ORGANIZATIONAL HISTORY

On 2 January 1882, the governor of Kentucky approved revisions to the charter of the City of Bowling Green (*Laws*, 1882, ch. 10). Legislative power was vested in a Board of Councilmen consisting of a mayor and four councilmen elected from each ward. After Bowling Green's population qualified it as a second-class city on 15 June 1950, a bicameral structure was established on 24 March 1952 with the creation of a four-man Board of Aldermen to share legislative responsibility with the Board of Councilmen. On 8 November 1966, voters approved the elimination of the bicameral body and its replacement with a city manager form of government consisting of a mayor and board of commissioners who direct the activities of the city manager and his subordinates. This change became effective on 1 January 1968.

COLLECTION NOTE

The collection consists of minutes of the regular bimonthly meetings and special called meetings of the Bowling Green Board of Councilmen from 5 January 1948 to 29 December 1967, the Board of Aldermen from 29 March 1955 to 29 December 1967 and (following the change to a city manager form of government), of the Board of Commissioners from 1 January 1968 to 15 December 1987. The minutes record matters of city business and government including passage of ordinances, annexations, purchases and sales of city property, city appointments and salaries, building permits, bond issues and rezonings.
