On recommendation of President Garrett Mr. Bartlett moved that he be authorized to make application to the State Division of Vocational Education for reimbursement on salary of Susie Pate, Home Economics teacher in the Training School, in the amount of $609.99 and also for reimbursement in the amount of $609.99 on the said teacher's salary for teaching part-time and evening classes. The motion was seconded by Mr. Masters, all members voting "aye"; the motion was declared adopted.

President Garrett read a letter from the Attorney General's Office in response to a letter he had written concerning the legality of the college contributing to the reconstruction of Normal Boulevard along the college boundary. The letter follows:

Commonwealth of Kentucky
ATTORNEY GENERAL'S OFFICE
Frankfort, Kentucky

May 17, 1951

Mr. Paul L. Garrett, President
Western Kentucky State College
Bowling Green, Kentucky

Dear Dr. Garrett:

In a recent letter as well as in your memorandum
to the office yesterday you ask if the college may legally contribute to the reconstruction of a street along the college boundary.

As you know, there is a constitutional inhibition which would prevent the expenditure of public school funds for street improvements and matters of this nature. The question would arise, of course, as to whether the moneys appropriated to a state college would come under the heading of common school funds and whether the same application would be made to the colleges as to the public school system.

There would appear to be a wide difference between common school moneys and those moneys appropriated to the state teachers colleges since at the present time the colleges are not a part of the common school system as presently declared by statute. We find under the charter granted to the state colleges and the boards of regents, the executive authority therefor, this language as expressed in KRS 164.350:

"Each board may receive grants of money and expend the same for the use and benefit of the college,"

It is obvious that the construction of streets, or rather their reconstruction and maintenance, under the circumstances as set out by you would be for the direct use and benefit of the school. The funds appropriated to the teachers colleges are not funds from the common school system but are appropriated for the benefit of the college itself. Hence it is an obvious conclusion that under the general powers of the board it may reconstruct and improve streets adjacent to its boundaries where under the circumstances such reconstruction and improvement are for the use and benefit of the college.

Before authorizing the expenditure of this money I would suggest that your Board of Regents enter an order setting up the necessity of the expenditure and showing by appropriate orders that it is for the use and benefit of the school. This having been done, there can be no legal objections and the Board may properly contribute to the construction of the street as indicated in your letter and statements to us.

Very truly yours,

A. E. FUNK
ATTORNEY GENERAL

Assistant Attorney General

After reading the letter of the Attorney General, Mr. Shallcross offered the following resolution:

WHEREAS, the reconstruction of Normal Boulevard along the boundary of the college property will be for the use and benefit of the college, and

WHEREAS, such improvement is made possible by an addition to public money to be expended of contributions of property owners adjacent to Normal Boulevard,

BE IT HEREBY RESOLVED, that Western Kentucky State College make a contribution of $300.00 toward the reconstruction and improvement of Normal Boulevard and that the Business Manager be authorized to pay the amount of $300.00 from college funds on said improvement.

The resolution being seconded by Mr. Masters was declared unanimously adopted upon roll call. The vote was as follows: Mr. Bartlett, aye; Mr. Shallcross, aye; Mr. Masters, aye; Mr. Hodgkin, aye.

The Business Manager, W. Arch Bennett, called attention of the Board to the fact that the books of the college had not been reconciled with the report of the State Auditor for the period ending June 30, 1950, which audit report covered the period in which shortages existed in the College Revolving Fund, Cherry Hall Building and Revenue Account, and Cherry Hall Operation and Maintenance Account. He requested authorization to reconcile the college records of these accounts with the actual balance as shown in the "Report of Examination" by the State Auditor for the period ending June 30, 1950, and that he be authorized to forward to the State Treasurer the balance of $59,079.89 from the prior years' receipts which had been held in a local depository pending litigation.

It was moved by Judge Bartlett with a second by Mr. Shallcross that the Business Manager be authorized to make said reconciliation and to transmit the $59,079.89 to the State Treasurer. The vote was as follows: Mr. Hodgkin, aye; Mr. Shallcross, aye; Mr. Masters, aye; Mr. Bartlett, aye.

On motion of Mr. Shallcross with a second by Mr. Bartlett President Garrett was authorized to invest $15,000 of the Cherry Hall Redemption Bond Fund in securities of the United States Government to mature on or about January 1, 1953; $15,000 in securities of the United States Government to mature on or about January 1, 1954; $15,000 in securities of the United States Government to mature on or about January 1, 1955. Upon roll call the vote was as follows: Mr. Bartlett, aye; Mr. Masters, aye; Mr. Hodgkin, aye; Mr. Shallcross, aye.
After discussion, it being the unanimous decision of the members of the Board of Regents and the President that the New Girls' Dormitory should be named in honor of Miss Mattie McLean in recognition of her more than forty years of distinguished and loyal service to the college, it was moved by Mr. Bartlett, with a second by Mr. Masters, that the New Girls' Dormitory be named, designated, and known as McLean Hall in honor of Miss Mattie McLean. All members voting "aye" the motion carried.

Since there was no further business to come before the Board Mr. Masters moved that the meeting adjourn. The motion was seconded by Mr. Shallcross and unanimously passed.
