Garrett was authorized to make an additional assessment of $1.00 per student per term to cover this expense. This motion was made by Judge Bartlett with a second from Mr. Masters with the understanding that the matter would be presented to the student body for their approval and cooperation before the plan was put into effect.

The question of taking out War Risk Insurance at the request of the Bonding Company on Cherry Hall was discussed but left open. The opinion was expressed that the cost of such insurance should be at the expense of the bond holders rather than of the college.

Next item presented the Board was the need for repairing and remodeling the old music building which had recently been used by the NYA students for a dormitory, the purpose being to use this building for a small dormitory for girls in case the present girls' halls were turned over to the armed forces. President Garrett was authorized in connection with the aid and advice of the Executive Committee to have such repairs and reconditioning completed as soon as possible.
