COLLECTION NOTE

This collection contains information and documentation about the Community Scholars Program’s workshops held in Jefferson County, Kentucky during 2012. The collection features projects completed by program participants. Although the projects sessions were held in Louisville, several of the projects were outside Jefferson County, i.e. Irvington, Shelbyville, etc. Instructors in the free six-workshop series taught individuals how to collect and preserve local history, identify and document community traditions, and present these traditions to the public. Participants learned the basic skills needed to help communities explore and showcase local talent, folk traditions, and history. The sessions for the Jefferson County program were held every week from 12 March to 23 April 2012. The Community Scholars Program is a partnership between the Kentucky Folklife Program, the Kentucky Historical Society, and the Kentucky Arts Council.

All photos are in digital format.
