Dr. McCormack reported to the Board that Eric Back was presented the Regents Scroll at the Basketball Appreciation Dinner on March 24; that a scroll had been chosen instead of a tray and that, in the future, the award would be used for exceptionally meritorious success in various areas.

Following adjournment, on motion of Dr. McCormack with a second by Mr. Ezelle, members of the Board were guests of the college at lunch in the cafeteria after which they were conducted on a tour of the new Service Building.

President Thompson explained that any public agency which can justify the need of a building and give some assurance that the building will be built will be given consideration by United States Government which has authorized the making of advances to public bodies to aid in financing the cost of engineering and architectural surveys, designs, plans, working drawings, specifications, etc., to prepare for the construction of public buildings. The need for a new science building to house all science departments was discussed after which Dr. McCormack moved with a second by Mr. Ezelne that the following resolution be adopted:

The President also told the Board that the Title of Opinion has been sent to the Housing and Home Finance Agency.

The next item presented to the Board by President Thompson concerned the stadium lighting system. He explained that in 1946 the Board entered into an agreement with the City School Board to erect lights in the Western stadium. The City Board was to maintain the lights for twenty years. He explained that the conduits have disintegrated and that new ones are needed. He stated that Mr. L. T. Smith, physical plant administrator, met with the City Superintendent to discuss the matter of replacement. Mr. Smith stated that with our maintenance men the old conduits can be taken out and new ones put in at a cost of about $3,000. The President stated that in fairness to the City Board of Education and for the welfare of Western the College should share the cost of this emergency installation with the City Board. After a discussion Mr. Ezelle moved with a second by Dr. McCormack that the Board authorize the President to share the cost evenly with the City Board. Upon roll call the vote resulted as follows:

The President next presented the recommended salary increases for 1958-59 with the understanding that there will be some necessary adjustments and a few minor changes. He stated he hoped that next year we can help all of those who want to do graduate work by paying them one-half of their salaries while they are away.

Dr. McCormack moved with a second by Mr. Poland that the President be authorized to encourage faculty members to work on higher degrees during the summer months and to pay them one-half of their salaries if possible while such work is being carried out. President Thompson presented each member of the Board with a copy of a financial report stating that it was a "beginning of what we hope to make the best in the field as time goes on." He said it was the first time that the Board had been given a financial report of this kind and he wanted to congratulate Mr. Billy Smith on its compilation.

Dr. McCormack moved that the Board accept the financial report as submitted by the President and that the Board commend Mr. Billy Smith on such a fine report. The motion was seconded by Mr. Lawrence and unanimously approved.

The presentation of honorary degrees to distinguished alumni of the state colleges was brought up for informal discussion by the Chairman. It was the opinion of President Thompson that the executive committee of the Council on Public Higher Education would be the proper group to take this under consideration as very rigid rules and regulations would be necessary if such a move were ever made.
Dr. Martin stated that as Chairman of the Board, he would like to welcome Mr. Keen as a member and that he had been exceedingly well pleased with the Governor's efforts to secure outstanding men for the Board.

Mr. Keen told the Board he deemed it a distinct honor to be a member of the Board and he knew that he would enjoy working with the other board members for the college.

President Thompson also expressed appreciation on behalf of the College for Mr. Keen. He stated that Mr. Keen, Dr. McCormack and Mr. Ezelle had been present for commencement exercises on June 5. He told the members of the Board that any time they could participate in a college activity it added prestige to the occasion.

The motion was unanimously adopted.
