Council on Accreditation of the National Recreation and Park Association

Western Kentucky University Bulletin (USPS679-620) is published quarterly by Western Kentucky University, Bowling Green, Kentucky 42101. Entered as second class matter at the Post Office, Bowling Green, Kentucky 42101.

Volume 61 February 1987 Number 1

All statements in this publication are announcements of present policy only and are subject to change at any time without prior notice. They are not to be regarded as offers to contract.

STUDENT RESPONSIBILITY

All colleges and departments of the University have certain requirements which must be met before a degree is granted. The student is responsible for fulfilling them. If requirements for graduation have not been met, the degree will not be granted. Thus, it is important for each student to become acquainted with all academic requirements and to be responsible for completing all such requirements in a timely manner. In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation.

Requests for waiver of the regulations stated in this bulletin must be presented to the Graduate Council. The student must first present the request in writing, along with supportive documentation, to the department head in which the program of study is located. The request is then considered by the department and college committees before being acted upon by the Graduate Council.

STATEMENT OF COMPLIANCE

Western Kentucky University is committed to equal opportunity. It is an Equal Opportunity-Affirmative Action Employer and does not discriminate on the basis of age, race, color, religion, sex, national origin, or handicap in any employment opportunity. No person is excluded from participation in, denied the benefits of, or otherwise subjected to unlawful discrimination on such basis under any educational program or activity receiving federal financial assistance.

If you have experienced discrimination in such educational programs or activities, written inquiries about procedures that are available at the University for consideration of complaints alleging such discrimination should be directed to the President's Office, Western Kentucky University, Bowling Green, Kentucky 42101. Inquiries about such alleged discrimination also may be made directly to the Director, Office of Civil Rights, United States Department of Health, Education, and Welfare, Washington, D.C. 20201.

Inquiries about employment discrimination may be directed to the Affirmative Action Officer, Western Kentucky University, Bowling Green, Kentucky 42101, or The Commission on Human Rights, Commonwealth of Kentucky, 828 Capital Plaza Tower, Frankfort, Kentucky 40601, or Equal Employment Opportunity Commission, 1800 G Street, N.W., Washington, D.C. 20506, or Office of Federal Contract Compliance, United States Department of Labor, Washington, D.C. 20210.

**THE UNIVERSITY**

**Historical Sketch**

Western Kentucky State Normal School, located in Bowling Green, was established by an act of the 1906 Kentucky General Assembly. Prior to 1906, there had existed in Bowling Green the Southern Normal School and Bowling Green Business University, whose president was Dr. Henry Hardin Cherry. In 1907 the Southern Normal School was transferred to the state, and Dr. Cherry was selected as the first president of Western Kentucky State Normal School. In 1922 the Kentucky Legislature changed the school's name to Western Kentucky State Teachers College and empowered the College to award degrees to its graduates. In 1930 the school's name was changed to Western Kentucky State Teachers College, and in 1948 to Western Kentucky State College. The Kentucky General Assembly in 1966 designated Western as a University and changed the name to Western Kentucky University.

**THE GRADUATE COLLEGE**

**History**

Western began offering the Master of Arts Degree in 1931. This program was discontinued in 1936 but was resumed in 1941. The granting of university status in 1966 gave the Graduate School (renamed the Graduate College in 1969) increased opportunity both to strengthen existing programs and to offer an even wider choice of program areas.

**Administration**

The Dean of the Graduate College is charged with the administration of policies regulating and relating to graduate studies. It is his/her responsibility to certify that candidates have fulfilled requirements for advanced degrees.

The Graduate Faculty consists of faculty members recommended by department heads and college deans, and approved by the Graduate Council. The Graduate Council, which represents the Graduate Faculty, recommends and reviews policies pertaining to the operation of the Graduate College. In addition, it reviews and makes recommendations regarding new graduate programs and alteration of existing programs. Requests for waiver of regulations stated in this bulletin must be presented to the Graduate Council.

**CULTURAL, RELIGIOUS AND RECREATIONAL OPPORTUNITIES**

**Music**

The Department of Music sponsors a number of musical presentations including seasonal concerts. In addition, many faculty and student recitals are given throughout the year.

**Theatre**

The Department of Communication and Theatre and the Western Players present a series of programs during the academic year. Summer Theatre programs are provided. A small fee is charged for admission to major productions; however, there is no admission charge for one-act plays produced by the Department.

**Art**

The Department of Art has a gallery in the Ivan Wilson Fine Arts Building where a display is usually on exhibit.

**Foreign Languages**

Each year one graduate student is permitted to go to Montpellier, France, on a University Workshop. While there, the student may take courses for transfer to Western and will serve as advisor to Western undergraduates who are attending the University Paul Valery on the Western-in-France program. In order to have the experience needed for this advisory function, the graduate student must have spent his/her junior year in Montpellier.

**Lecture Series**

The Rodes-Helm Lecture Series was endowed in 1961 by Mr. and Mrs. Harold Helm of Montclair, New Jersey. The lecture series is named in honor of the late Judge John B. Rodes, father of Mrs. Helm, and in honor of Miss Margie Helm, sister of Mr. Helm and former Director of Library Services at Western. Income from this endowment is used to bring three or four distinguished lecturers to the Western campus each year. Students, faculty and the general public are invited to the lectures.

**Planetarium**

The Hardin Planetarium, adjacent to the Thompson Science Complex, contains a Projection Hemisphere Room and a roof-top observatory which houses a 12 1/2-inch Cassegrain reflector and associated photoelectric equipment.
Recreational Activities

Students and faculty are encouraged to use the Athletic Complex facilities. Swimming, dancing, tumbling, gymastics, table tennis, judo, karate, wrestling, basketball, volleyball, badminton, tennis, weight training, conditioning, handball, squash, tennis, and archery facilities are available. Equipment is made available on a non-charge basis to students, faculty, and staff.

Religious Life

Since Western Kentucky University is a state-supported institution, it is non-denominational. Religious activities are, however, available to students.

LIBRARIES, RESOURCE CENTERS AND INSTRUCTIONAL MEDIA

Support to the Research and Instruction Program of the University is provided through the activities and programs of the Divisions of Library Services and Media Services. These programs provide services for the acquisition, utilization, and dissemination of all types of instructional resources.

Library Services

Four library and resource centers serve the academic community at Western Kentucky University. They are (1) Helm-Cravens Library, (2) Kentucky Library and Museum, (3) Science Library, (4) the Educational Resources Center. These libraries and resource centers are organized into divisional collections. This arrangement allows maximum benefits for reference and research activities among its 566,000 volumes; 10,000 journal holdings; and 1,200,000 microform units within the libraries. An on-line computerized resources management system with remote video display terminals provides the library user with immediate data on the availability and status of library resources.

Individual carrels are provided for students engaged in thesis or research projects, and rooms are provided for graduate seminars. The library offers aid to researchers through extensive bibliographies, indexing and abstracting services, and interlibrary loans. The library is a depository for federal, state, and selected United Nations documents. Significant collections of research materials in several fields are available in various forms of micro-reproductions. Various computer based research services are available. Western also holds membership in the Center for Research Libraries (CRL) which provides the library and its patrons with access and borrowing privileges to over three million volumes and 14,000 journal titles in a wide variety of subjects and languages. Western is a member of the Southern Library Network (SOLINET). Online bibliographic search service is available on a fee basis.

A special research collection is housed in the Kentucky Building. These resources consist of both printed materials and museum collections relating to all phases of Kentucky life. There are 25,000 volumes, a large number of early newspapers and periodicals, state documents, broadsides, photographs, maps, microfilm, original cartoons, oral tapes, and art prints. Also available are church records, clippings, sheet music, and scrap books. The manuscript division includes collections such as the Lewis-Stirling papers, the Joseph R. Underwood papers, the Proctor Knott Collection, the Calvert-Younglove Collection, the Frank Cheif Collection, the Helm-Carson Family papers, and the Janice Holt Giles Manuscripts. The Courtney Ellis River Collection, the H. O. Potter Daviess County Collection, and the Lilly Bland Carter Poetry Collection are other notable collections housed in the manuscript division. The Kentucky Library also houses the Gordon Wilson Linguistic Study of the Mammoth Cave, the Allan Trout Collection, and the South Union Shaker Materials.

Museum holdings include items of natural history, Civil War relics, furniture, art, musical instruments, toys, jewelry, and textiles as well as pioneer relics, early types of lighting, tools and weapons, and models of Kentucky forts and homes.

Media Services

The Division of Media Services consists of three units: (1) the Audio Visual Service Center, (2) Educational Television, and (3) Public Radio Services. The Audio Visual Service Center provides resources and utilization assistance for the campus. The Educational Television unit provides instructional support and operates a cable channel on the Bowling Green Warren County system. Public Radio Services operates WKYU-FM and WDCL-FM.

Archives

The Archives is a repository for University records required for administrative functions and historic study of the institution and its genealogical antecedents.

Research and Computing Services

Computing and consultation services for research and instructional application are provided for faculty and students by the Area of Research and Computing Services in the Office of Institutional Research. Most computing for research and instructional application, with the exception of data processing and computer science classes, is done on a batch terminal connected to the Kentucky Education Computing Network. The University maintains a small business-type computer and a time-sharing system which are used primarily for instructional programs in data processing and computer science. The University's central computer facilities are used mainly for administrative applications.
The wide variety of computer programs and statistical packages that are maintained will satisfy most data analysis requirements. Although the primary responsibility for research design and data analysis rests with the individual researcher, the Area assists students and faculty by providing methodological programming, and other services related to the use of computer facilities. Academic and research computing facilities are operated on an open lab basis during periods that approximate normal library hours.

Cooperative Education

Cooperative education integrates classroom study with specific periods of supervised, career-related work experience. Graduate students work in public and private organizations throughout the country. Most participating departments offer academic credit for co-op experience. For additional information, contact the Cooperative Education Center, Potter Hall 214.

Housing Facilities

Residence hall applications (with advance payment) should be sent to Director of Housing, Western Kentucky University, Bowling Green, Kentucky 42101. Residence halls are assigned according to student preference and availability of space. Graduate student floors are located in Bemis Lawrence Hall for women and Pearce-Ford Tower for men. Telephones and compact refrigerators are provided.

Food Services

Food services maintained on campus include the Garrett Conference Center Cafeteria, which offers a voluntary board plan, and the Downing University Center Cafeteria, Snack Bar, and Grill. Vending services are available in all dormitories.

Counseling Services Center

The Center, located in Room 408 of the College of Education Building, provides counseling services and is responsible for the administration of national testing programs. Contact the Center for appointments and for test information.

FINANCIAL ASSISTANCE

Loans

National Direct Student Loan. This long-term loan is designed to assist the student whose family income and total assets place limitations upon other sources (bank loan, family savings, etc.) of educational funds. The loan is interest free while the student is in school and charges only five percent interest during the repayment period. In addition to the interest-rate advantage, the borrower may discount 15 percent of the loan each year, up to 100 percent of the total loan, by teaching in an elementary or secondary school in an economically deprived area.

Guaranteed Student Loan. This long-term loan may be secured through the student’s local bank. Student applicants who qualify for interest subsidy begin paying interest at a rate of eight percent upon expiration of a six months grace period after student status ceases.

College Heights Foundation Loan. This loan permits borrowing for extreme emergencies at low interest and requires repayment on a short-term basis.

Workshops

The University participates in both a work-study and a regular program of employment whereby a student may work 15 hours per week during the regular term of study, providing such work is needed to balance the college expense budget. The work-study program offers summer employment which permits the student to work 40 hours per week. Eligibility to participate is based on family income. Assistance in obtaining off-campus employment is also available.

Application Information. Application forms for financial assistance are available in:

Department of Student Financial Aid
Western Kentucky University
Bowling Green, Kentucky 42101

For maximum consideration, apply before April 1.

Research Grants

Graduate students are invited to submit proposals for University research grants. Information as to application deadline and required proposal form may be obtained from the Graduate College.
Veterans Administration Benefits

G.I. Bill. Students who have had more than 180 days of active service with the Armed Forces after January 31, 1955, or have served less than 181 days but received an honorable discharge for service-connected disability are eligible for educational assistance under the Veterans Readjustment Benefits Act of 1956. Applications are made directly to the Veterans Administration, 600 Federal Place, Louisville, Kentucky. Application forms are available in the Department of Student Financial Aid. War Orphans and Widows of Deceased Veterans and Children, and Wives of Disabled Veterans should contact the Veterans Administration nearest their hometowns for determination of eligibility for educational assistance.

Graduate Assistantships

Graduate assistantships are available in various departments and service areas to qualified students. Stipends vary depending upon the student's qualifications and duties assigned. In addition to the stipend, the out-of-state portion of the graduate assistant's fees is awarded in the form of a scholarship during the period of appointment and the summer term following a spring semester appointment. Course load requirements for graduate assistants are stated under "Course Load." Since graduate assistants have responsibilities for their own studies and for services to the University, they are not permitted to hold an assistantship while employed elsewhere.

Graduate assistants have professional responsibilities to the University; therefore, they are expected to familiarize themselves with the University policies and responsibilities and to fulfill their obligations in this respect. Stipends are paid twice per month.

The applicant for a graduate assistantship must have been admitted to a graduate program, must have an overall undergraduate grade point average of at least 2.8 or a score of not less than 1350 on the General (verbal, quantitative, and analytical combined) Test of the Graduate Record Examination, and should apply prior to February 1. The assistantship application and three letters of recommendation (to be requested by the student, not the Graduate College) must be submitted to the Dean of the Graduate College. Appointments are based upon the recommendation and approval of the head of the department and the dean of the college in which the assistantship is granted.

Graduate assistant appointments may be terminated upon failure of the appointee to maintain a grade point average of at least 3.0 in all coursework during any enrollment period or upon failure to maintain conduct compatible with the University's function as an educational institution as defined in "Hilltopics, A Handbook for University Life," an annual publication of the Office of the Dean of Student Affairs.

Minority Assistantship Program

Consistent with the Commonwealth of Kentucky's desegregation plan, the University is committed to raising the proportion of black Kentuckians receiving graduate degrees. Graduate assistantships are available.

Senior Citizen Scholarship Program

Persons 65 years of age and older are granted tuition scholarships for any college class for which they enroll, whether for credit or audited.

GENERAL INFORMATION

Academic Year

The University provides a year-round instructional program consisting of the fall and spring semesters and a summer term (8 weeks).

Registration Procedures

The computer is utilized to facilitate registration for Western students. Spring semester, fall semester, and summer term registration packets will be prepared without request for all students who have applied for admission for that term. Registration packets shall be made for all graduate students who have been enrolled during the year prior to the registration for which packets are being made. For a specific registration, a packet will be prepared for every graduate student who was enrolled in any one term during the preceding year, as follows:

<table>
<thead>
<tr>
<th>Specific Term</th>
<th>Previous Terms of Registration</th>
</tr>
</thead>
<tbody>
<tr>
<td>Spring</td>
<td>Spring, Fall</td>
</tr>
<tr>
<td>Summer</td>
<td>Summer, Fall, Spring</td>
</tr>
<tr>
<td>Fall</td>
<td>Fall, Spring, Summer</td>
</tr>
</tbody>
</table>

Students who were previously admitted but were not enrolled during the preceding year must complete a packet request form, obtained from and returned to the Graduate College.

Registration for extended campus classes is usually accomplished at the first class meetings. Contact the Office for Extended Campus Programs, 116 Van Meter Hall, for information.

Schedule Changes. The University reserves the privilege of canceling any course which has insufficient enrollment to justify its continuation. Other adjustments in the schedule may be made when necessary.

Withdrawal From Class. A student who finds it necessary to withdraw from a course should notify the Office of Registrar.
Graduate Fees

</tr>
</tbody>
</table>

Note: Fees are subject to change without advance notice. Graduate students in music should refer to the department section for additional fees.

A minimum of nine graduate hours during a regular semester and six graduate hours during a summer session is required for classification as a full-time student.

Course Numbering System

500-700: Courses numbered 500 and above are open only to graduate students. At least 15 hours of the master's degree program and at least 21 hours of the specialist degree program must be earned in courses open only to graduate students.

400G: Upper division undergraduate courses which are numbered at the 400-level and have a "G" designation (e.g. Eng. 401G) may be taken for graduate credit. In these courses, graduate students are expected to complete additional course requirements as prescribed by the instructor.

300: Courses numbered at the 300-level are for undergraduate credit and can be taken for graduate credit only in exceptional cases when permission is granted prior to enrollment in the course. Any request to take a 300-level course for graduate credit must be accompanied by a letter of justification from the department head and must be approved by the college dean and the graduate dean.

FEE ASSESSMENT POLICY

The policy on classification of students for registration fee assessment purposes at state-supported institutions of higher education was established by the Kentucky Council on Higher Education. It is printed below.

Section 1.

INTENT: Under current law the Council on Higher Education as a matter of policy establishes a higher fee or tuition for non-resident students attending public institutions than that charged Kentuckians. It is the intent of the Council on Higher Education that the state institutions of higher education in the Commonwealth of Kentucky shall apply uniform interpretations, as described in this policy and not otherwise, in determining whether students shall be classified as residents or non-residents for fee assessment purposes.

Section 2.

DEFINITIONS. Wherever used in this policy:

(1) The word "institution" shall mean a college, university, or community college supported by appropriations made by the General Assembly of Kentucky.

(2) The word "residence" or "reside" shall denote continuous presence within this State, provided that temporary absence for short periods of time shall not affect the establishment of a residence.

(3) The word "domicile" shall denote a person's true, fixed, and permanent home and place of habitation. It is the place where that person intends to remain, and to which that individual expects to return when leaving without intentions of establishing a new domicile elsewhere. Residence and domicile convey the same notion of permanence and principal home and are used interchangeably.

(4) The term "emancipated person" shall mean a person who has attained the age of 18 years, and whose parents: (A) have entirely surrendered the right to care, custody and earnings of such person; (B) who no longer are under any legal obligation to support or maintain such person; (C) who no longer, in fact, voluntarily contribute substantial financial assistance; and (D) whose parents' income is not taken into account by any private or governmental agency furnishing financial educational assistance to such person, including scholarships, loans and other assistance. If all of the aforesaid dependency tests are not met, said person shall be deemed an "unemancipated person."

(5) The word "parent" shall mean a person's father or mother, or the parent having custody, or if there is a
legal guardian or legal custodian of an unemancipated person, then such guardian or legal custodian; provided that such guardianship or custodianship was not created primarily for the purpose of conferring the status of resident on such an unemancipated person.

(6) Attendance at a college or colleges in this State shall be deemed “continuous” if the person claiming continuous attendance has been enrolled at a college(s) in this state as a full-time student, as such term is defined by the governing body of said college(s), for two consecutive regular semesters since the beginning of the period for which continuous attendance is claimed. Such person need not attend summer sessions or other such intersession in order to render person’s attendance “continuous.”

Section 3
GUIDELINES FOR DETERMINATION OF STATUS.

(1) The domicile of an unemancipated person is that of one’s parent.

(2) Upon moving to this State, an emancipated person who provides persuasive evidence of domicile may apply for resident classification for unemancipated children; and provided that said person is not personally in this State primarily as a full-time student, one’s unemancipated children may at once be so classified.

(3) Any person who remains in this State when that individual’s parent(s), having theretofore been domiciled in this State, removes from this State, shall be entitled to classification as a resident while in continuous attendance at the degree level in which currently enrolled.

(4) An unemancipated person whose parent is a member of the Armed Forces and stationed in this State pursuant to military orders shall be classified as a resident. The student, while in continuous attendance at the degree level in which currently enrolled, shall not lose resident status when that individual’s parent is thereafter transferred on military orders.

(5) An emancipated person who moves to the State within six months from the date of discharge from the military service with the stated intent of becoming a resident of the State shall be permitted to count such time spent in the military service toward meeting the presumptions outlined in Section 4, provided the individual entered military service from the State of Kentucky or maintains a home of record and permanent address in Kentucky at the time of discharge.

Section 4
PRESUMPTIONS. Unless the contrary appears from clear and convincing evidence, it shall be presumed that:

(1) Except as provided in Section 4(2), every person remaining in this State in a non-student status for the twelve months immediately preceding the last date for enrollment in the institution shall be presumed to be a resident student for fee assessment purposes. No person having a domicile elsewhere in this State shall be classified as a resident for fee assessment purposes.

(2) No emancipated person shall be deemed to have gained residence while attending any educational institution (public or private) in this State as a full-time student, as such status is defined by the governing board of such institution, in the absence of a clear demonstration that the student has established domicile in the State. However, attending college in a part-time status will not prevent such person, who has bona fide full-time employment in the State from establishing domicile.

(3) The domicile of a married person shall be determined by the provisions of these regulations independent of the residency of the spouse.

(4) A person does not gain or lose resident status for reason of presence in any state or country while a member of the Armed Forces of the United States. However, a member of the Armed Forces of the United States stationed in Kentucky on military orders, except members of the Armed Forces specifically assigned for educational purposes to state-supported institutions of higher education, is presumed to be domiciled in the State and shall be entitled to classification as a resident while on the active duty in this State pursuant to such orders. Resident status is similarly granted to one’s unemancipated children.

(5) In the event an unemancipated person’s parents should have separate domiciles, one’s domicile shall be that of the parent having legal custody. In the event neither parent has legal custody, one’s domicile shall be that of the parent furnishing the greater financial assistance.

(6) Use of records. A student whose admissions records show that individual to be a graduate of an out-of-state high school and one’s residence to be outside of Kentucky will normally be classified as a non-resident.

(7) Aliens. Aliens lawfully admitted to the United States for permanent residence under a permanent visa may establish Kentucky residence in the same manner as any other non-resident. An alien who possesses a student visa cannot be classified as a resident.

Section 5.
TYPES OF EVIDENCE TO BE CONSIDERED FOR ESTABLISHMENT OF DOMICILE. If a person asserts that a domicile has been established in Kentucky for a period of twelve months immediately preceding the last date for enrollment in an institution, that individual has the burden of proving the point. The following statements pertain to the kinds of evidence that will be considered in reviewing an assertion by a person that one is domiciled in Kentucky.

(1) The following facts, although not conclusive, have probative value in support of a claim for resident classification: acceptance of an offer of permanent employment in this State; former residence in the State and the maintenance of significant connections therein while absent; or abandonment of a former domicile and establishing domicile in the State with attendance at an institution following and only an incident to such domicile.

(2) The following facts are not necessarily sufficient evidence of domicile: employment by an institution as a fellow, scholar, assistant or in any position normally filled by students; a statement of intention to acquire a domicile in this State; voting or registration for voting; the lease of living quarters; payment of local and state taxes; Kentucky automobile registration; Kentucky operators license; continued presence in Kentucky during vacation periods; marriage to a Kentucky resident; or the ownership of any real property.

Section 6.
RESIDENCY CLASSIFICATION AND APPEAL PROCEDURES. Each institution shall establish a Non-Resident Fee Committee to consider changes in resident status based on the above criteria. Application for change of resident classification shall be made in writing to the Office of the Registrar or to the Chairman of the Non-Resident Fee Committee. The Chairman may present each case to the Committee for a final decision, and the student will be notified in writing as to the disposition of the application.

In the event of a ruling by the Non-Resident Fee Committee which is unsatisfactory to the student, the student may request that a copy of the file be submitted by the Chairman to the Executive Director of the Council on High-
GRADUATE COLLEGE REGULATIONS

Section 7. EFFECTIVE DATE. These revised guidelines became effective on July 1, 1975, and supersede all previous policies of the Council relating to classification of students for fee assessment purposes.

Course Load

In general, the number of semester hours of credit which may be earned during a given term may not exceed the number of weeks of instruction.

During a regular semester, the course load for a full-time graduate student is 9-15 hours with 9 being the minimum and 15 the maximum. During the 8-week summer session, the minimum and maximum course loads for a full-time graduate student are 6 and 9 hours.

A graduate assistant is expected to be a full-time graduate student enrolled in 9-12 graduate hours each semester. An assistant may enroll in an undergraduate course(s) and apply those hours toward full-time status provided the course(s) is included on the official graduate program (Form C or B). When the course load includes both undergraduate and graduate courses, there must be a minimum of 6 graduate credits. For example, full-time graduate student status may be obtained with 6 graduate credits and at least 4 undergraduate credits. During the 8-week summer session, a graduate assistant must enroll in 3-6 hours, 3 of which must be graduate level.

Time Limitation for Completion of Degree

All requirements for the master's degree must be completed within five years from the date first course is taken.

All requirements for the specialist degree must be completed within six years.

Transfer Credit

A maximum of 12 semester hours of graduate credit earned at another institution may be accepted toward meeting course requirements for the graduate program. However, a college/department may set more restrictive policies concerning the number of hours that will be accepted in the respective program; for example, the Business College permits only 6 hours of transfer work. In any case, these requirements must be met:

1. The credit(s) must have been earned at an accredited graduate institution.
2. The coursework to be transferred must be properly designated as having been taken for graduate credit.
3. The courses to be transferred must carry a grade of "B" or better.
4. Since Western students are responsible for all coursework taken in both the major and minor areas, all transfer coursework is subject to this same requirement.

In other words, the grade point average must be at least 3.0 (4.0 scale) on all graduate coursework appearing on the transcript before specific courses can be transferred.

5. Credits earned during a given term must not exceed the number of weeks of instruction and must have been earned within the five-year time limit for degree completion.

6. Any course(s) to be transferred must be appropriate for the degree program being followed and must be approved by the student's advisor(s) and the graduate dean. Approval must be obtained prior to enrollment in the coursework.

7. At least 12 hours in the major area and at least 6 hours in the minor area must be taken at Western.

The "Transfer Credit Practices" report published by the American Association of Registrars and Admissions Officers is the reference used in evaluating credits.

Transfer credits taken during the final semester of a program will delay program completion until official transcripts have been received in the Graduate College office.

Correspondence Study

Courses taken through correspondence study cannot be used as a part of any graduate program.

Graduate Record Examination

All degree-seeking students (excluding M.B.A. students who must submit GMAT scores) must submit scores on the General (Aptitude) Test of the Graduate Record Examination regardless of their undergraduate grade point average. The scores must be received by the Graduate College prior to enrollment in hours beyond 12, including transfer credits, toward the program of study. Failure to submit the scores by the established deadline will result in the student having to take additional coursework.

Registration materials for the GRE and GMAT are available at the Counseling Services Center and the Graduate College.

Major Advisor

Upon admission to a graduate program, each student is assigned a major advisor from the graduate faculty of Western Kentucky University.
Program of Study (Form C)

All degree-seeking students must submit a planned program of study (Form C) to the Graduate College prior to enrollment in hours beyond 12, including transfer credits, toward the program of study. The degree program is to be developed in consultation with and approved by the advisor(s) assigned at the time of admission. Failure to submit the approved program by the established deadline will result in the student having to take additional coursework.

Students entering fifth- or sixth-year (Rank II or Rank I) non-degree, professional education programs must also submit a program of study to the Graduate College as specified above. The approved program must be on file before a letter certifying completion of hours can be sent to the appropriate Board of Education.

All degree and non-degree programs must be reviewed and approved in the Graduate College.

Course Substitutions

Any change in the approved program of study—the addition or deletion of a course, the substitution of a transfer course or of another Western course for a course on the program—must be outlined on a "course change form," approved by the advisor and submitted to the Graduate College for final approval. This approval should be gained prior to enrollment in the course to be substituted.

Program of Study Change

Students who wish to change from one program of study to another must apply on a "Change of Program" form. Admission to the desired program must be gained, and such admission constitutes a new date of admission. The advisor(s) assigned to the new program will evaluate any previously-taken courses for their applicability to the new program. All Graduate College regulations must be followed.

Grades

Grades lower than "C" may not be used in meeting degree or non-degree program requirements. Except in the case of theses or specialist projects, the grade of "X" (incomplete) becomes "F" on the student's transcript if the work is not completed within one calendar year. Thereafter, the grade point average will include the "F." In the case of theses (599) and specialist projects (699), a grade of "X" must be reported for each enrollment period prior to submission of the approved thesis or specialist project to the Graduate College after which the grade may be changed.

Candidates for graduate degrees are required to have a combined average of "B" in all courses taken in the major and minor areas, regardless of whether they are included on the approved program of study (Form C or B), and in courses used to meet the research tool requirements for the MA and MS degrees. The minimum acceptable grade for a master's thesis or specialist project is "B."

Grades are recorded in the Office of the Registrar as reported by the graduate faculty at the close of each academic term. No grade filed in that office may be changed except on a written statement from the instructor certifying that an error has been made or, in the case of an "X," that the work was completed within the time limit.

Repeating a Course

A course in which a student has received a passing grade (C or better) may not be repeated for the purpose of raising the grade. A course in which a grade of D or F is received may be repeated, but both grades are used in computing the grade point average.

Admission to Candidacy (Form D)

Admission to candidacy is a traditional component of graduate study—the purpose of which is to provide a planned, formal review of the student's progress toward the specified program of study. The review enables the student, in consultation with appropriate University officials, to make warranted changes in the program. Admission to candidacy should be an expression of confidence that the student will (with appropriate, continued effort) be able to complete all requirements for the degree.

Failure to submit Form D and receive approval for candidacy by submitting Form D to the Graduate College after the completion of at least nine hours and prior to enrollment in hours beyond 18 toward the program of study. Candidacy status for the specialist degree student requires the following:

1. approved program of study
2. attainment of at least a 3.0 GPA on all graduate coursework at the time of admission to candidacy
3. approval of the major department and Graduate College
4. completion of at least nine hours of coursework in the program of study following admission to candidacy

Note: Master's degree students who enroll in 12-15 hours of coursework (applicable to their approved degree programs) during their very first semester should submit their applications for candidacy (Form D) to the Graduate College at the end of that semester. Students seeking specialist degrees must apply for admission to candidacy by submitting Form D to the Graduate College after the completion of at least nine hours and prior to enrollment in hours beyond 18 toward the program of study. Candidacy status for the special degree student requires the following:

1. approved program of study
2. attainment of at least a 3.0 GPA on all graduate coursework at the time of admission to candidacy
3. approval of the major department and Graduate College
4. completion of at least 12 hours of coursework in the program of study following admission to candidacy

Note: Specialist degree students who enroll in 9-12 hours of coursework (applicable to their approved degree programs) during their first semester should submit their applications for candidacy (Form D) to the Graduate College at the end of that semester.

Comprehensive Examination

All graduate degree programs require that either a written or an oral examination be satisfactorily completed. After admission to candidacy and during the final term of enrollment for, if a part-time student, after completion
of at least 21 hours) the comprehensive examination must be taken. A written examination is required by some programs within the Master of Arts in Education degree and by the Administration option of the Master of Public Service degree. Specialist degree programs require an oral examination. Master's degree programs with thesis (Plan A) require an oral thesis defense. The student's committee for the oral examination consists of the graduate committee appointed by the major department or, in the case of the Master of Arts in Education, the committee consists of the major and minor advisors and one additional member selected by the major advisor from the major department.

Students must contact their major advisors for scheduling the examination. The chairperson will notify the Graduate College of the results of the examination through the use of Form E.

Second Master's Guidelines

The student who wishes to earn a second master's degree from Western Kentucky University must apply for and gain admission to the new program and must satisfy all requirements (specific coursework, research tool, thesis, etc.) for the new degree, completing at least 18 additional hours of coursework or 12 hours plus the thesis. No more than 12 hours of previous coursework, whether transferred from another university or from the previous master's degree at Western (or a combination of the two), may be used to fulfill program and research tool requirements.

Seniors Earning Graduate Credit

Seniors at Western or one of the cooperating consortium colleges may enroll in graduate coursework during their final undergraduate semester provided they (1) have an undergraduate grade point average of at least 2.5, (2) make formal application to graduate study (Form A should be submitted to the Graduate College at least four weeks prior to the beginning of the semester), (3) carry a final-semester course load of no more than 15 hours (combined undergraduate and graduate hours), and (4) do not, in any way, attempt to apply the graduate course(s) to the undergraduate degree.

Thesis and Specialist Project Advisory Committees

Students pursuing graduate programs requiring the thesis or specialist project are assisted by a thesis or specialist project advisory committee. In consultation with the student, the major advisor selects two additional graduate faculty members—thus forming the three-member advisory committee, with the major advisor as chairperson.

In some cases, one member—other than the chairperson—may be an individual who is not a member of Western's faculty. Those individuals must qualify and be recommended for adjunct regular or associate membership on Western's graduate faculty. An individual who has expertise in a pertinent area but who does not meet the requirements for appointment to regular or associate membership on the graduate faculty may serve as a fourth member of the committee with approval of the graduate dean.

Thesis or Specialist Project

The program of a student pursuing the master's thesis or specialist project must contain 6 hours of credit in 599—Thesis Research and Writing or in 699—Specialist Project, respectively. The thesis or project must be submitted to the Graduate College in final form and approved by the student's committee members, at least three weeks prior to the date of graduation.

Complete instructions and requirements for preparing, submitting, and distributing the thesis or specialist project are given in "Guidelines for Master's Theses and Specialist Project." Copies are available in the Graduate College office. It is the student's responsibility to obtain and comply with these guidelines.

Maintaining Matriculation

If the thesis or project is not completed during the period of registration for this credit, the student must maintain matriculation until the thesis or project has been submitted and approved. Therefore, if not enrolled in thesis/project credit or for graduate coursework, the student must register for 599c (thesis) or 699c (project) during any semester or summer term in which he/she will be actively pursuing the thesis or project or will be submitting it for approval. Enrollment in 599c or 699c does not result in a grade nor credit toward any degree or non-degree program requirements.

Application for Degree

The degree candidate must complete a degree application (available in the Graduate College and in the Registrar's Office) and return it with the graduation fee to the Registrar's Office according to the dates established by the Registrar for each semester.

Initial Procedures

Degree students seeking admission must obtain from the Graduate College Form A (Application For Admission). The completed form must be returned well in advance of the expected date of matriculation. Graduates of accredited institutions other than Western Kentucky University must request one official transcript indicating the completed degree. The transcript must be forwarded from the college or university Registrar directly to the Graduate College. Applicants who have not yet completed the undergraduate degree must submit one official transcript at the time of application and one official transcript after the degree is completed.

Transient students (working toward a degree at other institutions) must complete Form A but are not required to submit transcripts. Instead, they must obtain Form H from the Graduate College. This completed form must be returned to the Dean of the Graduate College at Western prior to enrollment. Unclassified students (not seeking an advanced degree) must complete Form A and, if not a Western graduate, submit one official undergraduate transcript to the Graduate College.

Should the unclassified student later apply for and be granted admission into a degree program, no more than 12 hours taken while in the unclassified category may (with advisor approval) be used to fulfill degree requirements, provided time limitations etc. are met.

Requirements: Master's Degree Applicants

To be admitted to the Graduate College and be considered for admission to a master's degree program and applicant must:

A. Hold a bachelor's degree from a college or university of recognized standing. (Applicants from non-accredited institutions see below.)

B. Have adequate preparation in the field of specialization.

C. Have (1) an overall grade point average of not less than 2.5, or (2) a grade point average of 2.5 on the last sixty semester hours of undergraduate degree work, (inclusive of all semesters needed in reaching that total), or (3) a score of not less than 1150 on the General (verbal, quantitative, and analytical combined) Test of the Graduate Record Examination. Requirements for admission to some programs are higher than these minimum standards.
D. Applicants for the Master of Business Administration program must submit scores on the Graduate Management Admissions Test in lieu of GRE scores, regardless of grade point average.

Requirements: Specialist Degree Applicants

Applicants for a specialist degree must:

A. Hold a master's degree from an accredited college or university.
B. Have adequate preparation in the proposed field of specialization.
C. Score not less than 1250 on the General (verbal, quantitative, and analytical combined) Test of the Graduate Record Examination or have a grade point average of not less than 3.5 on the coursework for the master's degree program. Present to the Graduate College three letters of recommendation from graduate faculty and professional associates.

Applicants From Non-regionally Accredited Institutions

Transfers from non-regionally accredited institutions—with fewer than 60 semester hours earned at the regionally accredited, degree-granting institution—must have a grade point average of at least 2.5 on the hours earned at the degree-granting institution and a combined score of at least 1250 on the General Test of the GRE. Graduates of non-regionally accredited, four-year educational institutions may be conditionally admitted to the Graduate College and considered for admission to a master's degree program with a minimum GRE General (verbal, quantitative, and analytical combined) score of 1250, a minimum undergraduate grade point average of 2.5/4.0, and adequate preparation in the field of specialization, and one of the following:

A. The undergraduate institution is a candidate for regional accreditation.
B. The undergraduate degree is accepted as preparation for graduate study by that state's reporting institution.
C. The student's GRE verbal score is at least 550 and the undergraduate transcript indicates completion of a minimum of 40 hours of general education coursework including:
   a. at least 6 semester hours (or the equivalent) in each of the areas of communication, humanities, and natural science.
   b. at least 12 semester hours (or the equivalent) in social and behavioral studies, including history.
   c. at least 3 semester hours (or the equivalent) in mathematics or logic.

Completion of 12 hours of graduate credit with a grade point average of at least 3.0 removes the conditional status.

A student with a combined verbal, quantitative, and analytical GRE score of at least 1400 or a verbal score of at least 600 may request individual consideration by the Graduate Council.

International Students: Requirements

Applicants who are not U.S. citizens must submit (1) a properly completed application for admission, (2) an official transcript indicating completion of the baccalaureate degree (or the equivalent), (3) evidence (grades, test scores) of ability to communicate in English and of the academic aptitude necessary for success in Western's graduate program, and (4) evidence of the needed financial resources. After the file is complete with these credentials, evaluation is made within the department administering the degree program and admission is based upon adequate undergraduate preparation, academic aptitude, English ability, etc.

International students must arrive on campus three days prior to the beginning of registration for classes for orientation and testing of English proficiency. Students found to be deficient in English skills must take remedial coursework.

Health insurance must be purchased upon arrival at the University.

Senior Citizens

A senior citizen (65 years or older) who holds a bachelor's degree may be admitted to the Graduate College as a Special Student. Upon completion of 12 hours of coursework in a degree program with a minimum grade point average of 3.0, the student may be admitted to that degree program.

Master of Arts Available

Master of Arts. Programs leading to the M.A. degree are offered in the following fields: child development and family living, communication, English, folk studies, history, humanities, psychology and sociology.

Master of Arts in Education. This degree program permits majors in the following fields: agriculture, art, biology, business education and office administration, chemistry; communication, counseling (school), elementary education, English, English and allied language arts area, early childhood education, exceptional child education, French, general education, geography, German, health, history, home economics, industrial education, mathematics, math-science area, music, physical education, psychology, reading, school business administration, science area, secondary education, social science area, Spanish, and student personnel services in higher education.

The secondary education degree program permits minors in the following areas: agriculture, art,biology, business education, communication, drama, English, folk studies, French, geography, German, health, history, home economics, industrial education, mathematics, music, physical education, physics, psychology, science area, secondary education, sociology, and Spanish.

Master of Science. Programs leading to the M.S. degree are offered in the following fields: agriculture, biology, chemistry, communication disorders, computer science, geography, health, home economics, library science, mathematics, physics, psychological services, and recreation.

Master of Business Administration. Specific information and requirements are given under the administrative department.

Master of Music. Specific information and requirements are given under the administrative department.

Master of Public Administration. See Department of Government.

Master of Public Service. Program options leading to the M.P.S. degree are offered in the following fields: city and regional planning and counseling.

Specialist in Education. The Specialist Degree in Education is available in counseling, elementary education, school administration, and secondary education.

Joint Doctoral. Western participates in joint-doctoral programs in education with the University of Kentucky and in a cooperative doctoral program in aquatic biology and in fossil fuel chemistry with the University of Louisville.
The requirements outlined below are minimum requirements for the specific degrees. Some programs leading to the degree have requirements which exceed these minimums.

**Master of Arts and Master of Science Degrees**

**Admission.** In addition to meeting Graduate College requirements, applicants must possess at least a minor or its equivalent and a minimum grade average of 2.7 in the desired area of study.

**Coursework.** A minimum total of 30 hours of graduate level coursework (or 24 hours plus thesis) is required, with at least 15 hours in courses open only to graduate students.

**Program.** The student’s approved program (Form C) must be on file prior to enrollment in hours beyond 12 to be used on the degree program.

**Research Tool.** Unless the department has a specific requirement, the student may meet the research tool requirements by demonstrating (1) a reading ability sufficient to do scholarly research in a foreign language appropriate to the major area or (2) competency in the use of the appropriate research techniques recommended by the departmental advisor(s) and approved by the Dean of the Graduate College. No credit earned in meeting research tool requirements will apply toward the hours required for the degree. Minimum grade of “B” is required in courses used to meet the research tool requirement.

**Language Reading and Translation Courses.** The French and German reading translation courses are offered during the fall semester only. Graduate students in degree programs which require the language proficiency test must make those courses a part of their first fall enrollment period.

**Thesis.** Some departments offer both Plan A (thesis) and Plan B (non-thesis). For Plan A, the thesis credit (6 semester hours) must be included in the hours (usually a minimum of 30) required for the degree. The thesis topic must be approved by the student’s major advisor. Students must maintain matriculation until the thesis is approved (see “Thesis and Specialist Project” and “Maintaining Matriculation”).

**Admission to Candidacy.** Candidacy status must be gained after completion of at least 12 hours and prior to enrollment in hours beyond 21.

**Final Examination.** A final examination over coursework and related materials must be satisfactorily completed. An oral thesis defense is required under Plan A (thesis option).

**Master of Arts in Education Degree**

**Admission.** In addition to meeting Graduate College requirements for admission, if applying for a program which involves teacher certification the applicant must meet certification requirements for that specific program.

**Coursework.** A minimum of 30 hours of graduate level coursework (or 24 hours plus thesis) is required, with at least 15 hours in courses open only to graduate students. All students pursuing this degree must complete Education 500—Research Methods—and must meet coursework requirements for any certification being pursued.

**Program.** The student’s approved program (Form C) must be on file prior to enrollment in hours beyond 12 to be used on the degree program.

**Research Tool.** Not required.

**Thesis.** Some departments offer both Plan A (thesis) and Plan B (non-thesis). For Plan A, the thesis credit (6 semester hours) must be included in the hours (usually a minimum of 30) required for the degree. The thesis topic must be approved by the student’s major advisor. Students must maintain matriculation until the thesis is approved (see “Thesis and Specialist Project” and “Maintaining Matriculation”).

**Admission to Candidacy.** Candidacy status must be gained after completion of at least 12 hours and prior to enrollment in hours beyond 21.

**Final Examination.** A final examination over coursework and related materials must be satisfactorily completed. An oral thesis defense is required under Plan A (thesis option).

**Research Tool.** Not Required.

**Specialist in Education**

**Admission.** Applicants must hold the master’s degree, must have a minimum grade point average of 3.5 on the coursework for the master’s degree program or a combined score of at least 1250 on the General (verbal, quantitative, and analytical combined) Test of the Graduate Record Examination, and must submit three letters of recommendation (sent directly to the Graduate College) from professors and professional colleagues.

**Coursework.** A minimum of 30 semester hours of graduate credit, 21 of which must be in courses open only to graduate students, must be completed.

**Program.** The student’s approved program (Form B) must be on file prior to enrollment in hours beyond 12 to be used on the degree program.

**Residency.** Two periods, consisting of a minimum of six hours each, of on-campus coursework must be completed. The student may meet this requirement in two summers, two semesters, or one summer and one semester. These 12 hours must be earned through traditional coursework (i.e., courses which may not be completed through independent study). The summer (8 weeks) will count as only one period in meeting this requirement.

**Admission to Candidacy.** Admission to candidacy must be accomplished after completion of a minimum
of nine semester hours (at least six of which must be with Western Kentucky University) and prior to enrollment in the final twelve semester hours of the program.

Specialist Project. The project is an integral part of the specialist program and is planned with reference to the student's field of specialization and professional goals. It may take the form of a field project, a creative study, or a more formal research study and shall culminate in a written, scholarly report. Students must maintain matriculation until the project is approved (see "Thesis and Specialist Project" and "Maintaining Matriculation").

Final Examination. An oral examination covering the coursework and project must be satisfactorily completed. The chairperson will notify the Graduate College of the results through the use of Form E.

Cooperative Master's Program With Eastern Kentucky University

Western participates in a cooperative master's program in criminal justice with Eastern Kentucky University. In this joint graduate program, Eastern provides 15 hours of criminal justice and Western provides 15 hours of support course work. The entire program may be completed on Western's campus.

Cooperative-Doctoral (Ph.D.) with the University of Louisville

The cooperative-doctoral is limited to the Ph.D. program with emphasis in aquatic biology or in fossil fuel chemistry. Admission requires concomitant admission to the Graduate School of the University of Louisville and the Graduate College of Western Kentucky University. Admission requires completion of the appropriate application forms at each institution and the payment of a non-refundable application fee of five dollars ($5.00) to the University of Louisville, the transmission of one official transcript indicating adequate preparation and copies of two letters of recommendation to each Graduate College office, achievement of a combined score of at least 1,000 on the General (verbal and quantitative) Test of the Graduate Record Examination and a score at or above 40 on the Miller Analogies Test (to be sent to the University of Louisville), and approval by the graduate faculty members of both institutions.

The degree requires the equivalent of at least three years of full-time graduate study, at least two years of which must be spent on the cooperative campus (Western Kentucky University and/or the University of Louisville). A minimum of one year of full-time residence must be spent on the university campus on which the student's major professor resides.

The student's graduate committee will consist of at least five members, with at least two each from the University of Louisville and Western Kentucky University.

Requirements include an entry examination over material from the broad field of biology or chemistry and a preliminary oral and/or written examination after completion of the major portion of the prescribed coursework. A reading knowledge of at least one modern foreign language must be demonstrated before admission to candidacy.

The final oral examination consists of a defense of the dissertation and a demonstration of the candidate's mastery of the field of study.

Joint-Doctoral with the University of Kentucky

Admission requires concomitant admission to the Graduate College at Western and to the Graduate School and doctoral program at the University of Kentucky. Application forms are available in the Graduate College at Western and, upon completion, are to be returned to the Dean of the Graduate College, Western Kentucky University. If fully qualified, the applicant's credentials will be forwarded to the University of Kentucky. Requirements for admission include a combined score of at least 1,000 on the General (verbal and quantitative) Test of the Graduate Record Examination, completion of the Miller Analogies Test if the GRE verbal score is below 600, personal references, transcripts of previous academic work, a statement of educational goals, and a brief autobiography.

Academic Common Market

Kentucky, along with 12 other southern states, participates in the Academic Common Market—an interstate agreement for sharing uncommon programs. Numerous graduate programs are included in this cooperative arrangement. Kentucky residents accepted for admission into selected out-of-state programs can enroll on an in-state tuition basis. A catalog listing of the programs is available in the Graduate College office.
COLLEGE OF ARTS, HUMANITIES, AND SOCIAL SCIENCES

Word Hellstrom, Dean

DEPARTMENTS

Art
Communication and Theatre
English
Government
History
Journalism
Modern Languages and Intercultural Studies
Music
Philosophy and Religion
Sociology, Anthropology, and Social Work

DEPARTMENT OF ART

IVAN WILSON CENTER
ROOM 441 (502) 745-3944

Joseph W. Gluhman, Head

Graduate Faculty

Professors: L. Fernandez, C. Forrester, J. Gluhman, N. Peterie, W. Stomps, W. Weaver

Associate Professors: M. Klein, L. Notheisen, J. Oakes

Assistant Professor: P. Trutty-Coolhill

Degree Offered: Master of Arts in Education (Art major or minor)

Applicants must meet Graduate College requirements for admission. They are also expected to present to the Department of Art a portfolio of their work for departmental review or to obtain permission to enroll from the professor responsible for the area in which they intend to concentrate their study of art. The program requires a minimum of 30 semester hours. Both Plan A (thesis) and Plan B (nonthesis) are available.

Requirements for art majors pursuing the thesis option are as follows:

Art 511 and 512  6 hrs.  
Art 599 (Thesis)  6 hrs.  
Art studio or art history  6 hrs.  
Ed. Fnd. 500  3 hrs.  
Sec. Ed. 580  3 hrs.  
Sec. Ed. 531  3 hrs.  
Education elective  3 hrs.

Requirements for Art majors pursuing the non-thesis option are as follows:

Art 511 and 512  6 hrs.  
Art studio and art history (including Art 405G) 12 hrs.  
Ed. Fnd. 500  3 hrs.  
Sec. Ed. 580  3 hrs.  
Sec. Ed. 531  3 hrs.  
Education elective  3 hrs.

Students pursuing an art minor only must complete the following:

Art 511 and 512  6 hrs.  
Art studio or art history  6-9 hrs.  
Ed. Fnd. 500  3 hrs.  
Sec. Ed. 580  3 hrs.  
Sec. Ed. 531  3 hrs.  
Education electives  6-9 hrs.

A final examination over coursework and related materials must be satisfactorily completed. An oral thesis defense is required under Plan A (thesis option).

Graduate Courses in Art

500 Early Medieval Art  3 hours.  
Examination of topics and problems in Early Christian, Byzantine, Migration, Carolinian, and Ottonian art.

501 Romanesque and Gothic Art  3 hours.  
Directed individual research into the architecture, sculpture, and illuminated manuscripts of Western Europe during the eleventh to early sixteenth centuries.

511 Investigations in Art Education  3 hours.  
Independent study in art curriculum and methodology, with emphasis on the literature, selected art history, and studio areas.

512 Investigations in Art Education  3 hours.  
Independent study in art curriculum and methodology (including art history and studio). Emphasizes the use of surveys, observations, and experimental techniques.

520 Ceramic Art  3, 6, 9 hours.  
Advanced levels of clay forming techniques and clay glaze composition. Research in various phases of the ceramic process.

540 Drawing  3, 6, 9 hours.  
Independent study utilizing traditional methods of drawing. Students are encouraged to investigate and utilize new directions.

550 Printmaking  3, 6, or 9 hours.  
Independent study utilizing traditional methods of printmaking. Encourages the exploration of new directions in personal expression.

560 Painting  3, 6, or 9 hours.  
Advanced aspects of painting, with emphasis on experimentation in different styles and on individualized approaches.

570 Sculpture  3, 6, or 9 hours.  
Independent study and experimentation in sculpture.

580 Weaving  3, 6, or 9 hours.  
Individual study of weaving utilizing traditional and experimental techniques; the production of works that are highly individualistic and are of exhibition quality.

591 Investigations in Art History  3 hours.  
Topics and approaches for special areas of interest. Emphasis on the traditional periods of art history.

599 Thesis Research and Writing  6 hours.

599c Maintaining Matriculation  1 to 6 hours.

The following 400-level courses may be taken for graduate credit

401G Art in the Italian Renaissance.

402G American Architecture.

405G Art Theory and Criticism  3 hours.  
Major theories of art, both historical and contemporary, and of various approaches to qualitative judgments about individual works of art.

420G, 421G, 422G Ceramics.

440G Drawing.

480G, 481G, 482G Weaving.

490G, 491G Special Problems.
DEPARTMENT OF COMMUNICATION AND THEATRE

IVAN WILSON CENTER
ROOM 130 (502) 745-3296

William E. Leonard, Acting Head
Graduate Faculty
Associate Professors: L. Caillouet, J. Kesler, S. Probus, L. Ruff
Assistant Professor: C. Garmon
Degree Offered: Master of Arts in Communication, Master of Arts in Education (Communication major or minor), Master of Arts in Education (Drama/Theatre minor)

Master of Arts in Communication

This degree prepares students for a variety of careers and pursuits in which advanced communication study is helpful. It is especially useful as preparation for college level teaching, further graduate study, management and personnel relations, group communication situations including decision making, and other areas requiring specialized communication skills.

The program provides maximum flexibility. Courses are organized to allow concentration in one of the following areas within the department: communication theory and research, organizational communication, rhetoric and public address, theatre, and speech education. With advisor permission, students may take a maximum of 6 hours in a related area outside the department.

In the early stages of the graduate program, students should meet with their advisor and decide whether to follow Plan A (thesis) or Plan B (non-thesis).

The MA in Communication requires 33 credit hours plus 3 hours of research tool. Specific departmental requirements include the following:

- S Com 503-Foundations of Communication Concepts
- S Com 400G-Historical Methods and/or
- S Com 440G-Experimental Methods

Communication majors must select either 400G or 440G as the research tool; the remaining course will be included in the graduate major. Theatre majors may take either 400G or 440G as the research tool; the remaining course need not be a part of the graduate major.

Master of Arts in Communication. (Communication major or minor, Theatre minor)

Since this program provides graduate coursework in communication or theatre for the public school teacher, all requirements for standard high school certification must be met. The major in communication requires a minimum of 18 or a maximum of 21 hours. The minor in communication or in theatre requires a minimum of 12 or a maximum of 15 hours in the appropriate area. The remaining hours will be taken in professional education.

Graduate Courses in Communication

500 Speech Communication Internship. 3 hours.
Practical experience in a speech communication situation. On-site guidance from a coordinator within the organization. This course may be repeated once.

503 Foundations of Communication Concepts. 3 hours.
Major concepts and issues which characterize the discipline.

521 Evaluation of Mass Communication. 3 hours.
Criteria for determining the social responsibility of and for judging the performance of the mass media in America. Principal recurring schema used to evaluate the mass communication process.

522 Seminar in Mass Communication. 3 hours.
Selected topics in mass communication theory and practice: mass communication history, mass communication law and regulation, popular culture, message characteristics, etc. May be repeated with a different topic.

540 Seminar in Rhetoric and Public Address. 3 hours.
Theories of rhetoric and the application of rhetorical standards to selected speakers, movements, areas and periods. May be repeated with a different topic.

541 Seminar in Communication. 3 hours.
Selected topics in communication theory: interpersonal communication, persuasion and attitude changes, non-verbal communication, small group communication, language behavior, etc. May be repeated with a different topic.

542 Practicum in Communications Consulting. 3 hours.
Practical off-campus experience in the actual development, implementation, and evaluation of communications programs in organizations.

543 Contemporary Methods of Rhetorical Criticism. 3 hours.
Application of contemporary methods of analyzing and evaluating rhetorical discourse.

544 History and Theory of Interpretation. 3 hours.
History and development of interpretive theory from ancient times to the present. Use and development of the interpreter's art, with analysis of contemporary principles and practices.

545 Seminar in Speech. 3 hours.
Content will vary. If offered as independent study, an area of individual interest may be pursued. If offered as a class, timely topics will be covered.

546 Seminar in Forensics. 3 hours.
Principles and procedures involved in directing the standard forensic events such as debate, extemporaneous speaking, discussion, original oratory analysis of a public address. Also includes interpretative reading, ducet acting, and story telling.

548 Seminar in Interpersonal Communication. 3 hours.
Examination of professional literature and basic research in the interpersonal communication.

549 Rhetorical Theory and Criticism. 3 hours.
Development of the classical tradition in rhetorical theory, practice, criticism, and pedagogy from pre-Aristotelian writings through twentieth century British and American theorists.

561 Seminar in Organizational Communication. 3 hours.
Communication within organizations, emphasizing research studies and methodology for conducting research.

565 Seminar in Broadcasting. 3 hours.
Topical issues in the field of broadcasting. Individual student research and subsequent class discussion. Primary research methods and resources will be reviewed.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.
The following 400-level courses in Communication may be taken for graduate credit.

40G Historical Methods of Communication Research. 3 hours. Research methodologies in communication and theatre.

401G History of Broadcasting in America. 3 hours. Historical factors in the development of primary means of contemporary print and broadcast mass communications; background data on the creation, adoption and diffusion of mass media in America.

405G Phonetics. 3 hours. Speech sounds, their production, and acoustic properties.

400G Quantitative Methods of Communication. 3 hours. Research design, procedures, and reporting. Critical examination of experimental studies in various areas of communication.

401G Advanced Oral Interpretation: Prose. 3 hours. Study of prose with emphasis on differentiation of types of oral performance.

403G Persuasion in Contemporary Society. 3 hours. Contemporary persuasion in areas such as business, law, politics, religion, and social movements; types of persuasion ranging from speeches to entertainment forms such as music and cinema.

404G Advanced Oral Interpretation: Poetry. 3 hours. An analysis of poetry fiction (short story, novella, novel) with emphasis on point of view, tone, and characterization in oral performance.

405G Research in Theatre and Dance. 3 hours. Independent study directed by theatre/dance faculty advisor.

407G Studies in Public Communication. 3 hours. Effective examples of public communication in American history.

409G Speech Development. 3 hours. Speech as a teaching tool. Minor problems in voice control, articulation, and pronunciation.

410G Interviewing. 3 hours. Overview of principles and methods especially well suited to oral, one-to-one information gathering in an organizational setting. Emphasizes practice both in and out of the classroom.

411G Organization Communication. 3 hours. Theoretical examination of rhetorical principles operant in modern organizational communication systems.

413G Intercultural Communication. 3 hours. Dimensions of communication theory that apply across cultural boundaries, including anthropological and linguistic perspectives.

415G Independent Study in Communication. 3 hours.

Graduate Courses in Theatre

447G Instructional Technology. 3 hours.

547 Seminar in Theatre. 3 hours. Provides theatre experience through research and application. Individual investigation of interpretative, technical, or promotional problems.

552 Dramatic Theory and Criticism. 3 hours. Theories and practices within the theatre from Aristotle to present, criteria for critical analysis.

553 Restoration and Eighteenth Century Drama. 3 hours. Representative plays, evaluation of influences, movements, and productions. Reading and individual study.

554 Theatre styles. 3 hours. Major stylistic impulses that have influenced the nature of drama and theatrical production within the Western World.

583 Shakespeare II. 3 hours. (See English 583).

The following 400-level Theatre courses may be taken for graduate credit.

401G Styles of Acting. 3 hours. Acting problems as related to differences in genre and styles of dramatic production from the Greeks to the present.

422G Lighting Design. 3 hours. Lighting equipment demonstration and practical experiences in working with lights for the major productions. Each student will design the lighting for a full-length play.

423G Theatre Management. 3 hours. Principles of management applied to fields of theatre operation, production preparation, and performance.

424G Special Problems in Technical Theatre. 3 hours. Advanced study in the areas of scenery, costume, lighting, and sound.

431G Musical Theatre. 3 hours. Development of the musical theatre; the style and form of its music, dance and drama; and its impact on the modern theatre.

441G Costume Design. 3 hours. For theatre majors and those interested in understanding the concept of costuming. Emphasis on the historical and practical aspects of theatrical costume design.

442G Historic Decor for Stage. 3 hours. Prerequisite: Theatre 251. Historic costumes of the major periods of theatrical production. Covers the costumed actor's problems with manners and movements.

455G American Drama. 3 hours. Development of American drama from the colonial period to the present. An overview of American drama and the works of major American playwrights of the past forty years.

456G Elizabethan Drama. 3 hours. Intensive study of the immediate predecessors and contemporaries of Shakespeare.

459G Modern Drama. 3 hours. Dramatic literature since Ibsen, with emphasis on evolving developments and trends in world theatre.

460G Studies in British Theatre. 3 hours. Includes a tour to England and viewing of representative plays, visits to historical and cultural sites.

461G Theatre Practicum. 3 hours. Reading of plays and dramatic materials; staging methods; script selection for production; prompt script with analysis of director's research; individual interpretation and production plans; final production.

462G Theatre History to 1640. 3 hours. Development of theatre from primitive ritual to closing of the English theatres.

463G Theatre History Since 1640. 3 hours. Development of theatre from 1640 to present.

471G Theories of Directing. 3 hours. Evolution of the modern director and the theoretical and practical bases of contemporary stage directing.

472G Readers Theatre. 3 hours. Methods of group oral interpretation of literature with emphasis on the short story, poetry, and drama. Includes analysis of literature, preparation of Readers Theatre and Chamber Theatre scripts, and performance in class projects.

482G Shakespeare I. 3 hours. See Department of English.

491G Puppet Theatre. 3 hours. Puppets, marionettes and muppets with emphasis on history, construction, operation, and performance.
DEPARTMENT OF ENGLISH

CHERRY HALL
ROOM 135 (502) 745-3043

Joseph R. Millichap, Head

Graduate Faculty

Associate Professors: R. Eckard, J. Hagaman, K. Petz, P. Taylor

Degrees Offered: Master of Arts in English, Master of Arts in Education (English major or minor; English and Allied Language Arts area major), *Specialist in College Teaching (English major).

*Specialist in College Teaching temporarily suspended

Master of Arts in English

The master's program prepares students for teaching in public schools or junior colleges, for continuing graduate work toward a doctorate in English, or for many other careers that involve strong communication skills. The MA in English can be taken with concentration in literature, writing, or teaching English as a second language (TESL). Admission requirements for a concentration in literature include 27 hours of undergraduate English with a GPA of 3.0 or above and a satisfactory score on the General Test of the GRE. Admission requirements for the writing and TESL concentrations include a minimum of four undergraduate English courses beyond general education requirements, at least two being upper-level literature courses, with the GPA and GRE score indicated above.

Both Plan A (thesis) and Plan B (non-thesis) are available. Plan A requires 24 hours of coursework and the 6-hour thesis. Plan B requires 33 hours of coursework. In either plan, 6 hours of coursework may be in a related field such as drama, English history, foreign literature, mass media, philosophy, or communication. Courses in each program must meet departmental requirements, a list of which is available from the English Graduate Advisor.

All programs include a research tool requirement, which the student may satisfy by demonstrating proficiency in a foreign language or by completing English 520. If English 520 is designated as the research tool, it may not be included in the credit hours required for the degree.

An examination over the coursework, thesis (if Plan A), and related materials must be completed. Early in the graduate program, the student should obtain from the English Graduate Advisor a copy of the Reading List for the MA Oral Examination.

Master of Arts in Education (English major or minor; English and Allied Language Arts area major)

This degree qualifies the student for the standard high school certificate. To pursue a major or minor in English, the student must have completed at least 24 hours of undergraduate work in English.

The major in English is designed primarily for secondary teachers who wish to acquire a strong academic background in their teaching field. Requirements include 18 to 21 hours in English, 9 to 12 hours in education, and a final examination on courses and related materials specified in the Reading List for the MA Oral Examination. At the beginning of the graduate program, the student should obtain a copy of the reading list from the Graduate Advisor in English. The thesis is optional.

Students minorin English take a maximum of 15 hours or a minimum of 12 hours in that department.

The major in English and Allied Language Arts is designed for middle and secondary school teachers involved in teaching basic language courses and in directing student activities related to the language arts. Admission to this program usually requires 24 hours of undergraduate coursework in English; however, to keep the entrance requirements as open as possible to qualified applicants, up to 9 of the 24 hours may consist of appropriate courses from related fields (foreign language, speech, drama, journalism, reading).

This area major requires 18 to 21 semester hours of coursework in English and Allied Language Arts (communication, drama, journalism, mass media, foreign languages, and folk studies). The requirement in English varies according to undergraduate preparation. English 401G—Advanced Composition—and 6 to 9 hours of British or American literature are required of all. The remaining 6 to 12 hours for the area major will be selected from allied language arts. Nine to 12 hours must be taken in professional education. The oral examination for this program covers the student's graduate courses.

Graduate Courses in English

503 Linguistics and Transformational Grammar. 3 hours
History and development of modern grammar and linguistic principles, a review of current professional writers, and an introduction to the various "new" grammars.

508 TESL Field Experience. 3 hours
Prerequisites: Eng 469 and one linguistics course
Observation and teaching under professional supervision.

520 Introduction to Graduate Studies. 3 hours
Basic bibliography and bibliographical problems; research methods—requires for the M.A. thesis and scholarly publications, methodologies of recent critical essays.

535 Restoration and Eighteenth Century Drama. 3 hours
Emphasis on representative plays. Evaluation of influences, movements, and productions.

550 Introduction to Graduate Studies. 3 hours
Prerequisites: A minimum of 9 graduate hours in English with a GPA of 3.25 or above; approval of the departmental co-op advisor and of the English departmental advisory committee. Appropriate supervised work with a cooperating organization.

570 Practical Approaches to Literature. 3 hours
Terms, concepts, and procedures of practical criticism through the study and practice of a variety of critical approaches to a representative sample of literary works.

571 British Masterpieces in the Classroom. 3 hours
Masterpieces of British literature suitable for teenage students. Works suggested
by those taking the course and a designated core of selections will be studied to aid teachers in making these masterpieces understandable, interesting, and enjoyable to secondary school students.

572 American Masterpieces in the Classroom. 3 hours. Major American literary works appropriate for instruction in high school and junior high school. Works suggested by those taking the course and a designated core of selections will be studied to aid teachers in making these masterpieces understandable, interesting, and enjoyable to secondary school students.

579 Studies in Victorian Literature. 3 hours. Selected Victorian works or writers or special topics of significance in Victorian literature.

581 Readings in Old English. 3 hours. Introduction to Anglo-Saxon vocabulary, grammar, and literary devices. Readings in the original and in translation.

582 Middle English Literature. 3 hours. Non-Chaucerian English literature of the Middle English period. Language of the period reviewed.

583 Shakespeare II. 3 hours. Selected comedies and histories. Individual research in literary criticism.

585 Milton. 3 hours. The writings of John Milton, with emphasis on his poetic works.

586 Seminar in British Writers. 3 hours Content varies. Selected works or writers. Majors may repeat course once with different topic.

587 Wordsworth and Keats. 3 hours. The major works of these two writers and an evaluation of their contributions to the Romantic Movement.

588 Modern British Poetry. 3 hours. Detailed study of the works of major twentieth century British poets.

589 Cooperative Education in English II. 3 hours. Prerequisites: A minimum of 9 graduate hours in English with a GPA of 3.25 or above; approval of the departmental coop advisor and of the English graduate advisory committee. Appropriate supervised work with a cooperating organization.

591 Emerson, Thoreau, and Whitman. 3 hours. Selected works, cultural backgrounds, and contributions of these writers.

592 The Age of Twain and James. 3 hours. Realism and naturalism in American literature. Emphasis on Twain, James, and their contemporaries.

593 Poe, Hawthorne and Melville. 3 hours. Selected works, cultural backgrounds, and contributions of these writers.

594 Contemporary Fiction. 3 hours. Selected major figures and their works. Consideration of movements, influences, developments since 1945.

596 Seminar in American Writers. 3 hours. Varies according to assigned instructor and student's needs. Usually covers groups of writers, or one major writer.

598 Problems in English. 2 or 3 hours. Supervised research on literary or linguistic problems.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit

401G Advanced Composition. 3 hours. Study and practice in various forms of writing and rhetorical principles.

403G Editing and Publishing. 3 hours. Editing collections of student works in several types including experience in computer text editing, lectures by visiting publishers and editors of books, journals, and newspapers.

404G History of the English Language. 3 hours. Origin and development of the language from Indo-European to Modern English, with emphasis on developments in the sound system, vocabulary, and grammar; historical and cultural forces which have affected the language.

405G Phonetics. 3 hours. Speech sounds, their production and acoustic properties.

406G Advanced Writing Workshop. 3 hours. Workshop setting for students with major writing projects such as an essay collection, short stories, poems, a novel, play, or script.

407G Descriptive Linguistics. 3 hours. Current linguistic theory which includes the important levels of language as a means of communication, various theories and applications of linguistic theory to other fields of study.

408G Psycholinguistics and Sociolinguistics. 3 hours. Prerequisite: Introductory linguistics course. How sociology and psychology contribute to the study of linguistics. Emphasis on social and regional dialects, first and second language acquisition, and speech perception and production.

410G Theories of Rhetoric and Composition. 3 hours. Classical and contemporary theories of rhetoric and composition with emphasis on application of the theories to writing and to the teaching of writing.

411G Directed Writing. 3 hours. A tutorial for students to work under the supervision of a writing instructor. Students choose the form of writing they wish to pursue.

412G History and Theory of Rhetoric. 3 hours. Survey of classical, traditional, and contemporary rhetoric as applied to written discourse. Emphasis on invention, arrangement, and style. Readings include the work of classical and modern rhetoricians. Consideration of rhetorically oriented methods of teaching written discourse.

455G American Drama. 3 hours. See Department of Communication and Theatre.

456G Elizabethan Drama. 3 hours. See Department of Communication and Theatre.

458G Modern British Novel. 3 hours. Techniques and rationale in representative works of major British novelists from Joseph Conrad to the present. Intellectual climate of the period.

459G Modern Drama. 3 hours. See Department of Communication and Theatre.

460G Literary Criticism I. 3 hours. Critical theory and practice of significant literary critics of the Western world from the Greek and Roman periods through the English Neo-Classical period.

469G Introduction to Teaching English as a Second Language. 3 hours. Theories, methods, and materials for teaching English as a second or foreign language.

470G Methods and Materials Teaching English as a Second Language. 3 hours. Prerequisites: Eng 468/469G and one linguistics course. Develops skills, procedures, and strategies for teaching and utilizing commercial materials for the teaching of English as a second language. Cross-listed with Sec Ed 484G.

481G Chaucer. 3 hours. Representative works of Chaucer; backgrounds; outside readings and reports.

482G Shakespeare I. 3 hours. Selected major Shakespearean plays read and studied in the light of the Elizabethan period as representing typical dramatic writing and production.

483G The English Renaissance. 3 hours. Non-dramatic literature of the Renaissance, with emphasis on Spenser.

484G The Romantic Movement. 3 hours. Background and phases of romanticism; representative exponents of the Romantic Movement.

485G The Seventeenth Century. 3 hours. Seventeenth century literature, forms, and developments.

486G The Eighteenth Century. 3 hours. Eighteenth century literature, forms, and developments.

488G Literature of the Victorian Age. 3 hours. Selected works by major poets, essayists, and novelists of Victorian England as a reflection of the culture of the age.

489G The English Novel. 3 hours. Technique and history of the novel. Several representative novels studied.

490G The American Novel. 3 hours. The American novel from Cooper to the present. History, general development, and technique. Several representative novels studied.

493G Major American Poets. 3 hours. The major poems, the styles and the poetic intent of the most important American poets from Poe to the present.

494G Kentucky Literature. 3 hours. Survey of literary people and places in Kentucky, including detailed study of several works of Kentucky writers.

495G Southern Literature. 3 hours. Covers major, minor, and "regional" writers of the South.
**DEPARTMENT OF GOVERNMENT**

**GRISE HALL**  
ROOM 300 (502) 745-4558

John D. Parker, Head

Associate Professor: J. Sloan

**Degrees Offered:**  *Master of Arts in Government, Master of Public Administration, MA in Government temporarily suspended*

**Master of Public Administration**

The Master of Public Administration, an interdisciplinary program, is designed to prepare individuals for employment in governmental or quasi-governmental organizations requiring board administrative knowledge as well as more specialized academic and practical training. The program requires the completion of a core curriculum consisting of courses from several departments and provides for career specialization within the area. No thesis is required.

tics. 3 hours.
Governmental and political processes of
the Middle East, with emphasis on Iran,
Israel, Turkey and Egypt.

466G Far Eastern Governments and
Politics. 3 hours.
Political traditions, structures and processes
of major governments in the Far East.

---

DEPARTMENT OF HISTORY

CHERRY HALL
ROOM 200 (502) 745-3842

Richard Troutman, Head

Graduate Faculty

Professors: J. Bennett, C. Bussey, C. Crowe-Carraco,
D. Harrington, L. Harrison, R. Haynes, C. Jackson,
D. Lee, M. Lucas, F. Murphy, R. Salisbury, R. Stone,
J. Thacker, F. Thompson, R. Troutman, R. Weigel

Degrees Offered: Master of Arts in History. Master of Arts
in Education (History major or minor). *Specialist in College
Teaching.
*Specialist in College Teaching temporarily suspended

Master of Arts in History
This program is designed to prepare students for the
teaching of history on the junior or senior college level; to
provide the initial graduate work for those who intend to
pursue a doctoral degree; and to enhance the preparation
of secondary teachers of history who desire to meet certifi-
cation requirements through such a program.

In addition to meeting general Graduate College require-
ments, the applicant must present a major or minor in
history with approximately a B average in this field.

A student who has an undergraduate major in history
may be permitted to take six to nine hours of graduate work
in a related field in courses approved by the Graduate
Advisory Committee. A student who presents an under-
graduate major in history must complete the entire program in
the field of history.

Both Plan A (thesis) and Plan B (non-thesis) are avail-
able. Plan A requires a minimum of 24 hours of coursework,
including European Historiography 435G or American
Historiography 455G (unless previously taken) and the the-
sis. At least half of the 24 hours of coursework must be
taken at the 500-600 level. Reading proficiency in a modern
foreign language must be demonstrated.

Plan B requires 36 hours, including at least 21 hours at
the 500-600 level. Both European Historiography 435G and
American Historiography 455G must be included on the
program or used as a research tool. The research tool may
be met by (1) demonstrating proficiency in a foreign lan-
guage, (2) completing Math 203—Statistics, or (3) comple-
ing either History 435G or 455G.

A final examination over coursework, thesis (if Plan A),
and related materials must be passed.

Master of Arts In Education (History major or minor)

Since this program is designed for the public school
teacher, the student following it must meet all requirements
for standard high school certification. A maximum of 21 or a
minimum of 18 hours is required for a major. A maximum of
15 or a minimum of 12 hours is required for a minor. The
remaining hours must be taken in professional education
courses.

History and the Humanities Program

History is an integral part of the program leading to the
Master of Arts in Humanities degree. As a general rule,
students under the humanities program who enroll in grad-
uate courses in history must have at least 18 hours of
history as a prerequisite.

A graduate program is not offered by the Department of Journalism. However, students in other departmental programs may elect coursework from the limited offering in this area.
DEPARTMENT OF MODERN LANGUAGES AND INTERCULTURAL STUDIES

IVAN WILSON CENTER
ROOM 251, (502) 745-2401

C. P. Brown, Head

Graduate Faculty

Professors: J. Babcock, T. Baldwin, C. Brown, B. Feintuch, P. Hatcher, J. Miller, L. Montell

Associate Professors: C. Collins, R. Martin, R. Padilla

Assistant Professor: N. Love, M. Williams

Degree Offered: *Master of Arts in Spanish, Master of Arts in Folk Studies. Master of Arts in Education: Spanish major or minor; French major or minor; German major or minor; Folk Studies minor only.

*Master of Arts in Spanish temporarily suspended.

The Historic Preservation option is available under the Master of Arts in Folk Studies.

Master of Arts in Education

Majors and minors are available in French, German, and Spanish. Since this program is designed for the public school teacher, students following it must meet all requirements for the standard high school certificate. Those persons majoring in French, German, or Spanish must take 18 hours in the major language. Those minoring in French, German, or Spanish may take a minimum of 12 or a maximum of 15 hours. The remaining hours will be taken in professional education. At least half of the required hours of coursework must be at the 500-level or above.

472G Background of Modern Spanish. 3 hours. Prerequisite: Spn 371. History of the Spanish language, stresses the development of sounds and forms, word borrowings, and changes in meanings.

475G Literature of Spain. 3 hours. Prerequisite: Spn 374. Peninsular Spanish literature from the beginnings to the present. Readings, reports.

477G Spanish American Literature. 3 hours

Plan B requires 36 hours of coursework plus the research tool. Specific requirements are FS 577 and 578. Additionally, FS 569 is strongly recommended. The remaining hours will be carefully selected with advisor approval.

The research tool requirements are the same as for Plans A and C. The student must also pass a comprehensive written examination based on coursework and a program reading list.

Plan C (Historic Preservation)

The historic preservation option is designed to provide a firm grounding in the multiple facets of historic preservation and cultural conservation theory and practice. Coursework in folk studies will be complemented by coursework in several cooperating departments including geography and history.

Internships with a variety of local, regional, and national institutions will also provide opportunity for practical work experience in historic preservation.

Plan C requires a minimum of 36 hours plus the research tool. Specific requirements are the 9-hour historic preservation core which consists of FS 477G, His 554, and Geog 434G; fifteen additional hours of folk studies including FS 577, 578, 470G, and two graduate level folk studies electives; three hours of history to be selected from Hist 525, 526, or 452G; and nine hours of folk studies or related electives to be selected with advisor approval. FS 569 strongly recommended.

The research tool requirements are the same as for Plans A and B. The students must also pass a written examination based on coursework and a program reading list.

Master of Arts in Education (Folk Studies minor)

This program is designed to enrich teaching content in the public schools in the arts, humanities, and social sciences, and to broaden the teacher's general education background. Admission requirements are the same as for the Master of Arts in Folk Studies. The folk studies minor requires a minimum of 12 hours in folklore, including Folk Studies 577 and 578 and two folklore electives. One course from a related discipline may be substituted for one folklore elective.

Graduate Courses in Folk Studies

500 American Folklore. 3 hours. An overview of American folklore fields: myths, legends, folk tales, folksongs, proverbs, beliefs, customs, folk speech, material culture, etc.

566 Oral History Materials and Methods. 3 hours. Philosophy of oral history, kinds of materials included, methodology, legal and ethical considerations, uses and planning local oral history projects.

577 Folklore Studies. 3 hours. An overview of folklore studies focusing
DEPARTMENT OF MUSIC

IVAN WILSON CENTER
ROOM 351 (502) 745-3751

Wayne Hobbs, Head

Graduate Faculty

Professors: K. Campbell, W. Hobbs, S. Kersenbaum, T. Watson

Associate Professors: E. Alford, V. Hale, C. Hobbs, E. Volkman

Assistant Professor: K. Davis, G. Dilworth, D. Kelsey, R. Morris

Degrees Offered: Master of Music, Master of Arts in Education (Music major or minor).

Master of Music (Major in Performance)

659 Folklore Genres. 3 hours. An examination of the oral and material culture genres of folklore, and the theories and methods of genre studies.

570 Appalachian Folklore and Folk Life. 3 hours. Folklore and culture of the Upland South, with emphasis on verbal and material traditions.

571 Folk Narrative. 3 hours. A survey of narrative genres of folklore and applicable scholarship.

572 Applied Folklore. 3 hours. Folklore concepts and methods as application-oriented research and public sector concerns with emphasis on social, medical, governmental, and educational programs. Includes relationship with other applied disciplines.

573 Seminar in Interpretation of Myth. 3 hours. Principal contemporary modes of research and interpretation of myth.

574 Urban Folklore. 3 hours. Folkloric and cultural aspects of urban America, with emphasis on the traditions of ethnic, immigrant, occupational, and subcultural segments.

576 American Traditional Song. 3 hours. Interdisciplinary examination of American folk songs and folklore including ethnic, regional, and occupational manifestations. Emphasis on both conventional genres and cultural contexts.

577 Folklore Theories and Techniques. 3 hours. Folklore scholarship, its historical development, and its principal bibliographical materials and their uses.

578 Folklore Fieldwork and Oral History. 3 hours. Examination of and practical experience in theories and techniques of folklore fieldwork and oral history.

579 Directed Study and Research in Folklore. 3 hours. Prerequisite: FS 578 or demonstrated ability to work independently. Supervised individual study under the direction of a member of the folklore graduate faculty.

580 Folklore Conversation and Communication. 3 hours. Forms of folklore which occur within a conversational stream. Attention to proverbs, riddles, speech play, and belief. Expressive culture as a particular culture-specific mode of communication.

585 Topics in Folklore. 3 hours. Topics in current interest in the field. Content varies according to the instructor and apparent needs of the students. May be repeated once.

589FS Internship in Folk Studies. 3 hours. Supervised work situation with a cooperating business, industry, social or governmental agency, emphasizing application of advanced knowledge and skills in folk studies.

589HP Internship in Historic Preservation. 3 hours. Supervised work situation with a cooperating business, industry, social or governmental agency, emphasizing application of advanced knowledge and skills in historic preservation.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit:

462G Folk Medicine. 3 hours.

464G Vernacular Architecture. 3 hours. The forms, functions, and styles of buildings constructed according to custom from local materials to meet individual and cultural preferences.

470G Museum Procedures and Preservation Techniques. 3 hours. Essential aspects of museum and of preservation, i.e., collecting, preserving, researching, exhibiting, and interpreting material culture.

477G Folk Arts and Technology. 3 hours. Folklore research and selected world culture groups, with emphasis on preindustrial folk crafts, technology, and architecture in the United States. Special reference to northwest European antecedent, sources, and parallels.

478G Folklore in Literature. 3 hours. Readings in world literature from the Bible to the modern novel; aspects of folklore reflected there; the effects of unwritten literature on origins and development of written literature.

480G Women's Folk Life. 3 hours. Images and roles of women in American and selected world cultures as reflected in folk materials such as narratives, beliefs, ballads, rhymes, games, customs, and folk arts and crafts.

Afro-American Studies

490G Directed Independent Study in Afro-American Topics. 1 to 3 hours. Selected topics dealing with the life and times of the people of African ancestry in Africa and the Americas.

490G Afro-American Seminar. 3 hours. Topics dealing with the African or Afro-American, past and present.

This program is designed for students who seek a career in performance, or private studio teaching in college or community. In addition to the general Graduate College requirements, the applicant must have a bachelor's degree in music with a grade point average in music subjects of at least 3.0. In addition the individual must demonstrate ability and knowledge through examination in music theory, music literature, and the chosen area of performance.

Included in the required 30 hours (minimum are 15 hours in the performance area; 12 hours selected from music literature, theory, composition, orchestration, or music psychology; and three elective hours. Music literature and music theory courses must be included.

Voice majors are required to demonstrate ability to sing in English and three foreign languages. Any deficiency in this area may require extra coursework. A full length public recital is required in lieu of a thesis.

All students pursuing the Master of Music will be administered a written comprehensive examination at the completion of their coursework. Significant changes in this program are under consideration. Please contact the Department for current information.
Master of Arts in Education (Music major or minor)

Since this program is designed for the public school teacher, the student following it must meet all requirements for standard high school certification. The major requires a minimum of 18 or a maximum of 21 hours in music. The minor requires a minimum of 12 or a maximum of 15 hours in that department. The remaining hours will be taken in professional education courses. A typical program consists of a balanced selection of music education and music literature offerings. In addition, consideration is given to those with an interest in music theory, instrumental arranging, applied music (primary or secondary) or a related field.

Music Fees

Individual or small group instruction in voice or musical instrument: $50 per semester

DEPARTMENT OF PHILOSOPHY AND RELIGION

CHERRY HALL
ROOM 300 (502) 745-3136

Alan B. Anderson, Head

Graduate Faculty

Professors: M. Howe, W. Lane, L. Mayhew, R. Nash, E. Schoen, D. Tuck, R. Veenker, A. Vos

Associate Professors: A. Anderson, J. Garrett, J. Long, J. Trafton

Degree Offered: Master of Arts in Humanities (an inter-departmental program).

The Department of Philosophy and Religion administers the graduate program in humanities. In addition graduate courses in philosophy and religion give significant support to graduate programs in other areas.

The graduate program in humanities is designed to provide the student with a broad background in the intellectual and cultural achievements of Western civilization. It involves a serious attempt to develop a creative synthesis of those contributions which flow from the study of history, literature, philosophy, religion, and the fine arts. It traces the adventure of the human spirit across the disciplines with the intention
of nurturing in the student an increased awareness of the interrelatedness of all knowledge.

At least 18 of the required 30 hours must be in courses numbered 500-level or above. The student's program must include one course each from history, philosophy, and literature (which includes religious literature), as well as a basic methodology course in interdisciplinary study (Humanities Seminar). Each student will also take 598—Humanities Essay (3 hours) or 599—Thesis Research and Writing (6 hours) plus a final written examination. The student must also demonstrate reading ability in either French, German, or Greek.

Options available within the core course sequence of this program include:

1. A concentration in the history of ideas of a particular cultural epoch. The goal here is one of breadth of material and approach. The student electing this option will select one of three periods of Western civilization for the area of specialization: Ancient and Medieval; Renaissance through Enlightenment; Nineteenth and Twentieth Centuries. Twenty-one of the student's thirty hours including thesis or essay are to be taken in the period of specialization. The research for the essay or thesis must also be in this period and must demonstrate a knowledge of the unifying relationships which exist between the various disciplines in the humanities.

2. A specialization in philosophy or religious studies. This option permits a concentration in the more traditional disciplines of philosophy and religious studies while permitting a broad background in supporting disciplines.

Graduate Courses in Philosophy

500 Humanities Seminar. 3 hours.
Problems in and approaches to interdisciplinary study.

501 Readings in Philosophy. 3 hours.
Philosophic classics or readings in a selected area of philosophy. May be repeated with different topics.

502 Seminar in Ancient and Medieval Philosophy. 3 hours.
Topics in ancient and medieval philosophy. May be repeated with different topics.

503 Seminar in Modern Philosophy. 3 hours.
Philosophers or topics in modern philosophy. May be repeated with different topics.

504 Seminar in Contemporary Philosophy. 3 hours.
Philosophers or topics in contemporary philosophy. May be repeated with different topics.

598 Humanities Essay. 3 hours.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level Philosophy courses may be taken for graduate credit

400G Contemporary Philosophy. 3 hours.

401G Readings in Philosophy. 3 hours.

405G Existentialism. 3 hours.

420G Philosophy of History. 3 hours.

425G Twentieth Century British Philosophy. 3 hours.

432G Early Political Philosophy. 3 hours.

433G Modern Political Philosophy. 3 hours.

440G Metaphysics and Epistemology. 3 hours.

499G Research in Philosophy. 3 hours.

Graduate Courses in Religion

501 Graduate Seminar in Religious Studies. 3 hours.
Specific issues in one of the areas of concentration. May be repeated for different topics.

510 Seminar in Religious Literature. 3 hours.
Selected literature from one major religious tradition. May be repeated with different topic.

520 Seminar in Religious History. 3 hours.
Significant topics, movements, or events in the development of one major religious tradition. May be repeated with different topic.

530 Seminar in Religious Thought. 3 hours.
Selected topics or thinkers from one major religious tradition. May be repeated with different topic.

The following 400-level Religion courses may be taken for graduate credit

400G Contemporary Religious Thought. 3 hours.

401G Religion Seminar. 3 hours.

405G Current Issues in New Testament Studies. 3 hours.

415G Old Testament Themes. 3 hours.

420G The Age of the Apostles. 3 hours.

430G Christianity to 1517. 3 hours.
Development of Christian thought and institutions prior to the Reformation.

431G Christianity from 1517 to the Present. 3 hours.
Development of Christian thought and institutions from the Reformation to the present.

440G Judaism. 3 hours.

445G The Religious Traditions of Israel. 3 hours.

455G The Hindu Religious Tradition. 3 hours.

460G The Religion of Primitive Peoples. 3 hours.

465G The Buddhist Religious Tradition. 3 hours.

499G Research in Religion. 3 hours.
DEPARTMENT OF SOCIOLOGY, ANTHROPOLOGY,
AND SOCIAL WORK

GRISE HALL 101 (502) 745-3759

Aaron Podolefsky, Head

Graduate Faculty

Professors: F. Baill, K. Dansereau, T. Dunn, J. Grimm, 
K. Kalab, P. Wozniak

Associate Professors: E. Bohlander, J. Faine, A. Goetting, 
J. Krenzlin, J. Schock, S. Tuthill

Degrees Offered: Master of Arts in Sociology, Master of 
Arts in Education (Sociology minor), Master of Arts in Edu-
cation (Social Science Area major partially composed of 
sociology courses).

Master of Arts in Sociology

This program is designed to provide a sound methodo-
logical and theoretical foundation for graduate study beyond 
the master's level, to give thorough preparation for teach-
ing, and also to provide necessary skills for careers in 
business or industry or in service organizations.

In addition to admission standards prescribed by the 
Graduate College, students entering this program must 
have completed eighteen undergraduate hours in sociology 
with an average of "B" or better. In circumstances where 
special competence has been developed through experi-
ences other than traditional coursework or through exten-
sive coursework in related disciplines, the departmental 
guidelines may be adjusted by approval of the department 
head in consultation with the department graduate committee.

Both Plan A (thesis) and Plan B (non-thesis) are available. 
Students who anticipate doctoral study are encouraged to 
pursue Plan A. Under either plan, students must take the 
department's required core courses as follows:

Soc 511—Advanced General Sociology

Graduate Courses in Sociology

511 Advanced General Sociology. 3 hours. 
Prerequisite: Six hours of Soc and consent of instructor. 
Examination of the various sub-disciplines of the field and the most important develop-
ments in each. Also includes recent research and theory in the various sub-
fields.

512 Sociological Theory. 3 hours. 
Prerequisite: Six hours of Soc and consent of instructor. 
Analysis of current sociological theories, including a survey of recent approaches to 
the construction and application of systematic theoretical models.

513 Methods of Social Research. 3 hours. 
Prerequisite: Six hours of Soc and consent of instructor. 
Covers concept definition, model building, and research design appropriate to problem and data. Includes a review of representative research studies to acquaint 
the sociology major with advanced social research methodology, techniques, and procedures.

514 Advanced Social Statistics. 3 hours. 
Prerequisite: Basic statistics at the undergraduate level or consent of instructor. 
Forms of statistical analysis commonly applied to sociological research data. In-
cludes multiple and partial correlation and regression, one- and two-way analysis of variance, path and nonlinear function analy-
ysis, interaction effects, and introduction to factor analysis.

531 Deviant Behavior. 3 hours. 
Prerequisite: Six hours of Soc or consent of instructor. 
Types of deviant behavior with emphasis on criminality, delinquency, drug addiction, 
and alcoholism. Also covers current sociological theory and research in the field.

532 Criminology. 3 hours. 
Prerequisite: Six hours of Soc or permission of instructor.

Under Plan A, thirty hours are required—24 hours of coursework and 6 hours of thesis credit. Twenty-one hours of 500-level coursework must be taken within the department. Up to nine hours may be taken at the 400G-level. With the approval of the student's advisor and the department head, six hours may be taken in a related field.

The oral examination and defense of thesis will serve as the final examination for students following Plan A.

Under Plan B, thirty hours are required. Twenty-four hours of 500-level coursework must be taken within the department of sociology. Up to twelve hours may be taken at the 400G-level. With the approval of the student's advisor and the department head, nine hours may be taken in a related field.

A written examination covering sociological theory and research methods and their application to selected substantive courses taken in the graduate program will serve as the final examination for students following Plan B.

Beyond the 30 hour requirement under Plan A or the 30 hour requirement under Plan B, the student must demonstrate acquisition of an appropriate research tool. This requirement may be met by demonstrating either (1) reading proficiency in a foreign language appropriate to the major area or (2) mastery of appropriate research techniques.

Master of Arts in Education (Social Science Area major; 
Sociology minor)

This program provides graduate coursework in sociology for the public school teacher, and the student pursuing it must meet all requirements for the standard high school certificate. The student desiring an emphasis in sociology is advised to follow the Social Science Area major, which allows 9 to 12 hours in sociology and the remaining 6 to 9 hours in other social science departments. The student minoring in sociology may take a minimum of 12 hours or a maximum of 15 hours in sociology. In both cases, the remaining hours are taken in professional education courses.
of instructor.
The meaning of work and its social import in contemporary society, the integration of sociological theories of work, and the procedures used in the sociological analysis of work.

Society, Personality, and Behavior. 3 hours.
Inter-personal relations in different situations and from various perspectives. Attitudes, norms, and values; crucial factors in motivation and the actor's definition of the situation.

Formal Organizations. 3 hours.
Prerequisite: Six hours of Soc or consent of instructor.
The goals, internal structure, and environmental relations of large organizations. Emphasizes the emergence of bureaucracies, competing theoretical frameworks for viewing organizations, and the analysis of organization change.

561 562 599 599c 410G 420G 422G 430G 432G 450G 452G 460G 495G

Topical Seminar In Sociology. 3 hours.
Significant topics, issues, or developments in the discipline. May be repeated with a different topic.

Thesis Research and Writing. 6 hours.

Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit

Socialization: Changes Through Life. 3 hours.
Theories and research techniques in socialization; findings that deal with changes over the life cycle.

Power in Society. 3 hours.
Prerequisite: Nine hours of Soc or consent of instructor.
Political behavior within a sociological perspective. Includes social cohesion, legitimacy, political socialization, and power structures.

Sociology of Work and Leisure. 3 hours.
Prerequisite: Graduate standing.
Major types of work, workers, and work settings in the US and the patterns of leisure activity associated with them.

Punishment and Prisons. 3 hours.
Prerequisite: Soc 330 or consent of instructor.
Development of punishment and correctional programs, with emphasis on sociological considerations. Prison field trips required.

Sociology of Criminal Law. 3 hours.
Sociological research and theory focusing on social structural factors affecting the creation of criminal codes, the enforcement of criminal law, and the imposition of penal sanctions.

Occupations and Professions. 3 hours.
Prerequisite: Soc 346 or consent of instructor.
Occupation specialization and the nature of occupational organization. Examines a variety of occupations and professions to determine the place of work in the lives of their members.

Change and Modern Society. 3 hours.
Prerequisite: Nine hours of Soc or permission of instructor.
Nature and theories of social change and the factors affecting it. Emphasis on modernization and institutional changes in contemporary societies.

City Life. 3 hours.
Prerequisite: Six hours of Soc or consent of instructor.
The impact of city life on social actions, social relationship, the social institutions. Emphasis on the rise and significance of cities in American life.

Directed Study. 3 hours.
Prerequisite: Consent of the instructor and the department head.
Individual research in a specific area of sociology in close cooperation with supervising faculty.
COLLEGE OF BUSINESS ADMINISTRATION

DEGREE OFFERED

Master of Business Administration

MBA GRADUATE FACULTY

Professors:

Associate Professors:

Assistant Professors:
G. Buntzman, H. Kim, R. Reber
The MBA program is flexible in that both business and non-business undergraduate degree holders can pursue the degree through individually tailored curricula. To provide flexibility, the program is divided into two sequences: foundation sequence and program sequence. The foundation sequence consists of the following courses:

**Accounting (Acct)**

- **500 Financial Accounting.** 3 hours. Concepts and principles governing financial and managerial accounting, emphasis on both external financial reporting and use of accounting information by management.
- **550 Advanced Accounting Theory.** 3 hours. Prerequisites: Acct 401 and Acct 402 or their equivalents. A study of the development of financial accounting theory, including a critical appraisal of trends in its application.
- **565 Auditing Standards and Applications.** 3 hours. Prerequisite: Acct 450 or its equivalent. Principles and development of auditing; review of auditing pronouncements of the AICPA; requirements of the SEC and GAO; current auditing issues.
- **555 Federal Taxation of Estates, Gifts, and Trusts.** 3 hours. Prerequisites: Acct 430 and Acct 431 or their equivalents. The unified transfer tax provisions of the Internal Revenue Code, income taxation of estates and trusts; use of tax services in research.
- **560 Managerial Accounting.** 3 hours. Prerequisite: Acct 500 or its equivalent. Control function in corporate enterprise, control concepts and techniques; control measures for production and marketing decisions.
- **561 Management Accounting Practices.** 3 hours. Prerequisites: Acct 310 or its equivalent. Application of managerial accounting concepts of planning, control, and decision making.
- **562 Accounting Information Systems.** 3 hours. Prerequisites: Acct 310 and INFS 241 or their equivalents. General system concepts; systems studies and objectives; implementation, documentation, and control.
- **500 Financial Accounting.** 3 hours. Concepts and principles governing financial and managerial accounting, emphasis on both external financial reporting and use of accounting information by management.
- **550 Advanced Accounting Theory.** 3 hours. Prerequisites: Acct 401 and Acct 402 or their equivalents. A study of the development of financial accounting theory, including a critical appraisal of trends in its application.
- **565 Auditing Standards and Applications.** 3 hours. Prerequisite: Acct 450 or its equivalent. Principles and development of auditing; review of auditing pronouncements of the AICPA; requirements of the SEC and GAO; current auditing issues.
- **555 Federal Taxation of Estates, Gifts, and Trusts.** 3 hours. Prerequisites: Acct 430 and Acct 431 or their equivalents. The unified transfer tax provisions of the Internal Revenue Code, income taxation of estates and trusts; use of tax services in research.

The following 400-level course may be taken for graduate credit.

**431G Federal Tax Accounting II.** 3 hours.

Any of these courses may be waived by the Director of Graduate Studies for students whose transcripts show comparable work satisfactorily completed at the undergraduate or graduate level. All required foundation work must be completed before enrollment in the program sequence.

In addition to the foundation courses, all students must have taken or be able to demonstrate a competence in advanced statistics and mathematics through calculus before beginning the program sequence. The program sequence consists of the following:

- **Acct 560—Managerial Accounting**
- **Mgt 570—Business, Gov't, and Law**
- **Mkt 520—Advanced Marketing**
- **Mkt 573—Organization Theory**
- **Econ 580—Applied Microeconomic Theory**
- **Econ 585—Applied Macroeconomic Theory**
- **Fin 530—Advanced Managerial Finance**
- **QBA 535—Advanced Management Science**
- **Mgt 573—International Business**
- **Mgt 578—Admin Policy and Strategy**

The order in which the program courses should be taken is extremely important. All students are required to consult with the Director of Graduate Studies after initial admission to the MBA program in order to plan a complete schedule. In addition, each student is expected to consult with the Director prior to registration each semester to confirm progress. Mgt 578 must be taken during the semester in which the student is to sit for the comprehensive examination.
The following 400-level courses may be taken for graduate credit.

**Economics (Econ)**

- **504 Survey of Economic Theory.** 3 hours. Theoretical principles of micro and macroeconomic analysis. Covers price, output, decisions, resource allocation in a market economy, aggregate income, price level, etc.
- **505W Economics for Teachers.** 3 hours. Basic concepts and topics dealing with the functioning of a market-oriented economic system and the U.S. economy.
- **506 Statistical Research Methods.** 3 hours. Basic concepts of statistics applicable to managerial analysis of variance, regression analysis, time series, and forecasting.
- **508 Applied Microeconomic Theory.** 3 hours. Prerequisites: Econ 504 and 506 or equivalents. Advanced theory and its application in the business environment. Emphasis on behavior of and decision making within the firm, demand resource allocation, and decision-making techniques.
- **581 Survey of Public Financial Theory.** 3 hours. Theoretical aspects of government finance and its influence on public and private decision making.
- **582 Seminar in Economic History.** 3 hours. Topics and research in American and European economic history.
- **583 Advanced Microeconomic Theory.** 3 hours. Topics in the theory of consumer behavior, prices, markets, production, distribution, and welfare.
- **584 Advanced Macroeconomic Theory.** 3 hours. Topics in the theory of consumption, saving, investment, interest, money, and employment.
- **585 Applied Macroeconomic Theory.** 3 hours. Prerequisites: Econ 504 and 506 or equivalents. Its application to the business environment. Emphasis on the dynamic character of the American economy and applied techniques of business conditions forecasting.
- **586 Monetary Theory.** 3 hours. Classical, neoclassical Keynesian, and modern quantity theory of money and monetary policy.
- **587 Land Economics.** 3 hours. Topics in land use, values, and natural resources.
- **588 Public Sector Economics.** 3 hours. Problems in government finance, budgeting, fiscal relations, and revenue sharing. Primarily for Master of Public Service students.
- **589 Seminar in Economic Theory.** 3 hours. Intensive study of selected topics in theory.
- **590 Economic Development.** 3 hours. Development of problems of the less progressive countries.
- **591 Advanced International Economics.** 3 hours. Trade theory, tariffs, balance of payments, and capital transfers.
- **592 Economic Research and Report Writing.** 3 hours. Techniques of data collection, research, and writing on selected topics.
- **593 Directed Studies.** 3 hours. Selected topics in economics.
- **594 Forecasting.** 3 hours. Prerequisites: Math 116, Econ 504, 506, or equivalent. Numerical characteristics of U.S. economy and other economic units; methods of forecasting changes; application and evaluation of different techniques.

**Finance and Management Information Systems**

**Finance (Fin)**

- **509 Managerial Finance.** 3 hours. Nature and scope; topics in financial structure and the cost of capital.
- **510 Advanced Managerial Finance.** 3 hours. Prerequisite: Fin 509 or equivalent. Financing policies of corporate entities with emphasis on planning the capital structure, measuring and controlling the cost of alternate sources of funds, dividend policy, and capital budgeting.

**Computer Information Systems (CIS)**

- **516 Business Computer Applications.** 3 hours. Introduction to electronic information processing. Overview of systems analysis and design, management information systems, introduction to computer programming languages and microcomputer applications.

**Quantitative Business Analysis (QBA)**

- **518 Management Science.** 3 hours. Prerequisites: Math 116 and Econ 206 or equivalents. Quantitative techniques as an aid to decision making. Decision theory, linear programming, queuing theory, and probabilistic models.
- **519 Production Management.** 3 hours. Prerequisites: Info 516, QBA 518, and Econ 506 or equivalents. Operations management planning and control in manufacturing and non-manufacturing systems.
- **535 Advanced Management Science.** 3 hours. Prerequisite: QBA 519. Quantitative and computer-based techniques used as aids to managerial decision making. Emphasizes mathematical programming methods, stochastic models, and simulation.

The following 400-level courses may be taken for graduate credit.

- **410G Seminar in Economics.** 1 to 3 hours.
- **420G Public Finance.** 3 hours.
- **430G Comparative Economic Organization.** 3 hours.
- **440G American Industry: Structure, Performance, and Policy.** 3 hours.
- **450G Central Banking Theory and Monetary Policy.** 3 hours.
- **464G Introduction to Mathematical Economics.** 3 hours.
- **465G Regression and Econometric Analysis.** 3 hours.
- **470G Economic Growth and Development.** 3 hours.
- **474G Urban and Regional Economics.** 3 hours.
- **490G Economic Thought to 1870.** 3 hours.
- **491G Economic Thought Since 1870.** 3 hours.

**Management (Mgt)**

- **513 Management Dynamics.** 3 hours. An introduction to organizational analysis and to the understanding and management of behavior in organizations.
- **570 Business, Government, and Law.** 3 hours. Development, implementation, and impact of major public policies toward business. Includes antitrust, consumer protection, conservation and environmental control, etc.

Vocational Administrator Certification Program
DEPARTMENT OF EDUCATIONAL LEADERSHIP

COLLEGE OF EDUCATION BUILDING
ROOM 426 (502) 745-4953

Stephen B. Schnacke, Head

Graduate Faculty

Associate Professors: R. Meredith, F. Stickle

Assistant Professors: S. House, D. Smith

Degrees Offered: Master of Arts in Education (General, School Counseling, Student Personnel Services in Higher Education, Community/Agency Counseling, School Business Administration); Master of Public Service (Counseling Option); Specialist in Education (Counseling, School Administration).

Additional program specialization areas are available in elementary school administration, secondary school administration, pupil personnel administration, supervision of instruction, general school administration (superintendent), and administration/supervision of vocational education.

The Department of Educational Leadership offers programs designed to prepare school personnel for effective leadership in the elementary and secondary schools. The department also offers programs of preparation for school and professional personnel in the areas of guidance, counseling, and personnel services. The curricula meets professional certification standards in school administration, school counseling, and school supervision. The department also provides education foundations courses that give professional educators a greater understanding of their roles and the function of educational institutions in society.

Some counseling courses may require learning which focuses on self-understanding or growth.

Degree Offered: Master of Arts in Education (Business-Distributive Education and Office Administration major or minor).

This program broadens the skills and the understandings of business teacher education through the application of research findings to business teaching.

The Department requires a minimum of 18 or a maximum of 21 hours for a major. A minimum of 12 or a maximum of 15 hours is required for a minor. The remaining courses will be taken in professional education, since teacher certification requirements must be met. Courses available are listed in the College of Business Administration.

Master of Arts in Education (General)

This program is provided for individuals whose career interests are oriented toward an area of education which does not require public school (elementary or secondary) certification.

Students must meet requirements for admission to the Graduate College and applicable departmental requirements.

A minimum of 30 semester hours of graduate level coursework is required for the non-thesis option; 24 hours of coursework is required for the thesis option. A final comprehensive examination must be satisfactorily completed.

The education major (15-21 hours) must include Ed Fnd 500—Research Methods and 3 hours selected from Ed Fnd 576, Ed Fnd 577, Psy 510, or Psy 511. The remaining courses (9-15 hours) may be selected, in consultation with the advisor, from adult and community education, higher education, and/or other areas of education.

The distributed subject matter minor courses (9-15 hours) may be selected from one or more academic departments. These courses must be approved by a representative from the academic department(s) involved.

Within the MAE (General), programs may be planned to include an emphasis in adult development and gerontology. Those requirements are as follows:

Core 6 hours
Ed Fnd 500 (required) and one additional course to be selected from Ed Fnd 576/577 or Psy 510/511

Education 9-15 hours
Cns Ed 669
Ed 599 (Plan A, thesis) 6 hours or Cns Ed 662 (Plan B, non-thesis) 3-6 hours
Exc Ed 489G
Other appropriate education courses

Subject area 9-15 hours
Psy 423G, HEFL 585, Rec 570, HI SR 443G, 444G
Other appropriate subject area courses
**Master of Arts in Education (School Counseling)**

This program option leads to the master's degree and provisional certification for school counselors. Applicants must meet Graduate College requirements for admission and must gain admission to the department.

All students shall complete Ed Fnd 500—Research Methods and one additional foundations course selected from Ed Fnd 577, Sec Ed 580, or Ed Fnd 576. In addition to the 6 hours of educational foundations, the following counselor education courses must be taken:

A. Elementary School Counselor
   - 550 Introduction to Guidance
   - 552 Individual and Group Analysis
   - 554 Group Guidance
   - 558 Counseling Theory and Practice
   - 560 Counseling Practicum
   (Practicum experience must be at the elementary level)

Courses for the 9-hour subject matter minor will be taken in the area of psychological, physical, and social development of children.

B. Secondary School Counselor
   - 550 Introduction to Guidance
   - 552 Individual and Group Analysis
   - 556 Informational Services
   - 558 Counseling Theory and Practice
   - 560 Counseling Practicum
   (Practicum experience must be at the secondary level)

*Note: In special cases, Cns Ed 554 may be substituted.

Courses for the 9-hour minor will be taken in related fields other than professional education.

**Master of Arts in Education (Student Personnel Services)**

Applicants to this program option must meet Graduate College requirements for admission. Course requirements are as follows:

A. Professional Education (6 hours)
   - Ed Fnd 500—Research Methods (required) and three hours from Ed Fnd 576, 577, Sec Ed 580, or Hi Ed 675, Hi Ed 685, Psy 510, or Psy 511

B. Student Personnel Services major (15-18 hours)
   - Required courses:
     - 664 Introduction to Student Personnel Services
     - 668 Special Topics in Student Personnel Services
     - 674 Seminar in Student Personnel Services
     - 560H Practicum in Student Personnel Services
   - Elective courses:
     - 550 Introduction to Guidance
     - 552 Individual and Group Analysis
     - 554 Group Guidance
     - 556 Informational Services
     - 558 Counseling Theory and Practice or other counselor or education electives.

C. Distributed minor (6-9 hours)
   - Courses to be selected from related areas such as psychology, sociology, government, home economics and family living, economics, and health and safety or others as appropriate.

**Master of Arts in Education (Community/Agency Counseling)**

Applicants to this 36-hour program option must meet Graduate College requirements for admission. Course requirements are as follows:

A. Professional Core (6 hours)
   - Ed Fnd 500—Research Methods (required) and three hours from Ed Fnd 576, Psy 510 or 520, HEFL 491G, Psy 540 or 440G.

B. Counseling Major (18-24 hours)
   - Required courses: Cns Ed 550, 558, 554 or 650, and 560
   - Counseling electives: 6-12 hours selected to develop a specific concentration of counseling skills.

C. Distributed Minor (6-12 hours)
   - Courses to be selected from related areas such as psychology, sociology, home economics and family living, and health and safety or others as appropriate.

**Master of Public Service (Counseling Option)**

This interdisciplinary program consists of offerings from several departments and is designed to prepare individuals for governmental positions which require administrative training as well as knowledge of the particular areas they are to serve.

All candidates for the Master of Public Service degree (regardless of the option chosen) are required to complete a minimum of 9 hours in the core—3 semester hours from category A and 6 semester hours from category B as follows:

A. Organization theory courses—3 hours
   - Govt 540 Seminar in Public Administration
   - Psy 551 Social Psychology of Organizations
   - Soc 562 Formal Organizations

B. Socio-economic and political factor courses—6 hours
   - Geog 484G Planning; Theory and Application
   - Govt 511 Seminar in State and Local Government
   - Govt 510 Problems in National Government
   - Soc 542 Community

Required Counselor Education Courses
   - 550 Introduction to Guidance or
   - 561 Introduction to Rehabilitation Counseling
   - 552 Individual and Group Analysis
   - 558 Counseling Theory and Practice
   - 560 Counseling Practicum

The remaining 9 hours may be selected from
   - Ed Fnd 500 Research Methods
   - Ed Fnd 501 Educational Statistics
   - Cns Ed 554 Group Guidance
   - Cns Ed 556 Informational Services
   - Cns Ed 650 Utilization of Community Resources
   - Cns Ed 656 Seminar in Vocational Guidance and Occupational Ad
   - Hi Ed 675 Higher Education in America

*Note: Other counselor education courses may be selected.

**Specialist in Education (Counselor Education major)**

Applicants desiring to pursue this program must meet Graduate College requirements for admission and must also be admitted to the department. A personal interview is required for reviewing professional and educational background and other pertinent data. A departmental admissions committee will review the information and make final
recommendations regarding the applicant's eligibility.

Three major emphases are available: school counseling, public service counseling and personnel work, and student personnel services in higher education.

This degree requires a minimum of 30 semester hours of graduate coursework beyond the master's degree. Specific courses and field experiences are provided to meet individual needs. Coursework is generally taken from three areas:

Foundations Core—education and research, 6 hours.

Master of Arts in Education (School Business Administration)

Required courses in education are 577—Philosophy of Education of 576—Social Foundations of Education, 585—Fundamentals of Counseling, 677—School Law, 676—School Finance, 678—School Plant Administration, and 500—Research Methods. Additional courses or demonstrated competency are required in the following: office and personnel management, taxation, business law, school business management, accounting, data processing, public finance.

Provisional certification in school business administration is based on completion of the above coursework (18 hours) and two years successful experience in government, busi-
ness, or education. Standard certification is based on completion of the master's degree and three years experience as a school business administrator.

**Specialist in Education (School Administration)**

This advanced professional degree requires a minimum of 36 semester hours of graduate credit beyond the master's degree. It is designed to increase the competency of educational administrators and to enable them to meet specific goals and objectives in their areas of specialization.

Applicants desiring to pursue a specialist degree program must complete Graduate College and departmental requirements of admission. The student's assigned committee reviews the academic program and directs the required research study or project.

Five major emphases are available as follows: elementary school administration, secondary school administration, supervision and curriculum, school business administration, and general school administration.

Coursework is within three areas: Foundations Core—research, historical or sociological foundations of education, fundamentals of school administration, Introduction to Guidance (6 hours minimum); Cognate—sociology, psychology, economics, business administration, guidance, exceptional child education, higher education, computer technology or other related areas, (6 hours minimum); Major Emphasis—18 hour minimum including research study of project. Elective courses shall be selected in a manner to insure that 12 semester hours of non-professional education is included within an individual's total graduate work.

**JOINT-DOCTORAL PROGRAM**

(With the University of Kentucky)

Persons who have completed, or are completing, a master's degree in education and who have adequate qualifications may petition to enter the joint program leading to the Ed.D. or Ph.D. in Education from the University of Kentucky. In addition, admission standards of the doctoral program of the UK College of Education must be met.

Application is filed with the Graduate College of Western Kentucky University. The applicant's qualifications are evaluated by a screening committee, which makes an appropriate recommendation to the University of Kentucky.

Each student admitted to the program is appointed an advisory committee, known as the Special Doctoral Committee, which represents both participating institutions. Normally the student will continue in residence at Western Kentucky University for one school year (maximum 24 semester hours) after being admitted to the joint program. Variations as to period of residence at each institution may be approved by the student's committee. For further information, contact the Dean of the Graduate College, Western Kentucky University.

**NON-DEGREE PROGRAMS**

Students wishing to pursue one of the following programs must make application to the Graduate College. Upon completion of the program, individuals must contact the certification officer in the College of Education, who then certifies to the State Department of Education that rank requirements have been met.

**Rank II Non-Degree Programs**

Western Kentucky University provides the planned Fifth Year Program for students who do not meet the admission requirements of a degree program or who want greater flexibility with regard to time allowed for completion, transfer limitations, and selection of courses than is permitted in a degree program.

Although the Fifth Year Program does not result in the master's degree nor standard certification, it does result in Rank II salary classification in Kentucky, renews the provisional certificate, and permits entry into a Rank I teacher program.

**Guidelines**

1. Thirty-two (32) hours of upper division undergraduate and graduate courses must be completed.
2. At least 12 of the required hours must be taken at Western Kentucky University.
3. A grade point average no less than that for undergraduate certification (2.5) shall be required.
4. A minimum of 12 hours must be in the professional education and a minimum of 12 hours in cognate areas.
5. At least 12 hours must be in graduate level courses.
6. Coursework taken by correspondence is not accepted.

**Rank II (Elementary Education)**

The following courses and their distribution would meet requirements for a Fifth Year Program for renewal of the provisional elementary teaching certificate and Rank II equivalency.

<table>

Twelve to twenty-one semester hours from the major or
minor, or area of preparation, or in supporting courses from disciplines as approved by this institution.
Each 32-hour program must be individually planned in consultation with the student's advisor.

Rank I Programs

Western Kentucky University offers the following Rank I programs in accordance with the minimum regulations prescribed by the Kentucky State Board of Education:
1. Rank I—Teacher (program leading to Rank I qualification for teachers)
2. Rank I—Standard Guidance (leading to standard certification in guidance)
3. Rank I—School Administration (the professional certificate in administration and supervision endorsed for specific administrative positions)

General Guidelines:

1. Rank I classification shall require the completion of either (a) 30 semester hours approved graduate level credit in addition to the requirements for a Rank II classification, or (b) 60 semester hours approved graduate level credit including a master's degree.
2. The student's program shall be planned in consultation with the advisor and shall be related to the professional needs of the individual.
3. A minimum of 15 semester hours must be in courses open only to graduate students.
4. The student shall maintain a B standing, and no credit shall be given for a course grade lower than C.
5. At least 15 of the required hours shall be taken at Western Kentucky University. The remaining hours may be taken, upon approval of the college advisor and the Graduate College, at other institutions provided the grade is A or B.
A minimum of 24 hours of the total 60 (62 when based upon Rank II classification) must be in academic work apart from professional education. These hours shall be in the candidate's major or minor, or area of preparation, or in supporting courses from other disciplines as approved by this institution.

Rank I—Teacher's Program

Rank I (Elementary Education)

The following courses and their distribution would meet requirements for Rank I classification. The student must complete a total of sixty semester hours of graduate credit including the master's degree or thirty semester hours of graduate level credit above the Rank II classification.

Twelve semester hours
El Ed 603, 604, 605, Exc Ed 516
Three to six semester hours from
El Ed 505, 506, 507, 544, 545, 570W, Ear Ed 508, 509, Rdg Ed 519, 523
Three semester hours from
Cns Ed 550, Ed Fnd 576, 577, Sch Ad 677, 585, 598
Twelve semester hours from
Each program must be individually planned in consultation with the student’s advisor.

Rank I (Secondary Education)

The following courses and their distribution would meet requirements for Rank I classification. The student must complete a total of sixty semester hours of graduate credit including the master’s degree or thirty semester hours of graduate level credit above the Rank II classification.

Nine semester hours
Exc Ed 516, Sec Ed 604, 605
Three to six semester hours from
Sec Ed 444G, 455G, 528-542, 543, 544, 545, 570W, 571
Three to six semester hours from
Twelve to fifteen semester hours from the major or minor, or area of preparation, or in supporting courses from disciplines as approved by this institution.
Each program must be individually planned in consultation with the student’s advisor.

Rank I—Guidance Program

The Rank I guidance program, which leads to the standard certificate in guidance and counseling, is designed to provide additional preparation and competency for school counselor personnel. The planned program requires a minimum of sixty hours including a master's degree and one year's experience as a school counselor.
A certified teacher with a master's degree outside guidance must complete at least fifteen semester hours in counseling coursework toward provisional guidance as a part of the Rank I program. An additional fifteen semester hours of counseling coursework are required for the standard certificate in guidance and counseling, along with the minimal one year's experience as a school counselor.
The 60-hour program leading to the standard guidance certificate must be individually planned in consultation with the student's advisor and must include the following:
Counselor education - 30 hours
Behavioral sciences/related fields - 12 hours
Educational research - 3 hours
Counseling electives, educational foundations, and/or other selected areas - 15 hours

Rank I—School Administration

A sixty-hour planned program, including the master's degree and standard teaching certificate, is required. Of the total 60 hours (Master's and Rank I), at least 12 hours must be taken in the behavioral sciences or subject matter fields other than professional education. Application for admission should be made to the Graduate College and the department. Programs are designed to include administrative certification requirements for one or more of the following leadership positions: elementary principal, secondary principal, director of pupil personnel, supervisor, superintendent.

Certification for School Principal Endorsement
(Secondary or Elementary)

The professional certificate for school administration and supervision may be endorsed for either the elementary or the secondary principalship when the following conditions have been met:
1. Completion of requirements for the standard elemen-
tary teaching certificate (for elementary principal endorsement) or the standard secondary teaching certificate (for secondary principal endorsement).

2. Three years of successful teaching experience.
3. Completion of a minimum of 45 semester hours of graduate credit including the master's degree. Within these total hours the student must complete the following required core courses in education:
   - Ed Fnd 500, Ed Fnd 577, or 576, Psy 510 or 511, Cns Ed 660 or 550, Sch Adm 585.
4. Satisfactory score on the Subject (Education) Test of the GRE.
5. Completion of departmentally approved electives selected from curriculum, supervision, administration, and/or cognate areas to meet certification requirements and to provide the necessary competencies.

Certification for Director of Pupil Personnel Endorsement

The professional certificate in school administration and supervision may be endorsed for the position of director of pupil personnel when the following conditions have been met:

1. Completion of the requirements for either the standard elementary certificate or the standard high school certificate.
2. Three years of successful teaching experience.
3. Satisfactory score on the Subject (Education) Test of the GRE.
4. Completion of a minimum of 45 semester hours of graduate credit including the master's degree. Within these total hours the student must complete the following required courses in education:
   - Ed Fnd 500, Ed Fnd 577 or 576, Psy 510 or 511, Cns Ed 550, Sch Adm 583, 585, plus other designated administration courses.

Certification for Supervisor Endorsement

The professional certificate in school administration and supervision may be endorsed for the position of supervisor when the following conditions have been met:

1. Completion of the requirements for either the standard elementary certificate or the standard high school certificate.
2. Three years of successful teaching experience.
3. Satisfaction score on the Subject (Education) Test of the GRE.
4. Completion of a minimum of 45 semester hours of graduate credit including the master's degree. Within these total hours, the student must complete the following required courses in education:
   - Adm 585 or 686, Rdg Ed 519, plus other designated administration courses.

Certification for Superintendent Endorsement

The professional certificate for school administration and supervision may be endorsed for the position of school superintendent when the following conditions have been met:

1. Completion of the requirements for either the standard elementary certificate or the standard high school certificate.
2. Completion of Rank I in School Administration.
3. Satisfaction score on the Subject (Education) Test of the GRE.
4. Certification for superintendent as a general rule should include requirements for principal or supervisor.
5. Five years of successful experience in teaching or administration.
6. Completion of additional required courses in education:
   - 676—School Finance
   - 677—School Administration
   - 675—School Law
   - 676—School Plant Administration
7. Completion of departmentally approved electives selected from professional education, behavioral sciences, and/or cognate areas to meet certification requirements and provide administrative competencies.

Certification for Administration and Supervision of Vocational Education Programs

This program area is based on the prerequisite as stipulated by State Certification regulations: the baccalaureate degree and preparation for a ten year certificate (provisional) for any one of the areas of vocational education authorized in the Kentucky State Plan for Vocational Education. Any individual planning to pursue this program should present a copy of the appropriate certificate to the department and advisor concerned.

A minimum of 15 hours must be completed from the following courses:
   - Sch Adm 581, Sch Adm 585 or Sch Adm 686, Sch Adm 594 or Cns. Ed 656, and Ed Fnd 500.

Graduate Courses In Educational Foundations

500 Research Methods. 3 hours. Includes theory of research; experimental design, bibliographical and data gathering techniques, and interpretation of results.

501 Educational Statistics. 3 hours. Graphic and tabular arrangement of data; measures of central tendency and of relationship.

548 Research in Curriculum and Instruction. 1 to 3 hours. Research in elementary instructional problems in reading, mathematics, science, social studies, English, and in elementary and secondary curriculum.

570W Workshops in Education. 1 to 3 hours. Special short courses on educational problems.

576 Social Foundations of Education. 3 hours. Selected problems in American society, their impact on the educational system, and the possible role of that system in resolving such problems.

577 Philosophy of Education. 3 hours. The relationship between philosophy and education. Emphasizes the development of an effective individual philosophy of education.

675 Higher Education in America. 3 hours. History, purpose, philosophy, organization, curriculum, student personnel services, financial services, and trends of the American system of higher education.

685 Academic Problems in Higher Education. 3 hours. Prerequisite: Hi Ed 675 or permission of
Major problem areas of academic administra-
tion with emphasis on issues and pro-
cedures of college and university level
curricular development.

Graduate Courses in School
Administration

581 Organization and Administration of
Occupational Education. 3 hours.
Organization, administration, and imple-
mntation of occupational education pro-
grams as an integral part of the educa-
tional system.

583 Accounting for Pupil Personnel. 3 hours.
Emphasizes the responsibilities of direc-
tors of pupil personnel, problems of per-
sonnel accounting, and records and re-
ports related to the Minimum Foundation
Program.

585 Fundamentals of School Administration. 3 hours.
Organization and administration of Ameri-
can schools. Principles of effective lead-
ership and the roles and responsibilities
of administrative—supervisory positions.

586 School Business Management. 3 hours.
Effective operation of the fiscal and busi-
ness aspects of school administration in
the educational program.

590 Administration of School Personnel. 3 hours.
Allocation of human resources to accom-
plish the purposes of the school organiza-
tion.

594 Seminar on Leadership in Occupational
Education. 3 hours.
Principles and practices of leadership as
related to involving community resources
in the development and operation of oc-
cupational education programs.

596 Readings in Education. 1 to 30 hours.
Prerequisite: Permission of major professor.
Reading and research in an area of indi-
vidual interest. Supervised by the major
professor.

597 Problems in Administration and
Supervision. 1 to 3 hours.
Prerequisite: Permission of instructor.
Identifying and attempting to solve admin-
istrative problems in the local school setting.

598 The Organization and Supervision of
Student Teaching. 3 hours.
The philosophy, theory, and practices es-
sential for an effective student teaching
program. Covers State and NCATE stan-
dards for teacher education, personal and
professional relationships, and evaluation
of student teachers.

601 Statistical Techniques for Experimental
Designs in Education. 3 hours.
Parametric and non-parametric statistical
techniques apply to experimental and
quasi-experimental research designs in
education.

676 Public School Finance. 3 hours.
School budgets and accounting for school
money; unit costs and cost accounting;
counting for school property; insurance
business procedure and office practice.

677 School Law. 3 hours.
Clinical study of existing school code; ju-
dicial decision; administrative problems
and school code.

678 School Plant Administration. 3 hours.
Prerequisite: Sch Ad 585.
Educational needs and building planning;
architect service; standards of construc-
tion; building surveys.

679 Seminar in Foundations of Education. 3 hours.
The superintendency.

681 Secondary School Curriculum. 3 hours.
Critical issues and suggested means of
resolving these issues for an improved
educational program.

682 School-Community Relations. 3 hours.
Background, need, and techniques for
establishing a wholesome working rela-
tionship with laity, with emphasis on
their involvement in school programs.

683 Seminar in Curriculum Development. 3 hours.
Examination of factors influencing curricu-

um development.

684 Supervision of Elementary School
Subjects. 3 hours.
Applying principles of supervision to prob-
lems of instruction in the elementary grades.

686 Principles of Supervision. 3 hours.
The instructional aspect of school admin-
istration: organization, problems, princi-
pies, and techniques of improving inservice
training for teachers.

688 Evaluating the Elementary School. 3 hours.
Techniques for and approaches to evalu-
ating the school for accreditation purposes
as well as for general improvement of
programs. Designed specifically for pro-
spective administrative and/or instructional
leadership personnel.

691 Elementary School Organization and
Administration. 3 hours.
Prerequisite: Sch Ad 585.
Problems of instruction; classification, pro-
motion, and guidance of pupils; relation of
principal to non-professional personnel;
and relationship with patrons and com-

692 Secondary School Organization and
Administration. 3 hours.
Programs of instruction; classification, pro-
motion, and guidance of pupils; relation of
principal to non-professional personnel;
and relationship with patrons and com-

694 Seminar in Educational Administration. 3 hours.
Emphasis on current practices in admini-
stering special programs.

695 School Surveys. 3 hours.
Gathering and interpreting data; evaluat-
ing educational programs and facilities;
predicting future enrollment; and presenting
results to school authorities.

696 Advanced Theory in Education
Administration. 3 hours.
Prerequisite: Permission of instructor.
Theoretical approaches to the study of
education administration and leadership.

697 Research in Administration and
Supervision. 1 to 3 hours.
Special projects in administration and
supervision.

698 Practicum in Administration and
Supervision. 3 to 6 hours.
Prerequisite: Permission of instructor. In-
ternship or other field experience for ad-
ministrators and supervisors.

699 Specialist Project. 6 hours.

699c Maintaining Matriculation. 1 to 6 hours.

DEPARTMENT OF HOME ECONOMICS AND
FAMILY LIVING

ACADEMIC COMPLEX, CANON WING
ROOM 303 (502) 745-4352

William Floyd, Head

Graduate Faculty

Professors: S. Clark, L. Ehrcke, W. Floyd, L. Fong,
D. Hayden, R. Hedges, M. Jenkins, V. Moore, J. Rasdall

Associate Professors: V. Atkins, B. Fulwood, S. Gibbs
Assistant Professors: M. Casto, T. Roberts

Degrees Offered: Master of Arts in Child Development and
Family Living, Master of Arts in Education (Home Econom-
ics Education major and minor), Master of Science in
Home Economics (Interior Design and Housing, Textiles
and Clothing, and Foods and Nutrition, Specialist in Educa-
tion (Vocational Home Economics major).
Master of Arts in Child Development and Family Living

This degree is considered an intermediate step preparatory to entry into a doctoral program leading to college teaching, therapeutic activity and/or research. In addition to Graduate College requirements, the student must present an undergraduate record of B in the behavioral sciences and related disciplines. Applicants who do not have the B average but whose score (verbal and quantitative combined) on the General Test of the Graduate Record Examination is at least 900 may be given provisional admission.

The major requires 24 hours, and the remaining hours of the total of 30 must come from closely related studies in counselor education, psychology, or sociology. The 24 hours in the major are HEFL 491G, 576, 577, 578, 579, 580, 599 (six hours) or six hours of restricted electives in lieu of thesis. Cognate studies must be approved by the advisor.

The research tool requirement may be met by (1) demonstrating ability to read subject material in either French or German, (2) completing specialized study in human biology and genetics, or (3) completing additional work in statistics and research methodology.

Master of Arts in Education (Home Economics Education major or minor)

This program is planned for teachers pursuing the standard high school certificate. Applicants must have an undergraduate area of concentration in home economics education. Required courses for the major are HEFL 572, 573, 574, and 9-12 hours of HEFL electives to be approved by the advisor. Required for the education minor are Educ 540 and 500. The HEFL minor requires 12-15 hours along with 15-18 hours in professional education.

Master of Science in Home Economics

This degree is designed to prepare individuals for positions requiring specialization at the master’s level or to provide an adequate foundation for study beyond the master’s degree. Three options are available: Interior Design and Housing, Textiles and Clothing, and Foods and Nutrition.

Option in Interior Design and Housing

Applicants must be eligible for admission to the Graduate College and must submit a portfolio representative of their work. Decisions in regard to acceptability of coursework for admission, deficiencies, and program planning will be made by the graduate faculty in interior design and housing.

The required 30 hours of graduate work, with at least 15 hours at the 500-level or above, must include HEFL 480G, 482G or 483G, 536, and 537: 6 hours of HEFL elective courses, at least 3 hours of which must be at the 500-level or above; and 6 hours in an approved cognate field. For Plan A, a thesis must be submitted in a specific area of interior design and housing. For Plan B, 6 hours of approved coursework, at least 3 hours of which must be at the 500-level or above, must be taken in lieu of the thesis.

The research tool requirement usually involves demonstration of the ability to read a foreign language or specialized study in statistics and research methods or computer utilization.

Option in Textiles and Clothing

Applicants must be eligible for admission to the Graduate College and should have the equivalent of an undergraduate minor (18 hours) in textiles and clothing as well as basic courses in psychology, sociology, and chemistry. Decisions in regard to acceptability of coursework for admission, deficiencies, and program planning will be made by the graduate faculty in textiles and clothing.

The required 30 hours of graduate work, with at least 15 hours at the 500-level or above, must include HEFL 536 and 537: 12 hours of HEFL elective courses, at least 3 of which must be at the 500-level or above; and 6 hours in an approved cognate field. For Plan A, a thesis must be submitted in a specific area of textiles and clothing. For Plan B, 6 hours of approved coursework, at least 3 of which must be at the 500-level or above, must be taken in lieu of the thesis.

The research tool requirement usually involves demonstration of the ability to read French or specialized study in statistics and research methods or computer utilization.

Option in Foods and Nutrition

Applicants must be eligible for admission to the Graduate College and should have adequate background in home economics education and/or in the allied health areas. Decisions regarding acceptability of coursework for admission, deficiencies, and program planning will be made by the graduate faculty in foods and nutrition. This option provides flexibility for students to emphasize course concentration consistent with their vocational goals: dietetics, restaurant management, industry or teaching.

The required 30 hours of graduate work, with at least 15 hours at the 500-level or above, must include 6 hours of required core courses: HEFL 536 and 537. The major requires 12 hours in foods and nutrition. For Plan A, a thesis (6 hours credit) must be submitted in a specific area of foods and nutrition. For Plan B, 6 hours of approved coursework must be taken in lieu of the thesis, e.g., HEFL 575 or 580. The cognate field requires 6 hours of coursework as approved by the graduate advisor.

The research tool requirement involves demonstration of the ability to read a foreign language or specialized study in statistics, and research methods or computer utilization.

Specialist in Education (Vocational Home Economics major)

See Department of Teacher Education.

Graduate Courses in Home Economics and Family Living

520 Seminar in Home Economics and Family Living. 3 hours. 
Survey of recent developments and present trends conducted in a particular area of the Department of HEFL or deemed appropriate by faculty and student demand.

521 Interior Ergonomics I. 3 hours. 
Sociological and psychological factors in interior design—separately, in relationship to each other, and in relationship to other disciplines.

522 Interior Ergonomics II. 3 hours. 
Cultural and anthropometric literature related to interior design; interrelationships between culture and anthropometrics.

531 Cultural Patterns of Dress. 3 hours. 
In-depth analysis of literature and research

47
related to cultural aspects of clothing. Specific cultural emphasis will vary.

533 Developing Fashion Merchandising Programs, 3 hours. Principles, problems, and practices of curriculum, field experiences, and extended classroom activities related to fashion merchandising.

536 Textile Analysis and Interpretation, 3 hours. Prerequisites: HEFL 435 and chemistry. Qualitative and quantitative techniques for physical and chemical analysis of textiles. Planning and conducting textile analyses and evaluating resulting data.

537 Critique and Design of Investigations in Institutional and Home Environment, 3 hours. (lecture, field lab) Opportunity to pursue individual interest in specialized areas, e.g., textiles, clothing, merchandising, interior design, housing, etc. Critical analysis of cognitive, educational, and behavioral problems, and research related to the home environment. Opportunity to pursue individual interest in specialized areas, e.g., textiles, clothing, merchandising, interior design, housing, etc.

538 Seminar in Institutional and Home Environment, 3 hours. (lecture, field lab) Technology, cultural, and educational developments in institutional and home environment. Opportunity to pursue individual interest in specialized areas, e.g., textiles, clothing, merchandising, interior design, housing, etc.

539 Critique and Design of Investigations in Institutional and Home Environment, 3 hours. (lecture, field lab) Corequisite: Consent of instructor. Principles and methodologies in sensory evaluations of foods; collection, analysis and presentation of sensory data; focuses on determinants of quality in foods.

540 Community Nutrition, 3 hours. Analysis of literature and research related to nutrition problems facing patients returning to home and community; analysis of community resources that assist with specific problems. (lecture, field trips and lab)

541 Nutrition For The Elderly, 3 hours. Corequisite: Consent of instructor. Analysis of literature and research related to nutrition problems of the elderly; analysis of resources that assist them with their specific problems. (lecture, field trips, and lab)

542 Special Topics in Home Economics and Family Living, 1 to 6 hours. Prerequisites: Consent of instructor. Critical analysis of cognitive, educational, and behavioral problems, and research related to the home environment. Critical analysis of cognitive, social-learning, and psycho-analytic theories of human development.

544 Seminar in Research in Marital and Family Therapy, 3 hours. Prerequisites: One course in marriage and family therapy.

545 History of Costume, 3 hours. Corequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

546 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

547 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

548 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

549 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

550 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

551 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

552 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

553 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

554 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

555 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

556 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

557 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

558 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

559 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

560 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

561 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

562 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

563 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

564 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

565 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

566 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

567 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

568 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

569 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

570 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

571 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

572 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

573 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.

574 History of Costume, 3 hours. Prerequisites: HEFL 231 and 261. History of costume; study of the evolution and development of costume and its mechanisms to implement specifications.
DEPARTMENT OF PHYSICAL EDUCATION AND RECREATION

ACADEMIC-ATHLETIC BUILDING #2
ROOM 316 (502) 745-3347

Burch Oglesby, Head

Graduate Faculty

Professors: T. Crews, J. Jones, A. Little, W. Meadors, B. Oglesby

Associate Professors: C. Crume, C. Daniel, W. Kummer, S. Laney

Degrees Offered: Master of Science in Physical Education, Master of Arts in Education (Physical Education major or minor), Master of Science in Recreation.

Diversified programs are available in physical education and recreation. The department maintains laboratories for study of human motor behavior and physical performance, and students are encouraged to pursue personal research interests.

Master of Science in Physical Education

This program is designed to meet the needs of students seeking concentrated study within the academic discipline of physical education. All candidates are required to take PER 501, 12-27 hours of physical education coursework (selected in consultation with the advisor), and 0-6 hours from allied area. Although Plans A and B are available, candidates are encouraged to write a thesis. The research tool requirement may be met by demonstrating (1) competency in research techniques or (2) reading proficiency in a foreign language.

Master of Arts in Education (Physical Education major or minor)

Students following this program must meet all requirements for the standard high school certificate. The student majoring in physical education must take 15-21 hours in physical education including PER 501 and three courses selected from PE 502, 503, 504, 505, 506, and 507. The student minoring in physical education must take 12-15 hours in physical education including six hours selected from PE 502, 503, 504, 505, and 506. The remainder of the required 30 hours, in both cases, is taken in professional education (see secondary education).

Master of Science in Recreation

This program is designed to prepare professional recreation practitioners for a wide range of recreation and leisure-service occupations; provide opportunity for study in a specialized area of recreation; provide knowledge of research
Graduate Courses in Physical Education

501 Analysis of Research in Physical Education. 3 hours. Selected studies in the physical education literature related to methods, materials, techniques, and planning of research studies used and conducted by the profession. (To be taken in first term of enrollment).

502 Philosophical Bases of Physical Education and Athletics. 3 hours. The influence of major educational philosophies upon physical education and athletics, the development of a practical and usable personal philosophy of modern physical education.

503 Motor Learning. 3 hours. Prerequisite: PE 501. Theories and principles of learning as they apply to the acquisition of gross motor skills. Emphasizes the interpretation and practical application of experimental data.

504 Physiological Bases of Motor Performance. 3 hours. Application of physiological principles of motor activity. Inferences on improving instructional practices.

505 Foundations of Curriculum Construction. 3 hours. Principles, procedures, and criteria for curriculum construction and revision, course building, and lesson planning.

506 Psychological Aspects of Sport and Performance. 3 hours. Prerequisite: PE 501. The various psychological parameters on sport performance.

507 Sport in Culture. 3 hours. The sports movement in America from a socio-cultural viewpoint. Analysis of current problems and trends.

510 Seminar: Facilities, Construction and Equipment. 3 hours. Principles, standards, practices and problems in planning, constructing, administering the building program, maintaining the facilities and in purchase and care of equipment.

511 Theory in Administration and Supervision of Physical Education and Athletics. 3 hours. Basic administrative theory and research for the administration of physical education and athletic programs.

512 Seminar: Administration Problems in Physical Education and Athletics. 3 hours. Organization and control of physical education and athletics programs at various education levels. Discussion of controversial issues and practice in seeking solutions.

530 Independent Investigations in Physical Education. 3 hours. Prerequisites: PE 501 and consent of instructor. Research problems or projects in the organizational, administrative, or supervisory areas of physical education.

570 Workshop in Physical Education. 3 hours. Workshop and/or seminars dealing with special problems and current topics in physical education.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses in Physical Education may be taken for graduate credit

420G Adaptive Physical Education. 3 hours. Study and field experience in the adaptation of the principles and practices of physical education programs for teaching handicapped children.

430G Physical Education Curriculum in the Elementary School. 3 hours.

454G Problems and Trends in Elementary Physical Education. 3 hours.

456G Advanced Studies in Physical Education and Athletics. 3 hours.

491G Physical Diagnosis and Corrective Physical Education. 3 hours. Recognition of abnormalities and exercise for correction.

492G Advanced Athletic Training. 3 hours. Techniques needed in the prevention and care of athletic injuries—inclusion recognition, prevention, treatment, reconditioning, rehabilitation.

Graduate Courses in Recreation

501 Analysis of Research in Recreation. 3 hours. Selected studies in recreation literature relative to methods, materials, techniques, and planning of research studies used and conducted by the profession.

511 Recreation and Gerontology. 3 hours. Importance of recreation to the lives of the aged; assisting them in worthwhile, constructive use of leisure time; developing statistical and problem solving skills essential to gerontological research, program planning, and administration.

513 Organization, Administration, and Supervision of Parks, Playgrounds and Recreation Programs. 3 hours. Organization and administration of recreation at federal, state, and local levels. Correlation and integration of the entire recreation program into the culture and society of the community.

515 Planning and Maintenance of Park and Recreation Facilities. 3 hours. Principles and problems in planning and maintenance of park and recreation facilities. Relationship of facilities to program needs. Field trips required.

517 Construction and Utilization of the Survey of Recreation. 3 hours. Planning, application, and evaluation of the survey as a means of determining recreation program needs in selected settings.

519 Fiscal Practices for the Administrator of Recreation and Parks. 3 hours. Budget construction, record-keeping, purchasing, personnel problems, and office management as related to recreation.

521 Public Relations for Parks and Recreation Programs. 3 hours. Effective communication between colleagues, program participants, and the public through the use of audio-visual devices and techniques.

523 Philosophy and Trends. 3 hours. Philosophical and historical development of opinions and attitudes toward the concepts of leisure and recreation.

530 Independent Investigations in Recreation. 3 hours. Special research problems in the area of recreation.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level Recreation courses may be taken for graduate credit

410G Therapeutic Recreation. 3 hours. Principles, trends and programs of therapeutic recreation. Selected disabilities considered.

412G Adaptive Activities and Facilities for Recreation. 3 hours. Methods of adapting recreational programs, activities, and facilities for the handicapped.

432G Principles of Outdoor Recreation. 3 hours. Values and extent of outdoor recreational philosophy based on legislation, geographic factors, land use, standards, agencies, and economics.

433G Camp Administration. 3 hours. Status, purpose, and administration of organized camping. Includes history and trends, selection and training of staff, health and safety considerations, etc.

434G Development of Nature Oriented Areas and Facilities. 3 hours.
**DEPARTMENT OF PSYCHOLOGY**

**COLLEGE OF EDUCATION BUILDING**
**ROOM 276 (502) 745-2695**

John O'Connor, Head

**Graduate Faculty**

Associate Professors: K. Ball, C. Elson, D. Grice, B. Howton, L. Layne, R. Mendel, E. Owen, W. Ploh, D. Redfield

Assistant Professors: D. Axsom, E. Erffmeyer, S. Kuhlenschmidt

**Degrees Offered:** Master of Arts in Psychology, Master of Arts in Education (Psychology major or minor).

**Master of Arts in Psychology**

This program provides preparation for students who wish to pursue careers in clinical, industrial, governmental, or school settings. The Department offers four options: clinical, experimental, industrial, and school psychology. Within each option, the student is expected to become competent in theory, research, and applications of psychology as related to the chosen area of concentration.

- **450G Introduction to Commercial Recreation and Tourism**, 3 hours. Prerequisites: Rec 200, 300, 302, and 306. Commercial recreation and tourism, including the establishment, supervision, and operation of areas and facilities.
- **451G Recreation Management**, 3 hours. Practical approach to management of park facilities and personnel. Includes program planning, design, and standards.
- **456G Advanced Studies in Recreation**, 3 hours. Covers various aspects of recreation in a municipal setting. Includes personnel, financing, facilities, planning, maintenance, and such other topics as legislation and vandalism.
- **457G Administration of Municipal Recreation**, 3 hours. Organization of 2.5 with a 3.0 GPA of 2.5 with a 3.0 in psychology courses, and four letters of recommendation sent to the departmental admissions committee.
- **Core requirements for all options**: 12 hrs
- **Psy 541, 512, 563, and 552**
- **Psy 442G or 641**
- **Psy 571, 643, or 660**
- **Psy 520, 521, or 550**
- **Psy 511, 523, or 580**
- **Psy 595, Thesis**
- **Research Tool**
- **Practicum or Internship**
- **Comprehensive oral examination required at the time of thesis defense.**

**Clinical Psychology**

This option is practice-oriented and offers a broad foundation for individuals planning to render psychological services at the MA level. Students prepare for the certification examination administered by the Kentucky State Board of Psychology and by boards in other states requiring certification for individuals who provide psychological services at the MA level. Students are expected to adhere to the APA Ethical Standards of Psychologists and to maintain a professional demeanor in clinical activities. Forty-nine hours are required.

Specific course requirements are as follows: Psychology 500, 569, 640, 642, and 661. Students may elect to take additional hours in home economics and counselor education as well as additional hours in psychology.

**Industrial-Organization Psychology**

This option focuses on human behavior in industrial and governmental organizations. Students are expected to become proficient in the construction and validation of personnel selection systems. The Equal Employment Opportunity Commission's (EEOC) Guidelines on employment selection procedures and familiarity with relevant court decisions are major emphases of the program. A four-to-six months paid internship is available to those interested in personnel psychology. Forty-two hours are required.

Specific course requirements are as follows: Psychology 513, 570, 572, and 670.

**School Psychology**

This option emphasizes training as a diagnostician-consultant. The student will function as an integral part of the total program of pupil-services. Each student receives on-site experience in public schools, school related practice assignments in the department's psychological clinic, and experience as a member of an interdisciplinary team in the College of Education's Child Diagnostic Clinic. Upon completion of the program the student is recommended to boards of education and state boards of psychological examiners for certification as a school psychologist. Sixty hours are required.

Specific course requirements are as follows: Psychology 514, 540, 560, 561, and 590. An additional 9 hours of education are required for Kentucky certification in school psychology.
### General-Experimental Psychology

This option is designed for students who plan to pursue doctoral studies after completion of the master's degree or who desire a terminal master's degree in general psychology. Flexibility allows the student to choose courses specific to interests and career goals that are not included in the other options.

Course requirements, other than those required in the core, are individually determined by the faculty advisor.

### Graduate Courses in Psychology

<tbody>
<tr>
<td>500</td>
<td>Trends and Scientific Approaches in Psychological Thinking</td>
<td>3 hours</td>
<td></td>
<td>New developments and special topics in contemporary psychological research.</td>
</tr>
<tr>
<td>505</td>
<td>Statistical Software for Behavioral Scientists</td>
<td>3 hours</td>
<td>Three hours of undergraduate statistics and graduate standing or permission of instructor.</td>
<td>Develops proficiency in use of statistical software for mainframe and personal computers. Emphasis on SPSS. Data base management for the PC is also addressed. Fall and Summer of each year.</td>
</tr>
<tr>
<td>510</td>
<td>Advanced Educational Psychology</td>
<td>3 hours</td>
<td></td>
<td>Psychology of learning. Different psychological theories, methods and techniques.</td>
</tr>
<tr>
<td>511</td>
<td>Psychology of Learning</td>
<td>3 hours</td>
<td></td>
<td>Theories of learning including conditioning, social learning, reinforcement, problem-solving, motivation and structure of the learning situation.</td>
</tr>
<tr>
<td>512</td>
<td>Seminar in Experimental Design</td>
<td>3 hours</td>
<td>Required for all graduate students in psychology. Understanding the principles of experimental design and the application of appropriate statistical techniques. Includes the design of an experimental project.</td>
<td></td>
</tr>
<tr>
<td>513</td>
<td>Advanced Statistical Analysis</td>
<td>3 hours</td>
<td>Prerequisite: Psy 512 or permission of instructor.</td>
<td>Advanced analysis techniques appropriate to psychological research. Emphasizes the more complex forms of the analysis of variance, the analysis of covariance, and non-parametric statistics.</td>
</tr>
<tr>
<td>514</td>
<td>Program Evaluation</td>
<td>3 hours</td>
<td>Prerequisite: Psy 512 or equivalent. Examination of program accountability. Emphasizes all phases of evaluation. Also covers decision making processes.</td>
<td></td>
</tr>
<tr>
<td>515</td>
<td>Program Evaluation Laboratory</td>
<td>1 hour</td>
<td>Corequisite: Psy 514.</td>
<td>Student will conduct a program evaluation as a part of an evaluation team and write the report for dissemination to appropriate offices and/or agencies.</td>
</tr>
<tr>
<td>516</td>
<td>Advanced Study in Motivation</td>
<td>3 hours</td>
<td>Historical and present motivation theories. Classical emphasis on a current literature survey of both human and animal research.</td>
<td></td>
</tr>
<tr>
<td>519</td>
<td>Psychological Perspectives on Classroom Behavior</td>
<td>3 hours</td>
<td>Prerequisite: Psy 510.</td>
<td>Strategies and techniques designed for coping with problem behaviors in the classroom. Covers both presentative and problem encounter measures.</td>
</tr>
<tr>
<td>520</td>
<td>Psychology of Individual Differences</td>
<td>3 hours</td>
<td></td>
<td>Research and theory in developmental aspects of behavior from the prenatal period to adulthood with emphasis upon individual differences.</td>
</tr>
<tr>
<td>521</td>
<td>Advanced Child Psychology</td>
<td>3 hours</td>
<td></td>
<td>Particular emphasis upon a critical review of current research in child development.</td>
</tr>
<tr>
<td>522</td>
<td>Advanced Adolescent Psychology</td>
<td>3 hours</td>
<td></td>
<td>Current research and theories in the area of adolescent psychology as they relate to physical, social, emotional and intellectual development.</td>
</tr>
<tr>
<td>523</td>
<td>Cognitive Theory</td>
<td>3 hours</td>
<td></td>
<td>Information processing, thinking and cognition. Covers major theories and research techniques in the area.</td>
</tr>
<tr>
<td>540</td>
<td>Behavior Problems of Childhood and Adolescence</td>
<td>3 hours</td>
<td></td>
<td>The major forms of psychopathology in children and adolescents, with emphasis upon recent research, classification systems and developmental patterns. Also covers clinical and school treatment of behavior problems encountered in the school setting.</td>

Field experience for clinical, school, industrial, or other psychologists. Required for Kentucky certification. Typically taken in the student's last semester in residence.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

640 Psychopathology. 3 hours. Major forms of child and adult psychopathology with emphasis upon recent research, classification systems, modification of deviant behavior and developmental patterns of learning and motivation variables.

641 Clinical Interviewing and Psychotherapy. 3 hours. Selected theories and techniques of psychotherapy and counseling. Also covers group therapy, clinical topics, and professional and ethical issues.

642 Clinical Interviewing and Psychotherapy II. 3 hours. Prerequisite: Psy 641. Continuation of 641 with emphasis on group, family, and marital psychotherapy.

643 Psychoeducational Assessment. 3 hours. Prerequisites: Psy 560, 561, 564. Diagnostic procedures for the mentally handicapped, culturally disadvantaged, and learning disabled. Includes psychoneurolological issues. Students will be exposed to and write Individual Educational Programs (IEP).

660 Psychological Evaluation II. 3 hours. Prerequisite: Psy 560. Personality diagnosis using objective and projective techniques with emphasis on current research interpretation, and communication of assessment information.

661 Psychological Evaluation III. 3 hours. Prerequisite: Psy 660. A continuation of 660 with emphasis on personality measures and procedures for assessing psychological and neuro-psychological disorders.

662 Practicum in Psychological Practice. 1 to 3 hours. Supervised practice in schools, clinics, specialized training centers and hospitals. Persons preparing for careers in school or clinical psychology will enroll in 662 for a minimum of two semesters.

670 Equal Employment Opportunity, the Law, and Ethical Considerations. 3 hours. Prerequisite: Psy 570. Issues relevant to providing equal employment opportunity: EEOC and FEA guidelines regarding selection practices; review of major court decisions and their implications for the conduct of selection; professional and ethical considerations in the practice of I/O psychology.

673 Advanced Training in Business and Industry. 3 hours. Prerequisites: Psy 571 and 572 or permission of instructor. Theories, research and methods of training needs analysis, program design, implementation, and evaluation.

The following 400-level courses may be taken for graduate credit.

410G Psychology of Learning. 3 hours. Prerequisites: Psy 201 and 210 or permission of instructor. Facts and principles of human and animal learning, treated in theories attempting to provide a general framework for understanding what learning is and how it takes place.

411G Psychology of Sensation and Perception. 3 hours. Prerequisites: Psy 201 and 210 permission of instructor. Basic data and theories of psycho-physics, illusions and other topics fundamental to the understanding of sensory and perceptual processes.

412G Psychology of Motivation and Emotion. 3 hours. Prerequisites: Psy 201, 210, or 410 or permission of instructor. Needs, desires and incentives as they influence behavior. Includes review and analysis of research on motivational processes in human and animal behavior and the development of motivation and emotions.

412G Psychology of Early Adolescence. 3 hours. Developmental theories, research, and literature relating to the early adolescent. Course for students planning to meet junior high school certification requirements.

412G Adolescent Psychology. 3 hours. Behavior and development from early adolescence to adulthood with emphasis on a critical review of research and literature in the field.

423G Adult Life and Aging. 3 hours. Prerequisite: Psy 200. Early adulthood, mid-life, and old age. Both descriptive and theoretical, the emphases will be on contemporary psychological theories and literature, methodological issues, and the interaction of psychological, biological, social and environmental factors in adulthood and aging.

430G Psychology of Women. 3 hours. Nature and development of sex differences, with emphasis on understanding feminine personality, socialization, and sexuality. Includes discussion of mental health issues that concern women.

432G Psychology of The Gifted and Creative. 3 hours. Prerequisite: Psy 100. Identification of gifted children and adults with emphasis on educational programs for the maximum development of giftedness.

440G Abnormal Psychology. 3 hours. Prerequisite: Six hours in psychology. Forms of abnormal behavior, etiology, developmental courses, interpretations, behavioral manifestation and treatment programs.

441G Psychological Aspects of Alcoholism. 3 hours. Prerequisites: Psy 440 and permission of instructor. Application of psychological theories and research to the treatment of alcoholism.

442G Beginning Skills in Psychological Interviewing. 3 hours. Prerequisites: Six hours in Psy and permission of instructor. Psy 440 or 450 recommended. Paraprofessional skills for conducting structured and unstructured interviews in non-therapy settings. Emphasizes skills development but also covers some theoretical material.

443G Behavior Theory and Application. 3 hours. Prerequisite: Psy 410, or enrollment in special education sequence. Theory and application of techniques for modifying behavior in clinics, hospitals, child rearing and education.

450G Introduction to Personality Theory. 3 hours. Prerequisite: Nine hours of psychology or permission. Major theoretical approaches to the study of personality. Includes historical as well as contemporary theorists and avenues of analysis and concepts in the field of personality.

450G Methods and Research in Social Psychology. 3 hours. Research methods of social psychology and examination of major research areas. Primarily for psychology majors and minors.

473G Training in Business and Industry. 3 hours. Prerequisites: Psy 100, or permission of instructor. Theories, research and methods of training needs analysis, program design, implementation, and evaluation.

480G Physiological Psychology. 3 hours. Prerequisites: Psy 201, 210, and three hours in biology or permission. Physiological mechanisms which underlie behavior. Specific areas of emphasis include current research on neurological, biochemical and sensory mechanisms which influence behavior.

485G Psychology of Religion. 3 hours. Prerequisites: Nine hours of psy or permission of instructor. Psy 201, 210, and 450 preferred. Classical theories and current research in the psychology of religion. Course will be offered once every two years. According to current course rotation it will be offered spring of even numbered years.

490G Special Topics in Psychology. 3 hours. Faculty directed research and/or readings in psychology.

495G History and Systems of Psychology. 3 hours. Prerequisite: Nine hours in psychology. Historical antecedents of contemporary psychology. Both the sequence of psychological theory evolution and personality of prominent theorists are emphasized.

499G Senior Seminar in Psychology. 3 hours. Major concepts and issues in psychology. Directed reading, guest lectures, field trips, and/or oral reports by students are utilized.
DEPARTMENT OF TEACHER EDUCATION

COLLEGE OF EDUCATION
ROOM 104 (502) 745-5414

Curtis L. Englebright, Head

Graduate Faculty

Assistant Professors: J. Ferguson, F. Kersting, R. McKenzie, N. Minix, A. Ruff

Degrees Offered: Master of Arts in Education, Master of Science, Specialist in Education.

Master of Arts in Education (Elementary Education major)

Since this program leads to the standard elementary certificate, applicants must hold a provisional teaching certificate valid at the elementary school level. (Coursework taken to endorse the secondary school certificate for teaching at the elementary level will not apply to the master's degree).

The student's program may be planned to include an emphasis in reading, early childhood education, elementary librarian, or exceptional child education (mental retardation, learning disabilities, emotionally disturbed, and speech and communication disorders).

Completion of the program outlined below which meets the requirements of Kentucky law and the general regulations of the State Board of Education, qualifies the elementary teacher for the Master of Arts in Education degree and the standard certificate.

A. Educational Foundations (6 hours)
   Ed Fnd 500 Research Methods
   Ed 503 Org of Elem Curr

B. Professional Education (12 hours) in one of the following areas of emphasis:

1. General Elementary Education
   3 hours in advanced reading instruction plus
   3-9 hours selected from Ed Ed 505, 506, 507, and 445G.
   Any remaining hours may be chosen, with advisor approval, from Ed Fnd 548, 576, 598, and Cns Ed 550.

2. Emphasis in Early Childhood Education
   3 hours in advanced reading plus Ear Ed 508, 509, and 412G. (Ear Ed 493—Student Teaching. Kindergarten, must also be taken, although graduate credit is not received.)

3. Emphasis in Reading
   Rdg Ed 519, 520, 521, and 522

4. Exceptional Child Education (see requirements, as outlined elsewhere)

5. Emphasis in Gifted and Talented Education GTE
   536, 537, 538, Psy 432G

C. Minor Area (12 hours)
   1. Subject matter (non-education) courses, selected with advisor approval, from one, two or three areas (courses from a maximum of three areas may be used in the minor).
   2. Elementary Librarian emphasis (Available to general elementary students).

Master of Arts in Education (Secondary Education major or minor)

This program leads to the standard high school certificate. Applicants must declare both a major and a minor (one or the other must be in secondary education). The following majors are permitted:

Agriculture, art, biology, business education and office administration, chemistry, communication, English, English and allied language arts area, French, geography, German, health, history, home economics, industrial education, math, math-science area, music, physical education, psychology, reading, science area, secondary education, social science area, and Spanish.

This program permits minors in the following areas:

Agriculture, art, biology, business education and office administration, chemistry, communication, drama/theatre, English, folklore studies, French, geography, German, health, history, home economics, industrial education, mathematics, music, physical education, physics, psychology, science area, secondary education, sociology, and Spanish.

General Requirements:

A. Required professional courses (9 hours)
   Ed Fnd 500—Research Methods
   Sec Ed 580—Curriculum

   One course from the following:
   Sec Ed 528 through 542—Seminar
   Sec Ed 543—Interactive Teaching Skills
   Sec Ed 544—Classroom Teaching Skills
   Ed Fnd 576—Social Foundations of Education
   Ed Fnd 577—Philosophy of Education
   Psy 510—Advanced Educational Psychology
   Psy 511—Learning

B. Elective professional courses can be selected from the following (3 to 9 hours):
   Any courses listed under A above
   Sec Ed 444G—Reading Jr/Sr High School
   Sec Ed 455G—Junior High School
   Sec Ed 445G—Introduction to Educational Technology
   Sec Ed 570W—Workshop

   Cns Ed 554—Group Guidance

C. Area of academic specialization (at least 12 hours): student must meet the requirements for the declared academic major/minor, as outlined by the administering department.
Gifted and Talented Education Requirements GTE 536, 537, 538, Psy 432G

Reading Major Requirements

A. Professional Education, as above (9 hours)
B. Rdg Ed 519, 520, 21, and 522 (12 hours)
C. Non-professional education coursework, individually prescribed (12 hours)

Master of Arts in Education (Exceptional Child Education—Trainable Mentally Handicapped)

Since this program leads to the standard certificate for teachers of exceptional children—trainable mentally handicapped, applicants must hold a provisional certificate for teaching exceptional children who are trainable mentally handicapped and must be endorsed for elementary classroom teaching in grades one through eight. Requirements are as follows:

A. Professional Education Core Ed Fnd 500, Ed Ed 503 or Sec Ed 580, and Exc Ed 531
B. Specialization Courses Exc Ed 530, 532, 534, 535, and 518
C. Electives—Nine hours of coursework, approved by the advisor, from one or more of the following areas: communication and theatre, health and safety, home economics, industrial education, library science, physical education, psychology, recreation, sociology

Master of Arts in Education (Exceptional Child Education—Learning and Behavior Disorders)

Since this program leads to the standard certificate for teachers of exceptional children—learning and behavior disorders, applicants must hold a provisional certificate for teaching exceptional children with learning and behavior disorders and must be endorsed for elementary classroom teaching in grades one through eight. Requirements are as follows:

A. Professional Education Core Ed Fnd 500, Ed Ed 503 or Sec Ed 580, and Exc Ed 531
B. Specialization Courses Exc Ed 518, 530, 532, 533, and 534
C. Electives—Nine hours of coursework, approved by the advisor, from one or more of the following areas: communication and theatre, health and safety, home economics and family living, industrial education, library science, physical education, psychology, recreation, sociology

Master of Science (Communication Disorders)

This program is designed to prepare professional speech pathologists to meet the needs of the communicatively handicapped in hospitals, clinics, nursing facilities, and residential schools. It is also designed to meet the academic and clinical requirements of the American Speech Language and Hearing Association, leading to national certification and state licensure.

Admission to the program requires an undergraduate grade point average of B for the final 60 semester hours or a minimum combined score (verbal and quantitative) of 800 on the General Test of the GRE. Applicants without an undergraduate background in communication disorders will complete a total of 42 hours in the area to meet the National Association's academic requirements. A strong academic background in psychology is desirable.

Thirty-three semester hours are required for both the thesis and non-thesis option. Specific course requirements are Exc Ed 504 and 509. Twenty-four hours must be selected, with advisor approval, from the departmental course listing. Additionally, the student must complete 150 clock hours of clinical experience at the graduate level.

The research tool requirement may be met by successful (grade A or B) completion of Ed Fnd 500 or as otherwise specified by the student's major advisor and approved by the graduate dean.

During the final semester of coursework, the candidate must pass the written comprehensive examination. Students are also encouraged to take the national certification examination during the final semester.

Master of Science (Library Science)

This program is designed for those who are interested in the field of school media librarianship.

In addition to meeting the general Graduate College admission requirements, the applicant should have a grade point average of at least 2.7 (4.0) for the final 60 semester hours of undergraduate work, a minimum combined score (verbal and quantitative) of 800 on the General Test of the Graduate Record Examination, and six hours of approved prerequisite work in library science from LME 288, 401, 406, 408, and 445 or their equivalents. The prerequisite courses may be taken concurrently with graduate coursework. Students with media library experience equivalent to these prerequisite courses may, with the approval of the department head, take a qualifying examination to have these courses waived. Applicants who have a grade point average of 3.0 and a score of 700 (verbal and quantitative combined) on the General Test of the GRE may be admitted. Students having less than the required grade point average may be considered for admission provided their combined (verbal and quantitative) General Test score is above 800.

Both Plan A (thesis) and Plan B (non-thesis) are available. Up to six hours of the required 30-hour minimum may be selected from related fields such as literature, mass communications, history, or education. The research tool requirement shall be met by successful (grade A or B) completion of Ed Fd 500-Research Methods—or its equivalent.

Students may select either of the two program options, but a requisite core of six hours must be taken from the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>LME 502 or 401G</td>
<td>3 hrs</td>
</tr>
<tr>
<td>LME 445G or 545</td>
<td>3 hrs</td>
</tr>
</tbody>
</table>

The remaining 24 hours of coursework will be selected in consultation with the advisor and in consideration of the student's academic work and career goals.

Specialist Degree in Education (Elementary Education, Secondary Education)

This post-master's degree provides opportunity for the advanced graduate student to improve the foundations and competencies for teaching. The program may also be structured to meet Rank I requirements under Kentucky's minimum foundation program of education. The following emphases or specializations are available to the elementa-
ry education major: reading, early childhood education, general curriculum and instruction. Available concentration areas for secondary education majors are science, social science, language arts, and vocational education.

In addition to meeting the admission requirements of the Graduate College, applicants must meet the following departmental requirements:

1. Three years (two years for secondary education majors) of teaching experience at the appropriate level. (For elementary education majors, up to two years of experience may be waived in favor of equivalent experience)
2. Four letters of recommendation: two from graduate faculty members and two from professional associates in administrative and/or supervisory roles.

The student's program is individually planned to include educational foundations and professional education coursework, cognate area coursework and the specialist project.

The student's graduate committee will assist in the development of the program, supervise the research project, and administer the final comprehensive examination.

Graduate Courses in Teacher Education

Early Childhood Education (Ear Ch Ed)

508 Child Development and Child Study for Elementary Teachers. 3 hours. Prerequisite: Ed Find 500 or permission of instructor. Educational implications of major theories of child development. Includes an intensive study of a child or children and interpretation of the collected data in terms of educational techniques and practices.

506 Seminar in Elementary School Science. 3 hours. Advanced methods and materials for teaching science in the elementary school.

507 Advanced Materials and Methods in Social Studies. 3 hours. Concepts and objectives, classroom organization for instruction, current strategies in teaching content, and materials available.

509 Curriculum Trends in Early Childhood Education. 3 hours. Current national and international issues and problems in preschool and early elementary education with emphasis on program planning for curriculum improvement.

The following 400-level El Ed courses may be taken for graduate credit

410G Early Childhood Development, Education and Guidance. 3 hours. Physical, emotional, social, and intellectual development and guidance of infants and children through the five years of age. Supervised observations of preschool children.

411G History and Organization of Preschool Programs. 3 hours. Kindergarten and nursery school development; contributions of early leaders; recent leaders and current programs; physical plant equipment, financing, standards, and teacher-parent relationships.

412G Materials and Methods in Preschools. 3 hours. Organization of educational programs for kindergartners and nursery schools; planning and use of materials; individual and group needs. Lecture and lab.

Elementary Education (El Ed)

503 Organization of the Elementary School Curriculum. 3 hours. Principles and practices in elementary school curriculum construction. Emphasis on forces affecting curriculum, current innovations, and trends.

505 Advanced Materials and Methods in Modern Mathematics for Elementary Teachers. 3 hours.

Kindergarten through grade eight. Involves the conceptual, this computational and application aspects of mathematics with emphasis on the structural aspects of mathematics and on the "why" of arithmetic computation.

506 Seminar in Elementary School Science. 3 hours. Advanced methods and materials for teaching science in the elementary school.

507 Advanced Materials and Methods in Social Studies. 3 hours. Concepts and objectives, classroom organization for instruction, current strategies in teaching content, and materials available.

509 Curriculum Trends in Early Childhood Education. 3 hours. Current national and international issues and problems in preschool and early elementary education with emphasis on program planning for curriculum improvement.

The following 400-level El Ed courses may be taken for graduate credit

420G Reading in the Primary Grades. 3 hours. Prerequisite: Ed 220. Principles and methodologies currently in use at the primary (K-3) school levels.

421G Reading in the Middle Grades. 3 hours. Prerequisite: Ed 220. Principles and methodologies currently in use in the middle grades (5-8) emphasizing reading instruction in the content areas.

445G Introduction to Educational Technology. 3 hours. Instruction and laboratory experiences in the basic theory and application of educational technology to the design, production, evaluation, and utilization of various media. Cross-listed with LME 445G.

Exceptional Child Education (Ex Ch Ed)

502 Motor Speech Disorders. 3 hours. The etiologies, communication characteristics, appraisal and treatment of motor speech disorders.

503 Advanced Diagnostic Procedures In Speech Pathology. 3 hours. Prerequisites: Exc Ed 481 or 481G and 485 or 485G. Expansion of diagnostic theory and procedures utilized in clinical settings by the certificated speech pathologist.

504 Seminar in Language Disorders of Childhood. 3 hours. Prerequisite: Exc Ed 481 or 481G and 483 or 483G or permission of instructor. Language development disorders of children. Characteristics of normal as well as of delayed and disrupted language patterns and their differential diagnosis.

505 Communication Disorders of Cleft Palate and Cerebral Palsy. 3 hours. Prerequisite: Exc Ed 481 or 481G / Etiology, diagnosis, and management of speech and language dysfunctions associated with cleft palate and cerebral palsy.

506 Dysfluency. 3 hours. Prerequisite: Exc. Ed 481 or 481G.
Research review in the field of dysfluency, including cluttering and stuttering. Emphasis on etiology and clinical management of all fluency disorders.

507 Dysphasia. 3 hours.
Prerequisite: Exc Ed 481 or 481G.
Dysphasia—including symptomatology, etiology, differential diagnosis, and training, with primary emphasis on adult problems.

508 Voice Disorders. 3 hours.
Prerequisites: Exc Ed 481 or 481G and 484 or 484G.
Diagnosis and remediation techniques of voice disorders in childhood and adulthood. Rehabilitation of the laryngectomized client, with emphasis on the development of esophageal speech or the use of the electro-larynx as a substitute voice.

509 Speech Science. 3 hours.
Contemporary research in the area of speech science.

510 Seminar in Speech Pathology. 3 hours.
Current issues that influence the profession of speech pathology: local, regional, and national issues that affect the speech pathologist's role as a service provider.

511 Neurology of Speech and Language. 3 hours.
Neuroanatomy and neurophysiology as it applies to normal reflex, motor and perceptual speech, and language behavior. Emphasis given to test procedures for evaluation.

512 Seminar in Phonology. 3 hours.
Application of phonology theory and development to the treatment of speech/language disabled persons.

516 The Exceptional Child: Perspectives and Issues. 3 hours.
Characteristics, needs, and problems of children who are atypical in the mental, physical, sensory, emotional, and social areas of development.

518 Seminar: Problems in Special Education. 3 hours.
Prerequisite: Exc Ed 516.
Issues in special education. Classroom experiences to develop awareness of and sensitivity to educational needs.

530 Advanced Assessment Techniques. 3 hours.
Alternatives to global assessment of various exceptional conditions in educational planning for exceptional children. Emphasizes use and construction of criterion measures and critical analysis of test components.

531 Advanced Prescriptive Teaching. 3 hours.
Adapting the learning environment to the learner. The affective, cognitive, and psychomotor aspects of a specialized learning environment.

532 Intervention Strategies with Parents. 3 hours.
Interpreting programs for handicapping conditions to maximize family involvement. Emphasizes the attitudes, skills, and knowledge taught in the educational program.

533 Seminar: Curriculum for Learning and Behavior Disorders. 3 hours.
Development, adaptation, and evaluation of curricula, methods, materials, and resources. Implementing and evaluating instructional programs.

534 Seminar: Research in Exceptional Child Education. 3 hours.
Non-categorical and discrete areas of exceptionalities. Emphasis on an independent research project.

535 Advanced Curriculum for the Moderately Retarded. 3 hours.
Curricula and programs for the moderately retarded. Focuses on a continuum of services philosophy for the handicapped.

538 Diagnostic Procedures in Speech Disorders. 1 hour.
Identification of speech disorders and treatment available.

539 Special Topics in Communication Disorders. 1-3 hours.
Independent investigation of special topics.

The following 400-level Ex Ch Ed courses may be taken for graduate credit:

431G Language Intervention with Handicapped Children. 3 hours.
Prerequisites: Exc Ed 330, 331, 333, 430, and 432.
Overview of language development, with emphasis on the educational remediation of language disorders of the handicapped. Utilization of methods and materials that foster language development.

480G Special Problems. 1 to 3 hours.
Investigation of special problem from an area of individual interest.

481G Introduction to Speech Pathology. 3 hours.
The development of speech and language; cause and treatment of the simpler deviations from normal speech and language; identification of and remedial suggestions for the more common speech problems.

482G Audiology. 3 hours.
The anatomy of hearing, causes of loss of hearing, and introduction to the methods of testing, analysis, and rehabilitation of people of all ages with hearing loss.

483G Articulation Disorders. 3 hours.
The etiology, evaluation, and management of articulatory disorders in children and adults.

484G Speech Anatomy and Physiology. 3 hours.
Structures and functions which comprise the speech mechanism and its relation to the production and development of speech and language.

485G Introduction to Diagnostic Procedures in Communication Disorders. 3 hours.
Theory and utilization of the most common screening and diagnostic techniques in speech pathology. Evaluation procedures for all communicative dysfunctions.

486G Language Disorders. 3 hours.
Identification, diagnosis, evaluation, and treatment techniques to be used with language disorders—specifically, aphasia and delayed language problems.

487G Aural Rehabilitation. 3 hours.
Principles and procedures of communication and amplification systems for the hearing impaired.

489G The Stuttering Child. 3 hours.
The etiology and diagnosis of and treatment programs for stuttering in children.

491G Geriatric Communication Disorders. 3 hours.
Prerequisites: Biol 131, HL 443, or permission of instructor.
Causes, symptoms and treatment of speech, language and hearing disorders in the aged population.

490G Clinical Practice in Speech. 3 hours.
Supervised clinical experience, including individual and group therapy.

Gifted and Talented Education (GTE)

536 Nature and Needs of Gifted, Creative and Talented Students. 3 hours.
Terminology, theories, issues, and general approaches in educating gifted, creative, and talented young people.

537 Curriculum, Strategies, and Materials for Gifted Students. 3 hours.
The curriculum and the learning environment in meeting the unique and advanced needs of gifted students. Strategies particularly suitable for the gifted.

538 Practicum for Teachers of Gifted Students. 3 hours.
Prerequisites: GTE 536, 537, and Psy 432G.
Supervised experience to enhance the knowledge and skills needed to plan, implement, and evaluate effective learning experiences for gifted, creative, and talented students.

Library Media Education (LME)

502 The Library in Society. 3 hours.
Types of libraries and their history, laws, standards, and inter-cooperation. Librarian-ship as a career, professionalism and the freedom to read.

509 Investigations in Library Science. 3 hours.
Prerequisite: 18 hours of LME, Ed Fnd 500 or the equivalent, and permission of graduate advisor.
Independent investigation under the direction of a faculty member.

515 Government Publications. 3 hours.
Prerequisite: LME 408 or equivalent.
Sources and types of government documents, both state and federal, their acquisition and organization for use.

518 Advanced Children's Literature. 3 hours.
Materials available to meet the needs of children including outstanding authors, illustrators, topical issues, and the reviewing of children's books.

519 Special Topics. 3 hours.
Special topics in the field of media services. May be repeated once with a different topic.

531 Media Facilities. 3 hours.
Basic considerations in the design of media facilities: equipment, illumination, electrical circuitry, flexible space, electronic
learning labs, preparation of specifications, etc.

545 Production and Instructional Media. 3 hours.
Instruction and laboratory experience in advanced production of graphics, photographic, and audio media products with emphasis on media design. Requires production of instruction medium for course project.

547 Instructional Technology. 3 hours.
Basic principles of instructional prototype development with application of currently accepted instructional system audio media, graphics, and CAL programs.

590 Field Experiences. 3 hours.
Guided experience and reading on the design, organization, and administration of media programs: activity log, field visits, projects and evaluation conferences.

598 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level LME courses may be taken for graduate credit:

401G Library Organization and Administration. 3 hours.
Organization and administration of media for access and use; circulation and other library records; maintenance of the media collection; and service to patrons. Field trips may be required.

406G Classification and Cataloging. 3 hours.
Classification, descriptive cataloging, main entries, added entries, shelf list, and filing. Laboratory sessions.

407G Literature For Young People. 3 hours.
Selection and evaluation of materials, reading guidance, and programming for young people—adolescence through young adult.

408G Reference and Bibliography. 3 hours.
Study of bibliographies, indexes, dictionaries, encyclopedias, yearbooks, almanacs, directories, atlases, gazettes, and handbooks.

409G Selected Topics in Library Science. 1 to 3 hours.
A problematic study under the direction of a faculty member.

410G Storytelling. 3 hours.
Storytelling in work with children, the literature; criteria in selection of materials; practice in oral communication.

411G Creative Experiences for Elementary Children. 3 hours.
Experiences in creative expression: creative play acting, puppetry, creative writing, shadowplays, creative use of audiovisual equipment and materials.

445G Introduction to Educational Technology. 3 hours.
Instruction and laboratory experiences in the basic theory and application of educational technology to the design, production, evaluation, and utilization of various media. Cross-listed with EI Ed 445G and Sec Ed 445G.

448G Microcomputer Applications in Education. 3 hours.
Uses of microcomputers in instruction and instructional management. Emphasis on evaluation and utilization of appropriate software and related hardware.

475W-G Workshop in Library Science. 1 to 3 hours.
One, two, and three week workshops designed primarily for practicing librarians.

Reading Education (Rdg Ed)

519 Foundations of Reading Instruction. 3 hours.
Analysis of the reading process with emphasis on the psychological and physiological foundations of the reading act.

520 Clinical Diagnosis of Reading Disabilities. 3 hours.
The nature and causes of reading disabilities and investigation of general and specific principles and approaches to diagnosis. Actual case studies using both group and individual tests in diagnosis.

521 Correction of Reading Difficulties (Practicum). 3 hours.
Instructional techniques for use with individuals or groups involved in remedial reading instruction; materials and procedures; clinical experiences with remedial students.

522 Investigations in Reading. 1, 2 or 3 hours.
Maximum total credit allowed 3 hours. Individual investigation of the research and descriptive literature in the field of reading.

523 Diagnostic Reading Procedures for Classroom Teachers. 3 hours.
Emphasizes practical methods of reading appraisal, diagnostic procedures, and materials essential for developing teaching strategies in reading instruction.

524 Teaching Reading Skills in the Content Areas. 3 hours.
Reading and study skills strategies and techniques to increase student achievement in content-area classes.

526 Advanced Diagnosis of Reading Problems. 3 hours.
Provides experience in advanced testing materials in diagnosing severely retarded readers.

528 Seminar in the Teaching of Secretarial Subjects. 3 hours.
Materials, methods, techniques, and devices for teaching typewriting, shorthand, and the related skilled subjects. Review and application of research findings to this area.

529 Seminar in the Teaching of Bookkeeping and Basic Business. 3 hours.
Purposes, materials, methods, and techniques for teaching bookkeeping and basic business. Review and application of research findings to this area.

530 Seminar in English Education. 3 hours.
Prerequisite: Permission of instructor. Current methods and materials for junior and senior high school English courses, research and professional trends.

531 Seminar in Art Education. 3 hours.
Prerequisite: Permission of instructor. Curricular trends in art education; methods and materials for teaching and supervising art in the public schools.

532 Seminar in Foreign Language Education. 3 hours.
Prerequisite: Permission of instructor. Trends in foreign language education methods and materials for teaching a foreign language at the secondary and advanced levels of instruction.

533 Seminar in Industrial Arts Education. 3 hours.
Prerequisite: Permission of instructor. Includes historical development, exploration of curricular trends and innovations, methods and materials of teaching, and current research and problems related to teaching industrial arts.

534 Seminar in Mathematics Education. 3 hours.
Prerequisite: Permission of instructor. Covers newer concepts in curriculum and methods of instruction, current research and problems in mathematics education.

535 Seminar in Music Education. 3 hours.
Historical, philosophical and psychological foundations of music education; application of the principles of education to the music program. Emphasis on current trends in education thought and their implications for instruction, supervision, administration and evaluation in music education.

536 Seminar in the Teaching of Physical Education. 3 hours.
Traditional and recent techniques, methods and knowledge in the practical application of scientific principles to the teaching of physical education and the coaching of sports and games. Investigation in specific problems through lectures, discussion groups, demonstrations, and use of audiovisual aids.

537 Seminar in Science Education. 3 hours.
Prerequisite: Permission of instructor. Includes the history and comparative study of science teaching, curriculum and course content changes, materials available, evaluation, methods in science teaching, professional organizations, and research in science education.

538 Seminar in Social Studies Education. 3 hours.
Prerequisite: Permission of instructor. Covers newer concepts in curriculum and methods of instruction as well as current research in social studies education.

539 Seminar in Agriculture Education. 3 hours.
Current problems in the organization, teaching supervision, administration and evaluation of agricultural education programs. Investigation, papers, and reports.

540 Seminar in Home Economics Education. 3 hours.
Prerequisite: HE 572 or consent of instructor. Current trends in family life education with emphasis on individualized instruction, team teaching and audiosvisual aids and their use in improved learning.

542 Seminar in Speech Education. 3 hours.
Includes historical development, exploration of curricular trends and innovations and current research and problems.

543 Interactive Teaching Skills. 3 hours.
Cross-listed with EI Ed.
544 Classroom Teaching Strategies. 3 hours. Cross-listed with Ed Ed.

545 Investigations in Classroom Teaching. 1 to 3 hours. Opportunity for secondary teachers to engage in the concentrated study of specific problems and/or the development of specific skills related to effective classroom instruction.

571 Junior High School Curriculum. 3 hours. Examination of programs designed for the young adolescent. Functions, organizations, planning and evaluation of the curriculum. Includes special curricular areas.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

604 Management of the Learning Environment I. 3 hours. The first of a two-course sequence designed to enable elementary teachers to utilize Mastery Learning strategies and related teaching skills to increase student achievement and improve student attitudes toward learning.

605 Management of the Learning Environment II. 3 hours. The second of a two-course sequence designed to enable elementary teachers to utilize Mastery Learning strategies and related teaching skills to increase student achievement and improve student attitudes toward learning.

699 Specialist Project. 6 hours.

699c Maintaining Matriculation. 1 to 6 hours.

The following 400-level Sec Ed courses may be taken for graduate credit

444G Reading Instruction in Junior and Senior High Schools. 3 hours. Principles, psychology and methodologies for teaching both the general and specialized reading skills in the secondary grades.

445G Introduction to Educational Technology. 3 hours. Instruction and laboratory experiences in the basic theory and application of educational technology to the design, production, evaluation, and utilization of various media. Cross-listed with LME 445G.

450G Middle Grades Instruction 2 hours. Philosophy, development, organization, and curriculum of middle grade education; introduction to the generic teaching skills related to effective teaching. Includes classroom observation and field experiences.

477G Materials and Methods in Library Science. 3 hours. Prerequisites: Ed 280, Psy 220. Laboratory experiences for the prospective librarian.

484G Methods and Materials Teaching English as a Second Language. 3 hours. Prerequisites: Eng 469/469G and one linguistics course. Develops skills, procedures, and strategies for teaching and utilizing commercial materials for the teaching of English as a second language. Cross-listed with Eng 470G.
COLLEGE OF SCIENCE, TECHNOLOGY, AND HEALTH

Charles E. Kupchella, Dean

DEPARTMENTS

Agriculture
Biology
Chemistry
Computer Science
Geography and Geology
Health and Safety
Industrial and Engineering Technology
Mathematics
Physics and Astronomy

DEGREES OFFERED

Master of Public Service (City and Regional Planning)

Master of Science (Agriculture, Biology, Chemistry, Computer Science, Geography, Health, Mathematics)

JOINT DOCTORAL (With University of Louisville)

Doctor of Philosophy (Aquatic Biology, Fossil Fuel Chemistry)

Majors and Minors Offered Under the Master of Arts in Education

Agriculture
Biology
Chemistry
Geography
Health
Industrial Technology
Mathematics
Mathematics-Science (major only)
Physics (minor only)
Science (major only)

Major Offered Under the Specialist in Education

Vocational Agriculture
Graduate Course in Agriculture

533 Physiology of Lactation. 3 hours. Prerequisites: Ag 243, Ag 430 or permission of instructor. Anatomy of the mammary gland, hormonal control of mamnogenesis, initiation and maintenance of milk secretion, factors affecting level and composition of milk, synthesis of milk. Lecture, 2 hours; lab, 2 hours.

545 Ruminant Nutrition. 3 hours. Prerequisite: Ag 448, Biol 446, or equivalent, or permission of instructor. Rumen development and function, products of fermentation, nutrient requirements, absorption and metabolism, symptoms of deficiency and toxicity.

546 Advanced Animal Breeding. 3 hours. Prerequisites: Ag 446 and 428 or permission of instructor. Application of population genetics to the economic improvement of farm animals, phenotypic and genetic relationships, role of selection in changing populations, formulation and application of breeding plans. Lecture, 2 hours; lab, 2 hours.

547 Advanced Animal Nutrition. 3 hours. Prerequisite: Ag 448, Biol 446 or equivalent, or permission of instructor. Individual nutrient requirements of monogastric animals, structure, metabolism and function of each nutrient class, interrelationships of nutrient classes, deficiency and toxicity symptoms.

551 Advanced Soil Fertility. 3 hours. Prerequisite: Ag 351 or permission of instructor. Evaluation of soil fertility and fertilizers; soil-plant relationships: composition and properties of soil in relation to ion intake, nutrition and growth of plants.

561 Agricultural Production Economics. 3 hours. Production and cost functions, programming and decision-making principles and their application to agriculture.

583 Curriculum Development and Determining Content in Vocational Agriculture. 3 hours. Principles of curriculum development, a local survey, and development of a course of study.

584 Program Development in Vocational Agriculture. 3 hours. Inservice course for new and returning vo-ag teachers. Covers planning, conducting, and following through instructional programs for secondary, post-secondary, and/or adult students.

589 Special Problems in Agriculture Education. 1 to 3 hours. Prerequisite or corequisite: Student teaching. Supervised individual study in vocational agriculture education. May be repeated to a maximum of 6 hours.

590 Experimental Design and Data Analysis. 3 hours. Prerequisite: Ag 491 or permission of instructor. Statistical consideration in experimental design: covariance, multiple regression, factorial design, incomplete block designs, etc.

597 Special Problems in Agriculture. 1 to 3 hours. Prerequisites: Permission of instructor. Supervised individual study in agriculture. May be repeated to a maximum of 9 hours.

598 Seminar. 1 hour. Problems and research in agriculture. Required of all graduate students. May be repeated to a maximum of 3 hours.

599 Thesis Research and Writing. 6 hours.

675 Advanced Topics in Agriculture. 1 to 3 hours. Prerequisites: Permission of instructor. Problems and scientific developments of current and scientific developments of current interest. May be repeated to a maximum of 10 hours with different topics.

The following 400-level courses may be taken for graduate credit.

401G Landscape Plants I. 3 hours. Prerequisites: Ag 110, Biol 305, 306. Identification, recognition, and use of deciduous trees, shrubs and herbaceous plants in the landscape. Introduction to evergreen shrubs and trees, fall flowering bulbs, and perennials.

402G Landscape Plants II. 3 hours. Prerequisite: Ag 401 or permission of instructor. Identification, recognition, and use of landscape plants, emphasis on evergreens, annuals, perennials, and bulbs. Winter effect and flowering sequence of deciduous trees and shrubs.

<tr>
<td>461G</td>
<td>Advanced Farm Management</td>
<td>3 hours</td>
<td>Prerequisite: Ag 361 or permission of instructor</td>
<td>Identification, analysis, and solution of problems of farm organization and operation. Case studies and field trips to situation farms in South Central Kentucky. Lecture, 2 hours; lab, 2 hours.</td>
</tr>
<tr>
<td>463G</td>
<td>Agricultural Finance</td>
<td>3 hours</td>
<td>Prerequisite: Ag 361 or permission of instructor</td>
<td>Farm finance problems including capital requirements, investment decisions, budgeting techniques, etc. Lending agencies and alternative means of acquiring capital.</td>
</tr>
<tr>
<td>466G</td>
<td>Animal Breeding</td>
<td>3 hours</td>
<td>Prerequisites: Ag 140 and Biol 120</td>
<td>Application of genetic and statistical principles to breeding and improvement of farm animals, the role of selection in changing populations.</td>
</tr>
<tr>
<td>468G</td>
<td>World Food Development</td>
<td>3 hours</td>
<td>Prerequisite: Six hours of Ag or Biol</td>
<td>Problems and opportunities in feeding an ever-increasing population. Assessment of world food production, poverty, businesses and cultures, ways of increasing production.</td>
</tr>
<tr>
<td>500G</td>
<td>Land-Use and Conservation</td>
<td>3 hours</td>
<td>Prerequisite: Math 100 or permission of instructor</td>
<td>Organization and program planning for classes in post-high school vocational agriculture and technical programs for young and adult farmers.</td>
</tr>
<tr>
<td>502G</td>
<td>Soil Microbiology</td>
<td>3 hours</td>
<td>Prerequisites: Ag 350 and Biol 307, 308</td>
<td>Soil microbial populations and systems and their influence on plant nutrition. Soil organic matter, decomposition and associated microorganisms; oxidation-reduction process; nitrogen fixation.</td>
</tr>
<tr>
<td>536G</td>
<td>Soil Formation, Classification and Mapping</td>
<td>3 hours</td>
<td>Prerequisite: Ag 350</td>
<td>Soil origin; methods of soil survey; classification schemes; profile description, mapping and interpretation information, with emphasis on Kentucky soils.</td>
</tr>

DEPARTMENT OF BIOLOGY

THOMPSON COMPLEX—NORTH WING
ROOM 201 (502) 745-3696

Valgene L. Dunham, Head

Graduate Faculty

Associate Professors: B. Ferrell, S. Ford, D. Skean

Degrees Offered: Master of Science in Biology, Master of Arts in Education (Biology major or minor), Doctor of Philosophy (in cooperation with the University of Louisville) in Aquatic Biology.

Admission requires the equivalent of an undergraduate major in biology including two laboratory courses each in inorganic chemistry and physics and one course in organic chemistry. Exceptions are made in favor of superior students whose undergraduate degrees are in allied subject matter fields.

A cooperative graduate program leading to the Doctor of Philosophy with specialization in Aquatic Biology is administered by the departments of biology of Western Kentucky University and the University of Louisville. Interested students may obtain information about the program from Dr. R. Hoyt.

Master of Science in Biology

Both Plan A (thesis) and Plan B (non-thesis) are available. Students needing specialization within biology and desiring a related research experience should follow Plan A. The thesis is based upon original research conducted under the direction of a departmental graduate faculty member. The Plan B program is designed for students who desire additional training for biological or biologically-related professions. Candidates following Plan B are required to take Biology 516—Investigations in Biology (2 or 3 hours) as an introduction to research.

The research tool, under both plans, may be met by demonstrating (1) a reading knowledge of a foreign language or (2) competency in statistical methodology, computer programming, or electron microscopy.

Master of Arts in Education (Biology major or minor)

This program is designed for the preparation and strengthening of secondary school science teachers. The major requires 21 hours of coursework in biology, and the minor requires 12 to 15 hours in biology. In both cases, the remainder of the required 30 hours is taken in professional education.

Students who desire a breadth of coursework in the sciences may major in the Science Area of Concentration under the MA in Education program. Students following this option must have all biology courses approved by the appropriate advisor in the Department of Biology.

TECH AQUA BIOLOGICAL STATION

Western Kentucky University is a charter member of the Tech Aqua Development Consortium which operates a biological station on Center Hill Lake near Cookeville, Tennessee. A variety of field biology courses is offered during two five-week sessions each summer. Students interested in the Tech Aqua Program should contact Dr. H. Shadowen of the Department of Biology for additional information.

Graduate Courses in Biology

- **501 Biological Perspectives.** 4 hours. Designed to acquaint graduate students with advances in the biological sciences and practical applications of biological principles. Lecture and lab. (Alternate summers)
- **515 Ecological Concepts.** 4 hours. Essential dynamic features of plant and animal populations. Covers the theoretical and empirical aspects of single populations, or pairs of interacting populations, and of whole communities. Lecture and lab. (Alternate spring semesters)
- **516 Investigations in Biology.** 1 to 3 hours. Prerequisite: Permission of research project director. Research project completed under faculty supervision. Not application to MS Plan A. (Every semester and summer)
- **530 Animal Behavior.** 4 hours. Comparative approach to the current understanding of physiological mechanisms involved in the behavioral level in transducing environmental input into adaptive behavioral output. Lecture and lab. (Alternate spring semesters)
- **562 Advanced Topics in Biochemistry.** 4 hours. Survey of metabolic pathways relevant to biochemistry and the biological sciences.
- **563 Enzymology.** 3 hours. See Biochemistry.
- **564 Enzymology Laboratory.** 1 hour. See Biochemistry.
- **569 Professional Work/Career Experience in Biology.** 3 hours. Practical experience in a supervised work situation with a cooperative business, industry, or governmental agency, emphasizing application of advanced knowledge and skills in specified areas of biology. (Every semester and summer)
- **570 Immunobiology.** 4 hours. Animal immune systems and their function in maintaining organismic integrity during confrontations with material's recognized as not-self. Lecture and lab. (Alternate fall semesters)
- **589 Internship in Biology.** 3 hours. Practical experience in a supervised work situation with a cooperative business, industry, or governmental agency, emphasizing application of advanced knowledge and skills in specified areas of biology. (Every semester and summer)
- **591 Aquatic Biology.** 4 hours. Physical, chemical, and biological aspects of bodies of freshwater, with emphasis on water as a biological environment. Lecture and lab. (Alternate summers)
- **598 Graduate Seminar.** 1 hour. Special topics in biology. (Every fall and spring)
- **599 Thesis Research and Writing.** 6 hours.
- **599c Maintaining Matriculation.** 1 to 6 hours.
- **600 Internship in College Instruction.** 1 hour. Designed for prospective teachers of biology. Staff direction in preparing and giving lectures. Includes analyses of presentation and techniques. May be repeated.
- **675 Advanced Topics in Biology.** 1 to 3 hours. Selected topics in Biology. (On Demand)
- **799 Doctoral Research.** 1 to 6 hours.
- **799c Maintaining Matriculation.** 1 to 6 hours.

The following 400-level courses may be taken for graduate credit.

- **400G Plant Physiology.** 3 hours. Prerequisites: Biol 122, 123, and two semesters of chemistry. The functioning of plant systems, Lecture, 2 hours; lab, 2 hours. (Fall of odd-numbered years)
- **407G Virology.** 3 hours. Prerequisite: undergraduate microbiology course.
Bacterial, animal, and plant viruses with special emphasis on the chemistry and replication of bacterial viruses. (Spring of odd-numbered years)

418G Mycology. 3 hours. Prerequisites: Biol 122, 123. The morphology, life history and ecology of fungi. Emphasis on the collection and identification of fungal species. Lecture, 2 hours; lab, 2 hours. (Fall of odd-numbered years)

412G Cell Biology. 3 hours. Prerequisites: Biol 220 and Organic Chemistry. Morphological and chemical makeup of cells, physical and chemical properties of the cell and modern techniques for investigation of cellular functions. Lecture. (Every fall and spring)

411G Invertebrate Zoology. 4 hours. Prerequisites: Biol 122, 123. Phyla of Invertebrate animals, including their taxonomy, morphology, physiology, development, and evolution. Lecture, 2 hours; lab, 4 hours. (Spring of odd-numbered years)

410G Radiation Biophysics. 4 hours. Prerequisites: Biol 122, 123. Radiation and its effects on living systems. Lecture, 2 hours; lab, 2 hours; (Fall of odd-numbered years)

408G Molecular Genetics. 4 hours. Prerequisites: Biol 122, 123. The molecular basis of genetics and heredity of prokaryotic and eukaryotic organisms. Lecture and Lab.

407G Biochemistry Laboratory. 2 hours. Prerequisite: Biol 400. Laboratory correlated with Biol 407G. Two hours per week, (Every spring)

450G Molecular Genetics. 3 hours. Prerequisites: course in genetics and biology. Molecular basis of genetics and heredity of prokaryotic and eukaryotic organisms. Lecture and Lab.

455G Ichthyology. 4 hours. Prerequisites: Biol 122, 123 and permission of instructor. Fishes of the world, their physiology, structure, behavior, and ecology. Emphasis on the collection and identification of freshwater fishes of Kentucky. Lecture, 2 hours; lab, 4 hours. (Fall of odd-numbered years)

458G Fishery Biology. 3 hours. Prerequisite: Biol 122, 123. Biological aspects of population of freshwater fishes. Emphasizes reproduction and development, food and feeding habits, population effects, etc. Lecture, 2 hours; lab, 2 hours. (On demand spring of odd-numbered years)

459G Mammalogy. 3 hours. Prerequisites: Biol 122, 123. Taxonomy, life history and ecology of the mammals. Laboratory work includes field studies and collection and study of specimens in the laboratory. Lecture, 2 hours; lab, 2 hours. (Fall of even-numbered years)

460G Parasitology. 4 hours. Prerequisites: Biol 122, 123. The morphological, physiological, life histories, control and economic significance of representative species. Lecture, 2 hours; lab, 4 hours. (Fall of even-numbered years)

462G Bioinorganic Chemistry. 3 hours. See Biochemistry.

464G Endocrinology. 3 hours. Prerequisites: Biol 122, 123. Biol 448 recommended. Structure and function of the endocrine glands and their role in physiological communication and regulation. (Fall of odd-numbered years)

467G Biochemistry II. 3 hours. See Biochemistry.

470G Pathogenic Microbiology. 4 hours. Prerequisites: Biol 309, 310, or permission of instructor. Organisms causing disease with emphasis on bacteria. Includes pathogenic bacteria, viruses, rickettsiae, fungi and protozoa. Lecture, 2 hours; lab, 4 hours. (Every fall)

472G Food Microbiology. 4 hours. Prerequisites: Biol 307 and 308 or 309 and 310. Preservation, fermentation and spoilage of foods including a study of food and milk microbiology. Lecture, 2 hours; lab, 4 hours. (On demand spring of even-numbered years)

475G Selected Topics in Biology. 1 to 3 hours. Significant problems and developments of current interest in biology. (Every semester and summer)

485G Field Biology. 3 hours. Two-week camping field experience on a specific biologiical topic or area. Prerequisite: Biology major or minor. (Fall of odd-numbered years)

487G Nucleic Acids. 3 hours. Prerequisites: Biol 122, 123. DNA and RNA, their synthesis, and mechanisms for replication, transcription, and translation. (Fall of odd-numbered years)

491G Data Analysis and Interpretation. 3 hours. See Department of Agriculture.

496G Recombinant Gene Technology. 3 hours. Prerequisite: Biol 450G. Laboratory emphasis involving the basic techniques of genetic engineering. Experiments include techniques required to clone DNA, recover the cloned gene, and to sequence the gene. Lecture and lab.

DEPARTMENT OF CHEMISTRY

THOMPSON COMPLEX—CENTRAL WING
ROOM 444 (502) 745-3547

Lowell Shank, Head

Graduate Faculty

Associate Professors: J. Chamberlin, D. Hartman, R. Hessley, E. Pearson

Assistant Professor: T. Green

Degrees Offered: Master of Science in Chemistry, Master of Arts in Education (Chemistry major or minor), Doctor of Philosophy in Chemistry (in cooperation with the University of Louisville).

Master of Science in Chemistry

Candidates for admission to this program must submit evidence of satisfactory completion of undergraduate curriculum in chemistry. Graduates of American colleges and universities are urged to submit, at the time of application, test scores from the Graduate Record Examination Subject Test and the Graduate Record Examination General Test. Students admitted without these scores should take the tests during their first semester on campus. Graduates of foreign colleges and universities are required to submit test scores from Graduate Record Exam (General Test), Graduate Record Exam (Subject Test), and the Test of English as a Foreign Language (TOEFL) as a part of their applications for admission to graduate studies in chemistry.

The program may be planned to emphasize one of five interdisciplinary areas: analytical, coal, inorganic, organic, physical, or biochemistry.

Course requirements (except for coal chemistry option) are as follows:
Graduate Courses in Chemistry

500 Fundamentals of Chemistry. 3 hours. Prerequisite: Undergraduate minor in chemistry. Fundamental principles, theories, and laws of chemistry. (Not applicable to the MS degree.)

502 Fundamentals of Modern Chemical Analysis. 3 hours. Prerequisite: Undergraduate minor in chemistry. Modern methods of chemical analysis including an introduction to instrumental analysis. (Not applicable to the MS degree.)

503 Fundamentals of Modern Chemical Analysis Laboratory. 1 hour. Corequisite: Chem 502. Includes experiments using the instruments and techniques discussed in the lecture.

518 Investigations in Chemistry 1 to 3 hours. Review of chemical literature on topics of individual interest. Includes reports and proposals for further research. (Not applicable to the MS degree.)

520 Advanced Inorganic Chemistry I. 3 hours. Prerequisites: Chem 452 and 420 or equivalent. Various aspects of coordination chemistry.

521 Advanced Inorganic Chemistry II. 3 hours. Prerequisite: Chem 520 or permission of instructor. Current theories of inorganic reaction mechanisms.

531 Advanced Analytical Chemistry. 3 hours. Prerequisite: Chem 435 or permission of instructor. Survey of selected topics in modern instrumental methods of chemical analysis. Includes instrumental techniques not covered in Chem 435.

540 Organic Reactions. 3 hours. Prerequisite: Permission of instructor. Modern synthetic methods used in organic chemistry.

541 Advanced Organic Chemistry II. 3 hours. Prerequisites: Org Chem 342 and Phys Chem 452 Modern physical-organic chemistry including bonding, stereochemistry, reaction mechanisms, concerted reactions, photochemistry, and free-radical reactions.

550 Advanced Physical Chemistry I. 3 hours. Prerequisites: Chem 435 and Math 227 or equivalents. Covers thermodynamics, kinetics and molecular structure in preparation for graduate study or research.

551 Advanced Physical Chemistry II. 3 hours. Prerequisite: Chem 550 or equivalent. Continuation of basic physical chemistry concepts. Further study in the areas of thermodynamics, kinetics and molecular structure at the graduate research level.

552 Intermediary Metabolism. 3 hours. See Biochemistry.

559 Internship in Chemistry. 1 to 3 hours. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

570 Lecture Demonstration Techniques. 3 hours. Prerequisite: Chem 452 or permission of instructor. The design and operation of meaningful lecture demonstrations in chemistry. (Not applicable to the MS degree.)

580 Chemical Skills. 3 hours. Skills in the use of the library, glass working, and the laboratory.

581 Spectroscopy. 3 hours. Prerequisites: Chem 342 and 452 or 550. Application of nuclear magnetic resonance, ultraviolet, infrared and mass spectrometry for the preparation and strengthening of secondary school science teachers. For a subject-matter major in chemistry, the MA in Education student must complete a minimum of 12 hours of coursework in chemistry. The remaining six hours of the 18-hour major may be taken in chemistry or in a related subject-matter area. The student pursuing a major in an allied subject-matter area may qualify for a minor in chemistry with the completion of a minimum of eight hours of coursework in chemistry. Students who have not previously completed a year of physical chemistry are strongly urged to take Chemistry 450 and 452; with prior approval these courses may be counted for credit toward the MA in Education degree.

Students desiring a breadth of coursework in the sciences may major in the Science Area of Concentration. The chemistry courses taken under this option must be approved by the advisor in the science area and by the advisor in secondary education.

Doctor of Philosophy

A cooperative graduate program leading to the Ph.D. with specialization in fossil fuel chemistry and spectroscopy is administered by the Departments of Chemistry of Western Kentucky University and the University of Louisville.
to solving chemical structures.

589 Internship in Chemistry II. 3 hours. Practical experience in a supervised work situation with a cooperating business, industry, or governmental agency. Emphasizes application of knowledge and skills in chemistry.

590 Coal Chemistry. 3 hours. Prerequisite: Chem 394 or equivalent. The chemistry of coal-derived products.

591 Coal Chemistry Laboratory. 3 hours. Prerequisite: Chem 330 or equivalent. Techniques of classical coal analysis, as specified by the American Society for Testing and Materials (ASTM). Also covers recent developments in methods and instrumentation used in coal analysis.

596 Cooperative Research I. 11 hours. Prerequisite: Student must have completed one academic year of coursework for the MS-Coal Chemistry option. Research at a cooperating laboratory leading to a thesis in coal chemistry.

597 Cooperative Research II. 11 hours. Prerequisite: Student must have completed one academic year of the MS-Coal Chemistry option. Research at a cooperating laboratory leading to a thesis in coal chemistry.

598 Graduate Seminar. ½ hour. Required each semester for all MS-Chem students.

599 Thesis Research and Writing. 8 hours.

599c Maintaining Matriculation. 1 to 6 hours.

799c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit.

412G Introduction to Physical Chemistry. 4 hours. Prerequisites: Chem 122-123 and Math 125. Chemical principles involved in thermodynamics, kinetics, equilibrium, etc. Specifically for secondary education majors and those students not qualifying for the Chem 350-352 sequence.

413G Introductory Physical Laboratory. 1 hour. Prerequisites: Chem 230, Math 125. Corequisite: Chem 412.

420G Inorganic Chemistry. 3 hours. Prerequisites or corequisites: Chem 352-353. Atomic and molecular structure, bonding theory, ionic substances, electron deficient compounds, acid-base theory and coordination chemistry.

430G Forensic Chemistry. 3 hours. Methods and instrumentation used in the crime laboratory and in the medical technology laboratory. Topics include drugs, blood enzymes, organic and inorganic analysis, etc.

432G Modern Methods of Chemical Analysis. 3 hours. Prerequisites: Chem 314 or equivalent. Methods and instrumentation used in modern chemical analysis, with emphasis on application rather than theory. (Not applicable to the MS degree)

435G Analytical Chemistry. 4 hours. Prerequisites: Chem 452-453. Modern instrumental methods of analysis including spectro photometric, electroanalytical and chromatographic techniques.

446G Biochemistry. 3 hours. See Biochemistry.

447G Biochemistry Laboratory. 2 hours. See Biochemistry.

450G Physical Chemistry I. 3 hours. (Not applicable to MS degree)

451G Physical Chemistry Laboratory. 1 hour.

452G Physical Chemistry II. 3 hours. (Not applicable to MS degree)

453G Physical Chemistry Laboratory. 1 hour.

462G Bioinorganic Chemistry. 3 hours. See Biochemistry.

467G Biochemistry II. 3 hours. See Biochemistry.

470G Chemistry for the "Middle School." 4 hours. Prerequisite: Chem 108 or 123 or permission of instructor. Chemical theories and principles in the middle school science curriculum. (Elective credit only)

475G Advanced Topics in Chemistry. 1 to 3 hours. Topics in analytical, biological, inorganic, organic, physical and polymer chemistry. May be repeated with a different topic.

476G Advanced Laboratory Investigations in Chemistry. 2 hours. Work in analytical, biological, inorganic, organic or physical chemistry. May be repeated with a different topic. (Not applicable to MS degree)

---

BIOCHEMISTRY

THOMPSON COMPLEX—CENTRAL WING
(502) 745-3457

Graduate Faculty

Professors: R. Farina, M. Houston, F. Toman

Associate Professor: D. Hartman

Biochemistry is the study of the most intricate of all chemical systems, living matter, and attempts to determine the chemical nature and chemical reactions in protoplasm—the basic material of living matter. Training in biochemistry provides many opportunities in teaching, research, and public service and provides excellent preparation for many other areas of basic and applied sciences.

Biochemistry courses are administered jointly by the Department of Biology and Chemistry. The student should enroll either in the Department of Biology or the Department of Chemistry, depending upon the major emphasis. Enrollment requires the completion of proper prerequisites in biology and chemistry.

For further information, contact Dr. Toman in the Department of Biology or Dr. Hartman in the Department of Chemistry.

Graduate Courses in Biochemistry

562 Intermediary Metabolism. 3 hours. Prerequisite: Biochem 446. The metabolic pathways of carbohydrates, lipids, and proteins. Lecture. (Fall)

563 Enzymology. 3 hours. Prerequisites: Biochem 446 and 447. Includes kinetics and mechanisms for reactions of biological significance. Lecture. (On demand)

564 Enzymology Laboratory. 1 hour. Corequisite or prerequisite: Biochem 563. The techniques of enzyme isolation and purification coupled with kinetic studies. Three hours per week. (On demand)

The following 400-level courses may be taken for graduate credit.

411G Cell Biology. 3 hours. See Department of Biology.

412G Cell Biology Laboratory. 1 hour. See Department of Biology

446G Biochemistry. 3 hours. Prerequisite: Chem 314 or 340. Biochemical compounds and their role in metabolism. Lecture. (Fall, spring)

447G Biochemistry Laboratory. 2 hours. Corequisite or prerequisite: Biochem 446. Selected experiments which illustrate biochemical principles. Six hours per week. (Spring)
DEPARTMENT OF COMPUTER SCIENCE

THOMPSON COMPLEX—CENTRAL WING ROOM 137-A (502) 745-4642

Robert R. Crawford, Head

Professors: T. Cheatham, R. Crawford, J. Crenshaw, C. Davis

Associate Professor: F. Cheatham, A. Shindhelm

Degree Offered: Master of Science in Computer Science

This program is designed to provide post-graduate education for individuals seeking professional careers in computer science. Areas of emphasis are information systems, systems programming, and numerical analysis.

In addition to the general Graduate College requirements, applicants must have completed approximately two years of undergraduate study in computer science and mathematics. Minimal requirements include a knowledge of programming in a higher level language; assembly language; computer organization; discrete structures. Also required are at least 8 semester hours of calculus. A knowledge of probability and statistics is highly recommended. These entrance requirements may be satisfied by courses taken as an undergraduate, substantial practical experience in the computer field, or deficiency coursework taken while a graduate student.

A minimum of 30 semester hours of course work is required, at least 15 of which must be 500-level or above. Both thesis and non-thesis options are available. The research tool, under both options, may be met by successful completion of CS 476G Research Methods and Projects. No credit earned in meeting the research tool requirement will apply toward hours required for the degree.

Specific degree requirements are as follows:

A. CS 442G Information Structures
CS 443G Data Base Management Systems
CS 445G Operating Systems
CS 541 Mathematical Foundations of Computer Science
CS 543 Computer Information Systems Design
CS 544 Compiler Theory and Design

B. Two elective computer science courses and two elective courses from computer science or a cognate area approved by the graduate advisor.

C. A minimum of four 500 level computer science courses.

If any of the required courses have been completed for undergraduate credit, electives will be substituted.

Graduate Courses in Computer Science

541 Mathematical Foundations of Computer Science. 3 hours.
Topics of fundamental importance to computer science, graph theory, algebraic structures, combinatorial analysis.

543 Computer Information Systems Design. 3 hours.
Prerequisite: CS 443.
Systems organization, design, and implementation. Physical and logical file organization, methods and access techniques. Alternatives in system design and implementation. Group projects include design and implementation of a data base system.

544 Compiler Theory and Design. 3 hours.
Prerequisites: CS 442 and 444.
Formal properties of programming languages and the techniques used to construct compilers for these languages. Topics include parsing techniques, symbol table construction, code generation, etc. Class will complete a programming project.

545 Advanced Operating Systems Principles. 3 hours.
Prerequisite: CS 445.
Theoretical and practical material on operating systems. Examines system optimization, resource protection, multiprocessing, performance evaluation, and existing operating systems. The student develops a small operating system.

547 Techniques of Mathematical Programming. 3 hours.
Prerequisites: CS 241 and Math 327.
Methods for optimization of functions of one or more variables including studies of algorithms for both constrained and unconstrained problems. Computing assignments will illustrate techniques such as Fibonacci search, Pattern search, the methods of Powell and Davidson, and SUMT.

548 Micro-Computer Operating Systems. 3 hours.
System-level study of the most popular micro-computer operating systems including memory and disk space management, interrupts, and system services. System utility programs will be developed.

595 Advanced Topics in Computer Science. 1 to 3 hours.
Prerequisites: CS 442G and Math 327. Significant problems and current developments in computer science. May be repeated with a different topic, for a maximum of 6 hours.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level CS courses may be taken for graduate credit.

405G Numerical Analysis I. 3 hours.
Prerequisite: Math 327, CS 240, or equivalent. Cross-listed with Math 405G.

406G Numerical Analysis II. 3 hours.
Prerequisites: CS 405 and Math 331. Cross-listed with Math 406G.

442G Information Structures. 3 hours.
Prerequisite: CS 343 or 348.
Arrays, lists, trees, storage and file struc-
DATA BASE MANAGEMENT SYSTEMS. 3 hours. 
Prerequisites: CS 442. Design and implementation of data base management systems; data organization and management; survey of several systems; assigned projects will require use of several established systems.

444G Programming Languages. 3 hours.
Prerequisite: CS 442 or permission of instructor. Survey of procedure-oriented and special-purpose languages. Emphasis on the syntactic and semantic structures present in these languages.

445G Operating Systems. 3 hours.
Prerequisites: CS 340, 342, 442. Overview of a comprehensive operating system with emphasis on procedure libraries, storage management and protection, task scheduling, linkage editing, etc.

446G Interactive Computer Graphics. 3 hours. Elementary topics in interactive computer graphics. Includes both input and display devices and techniques for 2-D and 3-D transformations, as well as difficulties encountered in these areas. Computing assignments will emphasize interaction, data structures, and applications to various disciplines.

447G System Simulation. 3 hours. 
Prerequisites: CS 241 and Math 329. Computer simulation of theoretical systems and realtime processes. Includes abstract properties of simulations; basic algorithms for lists, list structures, and stochastic processes; general purpose simulation languages. Term project simulation program required.

448G Structured Systems Analysis. 3 hours.

The structured computer systems development process with emphasis on data requirements, external data file design, and computer process flow.

456G Artificial Intelligence. 3 hours. Problems having no plausible algorithmic solution, their computer representations and solutions which usually involve heuristics.

475G Selected Topics in Computer Science. 1-3 hours. Significant problems and developments in computer science.

478G Research Methods and Projects in Computer Science. 3 hours. Analysis and design of computer based systems. Design techniques are applied in one or more large-scale programs requiring attention to documentation, communications, and interfacing of modules in a team project. May be repeated for 6 hours.

DEPARTMENT OF GEOGRAPHY AND GEOLOGY

ENVIRONMENTAL SCIENCE AND TECHNOLOGY
BUILDING
ROOM 305 (502) 745-4555

Wayne L. Hoffman, Head
Graduate Faculty

Associate Professors: C. Moore, M. Trapasso

Assistant Professor: K. Kuehn

Degrees Offered: Master of Science in Geography, Master of Arts in Education (Geography major or minor), Master of Public Service (City and Regional Planning option).

The graduate programs in geography provide a solid background for students who plan to continue advanced studies toward the Ph.D. degree, to pursue careers in college teaching or teaching in middle and high schools, or to enter public service as city and regional planners. Graduates are prepared for a variety of other employment areas such as rangers or naturalists in national and state parks, cartographers, airborne interpreters, and similar consulting positions in business and industry.

Applicants for the Master of Science in Geography and MPS Degree (City and Regional Planning option) must have (1) an overall grade point average of 2.80 or above, or (2) a grade point average of 2.80 or above on the last sixty semester hours of undergraduate work, or (3) a score of 1150 or above (verbal, quantitative, and analytical combined) on the General Test of the Graduate Record Examination.

Master of Science in Geography

Both Plan A (thesis) and Plan B (non-thesis) are available. Plan A requires a minimum of 30 semester hours of graduate credit, including Geog 500, 502, 504, and 491G or 590. With approval from the advisory committee, a student may take a maximum of six hours outside the discipline. The thesis must be based upon original research directed by the advisor. Plan B requires 33 semester hours of graduate credit individually planned, with 18 hours in courses open only to graduate students.

The research tool, under both plans, must be met by demonstrating either (1) reading proficiency in a foreign language appropriate for the major area or (2) competency in an appropriate research techniques.

Individual student programs may be designed to emphasize mapping, remote sensing, hydrology and geomorphology, meteorology and climatology, resource management, planning, and regional geography.

Master of Arts in Education (Geography major or minor)

Students following this program must meet all requirements for standard high school certification. The major requires a minimum of 18 hours (see advisor for course selection). The minor requires a minimum of 12 hours. The remaining hours (within the required 30) are taken in professional education.

Master of Public Service (City and Regional Planning option)

This interdisciplinary program consists of offerings from several departments and prepares individuals to serve in governmental positions requiring administrative training as well as knowledge of the particular areas they are to

<td>Advanced Political Geography.</td>
<td>3 hours</td>
<td></td>
</tr>
<tr>
<td>530</td>
<td>Selected Problems in Cultural Geography.</td>
<td>3 hours</td>
<td>Prerequisite: Geog 430 or permission of instructor. Seminar/field experience. Covers cultural origins and dispersals, environmental perception and behavior, and resulting consequence upon the geographic landscape.</td>
</tr>
<tr>
<td>532</td>
<td>Studies in Geographic Exploration.</td>
<td>3 hours</td>
<td>Eighteenth, 19th and 20th century scientific exploration of the &quot;terrae incognitae&quot; through examination of firsthand accounts.</td>
</tr>
<tr>
<td>534</td>
<td>Historic Preservation Planning: Application.</td>
<td>3 hours</td>
<td>Prerequisite: Geog 434G Field application of historic preservation method and techniques.</td>
</tr>
<tr>
<td>540</td>
<td>Advanced Regional Geography.</td>
<td>3 hours</td>
<td>Prerequisites: Two courses in regional geography and consent of instructor. The regional method as a basic approach to geographic research via one or more major regional units.</td>
</tr>
<tr>
<td>541</td>
<td>Seminar in Tropical Geography.</td>
<td>3 hours</td>
<td>Prerequisite: Geog 210, 422, 430 and permission of instructor. Specific problems of the man-environment relationships of the American, African, and Asian Topics.</td>
</tr>
<tr>
<td>550</td>
<td>Advanced Studies in Economic Geography.</td>
<td>3 hours</td>
<td>Prerequisite: Geog 250, 478 or 479 and permission of instructor. An examination of the major theories in economic geography.</td>
</tr>
<tr>
<td>556</td>
<td>Settlement Geography.</td>
<td>3 hours</td>
<td>Prerequisite: Geog 430 or consent of instructor. Sources and philosophies of settlement studies. Investigations of selected settlement patterns with emphasis on rural and rural non-farm settlement; farms, hamlets, villages, and town, and functionally related features, architectural style, and functional rationale.</td>
</tr>
<tr>
<td>571</td>
<td>Quality of Life, Environmental Problems and Ecological Solutions.</td>

420G Geomorphology. 4 hours. Prerequisites: Geol 100, Geol 102, 111, and 113. The origin, history and characteristics of land-forms produced by fluvial, glacial, wind and wave erosion and by mass-wasting and ground-water.

421G Advanced Geomorphology. 3 hours. Prerequisite: Geol 420. Landform development under processes associated with running water. Principal topics are: climate and geomorphic processes; weathering; the drainage basin as a geomorphic unit; channel form; hillslope characteristics; drainage pattern evolution, etc.

422G Climatology. 4 hours. Prerequisite: Geog 100, 105, 101. The elements of climate and their world distribution with emphasis on the climatic controls.

423G Transportation Planning. 3 hours. The problem of interaction, diffusion and information transfer as they appear in a spatial context.

424G Weather Analysis and Forecasting. 3 hours. Prerequisite: Geog 100, 105, 121, or permission of instructor. Analysis of air masses; principles of weather forecasting; drawing and interpretation of the daily weather map; and making weather forecasts.

425G Political Geography. 3 hours. Prerequisite: Geog 101 or permission of instructor. The political system as a spatial phenomenon. Examples from local, metropolitan-regional, national and international levels.

426G Applied Meteorology/Climatology. 3 hours. Prerequisite: Geog 121 and 422 or permission of instructor. Fundamentals of general geophysics and practical experience in the major methods of exploration geophysics, such as gravity, magnetic, seismic, and electrical methods.

427G Geography of the Middle East. 3 hours. Various aspects of the recent occupancy of Southwestern Asia and surrounding regions mentioned in the Bible.

428G Rural Planning. 3 hours. Principles and practices of rural planning with emphasis on the relationships between planning and economic, social, and ecological problems in the rural setting.

430G Cultural Geography. 3 hours. Concepts of culture and the interaction between various cultures and their environments.

431G Geology of Kentucky. 3 hours. Regional study assessing the natural and human resources with special attention to current economic, social, and economic problems.

432G Geography of South America. 3 hours. Prerequisite: Geog 101 or permission of instructor. Physical and cultural bases of South America's geographic patterns with emphasis on problems of resource development.

451G Geology of the Soviet Union. 3 hours. A regional analysis of Mexico, Central America and the West Indies.

452G Field Studies in Geography. 3 hours.

453G Geography of Middle America. 3 hours. Prerequisite: Geog 101 or permission of instructor. The nature of the fossil record, preservation, basic factors and theories relating to the origin and development of living systems and the processes of evolution, the species concept, systematics and paleoecology.

511 The Dynamic Earth. 3 hours. Prerequisite: Geol 102 and 112, or one year of earth sciences teaching at secondary school level. The origin, history and characteristics of earth's interior, geological processes and the geological time scale, continental drift, paleomagnetism, etc.

The following 400-level Geology courses may be taken for graduate credit.

505G Paleontology. 4 hours. Prerequisites: Geol 112, Geol 114, Biol 148-B, and Biol 156-7 or permission of instructor.
Graduate Courses in Health and Safety

501 Analysis of Research in Health and Safety. 3 hours. Review of literature related to methods, materials, techniques, and planning of research studies used and conducted by the profession.

520 Vital and Medical Statistics. 3 hours. Application of statistical techniques to health and safety data. Emphasizes basic principles and techniques in designing and analyzing health problems.

530 Independent Investigations in Health and Safety. 1 to 3 hours. Prerequisite: HISt 520. Research problems or projects in the area of health and safety.

545 The Health Education Curriculum. 3 hours. Prerequisite: Ed 580. For health educators and administrators. Review of health curriculum guides and curriculum studies in health education. Laboratory work in construction of curriculum guides.

546 Field Work in Community Health Programs. 3 hours.

567 Administration and Supervision of Health and Safety Programs. 3 hours. Responsibilities, activities, and problems of administering and supervising health and safety programs within and among the school and other community agencies.

570 School and Community Safety Programs. 3 hours. Responsibilities, activities, and problems of school and community safety programs. Emphasizes pupil transportation programs. Also includes home, fire, traffic, and transportation, industrial and public safety.

580 History and Philosophy of Public Health. 3 hours. Development and scope of public health within a historical and philosophical context.

581 Methods in Public Health Education. 3 hours. The roles and functions of community health educators.

582 Epidemiology: Practice and Theory. 3 hours. Prerequisite: 3 hours graduate level statistics. Applications of epidemiological principles to representative occurrences of communicable and noncommunicable disease. Emphasizes problem solving and interpretation.

583 Public Health Administration. 3 hours. Advanced concepts of organization, administration and management of public health agencies and programs.

584 Health Planning. 3 hours. Concepts and methods of health planning with emphasis on the "certificate of need" requirement and program evaluation.

585 International Health. 3 hours. Analyzes international health problems, including the development and administration of the World Health Organization. Covers critical health problems of both developed and underdeveloped countries. Emphasizes effective intervention strategies.

586 Health Economics. 3 hours. Economic principles applied to the study of health care facilities, health services and manpower.

587 Health, Illness, and Sick-Role Behavior. 3 hours. Models of positive health within the individual's life style. Includes types of illnesses.
and factors influencing health behavior. 

588 Seminar in Public Health. 3 hours. Current issues in public health.

590 Public Health Law. 3 hours.
The judicial system and the development, enactment and enforcement of laws as they relate to public health.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit.

443G Health Problems of the Aged. 3 hours.
Prerequisite: HIS 260. Covers ecological factors affecting human health and longevity, current health problems, and research on health and disease as they relate to the aged.

444G Death Education. 3 hours.
Man's relationship to death and dying, coming to terms with eventual death, coping with death of loved ones and with fear of death. Includes suicide prevention. Field trips required.

447G Human Values and the Health Sciences. 3 hours.
Analysis of the difficult ethical, legal, and social dilemmas confronting the health care delivery system, patients, medical practitioners, and other health care professionals in contemporary American society.

450G School and Community Health Workshop. 3 hours.
Prerequisite: Permission of instructor. Emphasizes the coordination of school and community health programs and personnel in seeking solution for health problems.

461G School Health Organization. 3 hours.
Prerequisite: HIS 261. Standards and criteria for the three phases of the school health program: health services, healthful school environment, and health instruction. Emphasizes coordination of the total school health program. Visitation in public schools.

462G Folk Medicine. 3 hours.
Historical circumstances, associations, and logic of traditional non-scientific medical practices.

463G Consumer Health. 3 hours.
Prerequisite: HIS 260. Benefits and/or hazards of and criteria for selection of health related products and services. Analysis of methods and techniques of health frauds. May include field trips.

465G Health and Safety in the Elementary School. 3 hours.
Prerequisite: Three hours of health. Nature and purpose of school health and safety in the elementary school, including curriculum development, instructional content areas, appraising students' health, and evaluation.

466G Clinical Health Education. 3 hours.

469G Critical Issues in Health and Safety. 3 hours.
Prerequisites: HIS 260 and 361. Research and discussion of specific local, national and world wide health and safety problems.

470G Driver Education and Traffic Safety II. 3 hours.
Prerequisite: SFT 370. Management of classroom and laboratory phases of the high school driver and traffic safety education program. Emphasizes simulation and range programs.

471G Advanced Studies in Driver Education. 3 hours.
Prerequisite: SFT 470. Advanced instructional technology to meet the needs of the driver and safety education program. Emphasizes behavioral approaches to traffic safety education.

481G Environmental Factors of Health Problems. 3 hours.
Prerequisites: HIS 384, 3 hours of Bioi and 3 hours of Chem. Emphasis on the environment and its relationship to disease causation. Includes the ecology of health and disease, air and water pollution, insect vector and rodent control, noise pollution, population imbalance and consumer protection. Field trips required.

DEPARTMENT OF INDUSTRIAL AND ENGINEERING TECHNOLOGY

ENVIRONMENTAL SCIENCE AND TECHNOLOGY BUILDING
ROOM 205 (502) 745-3251

Boyce Tate, Head

Graduate Faculty

Professors: F. Conley, E. Hein, F. Pittman, J. Russell, D. Wendt

Associate Professors: R. Eversoll, H. Leeper, G. Roberts,

Degrees Offered: Masters of Arts in Education (Industrial Education major or minor), Specialist in Education (for secondary teachers in the area of Industrial Arts). Applicants must meet the general requirements of the Graduate College and of the College of Education.

Master of Arts in Education (Industrial Education major or minor)

This program is designed for the professional development of persons who are teaching in or administering industrial education programs and also serves as the basis for entering a specialist or doctoral program. Its flexibility meets the needs of students with varying backgrounds and goals.

Individuals following this program must meet all requirements for standard high school certification (see Secondary Education). The major requires 18-21 hours and the minor requires 12-15 hours of industrial education courses. The remaining hours, in both cases, will be taken in professional education courses.

Specialist in Education (See Secondary Education)
Graduate Courses in Industrial Education

510 Investigations in Industrial Education. 3 hours. Individual research under the direction of a graduate faculty member.

520 Philosophy of Industrial Education. 3 hours. The development of industrial education in Europe and America. Emphasis on influences, experiments, and trends leading to modern practices in industrial, vocational, and technical education.

525 Industrial Education Curriculum. 3 hours. Curriculum practices, concepts, and trends in curriculum development and improvement of programs.

The following courses are for students pursuing specific areas.

530 Advanced Drafting. 3 hours.
532 Industrial Design. 3 hours.

542 Industrial Electricity and Electronics. 3 hours.
544 Wood Technology. 3 hours.
548 Graphic Arts. 3 hours.
552 Advanced Machine Shop. 3 hours.
558 Power and Auto Mechanics. 3 hours.
560 Metal Technology. 3 hours.
564 Problems in Crafts. 3 hours.
568 Ceramics and Plastics. 3 hours.
572 General Shop. 3 hours.
599 Thesis Research and Writing. 6 hours.
599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit

410G Industrial Arts Problems. 3 hours. Prerequisite: Graduate standing. Individual study and/or research in industrial education.

439WG Workshop in Industrial Education. 3 hours. Prerequisites: Graduate standing. Special short course on problems in industrial education and technology.

452G Industrial Wood Processing II. 3 hours. Prerequisite: MT 341. The setup and use of woodworking machines. Includes tooling, jig and fixture design, and the mass production of wood products. Field trips.

465G Industrial Arts for Elementary Teachers. 3 hours. Prerequisite: Graduate standing. Philosophy, purposes, organization and correlation of industrial arts activities as they apply to the elementary school program.

495G Acoustic Guitar Construction. 4 hours. Prerequisites: MT 103 and 341 or equivalent. The Haile method of building a string and/or classic guitar construction. Students are required to construct an acoustic guitar and related jigs and fixtures. Lecture, lab, and field trips.

DEPARTMENT OF MATHEMATICS

THOMPSON COMPLEX, CENTRAL WING
ROOM 357 (502) 745-3651

Robert C. Bueker, Head

Graduate Faculty

Associate Professors: B. Brunson, P. Lowman,

Degrees Offered: Master of Science in Mathematics, Master of Arts in Education (Mathematics major or minor, Math-Science Area major).

Applicants for departmental programs must have the appropriate background in mathematics. In addition to the general Graduate College requirements, students must meet departmental requirements.

Master of Science in Mathematics

This program is designed to give the student a general but thorough understanding of the main areas of pure and applied mathematics. For acceptance into the program, the student is expected to have completed courses in linear algebra, abstract algebra, and either real analysis or advanced calculus.

A minimum of 30 semester hours is required, and must include at least 15 hours at the 500 level. Both the thesis and non-thesis options are available. Each student's program is developed individually and must satisfy the following requirements:

A. Math 431G, 432G, 417G, 439G (unless equivalent courses were taken at the undergraduate level).

B. One indicated two-course sequence from each of three of the following areas:
   1. Algebra: 417G-517
   5. Computer Science: 442G-541, 443G-543

C. A working knowledge of a higher level programming language such as BASIC or FORTRAN (unless obtained at the undergraduate level).

A student may, upon approval of the departmental graduate committee, include in his/her program a maximum of six semester hours of coursework from a related discipline (e.g. Physics 510-550).

The research tool requirement may be fulfilled with a foreign language, a mathematics reading course or computer science. For specific details, contact a graduate student advisor in the Department of Mathematics.

If the candidate elects the non-thesis option, satisfactory completion of a one-hour written examination over each of the three sequences chosen to satisfy item B above is required. The eligible candidate must have completed (or be scheduled to complete by the end of the current academic term) the last course in each of the sequences selected. If the candidate elects the thesis option, then the final written examination is based on only two of the aforementioned areas. An oral thesis defense is required in lieu of the written examination in the third area.
Master of Arts in Education (Mathematics major or minor)

Since this program is designed for the secondary school mathematics teacher, students following it must satisfy all requirements for standard high school certification. Adequate preparation for a major in mathematics consists of an undergraduate teaching major in mathematics which includes, in addition to a calculus sequence, coursework in linear algebra and at least two of the following three areas: abstract algebra, geometry, analysis or advanced calculus. For a minor in mathematics, preparation should include at least an undergraduate teaching minor in mathematics with post-calculus coursework including linear algebra and one of the three areas.

Students majoring in mathematics must take 21 hours of mathematics including a course in each of the following areas: algebra, analysis. Upon approval of the graduate committee, 18 hours may satisfy the above requirement provided the student has previously completed Math 317, 323, and 327 (or the equivalent). A minor in mathematics must include at least 12 hours of mathematics. The remainder of the required 30 hours will be taken in professional education courses.

Neither a thesis nor a research tool is required; however, Education 500—Research Methods is required as one of the professional education courses. An oral final examination, based on the coursework and related concepts, is required.

The following 400-level math courses may be taken for graduate credit

403G Geometry for Elementary Teachers. 3 hours. Prerequisites: Math 211 and 212 or equivalent. Contemporary topics including symmetry, translations, the metric system, etc. (For elementary or middle school education majors only).

405G Numerical Analysis I. 3 hours. Prerequisites: Math 327, CS 245—Fortran, or equivalent. Roots of equations, linear operators, polynomial approximation, interpolation, numerical differentiation and integration. Algorithmic computer solutions of problems will be required.

406G Numerical Analysis II. 3 hours. Prerequisite: Math 405 and 331. The solution of linear systems by direct and iterative methods, matrix inversion, the calculation of eigenvalues and eigenvectors of matrices. Boundary value problems in ordinary differential equations. Algorithmic computer solution of problems will be required.

411G Problem Solving for Elementary and Middle School Teachers. 3 hours. Integration of concepts developed in algebra, geometry, computer science, logic, statistics, probability, and elementary number theory. Students will be encouraged to use various problems solving strategies and models to create related problems of their own.

413G Algebra and Computing for Elementary Teachers. 3 hours. Prerequisite: Math 212 or equivalent. Algebraic properties and relationships of our number systems, algebraic functions, introduction to computing including programming in BASIC, applications of computing in algebra.

415G Algebra and Number Theory. 3 hours. Prerequisite: Math 315 or 317. Survey of modern algebra and number theory. Includes number systems, divisibility, congruences, groups and their application to number theory.

417G Algebraic Systems. 3 hours. Prerequisite: Math 317. Theory of groups.

423G Geometry II. 3 hours. Prerequisite: Math 323. An axiomatic development of plane hyperbolic geometry which presupposes a development of absolute geometry.
DEPARTMENT OF PHYSICS AND ASTRONOMY

THOMPSON COMPLEX—CENTRAL WING
ROOM 246 (502) 745-4357

F. Dudley Bryant, Acting Head

Graduate Faculty

Professors: W. Buckman, T. Coohill, D. Humphrey, M. Russell, G. Vouropoulos

Associate Professors: D. Bryant, E. Dorman, R. Hall

Assistant Professor: C. Wolff

Degrees Offered: *Master of Science in Physics (predoctoral option and Engineering Physics option). Master of Arts in Education (Physics minor)

*Master of Science in Physics temporarily suspended.

Master of Arts in Education

The Department offers three program options leading to the Master of Arts in Education: a physics minor of 12-15 hours, a science area major of 18-21 hours, and a math-science major of 18-21 hours. Each of these programs may include physics and astronomy courses which familiarize the teacher with modern instructional techniques and curricula and strengthen the academic background. In all cases, the remainder of the 30 hours will be taken in professional education. (See physics and astronomy courses specifically for students pursuing the Master of Arts in Education degree.)

Graduate Courses in Physics and Astronomy

510 Methods of Mathematical Physics I. 3 hours. Prerequisite: Differential Equations. Selected topics from the mathematical methods of classical physics.

520 Atomic and Molecular Spectra. 3 hours. Prerequisite: Phys 480. The structure of atomic and molecular spectra including quantum mechanical energy states, wave mechanical rules for combining momenta and magnetic momenta, the Stark and Zeeman effect.

530 Statistical Mechanics. 3 hours. Prerequisite: Phys 450. Statistical theories of body systems and their thermodynamic consequences. Topics include the Boltzmann equation, Liouville’s theorem, phase space, ensemble theory, entropy and probability, etc.

540 Electromagnetic Theory. 3 hours. Prerequisite: Phys 440. Electrostatics, magnetostatics, and potential theory; Maxwell’s electrodynamics; the differential of vector-valued functions of a vector variable; inverse and implicit function theorems; Riemann-Stieltjes.

550 Classical Mechanics. 3 hours. Prerequisite: Phys 450. Dynamics of particles and rigid bodies, the methods of Lagrange and Hamilton, the Hamilton-Jacobi equation, and the theory of small vibrations.

580 Quantum Theory. 3 hours. Prerequisite: Phys 480. Wave and matrix mechanics, general operator methods, angular momentum, symmetry principles and conservation theorems, variational principle and elementary perturbation theory.

598 Graduate Seminar. 1 hour. Discussion of recent and current literature on developments in experimental and theoretical physics.

600 Theory of Solids. 3 hours. Prerequisite: Phys 480. Matter in the condensed state emphasizing quantum mechanical aspects, the behavior of electrons in solids and the thermal and magnetic properties of matter.

670 Theoretical Nuclear Physics. 3 hours. Prerequisite: Phys 480. Static properties of nuclei, descriptive aspects of nuclear reactions, systematics of nuclear energies, nuclear models, decay, reactions, and forces.

675 Advanced Topics in Physics. 1 to 3 hours. Directed study under supervision of a faculty member. May be repeated with different topics.

The following 400-level courses may be taken for graduate credit.

Experience with modern nuclear detection equipment, examination of some nuclear properties via experimental methods, and demonstration of nuclear radiation as an analytical research tool.

**409G Experimental Physics 7. Research Techniques.** 2 hours. 
Prerequisite: Two years of college physics. Laboratory techniques in experimental research. Includes drawing and fabrication of apparatus, technical photography, and statistical treatment of data.

**410G Experimental Physics VII.** 3 hours. 
Prerequisite: Two years of college physics. Laboratory techniques in experimental research. Includes drawing and fabrication of apparatus, technical photography, and statistical treatment of data.

**414G Introductory Astrophysics.** 4 hours. 
Prerequisite: Physics 201-202 or Physics 231-232. Theoretical Mechanics. Classical electricity and magnetism with emphasis on fields, potentials, conductors, dielectrics, etc.

**415G Geophysics.** 3 hours. 
Prerequisite: One year of college physics and one year of calculus. Geometrical and physical optics including wave propagation, refraction, dispersion, diffraction, and polarization.

**425G Modern Concepts in Physics.** 3 hours. 
Prerequisite: One year of college physics. Current ideas in atomic and nuclear physics, astronomy and space physics, solid state and low temperature physics. Includes demonstrations, experiments, and field trips.

**431G Radiation Biophysics.** 4 hours. 
Also, Biology 431. Prerequisites: Physics 201-202 or Physics 231-232. The properties of the various forms of radiation and their interactions with, and effects on, living matter. Laboratory offers training in monitoring ionizing radiations and in techniques of radioactive isopes.

**435G Geodynamics.** 3 hours. 
Prerequisite: Physics 201-202 or Physics 231-232. Classical electricity and magnetism with emphasis on fields, potentials, conductors, dielectrics, etc.

**440G Electricity and Magnetism.** 3 hours. 
Prerequisite: Physics 350 and Math 331. Classical electricity and magnetism with emphasis on fields, potentials, conductors, dielectrics, etc.

**445G Optics.** 3 hours. 
Prerequisite: Physics 404G. Geometrical and physical optics including wave propagation, refraction, dispersion, diffraction, and polarization.

**450G Theoretical Mechanics.** 3 hours. 
Prerequisite: Physics 350, Math 331. Rigid body motion, moving coordinate systems, continuous media, and Lagrange's equations.

**455G Solid State Physics.** 3 hours. 

**460G Geophysics.** 3 hours. 
Also cross-listed as Geol 465. Prerequisites: Geol 111 and one year of college physics or permission of the instructor. General and exploration geophysics. Topics include the origin of the earth and the solar system, the earth's interior, gravity and isostasy, seismology, upper atmosphere, continents and ocean basins, etc.

**465G Geophysics.** 3 hours. 
Prerequisite: Physics 320. Geophysics and permission of the instructor. General and exploration geophysics. Topics include the origin of the earth and the solar system, the earth's interior, gravity and isostasy, seismology, upper atmosphere, continents and ocean basins, etc.

**470G Nuclear Physics.** 3 hours. 
Corequisite: Physics 407G. Properties of the nucleus including nuclear forces, alpha emission, radioactivity, fundamental particles, and particle accelerators.

**475G Selected Topics in Physics.** 1 to 3 hours. 
Directed study under the supervision of a faculty member. May be repeated with different topics.

**480G Quantum Mechanics.** 3 hours. 
Prerequisites: Physics 320, 350, 450. Fundamental principles of quantum mechanics including the hydrogen and helium atoms, the harmonic oscillator, and the Schroedinger wave equation.

Courses which may be taken for graduate credit toward the Physics minor, Science Area major, and Math-Science major under the MA in Education.

**501 Classical Developments in Physics.** 3 hours. 
Physics for junior high and high school teachers covers the discovery of physical laws, the origin of forces, motion, energy, momentum, conservation, principles, wave phenomena, and electromagnetics.

**502 Modern Developments in Physics.** 3 hours. 
Physics for junior high and high school teachers. Covers atomic structure, the nucleus, elementary particles, probability and uncertainty, and special relativity. Emphasizes the impact of twentieth century discoveries on the foundations of physical law.

**503 Physics Demonstrations and Laboratory Exercises.** 3 hours. 
Designed to acquaint the junior high and high school teacher with laboratory equipment and demonstrations for use in secondary education. Utilization of a laboratory library containing approximately sixty experiments, in place.

**505 Investigations in Physics.** 3 hours. 
Topics of individual interest relating to the teaching of physics.

**401G Physical Science I and II.** 3 hours. 
The primary physical properties of matter and forms of energy. Emphasis on measurement process, symbolism, graphical analysis, algebraic calculations, etc.

**402G Astronomy for Teachers.** 3 hours. 
Selected topics in astronomy for elementary and secondary teachers. Not applicable toward physics major.

**410G Physics for Elementary Teachers.** 3 hours. 
Covers the areas of physics relevant to the teaching of science in the elementary school. Includes laboratory experiences.

**425G Modern Concepts in Physics.** 3 hours. 
Prerequisite: One year of college physics. Current ideas in atomic and nuclear physics, electricity and magnetism, space physics, solid state and low temperature physics. Includes demonstrations, experiments, and field trips.

Dean, Potter College of Arts, Humanities, and Social Sciences
Dean, Bowling Green College of Business Administration
Dean, Ogden College of Science, Technology, and Health
Dean, College of Education and Behavioral Sciences
Dean, Scholastic Development
Associate Dean, Ogden College of Science, Technology, and Health
Assistant Dean, Administrative and Technical Services, Ogden College of Science, Technology, and Health
Associate Dean for Administration, Potter College of Arts, Humanities, and Social Sciences.
Assistant Dean, Bowling Green College of Business Administration
Interim Assistant Dean, Bowling Green College of Business Administration
Assistant Dean for Instruction, College of Education
Assistant Dean for Administration and Graduate Studies
Director, Budget and Planning
Registrar
University Attorney
Director of Media Services
Director of Library Services
Director, University Counseling Services Center
Office of Sponsored Programs
Director of Community Affairs and Special Events
Administrator, Physical Plant and Facilities Management
Director, Center for Computer and Informational Services

Jim Richards
John Osborne
Lee Watkins
Cheryl Chambless
Judith Owen

Director, Alumni Affairs
Director, Housing
Director, Student Financial Aid
Director, Admissions
Director, Office of Career Planning and Placement

GRADUATE COUNCIL

Elmer Gray, Chairperson

Arts, Humanities, and Social Sciences

Dr. James Flynn
Dr. Donald Tuck
Dr. Brent Tuthill
Dr. Burt Feintuch (Alternate)
Ms. Lesley Anne Moseley (Student)

Business Administration

Dr. Youn Kim
Dr. J. William Murphy
Dr. Eugene Evans
Dr. Edward Wolfe (Alternate)
Mr. Gregory Wiegand (Student)

Education and Behavioral Sciences

Dr. Carl Martray
Dr. James Koper
Dr. John Vokurka
Dr. Carl Kreisler (Alternate)
Ms. Marcy James (Student)

Science, Technology, and Health

Dr. John Crenshaw
Dr. Joseph Stokes
Dr. Michael Trapasso
Dr. Carroll Wells (Alternate)
Mr. Henry Meadows (Student)

GRADUATE COLLEGE STAFF

Elmer Gray
Chandra Carter
Chris Jenkins
Bettie Johnson
Kenneth N. Neison
Doris Tyree

Dean of the Graduate College
Staff Assistant to the Dean
Staff Assistant to the Dean
Staff Assistant to the Dean
Staff Assistant
Secretary
## GRADUATE FACULTY

### College of Arts, Humanities, and Social Sciences

#### ART
- Fernandez, Leo A.  
  - MFA, Claremont Graduate School, Professor
- Forrester, Charles H.  
  - MFA, University of Oregon, Professor
- Gluhman, Joseph  
  - Ph.D., Harvard University, Professor
- Klein, Michael E.  
  - Ph.D., Columbia University, Associate Professor
- Nothenes, Lauren D.  
  - MFA, University of Illinois, Associate Professor
- Oakes, John  
  - MFA, University of Iowa, Associate Professor
- Peterie, Neil D.  
  - Ed.D., University of Missouri, Professor
- Stomps, Walter E.  
  - MFA, School of Art Institute of Chicago, Professor
- Trutty-Cookhill, Patricia  
  - Ph.D., Pennsylvania State University, Assistant Professor
- Weaver, William C.  
  - MA, Ohio State University, Professor

#### COMMUNICATION AND THEATRE
- Anderson, Charles M.  
  - Ph.D., Indiana University, Professor
- Caillouet, Larry  
  - Ph.D., University of Illinois, Associate Professor
- Capps, Randall  
  - Ed.D., University of Virginia, Professor
- Combs, Don W.  
  - Ph.D., University of Illinois, Professor
- Garmon, Cecile E.  
  - Ph.D., Vanderbilt University, Assistant Professor
- Kell, Carl L.  
  - Ph.D., University of Kansas, Professor
- Kesler, Jackson  
  - Ph.D., University of Texas, Professor
- Leonard, William E.  
  - Ph.D., Ohio State University, Professor
- O'Connor, J. Regis  
  - Ph.D., Indiana University, Professor
- Probus, Steve A.  
  - MFA, University of Nebraska, Associate Professor
- Ruff, Loren K.  
  - Ph.D., Indiana University, Associate Professor
- Wesolowski, James W.  
  - Ph.D., University of Wisconsin, Professor
- Wicklender, Dale  
  - Ph.D., University of Minnesota, Professor
- Winn, Larry  
  - Ph.D., Indiana University, Professor

#### ENGLISH
- Bowen, Hoyt E.  
  - Ph.D., Florida State University, Professor
- Davis, Nancy H.  
  - Ph.D., Northwestern University, Professor
- Eckard, Ronald  
  - Ed.D., Ball State University, Associate Professor
- Flynn, James S.  
  - Ph.D., Auburn University, Professor
- Fridy, Wilford E.  
  - Ph.D., University of Kentucky, Professor
- Glaser, Joseph A.  
  - Ph.D., University of Texas, Professor
- Hagaman, John A.  
  - D.A., Carnegie-Mellon University, Associate Professor
- Heldman, James M.  
  - Ph.D., University of North Carolina, Professor
- Hellstrom, Ward  
  - Ph.D., University of Illinois, Professor
- Little, Leroy  
  - Ph.D., George Peabody College, Professor
- McElvy, George E.  
  - Ph.D., Duke University, Professor
- McMahon, Dorothy  
  - Ph.D., Vanderbilt University, Professor
- McMahon, William  
  - Ph.D., University of Chicago, Professor
- Millichap, Joseph  
  - Ph.D., University of Notre Dame, Professor
- Moebly, Charmaine  
  - Ph.D., University of North Carolina, Professor

#### HISTORY
- Bennett, James D.  
  - Ph.D., Vanderbilt University, Professor
- Bussey, Charles J.  
  - Ph.D., University of Kentucky, Professor
- Crowe-Carraco, Carol E.  
  - Harrington, J. Drew  
  - Ph.D., University of Iowa, Professor
- Heynes, Robert V.  
  - Jackson, Carlton L.  
  - Ph.D., Rice University, Professor
- Lee, David  
  - Lucas, Marion B.  
  - Ph.D., University of South Carolina, Professor
- Murphy, Frederick I.  
  - Salisbury, Richard V.  
  - Stone, Richard G., Jr.  
  - Thacker, Jack W., Jr.  
  - Ph.D., Texas Technological University Professor
- Thompson, Francis H.  
  - Ph.D., University of Kentucky, Professor
- Troutman, Richard L.  
  - Weigel, Richard D.  
  - Ph.D., University of Delaware, Professor

#### GOVERNMENT
- Bluhm, Georg R.  
  - Ph.D., University of Freiburg, Professor
- Chelf, Carl P.  
  - Ph.D., University of Kentucky, Professor
- Cravens, Raymond L.  
  - Keen, Edward N.  
  - Masannah, George S.  
  - Parker, John David  
  - Petersen, John H.  
  - Sloan, Julius J.  
  - Ph.D., University of Nebraska, Professor
- Uveges, Joseph A.  
  - Ph.D., University of Florida, Professor

#### MODERN LANGUAGES AND INTERCULTURAL STUDIES
- Babcock, James C.  
  - Baldwin, Thomas P.  
  - Brown, Carol Paul  
  - Collins, Camilla A.  
  - Feintuch, Burt H.  
  - Hatcher, Paul G.  
  - Love, Nathan  
  - Martin, Robert L.  
  - Miller, Jim Wayne  
  - Montell, W. Lynwood  
  - Padilla, Raul H.  
  - Williams, Michael Ann  
  - Ph.D., University of Pennsylvania, Assistant Professor

- Ph.D., University of Iowa, Associate Professor
- Ph.D., University of Louisville, Professor
- Ph.D., University of Tennessee, Professor
- Ph.D., University of Delaware, Professor
- Ph.D., Southern Illinois University, Associate Professor
- Ph.D., State University of Iowa, Professor
- Ph.D., University of Freiburg, Professor
- Ph.D., University of Nebraska, Professor
- Ph.D., University of Kentucky, Professor
- Ph.D., American University, Professor
- Ph.D., University of Oklahoma, Professor
- Ph.D., University of Georgia, Professor
- Ph.D., University of Pittsburgh, Professor
- Ph.D., Vanderbilt University, Associate Professor
- Ph.D., University of Florida, Professor
- Ph.D., Vanderbilt University, Professor
- Ph.D., University of Kentucky, Professor
- Ph.D., University of Georgia, Professor
- Ph.D., University of Texas, Professor
- Ph.D., Rice University, Professor
- Ph.D., University of Georgia, Professor
- Ph.D., Ohio State University, Professor
- Ph.D., University of South Carolina, Professor
- Ph.D., University of Florida, Professor
- Ph.D., University of Kansas, Professor
- Ph.D., University of Tennessee, Professor
- Ph.D., University of South Carolina, Professor
- Ph.D., Texas Technological University Professor
- Ph.D., University of Kentucky, Professor
- Ph.D., University of Delaware, Professor

Mail to: Graduate College
Western Kentucky University
Bowling Green, Kentucky 42101

(Signature)
(Date received in Graduate College)

FORM A
APPLICATION INSTRUCTIONS

NOTE: Credentials submitted for admission purposes become the property of the University. If the applicant does not enroll within one year, the admission file is destroyed unless the student contacts the Graduate College.

Degree-Seeking Students must have forwarded to the Graduate College one official transcript each from the undergraduate degree-granting institution (unless WKU) and from any institution (except WKU) where course work has been pursued. The applicant who has not yet completed the undergraduate degree should have forwarded one transcript now and one after the degree is completed. The Graduate Record Examination—Aptitude Section is required of all except M.B.A. applicants, who must take the Graduate Management Admission Test. If already taken, the scores should be forwarded to the Graduate College.

Non-degree Students (e.g., students applying for Rank I or Fifth-year programs) must submit transcripts as outlined above.

Transient Students (pursuing advanced degrees at other institutions) will be mailed Form H, which must be completed and returned to the Graduate College by an official of the degree-granting institution.

Unclassified Students (pursuing coursework only) must have forwarded to the Graduate College an official transcript indicating completion of the undergraduate degree (unless earned at WKU).

International Students must follow “Admission Requirements for International Students.” If you have not received the additional information (TOEFL, Financial Statement, etc.), contact the Graduate College.

STATEMENT OF COMPLIANCE

Western Kentucky University is committed to equal opportunity. It is an Equal Opportunity-Affirmative Action Employer and does not discriminate on the basis of age, race, color, religion, sex, national origin, or handicap in any employment opportunity. No person is excluded from participation in, denied the benefits of, or otherwise subjected to unlawful discrimination on such basis under any educational program or activity receiving federal financial assistance.

If you have experienced discrimination in such educational programs or activities, written inquiries about procedures that are available at the University for consideration of complaints alleging such discrimination should be directed to the President’s Office, Western Kentucky University, Bowling Green, Kentucky 42101. Inquiries about such alleged discrimination also may be made directly to the Director, Office of Civil Rights, United States Department of Health, Education, and Welfare, Washington, D.C. 20201.

Inquiries about employment discrimination may be directed to the Affirmative Action Officer, Western Kentucky University, Bowling Green, Kentucky 42101, or The Commission on Human Rights, Commonwealth of Kentucky, 823 Capital Plaza Tower, Frankfort, Kentucky 40601, or Equal Employment Opportunity Commission, 1800 G Street, N.W., Washington, D.C. 20506, or Office of Federal Contract Compliance, United States Department of Labor, Washington, D.C.
