Dear Sir / Madam,

My name is Sarah Loughlin and I am an undergraduate at the University of Exeter. For my final year dissertation I am conducting a research study in the area of water skiing. Please help me to collect data about the water skiing season 2010 by filling out my questionnaire. Feel free to omit any questions you don't want to answer. All data will be kept anonymous.

Questionnaire will take about 5 minutes of your time. Please follow the link below to begin:
