RE: Sabbatical Report  
DATE: 30 July 2014

I am very pleased to report the many successes associated with my Spring 2014 sabbatical.

I wrote and submitted the following book chapters or manuscripts:

I gave following presentations:

“Reducing Readmission Rates: How are Hospitals Improving Care Transitions of Medicare Beneficiaries in Compliance with the Affordable Care Act,” Annual meeting of the Southern Gerontological Society, Little Rock, AR, April 4, 2014. (Hannah Ruggles – student & D. Bradley).

Achievable Health Outcomes in an Age-Friendly Community, Grand Rounds, University of Otago School of Medicine, Dunedin, NZ, July 22, 2014.

I spent 7 days in the Hocken Archives at University of Otago, Dunedin, NZ in July and retrieved additional letters and diary entries (good stuff).

Based on the development of these manuscripts and those imagined for the future, I feel well positioned to pursue my career with additional vigor and creativity. Thank you for this investment in my professional development.
