Unfinished Business:  

Committee Member of the Month - Vice President Sears announced that the committee member of the month is Steven Graham.

Resolution 98-5-S - Author Christoph Miller spoke in favor of the resolution “Placing of Ergonomic Keyboards in computer labs and classrooms.” There were no questions of the author. A motion was made to pass 98-5-S. Motion was seconded and passed unanimously.

Resolution 98-4-S - Author Christoph Miller spoke in favor of the resolution “Repairing Normal Dr. Sidewalks.” Matt Bastin informed Congress that the sidewalks are property of the city and not the University. A motion was made and seconded to pass 98-4-S. There was a call for hand voting. Motion was passed 26-16.

Constitution - Parliamentarian Josh Detre moved to limit debate to 2 ½ minutes for each debate. Motion was seconded and passed. LRC Chair and co-author Anne Guillory asked Congress to take the Constitution as a whole and to look at it carefully. Her speech was taken as a speech in favor. Questions were asked of the author. Steven Graham asked a question regarding Impeachment of Congress members and Judicial Council. Guillory stated the reason for the differences. It would
not be fair for Judicial to preside over impeachment of one of its own members, possibly even the foreman. Next, Josh Detre questioned 2.2.5 and asked why all Executive Officers did not have to be on Congress for a semester or even a year. Guillory said that minimum requirements were made for the President only. She doubted anyone off Congress would run anyway. Matt Bastin questioned 2.3.15 and asked why the President should have sole veto power. Guillory answered that the Student Regent should be trusted to have sole veto power, this is also to increase his power in Congress since he/she doesn’t have much now. Jason Cole and Josh Detre also asked questions of the author. Matt Bastin questioned 2.2.6 asking why the President and VP President will be running on the same ticket again. Guillory answered by stating that the President and VP need to be two that can get along with each other and work complimentary and it will also make it easier to run (one can campaign while the other is in class, etc.). Stephanie Cosby asked if there could be something stated in the Constitution that would delegate power to the committees to track/ follow-up on legislation. Guillory said that it had not been discussed in meetings, but could be a possibility. Questions ceased and then moved into discussion and debate. Eddie Schwab proposed several amendments to the Constitution. Adding 5.2.7, “In the absence of a decision or an opinion by Judicial Council, the final work on constitutionality and legality of legislation shall rest with the LRC, with the majority decision reflecting such opinion.” This was discussed fully. A motion was made to overturn 5.2.7. Motion was seconded and passed unanimously. Next 5.2.8 was suggested, “From time to time, LRC has the responsibility to, as a subcommittee of the whole, review decisions made by Judicial Council, determine whether the decisions were based on the constitution and any reasonable interpretations, or a penumbra created by judicial fiat, and if the decision was blatantly unconstitutional, or Judicial Council simply is not performing the job as assigned to them, is expected to draw out Articles of Impeachment. Also, is responsible to review and advise for confirmation all judicial appointments at the opening of each semester for which served. When a decision is found by LRC to be one of Judicial Fiat, Congress may, with 2/3 vote, override such a decision.” This was discussed fully and found to give LRC too much power. Previous question was moved. Motion was seconded and approved. A motion to pass 5.2.8 was made. Motion was seconded and denied. Next, 8.3.1 or 4.3.5 was presented, “All Judicial Council Appointments made by the president and approved by a skeleton crew of Congress (committee heads and remainder of executive council) shall be made by the President when Congress is not in session -- subject to advise and consent by the next general congressional meeting. If in congressional session the appointees to be confirmed are considered unacceptable to Congress, then Congress must supply a list of duly qualified alternates, and has two weeks to name, conduct hearings to review the nominees in LRC, and to confirm them. Otherwise the original nominees win appointment by default.” Brief discussion occurred. A motion was made to accept 8.3.1 or 4.3.5. Motion was seconded and denied. Next, 4.5.8 would be changed to read, “Establish an independent committee, subject to approval by Congress, composed of persons chosen at their discretion, to supervise the conducting of elections and the counting of all ballots. This committee will be responsible to Judicial Council. For the purpose of conducting an election, it can only be dismissed at the recommendation of the whole of the Executive Cabinet with the approval of 2/3 of Congress, following a request by Judicial Council, pending from an appeal in the election outcome.” Brief discussion occurred and was determined that SGA did not need an independent committee. A motion was made to deny changes to 4.5.8. Motion was seconded and approved unanimously. Finally, 1.4.1 was proposed, “At every meeting, a summarized version of the minutes must be read to Congress. Suspending of reading of the minutes may be done by a 2/3 vote, in order to more quickly address a pressing issue, subject to reading when the point of order has been resolved.” It was discussed and majority felt it was unnecessary to read the minutes each meeting when they are posted in the office. A motion was made to accept 1.4.1. Motion was seconded and denied. Next, Matt Bastin made a motion to strike 2.2.6. Dwight Campbell, Sally Eilerman, and Drew Harrell spoke against the motion and believed that 2.2.6 should stand as is. Stephanie Cosby gave an FYI as to why it was changed to separate them two years ago. The previous question was moved and
debate ended. A motion was made to strike 2.2.6. Motion was seconded. A roll call vote was requested; 22 were in favor, 23 were against and 6 obtained. Nays had majority and motion was denied; 2.2.6 will stand as is. Next, Jason Cole moved to change 2.2.5 to require the President to serve one year on Congress before being eligible to run. Majority agreed that the President needed to have SGA experience. A motion was made to pass the change to 2.2.5. Motion was seconded and approved. Next, Josh Detre proposed that 2.2.5 should state that all Executive council members should serve one year on Congress in order to be eligible. A motion was made to accept changes to 2.2.5. Motion was seconded and passed unanimously. The last proposal was made by Matt Bastin; the motion was made to strike 2.3.15 and amend 2.8.5 to read, “Have veto power over all legislation passed by Congress with each officer having one vote. A successful veto requires a majority vote of the Executive Cabinet. The sponsoring committee of the vetoed legislation must be given a written explanation within forty-eight (48) hours as to why that legislation was vetoed. The President shall present reasons for the veto at the next regular meeting of Congress. If legislation is not vetoed, the Vice President of Administration will stamp it approved.” This motion would also require changing 2.4.8, 2.5.9, 2.6.8, and 2.7.8 to read, “Be a voting member of Executive Cabinet.” This motion was discussed thoroughly. Debate ended and motion was seconded. Motion was approved with 27 in favor and 15 against.

After discussion ended on all proposed amendments a motion was made to pass the new constitution and present it to the student body during elections on April 28, 1998 to be approved. Motion was seconded. Constitution passed unanimously.

New Business: Secretary Fite read Bill 98-1-S “Child Care Grant Recipients.” A motion was made to suspend with the bylaws and to vote on it tonight. Motion was seconded and approved.
