PROPOSED CONSTITUTIONAL AMENDMENT
Representation

According to the Constitution of the Associated Student Government, the preamble states that one purpose of the ASG is "to represent the student body more effectively, and also, in Article 3, Section 6, part A stating that Congress shall establish policies and programs necessary for the proper functioning of ASG in compliance with the principles and provisions in this Constitution."

Therefore, in order to represent the individual students more effectively, be it resolved that Congress will, beginning with the election in the spring semester of 1977, designate 17 precincts as outlined below.

Within each precinct, one representative at large will be elected by those students in residence. This representative will be held responsible to those people whom he represents (his constituents and only to those people. It will be up to that representative to initiate any and all programs that he believes will benefit his constituency. He may receive any input he feels necessary from his precinct by polls, questionnaires, etc. In this way, his vote will truly represent those people.

The student must be from that precinct to run for that precinct's representative. These representatives will be elected only by those students in his respectable precinct. Polling booths will be placed in each of the precincts making it readily available for students to voice their choice.

Because the office of Student Affairs stands responsible to certify any elections by the student body, let it be suggested that the office enlist the participation and assistance of dorm director in this responsibility.

Precincts shall be the following:
1. Pearce-Ford Tower (2)
2. Keen (1)
3. Poland (1)
4. Bemis (1)
5. Barnes (1)
6. N & E (1)
7. S & W (1)
8. Central (1)
9. McCormack & Potter (1)
10. Rhodes & Gilbert (1)
11. McLean & Bates (1)
12. All commuters will vote at the Downing Center and will have 5 representatives, selected from only those people living off campus.

PROPOSED AMENDMENT TO THE BY-LAWS

Attendance - A.C. Caucus

Whereas, in the past student representatives to the Academic Council who serve simultaneously in ASG have not been held accountable to the attendance regulations of ASG.

And, whereas, there have been numerous occasions expressed no desire to serve on ASG.

Hereby, be it resolved that any student representative to the Academic Council who misses six (6) ASG meetings in their term of office, or two (2) by written notice resigns his/her seat on ASG, will consider themselves dismissed from ASG and the President will fill the seat through his/her nominating powers.

PROPOSED AMENDMENT TO THE BY-LAWS

Attendance Appeal

Concerning Removal:

Any student congressmember absent from more than six (6) meetings of the student congress shall appear before the congress there to show cause why he or she should not be removed, following which the student congress shall vote whether or not to remove the student congressmember. Any student member who does not show cause at the first regularly scheduled meeting, after being contacted of the option, following the sixth absence is removed.

PROPOSED AMENDMENT TO THE BY-LAWS

Roll Call Votes

The members of ASG are ideally elected for the purpose of representing the student body of WKU. A major problem of ASG at Western stems from the fact that few students are aware of their representative's stands or voting records on issues presented to Congress.

This problem reflects a lack of communication between the members of ASG and the student body.

In an effort to bridge this communication gap be it resolved that roll call votes be taken on all resolutions, bills, and amendments to the by-laws that are presented to ASG.

Also, be it resolved that these roll call votes should be made available upon request to any WKU student.

The availability of these voting records will therefore enable each student the means with which to judge the representation being given by each ASG member.

If passed this process should begin the week following ratification of it.
