop. I guess he has gone  
and guess he is alright.  
well we are expecting  
you folks to come down  
just come any time you

I can I guess Mabel is as  
big as you are by this time  
guess she and Buster are  
out of school. Glad Earnest  
likes his place hope he  
gets along alright if I was  
Harry Lee I do just as E -  
had too. For if war comes  
he would have to go anyway  
and the ones who had the  
hairs will get the best  
places. Well Holland dont  
let Bettie Mac put off  
coming too long weather  
is getting settled now  
so come anytime had  
a letter from Bob I do  
hope he gets to come down  
this summer. Why dont  
you come soon and  
you can come again  
when Anna Paul comes  
in. Write soon and come

Figure 1 is a line graph showing the percentage of total energy expenditure (TEE) for different activities over a 24-hour period. The Y-axis is labeled 'Percentage of TEE' and ranges from 0 to 100 in increments of 10. The X-axis is labeled 'Time of Day' and ranges from 0 to 24 in increments of 2. Five activities are plotted: Sleeping (blue line), Resting (green line), Standing (red line), Walking (orange line), and Running (purple line). Sleeping is the most frequent activity, peaking at approximately 60% TEE between 22:00 and 06:00. Resting is the second most frequent, peaking at approximately 30% TEE between 14:00 and 18:00. Standing, Walking, and Running are less frequent, with Running peaking at approximately 20% TEE between 10:00 and 14:00.

Figure 1 is a line graph showing the percentage of total catch versus the number of hauls for various fish species. The x-axis is labeled "Number of hauls" and ranges from 0 to 10. The y-axis is labeled "Percentage of total catch" and ranges from 0 to 100. The legend indicates: 1. Yellow perch (solid line with circles), 2. Rock bass (dashed line with squares), 3. Striped bass (dotted line with triangles), 4. White perch (solid line with diamonds), 5. Rock bass (dashed line with squares), 6. Striped bass (dotted line with triangles), 7. White perch (solid line with diamonds), 8. Rock bass (dashed line with squares), 9. Striped bass (dotted line with triangles), 10. White perch (solid line with diamonds). The graph shows that the percentage of total catch for each species generally decreases as the number of hauls increases, with some species showing a more rapid decline than others.

Figure 1. The structure of the proposed model. The model is composed of three main parts: the input layer, the hidden layer, and the output layer. The input layer consists of 10 nodes, representing the input features. The hidden layer consists of 10 nodes, representing the hidden features. The output layer consists of 1 node, representing the output. The model is trained using a supervised learning approach, where the input features are used to predict the output. The model is evaluated using a set of test data, and the performance is measured using the mean squared error (MSE) and the coefficient of determination ( $R^2$ ).

Dear Niece -

I recd your letter  
but did not know I had  
been so long about answer-  
ing till I happened to see the  
date June 26. so I hope you  
forgive me and Ill try to  
be better next time. Well  
we have had the hottest  
weather we almost roasted  
but is nice and cool  
today. all the family  
are well. tho Ella is a  
sight. hardly able to get  
around. she engaged a  
Dr. and he says she

<sup>2.</sup>  
with be confined the 10<sup>th</sup> of  
Sept. always before she  
got along so well, but  
this time is so puny  
all the time. Walter Jr  
has been over in Ky the  
past 2 wks. guess they  
will bring him home  
tomorrow. He said he  
was going to stay 2 months.  
they live on the farm  
and spoil him to death.  
Kenneth is so smart and  
cute. Eugene and Dorothy  
visited with us week before  
last and Marinel and  
Wilma was with us this  
wk. They have been running  
fee ragged to take them  
to Mrs Baughts but his tires  
are so bad. the boys have  
not worked all week till

SC 2182

they called Hatter yesterday  
and today. Lee has had  
only 2 day per wk for  
some time. the he gets a  
pittance off the Gov. <sup>\$9.30</sup>  
helps a little. they have  
not settled the coal trouble  
yet so maybe if they can  
get the trouble settled  
the work may start up  
better. it is always dull  
in the summer. still fruit  
and vegetables are cheap  
and dont cost so much  
the meats of all kinds are  
high. Hatter did not rent  
a garden this time just  
planted the little garden  
here. we have nice beets and

Had a lot of early vegetables  
we went berrying Thurs only  
got 1 1/2 gal. Lee and Walter  
were with surat, so  
many of the farmers here  
have land posted and  
they will really shoot. Walter  
showed us a place where  
a man went on a place  
to get a drink at a well  
and damned old dutch  
shot him. I had a letter  
from Sister yesterday. She  
said berries were beginning  
to ripen said she had a  
chance to bump a ride  
to Louisville but could not  
leave on account of berry  
time. They were all well  
said school starts next  
mon. it is a shame they  
need the help to pick berries

then in winter when there  
is nothing to do they are  
out of school. I wanted  
sister to come home so  
bad I felt like she needs  
the rest so bad. Bettie  
mae you must come  
down. why not come  
next weekend Sun ~~the~~  
20. Willard said he was  
coming. This summer  
I don't know if we  
will get to come till  
later anyway. The reason  
I said this wk. Lora & Hattie  
go to Ky. her sister has  
a birthday dinner on  
Sun 27. and Lora always  
stay 2 or 3 wks. but if

6  
b you cant come at this  
time. come any time  
you can. have you  
heard from Anna P.  
she wrote me a letter  
that maybe she was  
coming soon by not  
sinting or maybe she  
was sick again tho I  
hope she is well. I think  
she has had her share  
of sickness. well how  
are the kiddies I sure cant  
realise they are getting  
so big. well I guess I'll close  
supper is ready we are  
having our first fried chicken  
they have been so high tho we  
get the finest steak for 20 cts  
per lb. write and come  
soon. give love to all  
your Auntie. Emma

if Anna Pearl comes in  
be sure and come down  
with her if you don't  
come sooner. I still  
have not heard from her.  
Hope she is not too bad  
health again. Tell Willard  
to get Nashville. Sun A.M.  
11 o'clock. He can get the  
Business mens S.S. where  
Harry Lee goes. He read  
a chapter to the congregation  
a few sun. ago. He wrote  
he made such good  
grades in his H.S. school  
work. I am so glad he  
is doing well, but I was  
so much in hopes when  
he got to Nashville he'd manage  
to get the family out of the  
dry hole, but I guess it is  
Sisters fate to finish out her  
life there. will write soon

will this is Monday A.M.  
and as hot as blazes. we are  
canning peaches. had about  
a bu out of our little  
garden and left some to  
eat we sure miss our butter-  
beans and other vegetables.  
Lee Ella and Kiddie  
came after me yesterday P.M.  
and we went to Harris park  
to musical concert. was fine  
such a big crowd. I came  
home this A.M. with Lee as  
he went to work. Lora has  
been having toothache so  
bad had I pulled Fri. she  
thinks she'll have them  
all pulled and have store  
teeth soon. Bettie Mae

you. Well I guess children  
are in school. and I

prepare lunch every day  
just don't see how you  
do it. well I guess you  
are canning brulies it  
is so hot to pick you  
had better be careful  
or you will get too hot.  
Walter went this morning  
at 7:30. hope he gets a few

doz 's gal for her only  
charges 20 ct per gal. and  
come there. we want to Henderson

2.  
mid, it was so hot I don't  
feel good. Walter Jr came  
home with us. He grows  
so fast. Ella does not feel  
so well she sure is a  
sight. they are only working  
2 days. and her Doctor  
alone will cost \$35.00  
all Dr charge that and  
here. well I guess you was  
surprised to see Opal. glad  
you got a little drink.  
you wrote about her husband  
they have a fine airport  
here. a few Sundays ago  
they had 35. airplanes here  
they flew in formation  
like they do in war. had  
parachute jumping  
and all kinds of stunts  
sure is a dangerous thing.  
I was so glad to hear that

Harry Lee was attending  
S.S. and doing so nice,  
so many young people  
are getting into such  
terrible trouble, just hope  
he lives right and makes  
a nice man. He was  
always such a good kid.  
do you have a good teacher  
this time. I hope the kids  
do well in school.  
Sister did K. have his  
tooth fixed, it ought to  
be done before the other  
teeth get out of shape.  
I would not have a big gold  
tooth if I had a ~~whole~~  
natural tooth with just  
a tiny gold filling and

"be pretty. you don't see the  
big gold teeth any more.  
I imagine Ewing would  
do a good job. and it  
ought to be fixed by all  
means. It hurts her  
looks so much. well I had  
a lough about. All of  
Tommy - sure would be  
a pair. wouldn't old  
blips. and old Gillie  
mop up with all the  
old man's money. ha  
and if Julie is fool enough  
to take old blips. there  
will be a killing. for Paul  
is a Rector. and would  
stand to see his doing.  
he treated Lucy worse than  
a dog in all town that.  
indeed if I was you I'd not  
him a thing to do with getting

as good a man as Mr Lark  
in with a bunch of crookes  
like that. well how are  
crops up there. it is so  
hot and dry here every  
thing is most burned up.  
tho we get veg. cheap from  
country and apples. there  
has not been any peaches  
around. but we get nice  
ones at a most reasonable  
have had just a few to eat.  
Margene and dots and  
with us to H and a beautiful  
day with Loras sister had  
the nicest dinner. she  
cooks 2 ficers they were so  
nice. Mrs Butler still lives  
alone. Mrs Foss died was

6 buried Sam. she was the  
last of the 4 sisters.  
Katharine Hurr married a  
Baskett boy. James is  
married too. They say  
they were all awful  
mean to Mrs Hurr. but  
guess Cecil (he is the only  
child) will be ready to  
gobble up the property just  
the same. he is sheriff  
will Walter was to see Mr S.  
a few minutes not long ago  
he had had a spell with  
his heart. 3 men were there  
in front room he called Walter  
in back said when he died he  
had something he wanted him to  
keep. get. and behold was Enlys

a living as Hubert did.  
and her fear up her clothes  
like she did there. all  
but she gets cards you  
write to Mr. S and he  
don't get them. Mr S did  
not let her have the store.  
Walter said it was still  
there. old woman down  
there said Mr. S. had always  
give 2. money along ever  
since Hubert died so  
cant expect Lee and Walter  
to take off their families and

I give to him, Ellis said  
He would not take care  
of him a year for all  
he had. He had cashed  
his insurance to live  
on and still rents the  
house for 8 per mo. They  
took his pension away  
and told him to rent  
the prop and live on  
it, but there is no sale  
for anything. Well I  
will close write soon  
I will try to write so

Dear Madam:

Your letter of the 11th instant to Colonel J.P. Barney, Field Artillery, has been referred to the undersigned for reply and I wish to inform you that his Commanding Officer does not desire his services again in his organization, and that your letter was forwarded to the Commanding General, Fifth Corps Area, Fort Hayes, Ohio, and he also refuses to restore him to duty, therefore there is nothing more that can be done to have him reenstated and restored to a duty status.

Very truly yours,

Dear Betty

I will try and answer  
your letter I received a  
few days ago. I got back  
just in time to go and  
fight a fire in Montana.  
I got a letter from home  
and Lula the other day.  
While I was on fire the  
rats ruined my suits  
and I ordered a new one  
and had sent home.

The troop train run  
Friday and all the old boys  
got kicked out and I wish  
I had too and come home  
but you see I decided to  
stay a while longer.

I'm sorry about Ernest  
quitting his job he told me

he was going to and told me  
where he was going and  
you'll find him at his  
Grandmother.

Is Mable still working  
at the Laundry? How long  
did Buster stay at Kentucky?  
Tell S.C. I'll send him  
his money pay day and I  
don't know where I'll  
pay Mildred as not because  
the way she has done she  
don't need any money.

Is Willie still going  
to be operated on and I  
think I'm going to be again  
but don't say anything about it  
so they won't hear it at home.  
Well guess I'll close.
