ELECTION AND ORATORY.

The work in this department given the pupil thorough training in the License of Delivery. Special attention is given to Voice Culture and to the preparation of students to become public speakers and teachers as well as teachers of elocution.

The growth of the school tends to the concentration of time and energy rather than different specialization in the many subjects the student is led to investigate for himself and apply the principles underlying all forms of expression. He must be able to give a reason for what he does. In this way the pupil does not follow blindly by imitation, nor is he governed by set rules, but by the individual application of general principles. The knowledge thus acquired is original and not too often the case, the conclusions of youthful authorities. By this method real progress is made in the course of a few weeks by using the "four square" methods.

The work is so adapted by the Secretary to the needs of each class as to meet the individual need of each student. Every one can thus get complete classification and devote their entire time to whatever work they wish to pursue.

County Teacher Course

The Teachers' Counsel of the county is a distinctive feature of the school. A "County" of teachers is in this department every year. We have large classes of County—theatrical teachers in all common schools besides the objects sought in this department is the best progression for the work of the school.

While we strive to give our teachers such information as will prepare them for the examinations for county certificates, yet we do not overlook the need for putting the principles upon which the right organization and management of a school is based, need to do so. We are not the purpose of the subject matter, but the student is given a special training in the principles of the subject taught.

Our work in Pedagogics and Pedagogy is to adapt more cepable and conscientious men and women as teachers for all the departments of education.

The Next Year's Lecture Course.

We have employed the following noted lecturers for the present year in the service of the school and have given the following courses of instruction to great public advantage: Dr. Thomas Dixon, Jr., Eliza H. Brown and R. H. Taylor, George R. Wendling, Monticello Flowers, Dr. Newton Dwight Hillis, Bowling Green Woman's Musical Club, Robertson Co. We promise to offer only the highest class of course and to secure the best talent that money and energy will employ.

Hon. John Burke

The Visit of This Distinguished Educator to the Schools of Our City.

[From Times-Journal, April 11, 1901.]

Hon. John Burke, now and for many years the superintendent of the public schools of Newport, Ky., spent Friday and Saturday in our city. He visited the public schools on Friday, and after dinner addressed the teachers and the Normal Class of Prof. Dickson on professional topics. The lecture was greatly enjoyed by all present. On Saturday he visited the Normal School. At night he lectured there on Robert Burns. Prof. Burke is himself of Scotch descent, and his reminiscence of the selection was enjoyed by all. Before we adjourned the lecture Miss Jones, the vocal teacher, rendered several pieces of old-fashioned music in a most artistic fashion. She has a voice of unusual sweetness and flexibility.

Prof. Burke made a very favorable impression on our school people, and he will have a welcome here at any time. (From Times-Journal, April 11, 1901.)

Statement from W. S. Ashby, Secretary Employment Bureau and Teachers' Agency.

This is to say that I have respectfully called on Prof. H. H. Cherry, General Manager of the schools and asked him to recommend probable labor for different positions that the Employment Bureau was called upon to fill, and in many instances he has been unable to make a recommendation for the want of enough competent labor and because the demand was not uniform. I have often been forced to urge outside of the school and Bowling Green in order to find men to all the different positions, and even then, in many cases, failed to find suitable persons. W. S. Ashby, Secretary.

Ex-Governor St. John, will be with us and deliver a lecture on the evening of May 2, 1901.

Gen. Gordon will deliver his famous lecture on the "Last Days of the Confederacy" on the evening of June 6, 1901.

THE LAW DEPARTMENT

A Great Success: Large Enthusiastic Classes.

The phenomenal success of the recently created Law Department has been very gratifying. Its students, coming from all over the South, promise to do credit to the institution. Already eight of them have taken the required examination, received their diploma and been sworn in the Circuit Court as members of this bar. A larger number will take the examination next month. Besides the regular faculty, a number of distinguished lawyers have lectured before the classes.

More Good Positions S-cured.

The following students have secured five positions through the Continental Employment Bureau and Teachers' Agency during the past few weeks: A. B. Bollard, O. B. R. Pool, John Hibbitt, E. F. King, E. D. Slover, Rose Leigh, T. E. Reynolds, Dempsey Cole, R. M. Bland, W. L. Hughes, Casey Smith. We expect to push the Bureau and will be able to place every worthy graduate of our school in a good position.

In our School of Business Training.

Our school is under the superintendency of an experienced educator and accountant, who knows what the student needs and what is required to be an all-round business man. The course of training which is given in comprehensiveness and thoroughness in all points. The pecuniary is paid to position, teach,inger, expression and singing.

The drill class in vocal music, which is free to all students of the school, meets daily. The object of this class is to give the pupils a thorough knowledge of the rudiments of music, sight-reading, etc. During the past year, forty-two men students were enrolled and the department of voice and piano will be next in the city.

Excursions.

The annual excursion down the Big River will leave the wharf at 9 a.m. this morning at the point, and return at 3:30 p.m. The steamer Crescent City will have been chartered for the occasion. The annual excursion to the Mammoth Cave will leave the city on the g a p o, as train May 15, 1901. We will be glad to have any of the friends of the school to join the excursions and get advantage of the low rates. A general inspection is extended to all former students.

Senator Tillman Last Night.

Senator R. T. Tillman lectured to good audience last night at the Normal School Auditorium on the Discovery Law of South Carolina. These are in- tend to gain a great deal of informa- tion on a subject of which they knew very little.

INSTRUMENTAL AND VOCAL MUSIC.

The course of training is conducted by the art of music, to teach only the best and most direct methods for broad music culture. By studying the works of those who have thrilled the world with their inspired compositions, life is broadened and deepened. It is the aim of Miss Jones to maintain the high standard of music in this department and to encourage young music students to aspire to a music degree of excellence.

In the private vocal lessons special care is given to correct breathing, which is regarded as the foundation of good singing and beauty and purity of tone. In the instrumental work, especially at

EUGENIO TAYLOR

Delights a Large Audience Last Night at The Normal School Auditorium.

[From Times-Journal, April 11, 1901.]

The Normal School Auditorium was crowded last night with our city's best people to hear the brilliant and popular ex-Gov. Bob Taylor lecture on "Sentiment." If there is anything that the gifted Tennessean knows more about than anything else it is sentiment, and his lecture last night was a great delight to his audience from beginning to end. There was not one present who was not more pleased with the lecture.

Every Teacher in Kentucky.

We are sending a copy of this issue of The Educator to every teacher in Kentucky, holding any position in the State.

The department of Education of the Kentucky Physical Training, under Prof. Francis J. Brown, continues to grow in popular- ity and public favor. State Superintendent, and Chief Clerk Will Visited the Normal School and Addressed the Students.

[From News, March 9, 1901.]

Superintendent of Public Instruction McChesney, with Ben Watt, Chief Clerk, is in the city today and visited the Normal School and Speech College this morning and were shown through the building and addressed the students. Prof. McChesney complimented the school in the highest degree and was delighted with it in every way. He delivered an able and earnest lecture to the students, which was received en-thusiastically, and has done much good. Prof. McChesney is a splendid conversationalist, and his lecture, which will be re- ceived this afternoon from 5 to 7:30 o'clock.

The National School of Telegraphy

Special Opportunities Offered Teachers Preparing for E

TEN TERMS.

We will, until the first of September, 1901, sell a full and unlimited scholarship in Telegraphy for Thirty-five dollars, but the rates will be forty-five dollars after that date.

To Where It May Concern:

The lessee, Mr. T. L. Kollaros, has been employed for the past three years by this company as Trunk Dispatcher and Agent. He is a man of exceptional ability in his profession, being very careful and thorough in details, and we regret his departure. His record here has been most satisfactory in the faithful and efficient service, and he has any unqualified endorsement as a man competent to fill a position with any company fortunate enough to secure him, his habits and deportment being all that could be desired.

Our School of Telegraphy occupies elegant quarters in the handsome new college building, and there have been as many as forty-six students in the telegraphy and railroad world.

(Fron to Times-Journal, February 8, 1901.)

Cherry Bros., proprietors of the Bowling Green Business College and Southern Normal School are nothing if not enterprising and straightforward at all times and under all circumstances. Their two schools, the Bowling College and Normal School, are separate and distinct institutions, organized under separate charters, and never have they had a charter for a National School of Telegraphy, Telecommunication, and Express, which will make their third separate and distinct school. The object of this school will be to teach telegraphy, everything pertaining to direct work on the railroad service and the express business as well. They have had a school of telegraphy but railroading and express are entirely new features. The former department of telegraphy will be merged into this National School.

The new school will be under the management of Prof. Kollaros, of Michigan, a regular practical train dispatcher, who is thoroughly well qualified for the duties he will have to perform.

The charter will be received in a day or two and the school is ready to receive pupils at any time. It will afford young men opportunities for practical education in those branches of trade which are always demanding good men at handsome salaries. If you want to learn railroading, telegraphy or the express business you can not do better than enter this school at once.

Graphic History of that Gentleman's

Sojourn in the Everlasting City.

(Times-Journal, Bowling Green, Ky.)

The opening exercises at Cherry Bros.' great Normal School are proving intensely interesting and are attracting large audiences. This forenoon's exercises were delivered in a very free and graphic style of Hon. C. U. McElroy's sojourn in Rome, embroiling a charming story of the Roman, Pontiff, Caesars and of St. Peter's. Sandwiched as the address was, between two exquisite songs by Carol Jones, the accompanied band of the musical department of the Normal School, who are possessed of a voice of singular sweetness and culture, the occasion was one of charming interest and was of distinguished complement by those present.

The Cherry Brother's Bowling Green Normal School, with its more than seven hundred students and unexcelled corps of teachers, stands at the very head of all normal school institutions in the country.

Our School of Short-hand and Typewriter Writing.

Is under the able management of one of the most experienced teacher and reporter, who gives the student much actual work in short-hand and reporting before the course is completed. Each student who desires will have the opportunity of doing one monthly's actual work in the school offices assisting in doing the general correspondence of the institutions.

Gove, B. A. (Tanner, Tennessee), Mr. Ralph Parrott, of Ohio, Prof. A. W., Hafner, of Maryvill, Senato Ben Thel- man, of South Carolina, and Dr. Carter Helm Jones, of Kentucky, have delighted us with our great signatures. Gove, St. John will lecture May 2. Geo. B. Nelson, of Georgia, will close the scenes for this season, in his unexcelled course on "The Lost Days of The Confederacy." He will be in this city on June 6.

The Lecture Course has already proved a great success. Students and citizens from all parts of the country are enrolling themselves in this most excellent course of education and are expressing their hearty appreciation of such competent teaching.

The Times-Journal's opinion fully predicts.

Send Us the Names of Your Friends.

You can help us in the great educational work we are doing by sending us an accurate and complete list of the names and addresses of your friends who will enter school.

We sincerely request the co-operation of the readers of the Southern Educa- tor in extending the influence and spread- 交付学费 of the schools by adding to its list of students our literature where it will do the most good.

The literary and debating societies have been unusually enthusiastic this year. The "Scientific Society," the "Sophomore and Junior Scientific Society," the "Cherry Literary Society," and the Law Class have made and are making valuable records in forensic exercises. The interest in this line of study has sur- passed all our expectations, and every society is alive with enthusiasm.

**RATES OF TUITION AND BOARD**

*In Southern Normal School and Bowling Green Business College.*

**Southern Normal School.**

Charges for tuition must be paid per term of ten weeks, in advance, as follows:

- In Preparatory, Teachers', Scientific or Classical courses, per term of 10 weeks—$1.00.
- In Elocution only, per term of 10 weeks—$1.50.
- In Music (guitar, organ or piano) per term of 10 weeks—$2.00.
- Use of Organ or Piano, per term of 10 weeks—$1.00.
- Use of Guitar, per term of 10 weeks—$1.00.

**Twenty Weeks' Scholarship.** $18.00 for advance payment, pays for tuition for twenty weeks.

If it will pay all who expect to be in school as long as five months to enter on this scholarship and save $3.00 by doing so.

**Boarding.**

Same rate of board is charged in Nor.

And Business College.

Good Table, $1.50 per week.

Excellently Furnished Rooms, $1.00 per week.

Good Board and well furnished rooms, $1.00 per week.

We guarantee that board will not cost more than $3.00 per week—everything furnished during the season of the year when coal is not required, and when coal is, it will cost $1.50 per week.

**Rooms.**

Students who can rent unfurnished rooms at the rate of 35 cents per week.

$56.00 Pays, for furnished room, table board and tuition for a full five month's course in the S. N. S.

$53.00 Pays, for unfurnished room, table board and tuition for a full five month's course in the S. N. S.

We take the following letter from our stenographer's notebook. Read it carefully:

**"TO THE FRIEND:"**

-Yours here.

We will issue to you a five months' scholarship in the Southern Normal School for $8. This is only 35 cents per week. Excellent table board would cost you $1.50 per week. This would make your tuition, table board, and furnished room cost you only $59.50 for a five months' term in the Southern Normal School. During the season of the year when you do not burn coal, your incidental expenses will be 55 cents per week, and when you burn coal the incidental expenses will be 10 cents per week. The annual expense for coal, 10 cents per week, would amount to $5.00 and ten weeks at 10 cents per week would amount to $1.00, to the incidental expenses would aggregate $6.50 for a five month's term, and this amount added to $59.50 would make your total expenses for board and tuition—everything furnished—only $66.00 for an entire term of five months. This certainly puts the rate of board and tuition within the reach of every individual. If you prefer private board we guarantee we can get you the same in the best families—everything furnished—for $5.50 per week. At this rate your board would cost you $30.00 for five months, and your tuition $29.00, for the same length of time, would make your total expenses for private board, everything furnished, and tuition, only $59.00 for the entire term of five months. Very truly yours,

CHERRY BROTHERS.

Per H. H. Cherry.

Bowling Green Business College.

We give more and charge less than any Business College in the South.

The following low rates are the standing charges of the S. G. B. C., and we will not make a 'cut' of any kind for anyone. Do not ask us for a reduction. We charge all our pupils the same. Considering the high grade work we do and the thorough instruction given, we could not afford to make a cheaper rate.

**Rates of Tuition.**

Tuition in Business Course, three months $30.00.

Tuition in Business Course, five months $50.00.

Tuition in Business Course, ten months $70.00.

Tuition in Business Course, fifteen months $100.00.

Tuition in three or more Commercial Courses, $5.00 per month.

Tuition in any Commercial Course, for any two months, $5.00 per month.

**Special Offer.**

Tuition for a full course in Telegraphy will cost only $12.00.

Two Months' Tuition Free.

You will notice that the regular rate of tuition for any Commercial Course is FORTY-FIVE DOLLARS for five months, and this is a reasonable rate. However, we will give two months' tuition free to every student who pays the five month's scholarship at the time of entering. In other words, we will issue a seven months' scholarship instead of a five months' scholarship.

Students who enter on two or more Commercial Courses for five months are also entitled to TWO MONTHS' TUTION FREE.

The $5.00 Scholarship. We have offered this scholarship to meet a popular demand for a Combined Commercial Course. It gives the holder full right and privileges to all the departments except Typewriting. If he enters on this scholarship he will have the advantage of all the branches taught in the B. G. B. C., and Business College for ONE YEAR.

**Free Trip to Mammoth Cave.**

All students who enter our school on a five month's scholarship and pay for the same at the time of entering will be given a free trip to and from Mammoth Cave. We will pay all necessary expenses connected with the trip.

**Free Tuition in Southern Normal.**

All the Business College students can take any of the literary branches taught in the Southern Normal School without extra cost.

**The offer to give two months' tuition free is considered a very liberal one, and our students universally take advantage of it.**

**Attend the Big Summer Business Training School.**

The Business College is in session the entire year. No vacation.

EDUCATE YOURSELF AND COMMAND A GOOD SALARY.—NO POSITIONS FOR INCOMPETENTS.

The Bureau vănishes correspondence with competent service seeking employment, for it has been unable to fill many fine positions on account of the demands being greater than the supply.

The Continental Employment Bureau and Teachers' Agency was organized and incorporated under the laws of Kentucky. Its object is to place earnest, able, willing, reliable, trustworthy and qualified men and women into good positions, and to especially secure lucrative employment for the worthy graduates of the Southern Normal School, Bowling Green Business College and National School of Telegraphy, Civil Service, Railroad and Express.

At the time the articles of incorporation were filed, the incorporators had no idea that the business of the Bureau and Agency would grow so rapidly and would become so valuable a factor in the world's history of this kind of service. It has been so great as to become a success. It has been so successful that it is now, and if the thousands of young people who are dissatisfied with their surroundings and salaries would prepare themselves for good positions, they would most certainly get them. They would not only receive better salaries, but would widen their influence, become more useful to the world and more earnest in the pursuit of their duties.

Mr. H. H. Cherry, the Secretary of the Board, has done much more than any other man toward making the Bureau a success. He has pushed it from the beginning and has put it in the characteristic line and has already brought it to the attention of the public and has given it a prominent place.

The Bureau invites correspondence and presents demands, there will not be any trouble whatever in securing every worthy graduate of our two Commercial Schools and the Scientific, Commercial, and the Scientific and Music Departments of the Southern Normal School a fine position as soon as a course is completed. A special effort will be made to do this, and we feel sure that all who desire a good position will get it through this medium as soon as they are qualified.

Public school teachers, who are dissatisfied with their salaries and who will give themselves a business or literary education and apply faithfully to their literary or commercial course until they are proficient, will have no trouble whatever in securing employment and in commanding a good, salary ten or twelve months in the year.

At no time in the history of this country has the demand for competent service of every kind been so great as it is now, and if the thousands of young people who are dissatisfied with their surroundings and salaries would prepare themselves for good positions, they would most certainly get them. They would not only receive better salaries, but would widen their influence, become more useful to the world and more earnest in the pursuit of their duties.

Mr. H. H. Cherry is named as President of the Board, and Mrs. H. H. Cherry as a member of the Board.

Mr. Robert Young, bookkeeper for W. J. Pullin, manufacturer of stoves and lumber, and general merchant, of Salt Lick, Ky., secured his position as soon as he had completed his course in the commercial department Bardstown, Ky.

Mr. N. C. Stumbe, a graduate of our Southern Normal School, Bowling Green Business College and National School of Telegraphy, Civil Service, Railroad and Express, is now in our school.

We give here an excellent photograph of Mr. H. H. King, who was sent by the Bureau to take a position with the Rich Lumber Co. of Hattiesburg, Miss. In writing he kindly says: "After the way I have been benefited by your school, I feel that I should say something in its behalf. The Bureau vanishes correspondence with competent service seeking employment, for it has been unable to fill many fine positions on account of the demands being greater than the supply.

The Continental Employment Bureau and Teachers' Agency was organized and incorporated under the laws of Kentucky. Its object is to place earnest, able, willing, reliable, trustworthy and qualified men and women into good positions, and to especially secure lucrative employment for the worthy graduates of the Southern Normal School, Bowling Green Business College and National School of Telegraphy, Civil Service, Railroad and Express.

At the time the articles of incorporation were filed, the incorporators had no idea that the business of the Bureau and Agency would grow so rapidly and would become so valuable a factor in the world's history of this kind of service. It has been so great as to become a success. It has been so successful that it is now, and if the thousands of young people who are dissatisfied with their salaries and who will give themselves a business or literary education and apply faithfully to their literary or commercial course until they are proficient, will have no trouble whatever in securing employment and in commanding a good, salary ten or twelve months in the year.

At no time in the history of this country has the demand for competent service of every kind been so great as it is now, and if the thousands of young people who are dissatisfied with their surroundings and salaries would prepare themselves for good positions, they would most certainly get them. They would not only receive better salaries, but would widen their influence, become more useful to the world and more earnest in the pursuit of their duties.

Mr. H. H. Cherry is named as President of the Board, and Mrs. H. H. Cherry as a member of the Board.

Mr. Robert Young, bookkeeper for W. J. Pullin, manufacturer of stoves and lumber, and general merchant, of Salt Lick, Ky., secured his position as soon as he had completed his course in the commercial department Bardstown, Ky.

Mr. Leon Parker entered our school and took the State Certificate course. He took the examination and captured the certificate.

Mr. N. C. Stumbe, a graduate of our Southern Normal School, Bowling Green Business College and National School of Telegraphy, Civil Service, Railroad and Express, is now in our school.

We give here an excellent photograph of Mr. H. H. King, who was sent by the Bureau to take a position with the Rich Lumber Co. of Hattiesburg, Miss. In writing he kindly says: "After the way I have been benefited by your school, I feel that I should say something in its behalf. I took a course in your Business course which thoroughly prepared me for a position, and a good one was secured for me with this company."

Bowling Green, Ky., April 23, 1902.

After attending the Southern Normal School for several terms, and gaining one year in the Bowling Green Business College, it gives me pleasure to recommend these schools to all young men and women. If you desire a position, such as will fit him for life’s work. Upon the completion of my course, I was placed in a good position. In fact, I was offered several offers before I was prepared to take same. The Continental Employment Bureau and Teachers’ Agency has no trouble in securing employment for all students who are competent to render efficient service.

OUR SHORTHAND SCHOOL

Is turning out many Stenographers who universally succeed in getting the very best positions offered.

A Thorough Course in Instruction and Practical Work guarantees a Fine Position for Every Worth Graduate.

WE NEVER FAIL TO SECURE POSITIONS, and could secure more, if we had the People to Recommend.

The Famous GREGG, PITTMAN and LONGLEY Systems of SHORT-HAND are Taught.

OUR SHORTHAND SCHOOL, is under the direction of Mr. J. Lewis Homan, an experienced man who has taught and reported for the past ten years. The training and experience he has had in shorthand, typewriting, business, and always as an office worker in the business, he has in business life given him practical information and guidance.

Mr. Homan is graduated with the highest honors from the Commercial Department. He was placed in his position by the Bureau after a course of study , and has met with great success.

Cashier Express Company.

Mr. E. C. Shortlisted on the Office of the Business Manager of the Missouri Commercial Company. He remained with this company to express his ability as an office worker in the business, he has in business life given him practical information and guidance.

In a Bank.

Mr. W. H. Welch came to us from the Commercial Department of the Hartsville, Tenn., Commercial College. He was placed in his position by the Bureau after a course of study, and has met with great success, and is doing his work very well.

Position in St. Louis, Mo.

Miss Ada Glenn took our shorthand and bookkeeping course, and secured a fine position in St. Louis, Mo., as stenographer and bookkeeper. She writes that she is delighted with her work, and has made a good stenographer. She is more than satisfied with your ability to help students secure a position.

A Successful and Hunting Business Man.

We venture to name Mr. J. H. Hill, who has been a successful Business Man. He is ready.

A Fine Stenographer Secures a Good Position.

Mr. Lewis Martin, a county boy, entered our colleges, and took up a business and shorthand course of training. He is now commanding a five figure salary as stenographer in the office of Mr. J. H. Hill, a very important position.

(From Evening Journal, Oct. 30, 1900)

The Employment Department of Cherry Bros. Employment Bureau enters with great success, and is placing large numbers of stenographers and bookkeepers in leading positions. They have been asked for large numbers of stenographers and bookkeepers, and are able to fill them with the greatest satisfaction. They have received great numbers of applications from the stenographers and bookkeepers, and are able to fill them with the greatest satisfaction.
COMMERCIAL work, in all its branches, is taught. This consists of receiving and sending messages, handling numbered sheets, check sheets, etc. In fact, everything will be handing as it is in active business. This is done in order to get the student ready for actual work and to turn out good operators. A way of the train's work will be devoted to market reports, sending and receiving all messages, track orders, press, etc. The last twenty or thirty minutes of each day will be devoted to railroad and commercial rules and the general discussion of all details connected with every well-regulated office.

The student is taught the construction of batteries, have the use of the switch board, the handling of ground wires, the manipulation of the different kinds of instruments, in fact it is the intention of the school to teach the student so that he will be prepared for any emergency and handle the difficult questions that might come up at any time.

Mr. R. W. Walker, who is now in the office of the C. M. R. R., writes: "It was in your school of telegraphy for four months. All persons appeared to be earnest and desiring to obtain a thorough knowledge in the several branches of telegraphy. Practical work in the office should be put themselves under the instructions of their friends and earnest teacher, Prof. Colter, from whom you can speak from personal experience with whom I am an expert operator and a note teacher."

G. H. Whiteford is doing telegraphy work in the office of the Chief Engineer, Southern Railway, Knoxville. He has a fine position. He is going to school to make himself more than the average of the students of our institution. It affords me great pleasure to pay this tribute to the students of the National School of Telegraphy, trained typewriting, and typing. I took a position as stenographer a short time ago and heartily commend my school to any young man who desires an education for a small amount of money. If you have a boy who is a very poor student, please do not be a lenient father and admit him to any school that you think will make him a success. This is the advice I give to those desiring to make a profession of telegraphy in any shape, and especially students wishing to study telegraphy. Very truly,

T. H. Harper.

The French is taught on the construction of batteries, lines, the use of the switch boards, the handling of ground wires, the manipulation of the different kinds of instruments; in fact, it is the intention of the school to teach the student so that he will be prepared for any emergency and handle all difficult questions that might come up any time, as well as attend sufficiently to the general routine of the office.

It would take two years of unsatisfactory work and some sort of time for any student to learn as much about telegraphy and railroad business as could be learned with us in four or five months. We make the student careful and after considering it, and we know that it is correct. We have taken students who have been in the railroad business for quite a long time, and we have been able to save them time and without any extra cost to the students to take advantage of our classes in Commercial Correspondence, practical Instructions, Telegraphy, Commercial Law, and any literary branch or any other privilege and all that this is given us an opportunity to learn the best methods for any individual who expects to enter the profession.

We have entered arrangements and formulated a plan by which we will be able to place every graduate of our telegraphy school in a regular position. This is the intention of the last year's class, who has completed a successful course and is now in an office with the promise of promotion and, in fact, our students are taking the best places.

This National School of Telegraphy, Civil Service, Railroading and Express, enjoy many privileges that students of other schools do not in an equal degree. We are able to work for you without any extra cost to the students to take advantage of our classes in Commercial Correspondence, practical Instructions, Telegraphy, Commercial Law, and any literary branch or any other privilege and all this is given us an opportunity to learn the best methods for any individual who expects to enter the profession.

Gentlemen: It is with a pleasure to state that whatever degree of official and financial success I have attained, I owe not a small measure of it to the very efficient and careful training I received in this school. I should most hearty advise all young men and women before entering upon the active duties of busy life, to avail themselves of just such training as your institution offers. Very truly yours,

R. H. RAYLE.

Normal Catalogue.

If you are entering to a liberal education, you will find our Normal catalogue will suit you better than any other.

I have been attending the Bowling Green Business College for the past six months, and shall say that it claims to be, if not in fact, the best school in the Territory. — Miss J. OXBERG, La.

J. G. Broussard is now canvassing for our Institution.

Mrs. J. S. Lewis, a woman of the training, was elected recently to the office of County Superintendent of a ten county, Ky. She is a former student of our schools, and is superbly prepared for the duties of the office. She will make a splendid educator and will do much to turn the best to the best account. To this end I have remained in school, completing the Scientific Course, which am now pursuing under the direction of Mr. J. D. Bow, a bright future.

Are You Coming
To Kentucky to Enter School?

The Law School—From Members of Local Bar.

Bowling Green, Ky., April 22, 1902.
Miss B. H. Cherry.
Bowling Green, Ky.

Gentlemen—In common with all the citizens of Bowling Green, I feel a just pride in the high standing and extraordinary success of the Southern Normal School and Business College, of which you are the managers. I have observed with special interest the work of the Law Department of said institution, and as many of its students have been admitted to the bar in my court, I have had frequent opportunities of ascertaining the nature and extent of the legal training given by your law instructors.

You are doubtless aware that admissions to the bar in my court are allowed without written examinations, all questions and answers being returned in open court, with the respect of the committee appointed to conduct the examination. You are fortunate in having as the head of your law department Mr. Jno. R. Rodie, a lawyer of recognized ability and experience, and there is a strong feeling among my associates, as well as among the members of the bar, that with credit to himself and with advantage to the students, he is carrying on the work of his predecessor, Mr. A. J. Rodie, in a manner calculated to add much to the prestige of the Institution.

I have known Hon. John B. Rodgers, immediately since he has been a member of the Bowling Green bar, a lawyer of recognized ability, and I take great pleasure in saying that I know him to be an excellent lawyer, well fitted and equipped in his profession to fill the position of Dean of the Law Department of the Southern Normal School with credit to himself and with entire satisfaction to said Institution.

JAMES C. SIMS,
Attorney at Law.

Bowling Green, Ky.

Dear Professor:—I give you great pleasure to speak a word in behalf of the H. C. B. C., to which I owe my success. The course of training given is thorough and practical. Your method of training young men for actual business could not be improved upon. I am at present holding a position as head bookkeeper in the buying department with W. B. Bellhop & Co., this city.

Trusting that your well-deserved success and the sympathy shown for you by your law instructors. It is yours truly,
J. W. NORMAN.

Southern Educator.

We regret that it becomes necessary, upon account of a sudden decline of the health of one of the members of the faculty, to announce the immediate suspension of classes in this department. The hundreds of readers of the Southern Normal School will be glad to know that the school will not be suspended, but that the school will be continued on a smaller scale, until the condition of the member of the faculty whose health has been impaired is such as to enable her to resume her duties.

All students who are now enrolled in the school will be furnished with a bill of account, stating the amount due, and the amount of tuition paid for the term in which the school was suspended. All students who are not yet enrolled in the school will be furnished with a bill of account, showing the amount due for the term in which the school was suspended.

J. W. NORMAN,
Manager.
