The Board then unanimously reelected all the members of the faculty recommended by President Cherry. Further time was given the President in the selection of a Director of Music.

Prof. Perling asked for a testimonial as to his work as teacher in Normal School. The President was instructed to prepare such testimonial. The following is a copy:

Mr. Joseph Perling has been a regular member of the faculty of the State Normal for two years. He has given us a splendid teaching service and confidence has never been wanting in his ability to impress a pupil with his knowledge. He has richly merited the esteem of the institution. The Board would be glad to make him a member of the faculty and it regrets losing his valuable service. He has put inspired and prepared life into his work for the Normal. His liberal scholarship, ability to impart his knowledge to others, his knowledge of men and his power to discipline without friction richly entitle him to the endorsement of the Board of Regents of this institution. He has character and is not afraid of work. We give him our unqualified endorsement.

Very truly yours,
